while the streams of ticket-buyers are only
around a circus the day it is in town, this
scene of activity prevails in the Boston
theatre lobby every day. Monte Cristo Thea-

has never seen any such desire to witness

the attractions at Boston Music Hall this
are simply an indication of the quality of
entertainments given at that popular van-
derbilt house week after week. The list includes
talented and amusing artists as Etta Bot-

Mantel, and a host of other high
and high class entertainers. Large
audiences this past week have laughed at and
admired the efforts of these artists, and the
reputation of Boston Music Hall is spreading
throughout city, state and New England.
From out of town saunter in to see how
the hall looks, and depart with words of
praise on their lips. It is certainly a beautiful
entertainment hall and an ideal place for vaude-

are low and there are elevators, complete or-

children delight to spend hour after hour
at the wonderful exhibit of figures in

MOVE OF OPERATORS.

Ten Percent Increase In Wages Offered to Striking Miners In Pennsylvania.

Uncertainty as to Whether It Will Be Accepted.

Break in Strikers' Ranks Would Mean End of Trouble In Short Time.

Hazleton, Pa., Oct. 1.—The posting by the Philadelphia and Reading Coal and Iron company of a notice granting an increase of 10 percent to all the employees of its 39 collieries will be followed by similar notices at every colliery in the anthracite region.

It is expected by the operators that this increase in wages will be satisfactory to the men, and they believe many of the strikers will take advantage of the offer and return to work. Mining operations will in this event be given an impetus and the operators expect there will then be a gradual resumption until the collieries will again have their full complement of employees.

The Philadelphia and Reading company operates 39 collieries of the 27 have been shut down, owing to insufficient working force.

Whether the miners will accept the proffer of the company and return in sufficient numbers to operate the mines cannot be foretold. Reports received from several points in the Schuylkill region where the Reading collieries are located rather indicate that the mine workers will follow the instructions of their organization's officials and remain away from the mines.

President Mitchell of the United Mine Workers received no notice of the intention of the company to offer the increase in wages, the men having been notified through posters, and the intimation is thus given that the miners' organization will receive no recognition from the operators.

There is considerable talk that the posting of the notices will cause a break in the strikers' ranks. It is predicted that if this does happen it would mean the end of the strike in a very short time. The labor leaders reiterate that there will be no break and the strikers are under perfect control.

The usual Sabbath quiet prevailed throughout the Lehigh valley yesterday. A big mass meeting was held at Freehold, while was addressed by President Mitchell and National Committeeman Dicher. At Lansford, in the Panther Creek valley, a mass meeting was held which was addressed by National Committeeman James. The strikers are making a strong effort to get all the men, about 290, now working in the valley, the Creek valley, to quit. It is reported that a number of men will go to that locality for the purpose of inducing the non-striking men to leave the mines. General Gobin and Sheriff Toole have been asked for protection by the companies operating the mines.

What President Mitchell's first move will be, in view of this new phase of the situation, is not known. The operators are evidently not taking me into consideration," he said, "but they will wish they had."

Discussing the question of a compromise, the national president said it would depend upon circumstances whether a compromise would be considered. When asked if the amount of the increase would be one of the circumstances, he said it would be a consideration.

G. B. Markle & Co. have posted a notice at all of the firm's collieries to the effect that, in accordance with the report of a committee of employees presented Saturday night, that the arbitration agreement between the firm and the men has been broken by the employers, the contract is ended. The firm also announces that it will start up all its collieries today, and afford any of its employees an opportunity to work so long as the collieries are sufficiently manned to operate them to the firm's satisfaction. The notice also says the present rate of wages will continue until further notice.

Samborized the French.
Paris, Oct. 1.—Prince Inkanthor, son of the King of Cambodia, who was recently a guest of France in connection with the exposition, has disappeared. It appears that he misled the French government by representing himself as the crown prince of Cambodia, and was treated as such during his visit. In Cambodia, however, the king's brother, not his son, is heir to the throne, and an account of his son's doings in Paris reached the ears of King Norodom, who was very wrathful.

Inspectors Were on Wrong Track.
Boston, Oct. 1.—Police inspectors worked many hours on the supposition that somebody had tried to murder Patrick Darcey, 45 years old, who was found in his room with four bad wounds on his neck and shoulders. He was taken to the city hospital, and may die. Later the discovery was made that Darcey fell on a pitcher, which broke and caused the wounds.

Probably Robbed After Death.
New York, Oct. 1.—The police have set- tled down to the theory that Charles S. Peck, the aged real estate dealer, found dead on the street, was not murdered, but, after having fallen in the street and fracturing his skull, was robbed. John Syron is locked up in connection with the matter, but just what he had to do with it has not yet been given out.

Van Wyck's Answer Ready.

New York, Oct. 1.—The World says: Mayor Van Wyck's answer to the charges of violence, the law by investing in the securities, the American Ice trust will be in the hands of Attorney General Davies at Albany today. The additional time allowed the mayor to answer expired yesterday, but according to custom, he got a day's grace on account of the date falling on Sunday. Davies will not take action on the answer until Governor Roosevelt returns and sees fit to act. The law sets no limit upon the time in which the governor must take up the charges.

Remarkable Athletic Performance.

New York, Oct. 1.—The annual fall games of the New York Athletic club were held in the presence of about 7000 spectators. In the 440-yard run, handicapped, Maxwell W. Long of Columbia university covered the distance in the remarkable time of 47.4 seconds. These figures eclipse all former records. Another world's record occurred in the hammer throwing event, in which John Flannagan was the performer. He sent the missile 169 feet, 4 inches, beating the former record of 167 feet, 1 inch.

Troops' Preference Considered Necessary.

Columbia, S. C., Oct. 1.—Early this morning Governor McSweeney received a telegram from Mayor Morgan of Georgetown, appealing to have the militia ordered out to suppress a threatened race riot. The governor immediately wired Colonel Sparkman of Georgetown to have his cavalry troop hurried here. The trouble was caused by a negro killing a white man. The negroes outnumber the white overwhelmingly at Georgetown.

Identified by His Sister-in-Law.

Sydney, C. B., Oct. 1.—The visit of Mrs. E. Beutin of Holyoke, Mass., to the Sydney jail yesterday completed the identification of Charles Alberto, the Italian, suspected of the murder committed in Holyoke, Mass. The man became very much agitated when the woman appeared in the cell. Mrs. Beutin is a sister of Mrs. Alberto, the murdered woman. Alberto killed his wife by cutting her throat with a razor.

Mr. Vrooman's expressed reason for joining is that "supporting the candidacy of Mr. Bryan is the most effective way of opposing the encroachment of mammon upon the church of God."

Kruger Wanted to Surrender.

London, Oct. 1.—An interesting report comes from Koomatipoort to the effect that Mr. Kruger, in a letter to his wife announcing that he is going on a six-months' holiday, said, in substance, that after the capture of Mafeking he knew the struggle was hopeless and counselled moderation, but that Mr. Steyn's "arbitrary behavior" overruled his counsels.

Howard Sentenced to Death.

Frankfort, Ky., Oct. 1.—The motion for a new trial in the case of James Howard was overruled by Judge Cantrell, and Howard was sentenced to be hanged Dec. 7, for the murder of William Goebel. His attorneys were allowed to file their bill of exceptions in the appeal to the court of appeals any time between now and the third week in October.

CHINA TAKES A HINT.

Has Begun Punishment of Those Responsible For the Peking Outrages.

Tuan and Four Other Princes Degraded by Imperial Edict.

Action Giving Full Assurance That Gravity of Situation Is Realized by the Throne.

Washington, Oct. 1.—China has accepted the suggestions of the United States contained in the answer to the German proposition and has begun voluntarily the punishment of the Chinese leaders who were responsible for the Peking outrages.

The department of state is informed by Consul General Goodnow at Shanghai that Sheng, Chinese director of railways and telegraphs, has handed him a decree of the emperor and emperor, dated at Tientsin, Sept. 25, blaming their ministers for encouraging the Boxers. The edict ordering the degradation of four princes, and deprives Prince Tuan of his salary and all his official servants, and he is to go before the imperial clan court for trial.

It will be recalled that in our answer the state department was careful to state that, while it did not believe in demanding the surrender of the Chinese ringleaders as a condition precedent to negotiations, it was resolved firmly that in the end the guilty parties should be held to the uttermost accountability. The Chinese government has taken this intimation to heart, and already has begun the punishment of Prince Tuan and the other Chinese leaders who are held guilty.

The decrees released by Sheng is felt to be of the utmost importance, as indicating a complete change of heart on the part of the reigning dynasty. It means that the reactionary influences which have been dominant in Peking throughout the uprising and have even continued to late days, have suffered a complete overthrow and that these most conspicuous figures are degraded and on trial. It is believed here that if this action is genuine, it will be hard for any of the powers to find a reasonable pretext for longer refusing to back the appeals of the Chinese government for the opening of negotiations looking to a settlement.

The importance of the action is shown by the determination to try Prince Tuan before the imperial clan court. This is the supreme judicial tribunal of China, and is the only one having jurisdiction over the members of the imperial family. It is presided over by Prince Li, with Prince Ching as first vice president. Prince Li is the first of the eight princely families of China, and is regarded as friendly to the progressive element. The attitude of Prince Ching has been notable throughout the trouble as friendly to foreign interests. There are five other members of the court, all of them high personages. They occupy a building at Peking, and are in regular session for the trial of cases affecting members of the nobility and the highest personages.

Chinese officials here say that the reference of the case to this court is, of itself, the fullest assurance of the gravity with which the throne regards the matter. It is noted, also, that, even before the trial, Prince Tuan is stripped of his salary and official servants. Being a man of large and independent means, the loss of salary would not amount to much if it were not that this, and the loss of the servants, is special means of humiliation. The names of the four princes who have been degraded are not known here, either by the state department or by the Chinese legation.

The action of the Chinese government in overthrowing the reactionaries is likely to give the most intense gratification to the friendly viceroys of the south of China, and to the ministers here, in London and in Europe, who have strenuously resisted the Boxer movement.

CHAFFEE ORDERED TO WITHDRAW.

Representatives of Powers at Peking Surprised by Action Taken at Washington.

[Copyright, 1900, The Associated Press.] Tientsin, Oct. 28, via Shanghai, Oct. 1.—Orders from Washington directing the withdrawal of the bulk of the American troops were received this afternoon, and preparations to comply were begun immediately. General Chaffee is here directing the movement, which will commence at the earliest possible moment. It is understood that the plan contemplates leaving a regiment of infantry, a squadron of cavalry and a battery of artillery in Peking to protect the American interests, and that the remainder of the troops will proceed to Manila.

The allied commanders had decided to dispatch a combined land and naval expedition to Shan-Hai-Kwan, on the gulf of Liao-Tung, leaving Taku Oct. 1, the total land force being 4200. The American detail had not yet been made, nor had a decision been reached as to the naval force. Now that the order to withdraw has been received from Washington, it is possible that the plans of the expedition will have to be modified, so far as American participation is concerned. General Chaffee, however, is

IN THE MOST GENEROUS MANNER FROM

MONDAY, Oct. 1st, to SATURDAY, Oct. 6th,

During which time everyone who purchases at one time \$1.00 worth or more of goods (except flour and sugar) will be PRESENTED WITH A VALUABLE PACKAGE with the first dollar's worth or more purchased. This large package will contain a fancy box filled with our famous fresh ground Mocha and Java Coffee, a fancy box of Choice Tea, a fancy box of Candy, a beautiful Japanese Souvenir Box and a variety of samples. With every pound of Tea or two pounds of Coffee in the purchase, we will give in addition to the package above mentioned, a Cup and Saucer or Plate, or some other useful article. In addition to all these generous gifts, we will give a **Discount of 10 per cent.** on all goods purchased amounting to \$1.00 or more (except flour and sugar) at one time all through the week. No such marvellous opportunity as this was ever before given you to purchase a good supply of it.

CHOICE QUALITY OF STAPLE AND FANCY GROCERIES

at prices far below anything you ever heard of in Quincy for the same quality, and we propose to keep it up for a week, regardless of cost to us. The gifts are worth about 40c. to every customer, and if you buy \$5.00 worth you would save 50 cents in discounts besides the presents.

Four years ago our store was first opened, and we received the comforting assurance that we would not last more than two or three months, but thanks to the generous friendship extended to us by the good people of Quincy and the surrounding towns, we are not only "alive and kicking," but have grown to more than four times our original size with prospects good for still greater expansion. We are to have several DEMONSTRATIONS OF GREAT INTEREST ON ANNIVERSARY WEEK that will be certain to draw crowds.

If you cannot visit the store during the GREAT WEEK, telephone us—137-5—and we will call, but it will pay you to keep this notice and visit our store just to see the new things we have and get a present.

When the boulevard passes through
the Willard school yard, as is laid out,

years that large yard has been used but
little for playground purposes the
modern school recess being a highly
formal and perfunctory affair.

A recount of the Congressional votes
was made in Ward 17 of Boston on

challenged votes of Democrats which
the caucus had thrown out, Atwood

candidate, and the fact that his nearest
rival obtained his delegates by Demo-

the Republicans prefer.

There is right and wrong on
both sides of the anthracite coal strike,
but it is particularly wearisome to hear
some of the mine owners dismiss the
whole question with the stale old

overworked that it is worn to a frazzle.
No business on earth is conducted

W. H. Powers of Hyde Park, E. B.
Nevins of Weymouth, B. T. Dyer of
Braintree, F. D. Dunbar of Canton and
E. H. DeNormandie of Quincy.

The committee reported a full at-
tendance of 57 delegates, and upon
motion the temporary organization was
made permanent.

Without nomination speeches, the
convention proceeded to a ballot for
candidate for Senator with the follow-
ing result:

Whole number of votes,	57
Necessary for choice	29
E. H. Sprague of Quincy had,	29
Thomas E. Grover, of Canton, had,	9
E. H. Woodsum of Braintree had,	11
W. S. Nevins of Weymouth had,	8

The nomination was made unanimous
upon motion of Dr. T. H. Dearing of
Braintree, seconded by F. D. Dunbar
of Canton, and a committee was
appointed to introduce Candidate
Sprague.

Frank F. Prescott of Quincy was up-
on motion elected a member of the
Republican State Committee for 1901.
It was voted that the member of the
State Committee, and chairman of the
city and town committees be the dis-
trict committee for 1901.

Provisions were made for filling
vacancies.

A committee was sent for the candi-
date and soon introduced Mr. Sprague,
who spoke briefly accepting the nomi-
nation.

Candidate Sprague was received with
enthusiasm, which was renewed when
he was introduced. He thanked his
neighbors of Quincy in particular for
their confidence, and hoped that no
act of his would bring disgrace to
himself, to the district or to the Com-
monwealth.

The convention adjourned at 11.35,
all the business being transacted in less
than half hour.

Blackwell Defaulted.

The bondsman of A. F. Blackwell of
North Weymouth were in town Sunday
trying to locate him. Blackwell was
convicted in the District court upon
several complaints for violation of the
liquor laws. He appealed to the higher
court and gave bonds. When the case
was called at Dedham last week,
Blackwell failed to appear, and he was
defaulted. His bondsman therefore are
anxious to find him.

NO VERDICT REACHED.

Jury Out a Remarkably Long Time
In the Koblovic Murder Case.

Conflicting Evidence Made It
Difficult to Place Guilt.

Principal Witness For the Government Wor-
ried Himself Into Suicide.

Bristol, R. I., Oct. 1.—The jury in the Italian murder case, which was tried here last week, and who went out last Thursday, at 3:45 o'clock Saturday afternoon reported a disagreement. The jury was discharged. The defendants in the case were Chester Cardena, Rafael Papa and Mrs. Philomena Cardena. The defendants will now be held, without bail, for the December term of the supreme court.

The murder occurred in Barrington, Sept. 2, as the outcome of a row between Poles and Italians, Karol Koblovic, the victim, who was stabbed, being of the former nationality, and the defendants of the latter.

The trial began on Monday morning before Judge Dubois of the common pleas division of the supreme court, the taking of evidence occupying the time until 4 p. m. Wednesday. Judge Dubois charged the jury in an impartial manner and gave the case to their keeping at 3 o'clock Thursday afternoon.

Since that time they were not outside the locked doors, until 10:30 Saturday forenoon, when Judge Dubois summoned them before him and asked if they had been able to agree. Upon receiving a negative reply, he lectured them sharply, impressing upon them the importance of an agreement. He said that it would probably be difficult to obtain another jury to try the case, since it had been given such publicity that nearly everyone otherwise eligible had formed an opinion as to the guilt of the prisoners. Then with a parting injunction to reach a decision, if possible, he sent the juryman back to further deliberate upon the case.

At 4 p. m., after the other business of the court had been disposed of, Judge Dubois again sent for the jury, and in response to his summons, the 12 talesmen filed into the courtroom, showing very plainly the effect of their long confinement. Again they were asked if a verdict had been agreed upon, and upon the foreman replying that there was no prospect of agreement, the judge ordered their discharge.

Much interest has been centered in this case from the fact that it was the first murder case in this county for 18 years, and in no case has a jury held out so long without reaching a verdict.

It was a difficult matter to obtain evidence in the case, the Italian talesmen being a single exception standing by their own countrymen, while the Poles were as solidly arrayed upon the other side. The only Italian who was looked to by the state for evidence against the defendants was Giuseppe Di Viola, who testified at the preliminary hearing that he saw Mrs. Cardena hand a knife to her husband, and tell him to go into the fight. Di Viola afterward told the chief of police that his life had been threatened if he dared to repeat his statements at the trial of the prisoners, and this worked upon his mind to such an extent that on Wednesday he went to Fall River, where he committed suicide by asphyxiation. This deprived the government of one of its strongest, if not the very strongest, of its witnesses.

Doings in the Philippines.

Manila, Oct. 1.—The Filipinos in the vicinity of Manila have been more quiet of late, although last Wednesday night there were brisk attacks at Las Pinas and Paranaque, as well as outpost firing at Imus, Bacoor and Munting-Lupa. Official reports have been received on insurgent activity in Zamboanga province and in Batangas province. Two skirmishes occurred during the week on the Biol river. It is estimated that the insurgents lost 90 killed in the various districts.

Pope Displays Unusual Vigor.

Rome, Oct. 1.—During the beatification of Antoniaz Frassi, one of the first chiefs of the Order of Oratorians, at St. Peter's cathedral yesterday, the pope venerated the effigy of the new saint in the presence of thousands. Ordinarily the pope is aided in his movements, but on this occasion he raised himself from the place of kneeling, waited until the saint's body was placed on the altar, and ultimately returned to his seat without assistance.

Had Held High Honors.

Biddeford, Me., Oct. 1.—Charles S. Hamilton, a former judge of the Biddeford municipal court, and twice mayor of the city, died last night of meningitis. He was prominent at the bar, and well known for his work in criminal cases. He had been engaged for the defense of George Champion, who is charged with the West Hatfield murders.

Bounced Out of Town.

Mansfield, O., Oct. 1.—W. E. Moody and Mark Lobaw, Dowie devotees of Chicago, arrived here yesterday, but were promptly deported by the city officials. Two more elders who arrived were not permitted to alight from the train. Special precautions were taken by the police to prevent violence.

Double Drowning Accident.

Boston, Oct. 1.—A catboat containing three unknown men, who were out for recreation, capsized in Dorchester bay, and two of the occupants were drowned. The third man, who was the only survivor, was rescued by a fisherman, but only succeeded in saving one, who was unable to give the names of his companions.

Enforce Holiday For Bootblacks.

Boston, Oct. 1.—In obedience to the Sunday closing order, the police yesterday drove the street bootblacks out of business, much to the disgust of the urchins who had been doing good business unimpeded for years. Bootblacks in the hotels were not molested.

Thinks the Job Worth \$10,000,000.

Havana, Oct. 1.—Michael J. Dwyer has offered the municipality of Havana a complete sewerage and paving system for the sum of \$10,000,000. The municipality has the offer under consideration.

TO PLEAD FOR FILIPINOS.

Aguineldo's Erstwhile Secretary Will Tell Us
What They Most Desire.

New York, Oct. 1.—The former secretary and confidante of General Aguineldo, Sexto Lopez, arrived here yesterday on the Cunarder Campana. Lopez is said to have come here at the invitation of Fiske Warren of Boston, and he expects to explain to the people the Filipinos' side of their fight with this country.

Lopez gave out the following signed statement: "My object in visiting the United States is not to interfere in American politics, but solely to tell the American people what the Filipinos desire in reference to the future government of our country. It has been said that my coming to America is in the interests of certain persons and parties. We, as Filipinos, know no parties in the United States. We have only one desire, viz., to seek justice for our country."

"Those who desire to give us justice will do doubt be glad to know the wants and conditions of the Philippines. All we want is peace with honor to both parties, and I hope to be able to show that the conditions of our country are such as to justify the maintenance of that independence."

Messrs. Warren and Lopez left at 3 o'clock for Boston.

Boston, Oct. 1.—When Mr. Lopez reached this city last night he was immediately visited by newspaper men, but the Filipino went to Young's Hotel and retired for the night, declining to grant an interview. The interest in Lopez, visit here is keen, as Boston is the home of the anti-imperialistic movement, and the place from which the Filipinos have received the most sympathy.

Hanna Repeats His Charge.

Cleveland, Oct. 1.—Senator Hanna arrived home from New York yesterday and left last night for Chicago. In an interview Senator Hanna said he was pleased with the outlook in New York, where things were looking better than a month ago. Referring to a recent interview in which he was quoted as saying Mr. Bryan had promised to let Richard Croker name one of the members of his cabinet, if elected, Senator Hanna said: "I have never denied that interview. I knew what I was talking about when I said that Bryan had promised Croker the naming of one of the cabinet officers. I know that Bryan promised to let Croker distribute the federal patronage in New York, and if Bryan is elected, Croker can put former Senator Murphy in Bryan's cabinet."

Has Been No Disagreement.

Washington, Oct. 1.—Secretary of State Hay returned yesterday from his summer vacation in New Hampshire. He expressed his satisfaction with the steps taken by this government, and gave emphatic denial to the allegations recently set afloat that there were differences of opinion between himself and others of the administration on our policy toward China. He said that he had been in constant touch and communication with the department during the progress of the negotiations, and was in thorough accord with the action of this government in every phase of the situation.

Teller Not to Blame For Defalcation.

Chicago, Oct. 1.—William B. Duflon, formerly connected with the Union National bank of this city, and recently arrested at Newport News, Va., on a charge of embezzling a large sum of the bank's money, is said to have made to the deputy sheriff who brought him back to Chicago a statement exonerating his friend, George S. Forbes, the bank teller, who committed suicide when the defalcation could no longer be concealed. The shortage was over \$20,000.

Took Four Policemen to Handle Him.

Hartford, Oct. 1.—Luther E. Newport, aged 35, son of a wealthy banker and broker of St. Paul, was taken violently insane last evening, and is confined in a cell under guard. Newport and his wife registered at a hotel Thursday. Last night he went to the office and began to argue with some guests. He had to be removed. He gave four policemen a desperate struggle. Mrs. Newport will make application for her husband's commitment to an asylum.

American Beat the Frenchman.

Paris, Oct. 1.—In the bicycle contest at Vincennes yesterday, McFarland easily defeated Huret, and Frenchman in a 25-mile paced race. Time, 46m. 11s. In the international scratch race, 1000 metres, Cooper was beaten by Vanoni by half a wheel. The crowd protested against the award of the judges. Cooper himself entered a protest, which will be heard later.

Suicide of Prominent Railroad.

Birmingham, Ala., Oct. 1.—Warner M. Newbold, superintendent of the south and north Alabama and Birmingham divisions of the Louisville and Nashville railroad, committed suicide at his home here by shooting. Newbold lost his wife three months ago. He was about 55 years old. He was interested in many enterprises and was considered wealthy.

Death's Sudden Call.

New York, Oct. 1.—Rev. Dr. Gilbert H. Gregory died yesterday in the presence of his congregation at the morning service in St. Stephen's Methodist Episcopal church, at the upper end of Manhattan island. He had long been suffering from heart trouble. Dr. Gregory was 81 years old. He had been a Methodist minister for 37 years.

Serious Result of a Riot.

Cleveland, Oct. 1.—As a result of a shooting affray between union and non-union molders Saturday night, three men are dead. They are Henry Cronenberg, a union molder, William Sheffield, a bricklayer, who had no part in the fight, and William L. Foulks, a detective, who was shot in the heart.

Broke Out of Jail.

Newport, Vt., Oct. 1.—A man named Boissoneau, who was arrested for stealing a horse at Newport, and a Frenchman named Cole, an alleged bicycle thief, broke jail here, and no trace of them has been found.

Thinks the Job Worth \$10,000,000.

Havana, Oct. 1.—Michael J. Dwyer has offered the municipality of Havana a complete sewerage and paving system for the sum of \$10,000,000. The municipality has the offer under consideration.

CHINA TAKES A HINT.

proceeding on the opposite assumption, and has ordered the Fifth marine battalion to prepare to go.

The United States armored cruiser Brooklyn will probably be the only American warship in the expedition. The troops will go by water, and be landed south of Shan-Hai-Kwan. They will co-operate with large Russian contingents already on the way.

The news of the American withdrawal created a sensation among the representatives of the other powers here.

Russian Troops Have Withdrawn.

[Copyright, 1900, The Associated Press.] Peking, Sept. 25, via Taku and Shanghai, Oct. 1.—At the conference of generals today the Russian commander, General Linvitch, announced the immediate withdrawal from Peking of the bulk of the Russian troops and the legation. He will leave on Thursday, Sept. 27, and the legation will follow on Saturday. There will remain a mixed force of about 2000 to represent Russia.

Nothing of a Startling Nature.

London, Oct. 1.—Beyond a sheaf of imperial edicts which throw into still worse confusion the complicated Chinese situation, there is little in today's news to arrest attention. From Shanghai comes an unconfirmed report that the allies have saved Shan-Hai-Kwan. The news with regard to the edicts emanate from Shanghai.

Russia's Conquest of Manchuria.

London, Oct. 1.—A dispatch to The Times from St. Petersburg confirms the report that the town of Kirin surrendered to the Russians without a shot on preliminary orders from prince Chang. The dispatch says that if similar orders were issued with regard to Mukden, the Russian conquest of Manchuria will be completed.

Rockhill to Visit Viceroy.

Peking, Oct. 1.—Mr. Rockhill, special commissioner of the United States, has left Peking with a cavalry escort for Tientsin. He will visit Nankin and the Yang Tsin valley, examine affairs there and advise the viceroy to memorialize the throne, urging the return of the court to Peking.

Another Mission Fails.

London, Oct. 1.—According to the Hong Kong correspondent of The Times, the Russian mission at Tung Kun on the East river has been destroyed.

Killed a Man in Self-Defense.

Mexico City, Oct. 1.—Henry H. Hollingsworth, formerly teller of the Third National bank of Chicago, and recently employed on a California plantation in Vera Cruz, is under arrest for killing a laborer named Carmona. Hollingsworth was aiding the police in quelling a disturbance which had broken out among the Kobras and Carmona, attacking Hollingsworth with a machete, tried to kill him, when the former shot him in self defense.

Double Tragedy at Brooklyn.

New York, Oct. 1.—Otto Wolfe last night went to the residence of Milton Knapp in Brooklyn and called on Mrs. Wolfe, his wife, who was in Mr. Knapp's employ as a servant. He charged her with having been unfaithful, and after knocking her down, cut her throat with a razor. He then slashed his own throat. The wife died in a few minutes, and Wolfe is mortally wounded, the physicians say.

Marks an Event in History.

Deerfield, Mass., Oct. 1.—A cube of red sandstone, two feet square, suitably inscribed, was erected in the old cemetery today. It marks for the first time in an appropriate way the grave where 48 men, women and children, were buried after the massacre of 1794 by the French and Indians. This common grave is in the southeast corner of the cemetery, which tradition says is the spot.

Mill Will Keep Running.

Fall River, Mass., Oct. 1.—Developments in mill circles indicate that the independent curtailment movement has practically come to an end, and but one print cloth mill, the Flint, will shut down this week. Manufacturers are now entering the market for the raw material and will keep their machinery in operation, as the outlook now is for better prices for print cloths.

Awarded to a Chicago Firm.

Clinton, Mass., Oct. 1.—McArthur Bros., Winston & Socher of Chicago have been awarded the contract for building the Wachusett dam, the specified price being \$1,693,635. The dam is planned to be 1800 feet long and 200 feet high, and to hold in check the waters of the Nashua river, which supplies the metropolitan district.

Mangled by Electric Car.

Wakefield, Mass., Oct. 1.—Michael Keegan was run over and almost instantly killed by an electric car on the road to Stoneham. The accident occurred at a turnout, the man's legs, arms and ribs being broken. He was about 65 years old.

Good Afternoon.

The nomination of Eugene H.

Sprague of Quincy as the Republican

candidate for senator in the First Nor-

folk district is practically equivalent to

an election, as large majorities have

been given to Republican candidates in

recent years. In 1890, however,

William N. Eaton, the Democratic

candidate, was elected by a majority of

241 votes and re-elected by a majority

of 231. In 1896, the last Presidential

election, Judge Flint, the Republican

candidate, received 7554 votes to 2835

for Mr. Grant of Hyde Park, a majority

of 4519. The vote of last year was as

follows:

Quincy, Woodsum, Jenney,

1896, 1139

Bainbridge, 516 284

Canton, 264 328

Hockbrook, 232 117

Hyde Park, 716 600

Milton, 550 272

Randolph, 256 343

Weymouth, 899 664

Total, 4979 3738

Candidate Sprague scarcely needs any

introduction to the voters of Quincy,

as he was a Councilman at large in

1894, 1895 and 1896, and one of the

prominent members. For the last two

years he has been one of the Quincy

Representatives in the lower house of

the Legislature, and his good work

there and popularity generally among

his townspeople and business asso-

ciates made his advancement possible.

His career of success continues in

the Senate, he may be in line for the

Congressional nomination in 1902.

Mr. Sprague is 36 years of age, a

native of Maine, and a resident of

Quincy since 1886. He is in the

wholesale provision business in Boston,

and a leader in his line. He married a

sister to ex-senator Eaton and owns a

fine estate at Wollaston.

Since the Republican Senatorial con-

vention the universal comment has

been something like this: The victory

of Mr. Sprague shows what Quincy

can accomplish when it is united. The

city would be a power in the Congress-

ional conventions if it pulled together

like that. Quincy would be better

represented among County officials,

and possibly in State offices if it was

loyal to itself and made a stand.

Before the friends of Mr. Sprague

could secure any outside help it was

necessary to assure such support, again

and again, that Quincy was solid for

its candidate. When there was no

doubt on that score the Hyde Park

delegates scrambled into the band

wagon, and delegates in other towns

are sorry that they did not, especially

those who intended to come on the

second or third ballot.

Bills of 1899.****Ordinance Adopted for Ward Registration of
Voters Before the City Election.**In support of this he said this was
given to the Committee July 6, and it
was time it was reported on.Councilman Poland said the Com-
mittee were waiting to get an opinion
and until they did they did not want
to report. These bills require investi-

gation and the Committee should have

sufficient time.

The chair stated that as Councilman

Packard's motion came under Rule 27

it was out of order.

Councilman Freeman moved that the

Committee on Finance have further

time. Councilman Packard moved to

amend by adding that they report at

the next meeting.

Councilman Freeman stated at the

last meeting it was the unanimous wish

of the Committee that the opinion of

the City Solicitor be obtained and un-

til that was received they should have

further time.

Councilman Packard said it was not

unanimous; that he and Councilman

Badger had voted against it.

The amendment was adopted by a

vote of 9 in favor and 7 against, and

the amended motion adopted.

PEACE ENVOYS NAMED.

Two Are Very Friendly, but Yung Lu's Appointment Is Not Welcome.

Latter Had Charge of the Chinese Troops in Pekin.

Official Confirmation of Issuance of Decree Degrading Tuan and Other Officials.

Washington, Oct. 2.—Minister Conger cables to the state department as follows, under date of Sept. 27:

"Have received notice today from Prince Ching that he, Earl Li, Yung Lu, and Viceroy Tin Kun Yi and Chang Chih Tung will act in concert in negotiating peace. Yung Lu is in the interior. Li Hung Chang is in Tientsin."

It is evident that the two viceroys mentioned are Liu Kun Yi, the viceroy of Nanking, and Chang Chih Tung, the viceroy of Woo Chang, the difference in spelling being in telegraphic transmission. There has been some question as to Yung Lu being a member of the commission, but Mr. Conger's report settles all doubt. Minister Wu already had received an edict naming Yung Lu as one of the commission, but this was questioned in other Chinese quarters.

Mr. Conger's dispatch announcing the appointment of Prince Ching, Earl Li, Yung Lu, and the viceroys, Liu Kun Yi and Chang Chih Tung, as peace commissioners, has aroused much interest and some wonder at the department of state.

As to all the other commissioners no exception will be taken, but it will require some explanation better than appears on the surface of things to make Yung Lu acceptable. He was the general who had charge of the Chinese troops in Pekin, when the legations were under fire, and the testimony of Mr. Conger and the other ministers leans to the view that he had more than a passive share in the trouble there, lending himself and his soldiers to the anti-foreign movement.

It seems astonishing here that, in all the circumstances, he should have been selected for such a place. On the outside, he has always made pretensions to friendliness to the foreigners; he is also on record as memorializing the Pekin government for fresh provisions for the legation people, and in response to his appeal some fruit was sent to them which they did not dare to eat, but he is under strong suspicion here, and his name will be harshly scrutinized, if not disapproved altogether.

Li is known to everyone. Prince Ching, except for the report that he subscribed to a Boxer fund under duress, is in good repute here, and the viceroys were two of the southern governors who remained faithful to their trust during the disturbances.

Mr. Wu, the Chinese minister, has received official confirmation of the issuance of an imperial decree degrading Prince Tuan, Kang, and other officials for their share in the recent troubles in China. This information agrees with that contained in a dispatch received by the state department yesterday from Consul McWade at Canton.

Consul McWade's dispatch is dated at Canton, Oct. 1, and is as follows: "Decrees just issued. Emperor blames ministers for whole trouble. Orders Tuan, Kang, and other officials degraded and punished by imperial courts. Emperor holds Tuan and others entirely responsible for bloodshed."

How France Would Have It.

London, Oct. 2.—The Austro-Hungarian foreign office, says the Vienna correspondent of The Morning Post, "has received a circular note which France has addressed to the powers, in which she agrees to the necessity of obtaining satisfaction for the anti-foreign attack, but suggests that the ministers in Pekin should immediately begin negotiations on the other questions at issue." The note also proposes the permanent prohibition of the importation of arms and ammunition into China, the razing of the forts and arsenals on the coast, and the maintenance of legation guards.

Germany's Demand Not Abandoned.
Berlin, Oct. 2.—The statement published in Paris that France, Russia, and Germany have agreed at a complete understanding in regard to the retention of troops at Pekin and that Germany abandons her demand for the punishment of the instigators of the outrages before the peace negotiations begin, is denied here, officially.

Sternberg Favors the Canteen.

Washington, Oct. 2.—The war department has made public a letter from Surgeon General Sternberg, stating that he is obliged to admit that the army canteen seems to have accomplished very desirable results in reducing the amount of drunkenness in the army and the disposition on the part of soldiers to leave their stations for the purpose of obtaining spirituous liquors.

Have Given Up Fighting.

Lorenzo Marquez, Oct. 2.—The Austrian steamer Styria Lloyd has sailed from here, having on board 400 Transvaal refugees, part of them being Irish-Americans. All their expenses have been paid by the Transvaal government. Each man received \$7.50, and will be paid \$42.50 on landing at any port which may be elected by them.

Professor Delabarre Safe.

Providence, Oct. 2.—Professor Delabarre of Brown university has at last been reported safe on his homeward trip, with the expectation of arriving here about Oct. 10. His vessel has been sighted off Hopedale, Labrador, on its way south.

Was Entangled in Reins.

Boston, Oct. 2.—John Kimball, 39 years old, an employee of E. B. Ricketson & Co., Newton lumber dealers, was accidentally killed at Watertown by being dragged along with his wagon, after he had become entangled in the reins.

"BLOODY MONDAY" AT HARVARD.

One Man Knocked Out and Many Pockets Relieved of Valuables.

Cambridge, Mass., Oct. 2.—The "bloody Monday" fight at Harvard, in spite of all talk, is no mere friendly push. It starts as such, but a man with a cracked head and a battered shin does not feel about it as he did at the start. Last night there was many a man who did not feel kindly, and all went into the rush with a slam and a bang.

From 7 o'clock until 9 the battles raged, with the final honors slightly in favor of '04, the incoming class. The rush is always fierce. There are always fights, personal and general, and in the late years it has degenerated to some extent into a hat stealing contest. But last night other stealing cropped out.

Rainford, a freshman, who led his class, fell under the mob. Unable to stop, his own classmates went over him, and when they had passed he lay prone and apparently lifeless on the ground. He was carried to a nearby building, and in half an hour became conscious. It turned out to be nothing more serious than a knocking out of his wind that caused him to faint. He walked home all right, but when he got there he found that his pocketbook and watch were gone.

Many a man who went into the rush unprepared had the same story to tell. It is a gross neglect of the authorities in Cambridge as "muckers." They flock to the college vicinity in greater numbers than the students, and perpetrate all sorts of small tricks. Stealing is their chief object, and last night they reaped a harvest if reports are true.

Save Rainford's injury, nothing serious was reported. Many a man has a sore head, a cracked shin and lame muscles this morning, but none has been found who was seriously hurt.

A Decision Affecting Chinese.

Honolulu, via San Francisco, Oct. 2.—United States Judge Este has rendered an important decision regarding the rights of Chinese to land in Hawaii. It was in the case of A. H. Sing, who came here from New York as one of the crew of the ship Challenger. The judge decided that, having shipped from New York, the Chinese had a right to land in any other American port and Honolulu is now an American port. The decision is regarded as bearing on the question of whether the many Chinese in the Hawaiian islands have a right to land on the mainland. There are about 20,000 Chinese in Hawaii.

Prisoners to Be Released.

San Francisco, Oct. 2.—The United States circuit court of appeals has rendered a decision quashing the indictments against 10 men who were arrested at Coeur d'Alene during the mining strike last year for interfering with the United States mails. It was shown that the men did not know that the train which they interfered with carried United States mail. Ten men now imprisoned at San Quentin under the indictments will be released as soon as the necessary papers can be sent from Idaho to the warden at San Quentin.

Sympathy For Brethren at Home.

Boston, Oct. 2.—Irishmen crowded Faneuil hall last night in response to a call from the Boston central branch of the United Irish league, to listen to speeches in favor of home rule for Ireland, and to give material assistance to the United Irish league and re-united party in its endeavors to return every member of parliament and to secure increased representation in the pending elections. The total receipts up to date, including the sum contributed last night, are about \$2000.

Remain gubernatorial appointments.

Fall River, Mass., Oct. 2.—At a meeting of the board of aldermen last night an attempt was made to have an article inserted in the warrant for the city election, asking voters to pronounce on the question as to whether the police and license commissioners should be elected by vote of the citizens. It was finally voted to lay the order on the table indefinitely. This effectively ends the opposition to the appointment of the police and license commissioners by the governor.

Up Goes the Price of Milk.

Boston, Oct. 2.—Milk went up to 8 cents yesterday, 1 cent higher than it has for some years past. The farmers will get 3 cents for milk, which will be paid by the peddlers and retailers, leaving the relative position of the contractors the same as before.

Foot Caught in a Belt.

Bennington, Vt., Oct. 2.—Thomas Houghton, aged 65, a spinner in the mill of the Valentine Knitting company, in stepping over a large belt caught his foot and was thrown violently against the side of the room, and instantly killed.

Twenty Gordons Killed.

Lourenco Marquez, Oct. 2.—An explosion occurred at Komatiport while the British were destroying the Boer ammunition, resulting in the death of 20 of the Gordon Highlanders.

Growth of Over a Hundred Percent.

Washington, Oct. 2.—The census bureau announces that the population of Los Angeles, Cal., is 102,473, as against 50,395 in 1890. This is an increase of 52,078, or 103.35 percent.

NEWS IN BRIEF.

The published report that the Italian government has summoned to Rome the Italian ambassador, Baron Fava, in order to regulate the surveillance of anarchists in America, is not confirmed at the Italian legation in Washington. Rev. Fanthius Ennis, O. F. M., aged 62, died at St. Joseph's monastery, Winsted, Conn., from acute spinal trouble.

The heirs of Fritz Plantok, the famous Baireuth Wagnerian singer, are suing the proprietors of the Royal theatre at Karlsruhe for \$43,000 as damages for the accident, a fall of 30 feet, in the theatre last winter, which cost him his life.

The American board has received from Rev. Jee Gam of San Francisco, the first Chinaman in the United States to be ordained to the ministry, a check for \$100, for the north China Christian relief fund.

A coil of steel wire valued at \$300 belonging to the Interstate Electric Street railway, was stolen at Attleboro, Mass.

THE PARLIAMENTARY ELECTIONS.

Conservatives Gain Two Seats and Are Still Considerably in the Lead.

London, Oct. 2.—In the following boroughs polled yesterday all the sitting members were re-elected: Devonport, Durham, Exeter, King's Lynn, Esherborough, Preston, Reading, Rochdale, Wigan and the north and south divisions of Westham.

Considerable interest attaches to the speech at Derby of Mr. Wyndham last evening, because it had been semi-officially announced that the parliamentary under secretary of state for war would outline the government's proposals as to army reform. The chief points in the speech were that the home army should have a higher training, instead of being regarded as merely a training ground for the supply of the foreign army and that greater opportunities should be given for maneuvers on an adequate war scale.

Rumors are current this morning that the Marquis of Lansdown, secretary of state for war, will succeed the Earl of Cadogan, lord lieutenant of Ireland. A rowdy meeting at Westminster last evening was addressed by the secretary of state for India, Mr. Hamilton, and by Lord Mayor Newton. The latter's son, after ejecting a disturber, was savagely attacked. His head was forced through a glass panel, and he received a severe scalp wound and other injuries.

The returns received up to midnight show the total number of elected to be 132; Conservatives, 93; Unionists, 18; Liberals, 13; Nationalists, 8. The Conservatives have gained two seats, and the Liberals one.

Twenty-Six From Pekin.

San Francisco, Oct. 2.—The passengers on the steamer Coptic, which arrived from China Sunday night, were released from quarantine yesterday. Among them were 26 who passed through the siege of Pekin. They include Miss M. E. Andrews, F. M. Chapin, wife and three children; Miss Dow, Miss Dugan, C. H. Fenn and wife and two children; Dr. J. H. Ingram and wife, with two children; C. H. Oliver and two sons; Miss Cecile Payne, W. F. Squires, Mrs. M. S. Woodward and daughter, and Dr. W. G. Becker.

Bankruptcy Proceedings Dismissed.

Boston, Oct. 2.—All the bankruptcy proceedings brought here against the Squires have been absolutely dismissed. The same result will probably follow in Maine with the bankruptcy petition filed there, as there has been an arrangement or settlement arrived at which is satisfactory to the creditors. The dismissal was ordered by Judge Lowell in the United States district court on the four petitions brought against the Squires.

Professional Won by Small Margins.

Hartford, Oct. 2.—Major Taylor, the professional bicyclist, and W. S. Fenn, the speedy amateur, tried conclusions here last night for the title of champion of America. The first heat was declared off, because Taylor fouled Fenn. In the run-off Taylor finished a length ahead. Time, 2:25. The second heat was also won by Taylor, he thus taking the race. He led Fenn at the finish by about three inches. Time, 2:19 3/5.

Turned Out in Quick Time.

New York, Oct. 2.—The flotilla of five United States revenue boats, built at the Nixon ship yard in 120 days, according to contract, sailed yesterday on the inside route to Havana. Flagship, No. 7 is 70 feet long, while the other four are 60 feet in length. Each boat carries on her forward deck rapid-fire gun. The boats will be used in patrolling the inlets and coast of Cuba in search of smugglers and revenue evaders.

Shows Remarkable Growth.

Marlboro, Mass., Oct. 2.—At the 15th annual convention of the state branch of the American Federation of Labor, President Tobin of the Boot and Shoe Workers' union spoke of the progress of the union, which, he said, a year ago was nearly bankrupt, both as to finances and members, and now has a reserve fund of \$20,000 and a membership list covering the entire country.

No Doubt as to Identity.

Clinton, Mass., Oct. 2.—Chief of Police Bates has arrived home from Sydney, C. B., where he went to identify Carlos Alberto, who is charged with murdering his wife in Holyoke on Sept. 1. Chief Bates says there is no question but that the man now held by the police of Sydney is Alberto. The alleged murderer has secured counsel and will fight extradition.

Mayor Quelled the Riot.

Columbia, S. C., Oct. 2.—A threatened race riot at Georgetown has been averted without the aid of the militia. The trouble grew out of the arrest of a negro for killing a white man. Mayor Morgan cleared the streets and stopped the sale of liquor.

Good Afternoon.

No section of the Tenth district was

more prominent at the Republican Con-

gressional convention than the city of

Quincy. It furnished the chairman of

the convention, and other Quincy men

on the committees. The candidate for

Presidential elector is a resident of this

city, and a large majority of the

Quincy delegates were for the success-

ful nominee for Congress. Another

time, however, the city would be even

more successful if its entire delegation

was solid. The conventions of this

week have shown our possibilities, and

more united work may be expected in

the future along many lines, which are

not wholly political.

Although the Quincy man was not

nominated at the Republican conven-

tion of the Tenth Congressional dis-

trict, Quincy delegates and Quincy Re-

publicans are much pleased with the

result, as they helped materially to se-

cure a clean, honest, straightforward

and able candidate, who can be elected

and who will be an honor to the dis-

trict and the old Bay State. While

there was a chance for Mr. Shaw, the

delegates were loyal to him, but Dr.

Pierce had won such great victories in

the Dorchester wards, and was so near

the goal, that for the best interests of

the Republican party they quickly

ralled to his support. Candidate

Pierce in his speech of acceptance

used just the right words in referring

to the endorsement of Mr. Atwood,

when he said, "Some of you have done

it in a very gracious way." It left no

doubts in the minds of all that Mr.

Atwood would continue a good Re-

publican, and the united party will

now go forward to election day very

hopeful of the result.

QUINCY WITH THE NOMINEE.

Her Fourteen Delegates Make the Nom-

ination of Dr. Pierce Easy.

The Milton Man Nominated on Third Ballot

for Congressman in Tenth.

Hon. John Shaw of Quincy the Choice for Presi-

dential Elector.

Dr. George B. Pierce of Milton was

nominated under very favorable aus-

pices at the Tenth district Republican

Congressional convention in Boston

Tuesday evening. The convention was

called to order in Union hall on Boyl-

ston street at 8.15, and adjourned at

9.45, the session of 90 minutes being

the shortest in the history of the Tenth

district. Although the Quincy vote

was divided, her 14 votes which

swung to Dr. Pierce were an impor-

tant factor at the convention, and made

possible the nomination of the Milton

man.

The convention was called to order

by Charles B. Woolley, and a temporary

organization was effected by the choice

of Hon. Charles M. Bryant of Quincy

as chairman and William H. Allen of

Milton as secretary.

The Committee on Credentials re-

ported the full number present, viz.

108, and the organization was made

permanent.

It is customary to select the nom-

inee for congressman first, but upon

motion of H. H. Atwood, Hon. John

Shaw of Quincy was nominated by ac-

clamation with only one dissenting

vote, for Presidential elector.

The third ballot was the decisive

one, as the last three of the Shaw de-

legates in Quincy went to Dr. Pierce,

and he had just enough; the result

being: Towle, 10; Shaw, 0; Paige, 0;

Atwood, 43; and Pierce 55. Dr.

Pierce received his 55 votes as follows:

Quincy, 14; Milton, 6; Ward 17, 3;

Ward 19, 4; Ward 20, 15; Ward 24, 13.

As the Journal says, "When the

result was announced the delegates

broke the stern rein of Chairman

Charles M. Bryant and cheered them-

selves hoarse, hats were thrown in the

air, and the old men as well as young

joined in the demonstration."

The action of Mr. Atwood at this

point was a happy climax. When

order could be restored he said: "As

representing a united Republican party

in the Tenth District, and as one of

the candidates whose name has been

presented to this convention; as one of

those who realizes the importance to

(Continued on page 4.)

The convention then proceeded to

ballot for congressman, and Thomas F.

Burke of Quincy served as one of the

committee on ballots.

The result of the first ballot was:

Towle, 10; Shaw, 11; Paige, 14; At-

wood, 20; Pierce, 44; the number

necessary for a choice being 55. The

Quincy men had given 11 to Shaw, 7 to

Atwood and 3 to Pierce.

A second ballot was taken immedi-

ately, when 8 of the Quincy delegates

went from Shaw to Pierce, and the

entire Paige delegation to Atwood, and

the result was: Towle, 10; Shaw, 3;

Paige, 0; Atwood, 43; and Pierce, 52;

the last mentioned lacking 3 of a

nomination.

the National Republican party of the election of a Republican member of Congress from the Tenth District. I move that the nomination of George B. Pierce be made unanimous. (Great applause.)

"I do this unequivocally and without reserve, so that no man in this convention may give comfort to the enemy at the election. I pledge you my support and active, energetic work toward the election of our candidate, and also pledge the untiring efforts of all my friends in the district to that end." (Continued applause.)

Charles Batcheller of Ward 20 was then recognized by the chairman and said: "In behalf of Mr. Towle, who is away in Maine attending the funeral of his father, I desire to second the motion and I pledge the active hearty support of Mr. Towle's friends to the candidate of the convention."

At this point John Shaw of Quincy, who had just entered the hall, was given the floor by vote of the convention, and said: "I am glad to be here to endorse the nomination of Geo. B. Pierce, and I will say to this convention that he will have the support of Quincy."

While a committee went in search of Candidate Pierce, the convention voted that the officers of the convention, after consultation with the candidate, be authorized to appoint a district committee.

It was some time before Dr. Pierce was escorted into the hall and then the demonstration was renewed. When presented the candidate said:

"You have done me a great honor tonight, and some of you have done it in a gracious manner. There has been rivalry between the candidates, but no hard feelings. No scores have been opened, and we have no wounds to heal."

"I became a candidate for the nomination because I was urged to do so by some of your best business and professional men, men who would have been as good candidates if they had the time to attend to a campaign."

"During the contest there has been no bitterness. I have been treated with the greatest courtesy by all."

"As to the election, I have no doubt that we can win it. (Applause.)"

"If you will add up the Republican vote in this district for Governor and Senators you will see that we are ahead. And, gentlemen, it is the Republican vote we want—a solid Republican vote."

"I will use all honorable means to be elected, and if elected, will work for the best interests of the district, State and country."

"Gentlemen, I thank you, and I thank the other gentlemen who were candidates."

Most of the delegates and a large number of those who had been interested spectators pushed to the platform and offered Candidate Pierce congratulations and encouragement, and received thanks and a hearty hand shake in return.

Reception to New Pastor.

The members of the Park and Downs Congregational church, will give a reception to the new pastor, Rev. H. G. Megathlin and wife, at the church Wednesday evening, Oct. 10. As this is the first social of the season, strangers are cordially invited. This reception and social is for adults only. Refreshments will be served in the ladies' parlor. Doors open at 7.30.

Clothes for Galveston.

Miss Olive Mead, the charming young violinist of New York, who has been spending the summer at Wollaston Park, has packed two large boxes for the Galveston people. A number of the neighbors assisted. Miss Mead's busy season will soon commence, and she returns to New York in a short time. She spent part of the summer in Europe.

Played at Brockton Fair.

One of the interesting features of the Brockton Fair, Tuesday, was the football game played between the Brockton High school and the Adams Academy eleven. Owing to the numerous athletic events on the programme, it was late when the game began. One twenty-minute half and one fifteen-minute half were played.

In the first half, the Brockton eleven, by superior weight, forced a touchdown early during the play. Soon after the ball was again put in play, a fumble by one of the Brockton players, put the ball into the hands of Thomas, who was playing left-guard for Adams, and he ran two-thirds of the length of the field for a touchdown. Neither side kicked a goal. Score 5 to 5.

In the second half, the Academy boys, being much lighter than their opponents, were unable to stop their rushes, made generally with ends back. A good kick by Flaherty kept the ball in Brockton's territory for a time, but they secured two touchdowns before time was called. Both attempts at goals failed. Score 15 to 5.

The team work of the Academy boys was good. They played with snap and the plays were started quickly. There were no accidents.

Mr. Damon acted as umpire for Adams Academy and Mr. Hall as time-keeper.

Biddies Initiated.

"The old mother hen will give her chickens a party on Tuesday evening at the hen coop at 4 Maple place," is the way the invitations received by a number of young ladies from Miss Ida Kingman read. It is hardly necessary to add that the chickens lost no time in flocking to the mother's call. Miss Ida received her guests in an old fashioned gown, and powdered hair.

One object of the gathering was to initiate the biddies into the mysteries of the Dorcas society, the work of the degree being rendered by Miss Annie H. Leonard. There were also games and music, and a solo by Miss Nettie Tanner. Along about 9 o'clock a lunch was served, consisting of fruit, corn, eggs and other chicken food. At 10:30 the rosters arrived and escorted the chickens home. Those present were: Miss Ruth Hayden, Miss Cora Greer, Miss Mabel Tanner, Miss Nettie Tanner, Miss Annie H. Leonard, Miss Nettie Phelps, Miss Lulu Phelan, Miss Bessie Powell, Miss Josie Osborne, Miss Ethel Davis, Miss Lottie Kingman, Miss Helen Kingman.

20th Century Fair.

The long heralded, much advertised and eagerly awaited Merchants' and Manufacturers' 20th Century Exposition opened most auspiciously on Monday, with an attendance of nearly 25,000 people. Visitors, exhibitors, and the press generally declare this exhibition surpasses any similar one ever given in Boston. The decorations are especially elaborate and tasteful, and command general commendation. The display of paintings in the art gallery is the finest ever seen in Boston. The special features, "A Trip Thru" Chinatown," and the "Women of All Nations" are well worth the popular praise so freely accorded them. The music is the finest ever given at an Exposition in Boston. This week the New York 71st Regiment Band has created a furor in musical circles, and next week Sousa and his famous band will make their first appearance after their triumphal tour in Europe. The visitors to the fair find variety and novelty at every turn. They wander through the various rooms, and chambers and ramifications of the great building, eat popcorn, drink strange and weird drinks,—of a strictly temperance nature,—sample innumerable delectable delicacies, ask ten hundred thousand million questions, wonder why the automobiles are set at such a high price that only millionaires can use them, try the patent whirling fire-escape, admire the decorations as a whole, and enjoy themselves from early morn to late at night. The souvenirs given away are the finest ever distributed to the ladies in Boston.

Political Potpourri.

The Democratic slate for State officers as announced in Tuesday's Ledger was correct, except the office of Attorney General, the nomination for this office going to John C. Crosby of Pittsfield.

ROBERT MCCURDY, JR.
Democratic Candidate for Governor

Norfolk county Democrats have organized with James D. Grant of Hyde Park as chairman and T. P. Murray of Dedham as secretary. David Roche of this city is on the executive committee.

The First Norfolk Democratic senatorial convention will be held at Democratic headquarters in Quincy, Saturday evening, at 8 o'clock.

The Democratic County and Second Councilor conventions will be held at Memorial hall, Dedham, Thursday evening at 8 o'clock.

Another meeting of the Registrars of Voters will be held tonight.

Quincy was largely represented at the Republican Congressional convention in Boston Tuesday night.

Congressman Knox, Moody, Roberts and Lovering were renominated by Republicans on Tuesday. In the Fourth district, Hon. Charles Q. Tirrell of Natick is the nominee, and in the Ninth, Charles T. Witt of East Boston. Benjamin J. Weeks is talked of as a dark horse for the nomination as Representative at the Republican convention.

Convention Week.

Both Republicans and Democrats will hold many conventions during the first week of October. As far as known they will be held as follows:

Oct. 3, Second Councilor Republican, Wesleyan hall, Boston at 2 P. M.

Oct. 4, at 10 A. M., Republican State convention at Boston Theatre at 10 A. M.

Oct. 4, Norfolk County Democratic at Dedham at 8 P. M.

Oct. 4, Second Councilor Democratic at Dedham at 8 P. M.

Oct. 5, Norfolk County Republican convention at Wesleyan hall, Boston, at 10:30 A. M.

Oct. 5, Democratic Congressional convention Tenth district, at Dorchester Music hall, in the evening.

Oct. 6, First Norfolk Democratic Senatorial at headquarters, Quincy, at 8 P. M.

The Metropolitan Water Board has received eleven bids for performing its largest contract, constructing the Wachuset dam at Clinton. A \$17,000 check was deposited with each bid. The lowest bid is \$1,003,005; the highest, \$2,715,255.

TUB TRUTHS.

A DROP of ink will color a whole glass of water. It is an inch of yeast which makes a pan of bread rise, and a single cake of soap containing unabsorbed alkali can ruin a hundred times its cost in laces and fine embroidery. After all, is it wise to take such risks with common soap? Of course you can get along without Ivory Soap. So can a wagon without axle grease—but it goes hard.

Found Overboard From Warship.

New York, Oct. 3.—While visiting the United States battleship Kearsarge yesterday at the Brooklyn navy yard, Miss Alberta Bradford of St. Albans, Vt., fell overboard. The young woman was rescued by Larry Whitman, who plunged into the water, reaching the surface almost as soon as Miss Bradford. When rescued she was unconscious. She sustained a bad scalp wound, but is out of danger.

Suicide Runs in the Family.

New York, Oct. 3.—Robert McCurdy Lord, a retired broker, was found dead in a house at Mount Vernon, which was recently fired by him. There was every indication that he had committed suicide by inhaling illuminating gas. Four members of Lord's family, it is said, died victims of their own hands. Their deaths, like Robert's, were seemingly without motive.

Promises to Be a Success.

Philadelphia, Oct. 3.—The Allegheny of the Merchants and Miners' Transportation company, the first sail steamer to sail from this port in regular traffic with the south, steamed down the Delaware river yesterday with a full cargo for Savannah. The outlook for the success of the enterprise is said to be promising.

Warming Up in Porto Rico.

San Juan, P. R., Oct. 2.—The Federal party, at its convention at Caguas yesterday, passed resolutions affiliating itself with the Democratic party in the United States. The session will last several days, and the delegates will nominate a commissioner for congress. A Republican mass meeting at San Juan endorsed the administration, and nominated candidates for the house of delegates.

An Exchange of Civilities.

New York, Oct. 2.—Captain Coundouris of the Greek warship paid a visit yesterday to the Brooklyn navy yard. Last evening the captain and his officers were the guests of Admiral Tarraguer of the New York at a dinner in his honor.

Reduction is Accepted.

Bismarburg, Pa., Oct. 2.—The 700 employees of the Reading Iron company of Pennsylvania have decided to accept the 25 percent reduction in their wages, which went into effect Sept. 16, and against which they struck.

An Alleged Embezzler.

Quincy, Ill., Oct. 2.—Captain J. V. Henry, who had just resigned as assistant postmaster, is under arrest, charged with the embezzlement of \$3500 of the funds of the National Railway Mail Service benevolent association, of which he had been secretary and treasurer since its organization. The society will not lose, as Henry had given a bond of \$10,000.

THE EDICT CONFIRMED.

State Department Notified of Punishment of Tuan and Others.

Complete Agreement as to China Is Within Sight.

Opening Made by United States Being Taken Advantage of by European Powers.

Washington, Oct. 3.—The Chinese minister has delivered to the state department official confirmation of the degradation of Prince Tuan and many other Chinese leaders. The following official statement is made as to Minister Wu's dispatch:

"A cablegram received from Director Sheng at Shanghai states that by an Imperial edict, issued on Sept. 25, Prince Chang, Prince Yi, Secondary Princes Tsai Lien and Tsai Ying, are deprived of all their respective ranks and offices, that Prince Tuan is deprived of office and is banished to the interior, and the court, which shall consult and decide upon a course of punishment to be taken, to be stopped; that Duke Tsai Lan and the president of the censorate, Ying Nien, are handed over to the same board, who shall consult and decide upon a severe penalty, and that Kang Yi, assistant grand secretary and president of the civil board of punishment, are handed over to the board of censors, who shall consult and decide upon a severe penalty." In addition to the loss of office, salary and servants.

Favorable news has reached Washington from the European chancelleries, indicating that a complete agreement as to China is within sight. The agreement will be on the basis of the proposition laid down by Secretary Hay in his note of July 3, and the subsequent notes treating of that subject. The accord of Russia with the United States is more complete than was anticipated at first, and the reports show that all of the European nations, probably, are placing themselves in position to take advantage of the opening made by the United States and soon will be ready to begin negotiations for a settlement with the Chinese government. The Russians already have given notice of such purposes, and while the text of the French note on this subject, referred to in yesterday's press dispatches, has not reached the state department, the officials are satisfied that this is correct, and that Russia, like France, is ready to negotiate at once.

As for Germany, either the position of that government has been misunderstood or it has sustained a change of mind. Possibly the former is the case, but however that may be, it is quite certain from the advices which have reached Washington that the German government, upon careful inspection of the plan for a settlement, provided by the United States, finds therein nothing inconsistent with the German aspirations. Then it may be expected that Germany, too, will be prepared soon to join in this common movement toward a settlement. It may be stated that, altogether, the prospects of an adjustment of the Chinese difficulty without resort to formal war are very much brighter than they were one week ago.

American Victims of Fanatics.
Washington, Oct. 3.—Mr. Goodnow, consul-general of the United States at Shanghai, reports the murder of two American missionaries, Miss Hattie J. Rice and Miss Mary E. Huston, both stationed at Lu Cheng, in Shansi province.

Records Smashed by Stinson.
Brookline, Mass., Oct. 3.—W. C. Stinson last night broke every record from 3 to 25 miles, inclusive, in the three-cornered motor-paced race between Stinson, Harry Elkes and James Moran. It was to have been a 25-mile race, but Stinson was kept going to see if he could break the record for an hour. He stopped after the 25th mile. Stinson won by 3-4 laps over Moran and 4-1-2 laps over Elkes.

Got Long Terms in Prison.
Bristol, Vt., Oct. 3.—In the Windham county court at Newfane the three young highwaymen who held up and shot Joseph M. Houghton in Guilford and also exchanged shots with officers were sentenced to state prison. Welch was sentenced to not less than 18 nor more than 20 years; William Dempsey 16 to 18 years, and Charles Blake, 12 to 15 years.

Trio Held For Alleged Arson.
Boston, Oct. 3.—Three young men, and attempt to defraud insurance companies, were arrested in this city last night George P. Critcherson of Worcester, Fred E. Roberts and Charles E. Hammond, formerly of Maine. The fire which they are charged with setting occurred on Sept. 19 last, in a photographer's studio at Marlboro.

The British Parliamentary Elections.
London, Oct. 3.—The feature of the parliamentary election so far is that, while the actual representation of the respective parties is only slightly changed, there is undoubtedly a big increase in the Conservative majority, and the indications are that the Conservatives will enter the new parliament with increased strength.

A Quarter In Twenty-Eight Seconds.
Cleveland, Oct. 3.—Crescent was given a fast work-out mile on the Glenview track yesterday. Those who held watches declare that the stallion won the last quarter in 28 seconds. The mile was made in 2:08.

BOUND TO STAKE AND BURNED ALIVE.

Husband Applied Torch to Pile Which Consumed Body of His Wife's Assailant.

Montgomery, Ala., Oct. 3.—Linfield Townsend, a negro, was burned at the stake at Eclectic, 15 miles from Wetumpka, yesterday. He assaulted Mrs. Harrington, a white woman of that vicinity, and her husband applied torch to the pile which reduced the body to ashes.

At a farmhouse about 1 o'clock, the negro attempted to outrage Mrs. Harrington. The woman's screams were heard by a negro named Nichols, who was passing along the road at the time. He ran to the house in time to see the negro escape. As soon as Mrs. Harrington was brought back to consciousness, Nichols gave the alarm.

The news rapidly spread. All the stores in Eclectic were closed, the people left their wagons in the road and their plows in the field and gathered for a pursuit of the negro. The crowd divided, some scouring the woods near the scene of the crime and others going to the penitentiary for bloodhounds.

The dogs were not brought to the scene until nearly dark. They were taken to where the negro's tracks disappeared, and an exciting chase ensued. The dogs stoned at a tree on the outskirts of the town. The crowd soon discovered the negro sitting on a limb. He was brought down and taken to the scene of the crime. There he was confronted by his victim, who positively identified him. The negro was then taken to the edge of the village and surrounded by the mob. The preparations for death were quickly made.

A stake was prepared, and the negro was bound to it with chains. Pine knots were piled about him, and the flames were fired by the husband of the negro's victim. The crowd looked on, deaf to the wailing cries for mercy, and in an hour he was reduced to ashes.

Howard, before being bound, confessed the crime, and said he was also involved with Alexander Floyd, his uncle, who was hanged a couple of weeks ago for an attempted assault on Miss Kate Pearson. He said he and Floyd had planned for other crimes of like character, but that Floyd's being hung put a stop to them.

POLITICS HERE AND THERE.

Lincoln, N. H., Oct. 3.—Governor Roosevelt was accorded a magnificent demonstration yesterday by the citizens of Lincoln. Nothing equal to it has yet been seen during the progress of the governor's journey through the west. Along the line of march the streets, windows and balconies were filled with cheering people. Governor Roosevelt was conducted to the reviewing stand, before which a long procession passed in review, occupying more than an hour. After the procession had passed in review, Governor Roosevelt was conducted to a speaker's stand, where he spoke for three-quarters of an hour, going over the same ground in his remarks as he has travelled over before upon the issues of expansion, militarism, imperialism and patriotism. At the conclusion of the speech he was fairly mobbed by a wildly excited crowd who wished to shake his hand or to get a word or look of recognition. The train then pulled out for Plattsburgh, where an evening meeting was also a great success in point of numbers and interest. Mr. Roosevelt made a speech at the meeting.

An Estimate on the Result.

New York, Oct. 3.—In a statement issued from Republican national headquarters the national committee claims 200 votes out of 100 in the electoral college for Mr. McKinley, 112 for Mr. Bryan, and 54 are put down as in doubt. The states committed to Bryan are Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, the Carolinas, Tennessee, Texas and Virginia. In the doubtful column is put Colorado, Indiana, Idaho, Kentucky, Missouri, Montana, Nevada, Nebraska and Utah. Everything else is put down for McKinley.

Bryan Talks to Wisconsin Farmers.
LaCrosse, Wis., Oct. 3.—When Mr. Bryan concluded his speech here last night he had made 15 addresses, and had covered about 15 hours of time during the day. Beginning at 8 o'clock in the morning, he talked at intervals until 11 o'clock last night, putting in fully six hours of speechmaking. The region traversed is a rich agricultural section, and Mr. Bryan's remarks were addressed especially to farmers, the trust question receiving even a greater share of attention than usual.

Bryan Coming East.
New York, Oct. 3.—Theodore Roosevelt announced the following itinerary for the eastern campaign of Mr. Bryan: New York city, Oct. 16; at other points in the state of New York, Oct. 17 to 20, inclusive; West Virginia, Oct. 22; Maryland, Oct. 23; Pennsylvania, Oct. 24; New Jersey, Oct. 25 and 26; New York city, Oct. 27.

Doesn't Want Another Term.
New York, Oct. 3.—Perry Belmont, who for four consecutive terms represented the First New York district in congress, was again nominated by the Democrats of that district yesterday. Last night a committee called on Mr. Belmont to accept a seat in congress. He positively declined to run.

Novely Has Won Off.
New York, Oct. 3.—In the municipal election yesterday a resolution for the removal of the Dewey arch was introduced and adopted.

FIVE HUNDRED A DAY.

Senator Jones Tells of Rapid Organization of Democratic Clubs.

Opening of the Convention at Indianapolis.

Speakers Denounce War in Philippines and Policy of the Administration.

Indianapolis, Oct. 4.—The program for the opening session of the convention of the National Association of Democratic Clubs, as officially announced, was charged just prior to the hour of meeting. President Horst of Chicago was expected to be present to preside, but telegraphed that he was ill and unable to attend. The convention was, therefore, called to order by Senator Jones, chairman of the Democratic national committee. Mayor Taggart was introduced and made an address of welcome, which was briefly responded to by J. H. Rice of Canton, O.

Senator Jones, in opening the convention, said: "During the last two or three weeks, clubs have been organized and have been reported to headquarters at the rate of over 500 a day, until there are now by actual count 735 Democratic clubs with an average membership of more than 200 already organized in all the states of this Union. With an organization of this kind, consisting of more than 2,000,000 of members, thoroughly organized and thoroughly awake to the necessities of the situation, at work in their localities everywhere, there can be no reasonable doubt of the result on the sixth of November next."

Organization was then effected by electing Thomas Taggart temporary chairman; A. H. Imboden, New York, secretary; W. J. Pollard, St. Louis, reading clerk, and M. D. King, Indianapolis, sergeant-at-arms. At this juncture, Adlai E. Stevenson was escorted into the hall by a band, and his appearance sent the convention into a pandemonium of applause. He said: "I thank you for this cordial greeting. I would not undertake now to address you, but at a later time, in accordance with the program, I will have the pleasure to address some remarks to my fellow Democrats. I can only say to you now that I bring you words of good cheer from the great Democratic state of Illinois."

The next speaker was Mayor Jones of Toledo, and he was followed by James H. Lewis of the state of Washington. According to the program, Governor McMillin of Tennessee was to have been the concluding speaker, but while he was present, a heavy cold rendered him out of voice, and he did not attempt to speak.

The convention at 5 o'clock took a recess until after the parade at night. The parade ended at 9:30 o'clock and Tomlinson hall was thronged with those who had participated in the jollification. The meeting was called to order by Senator Jones, who introduced Captain Patrick O'Ferrall of Washington. Captain O'Ferrall denounced the war in the Philippines, and condemned a standing army.

He was followed by Hon. Sigmund Zeisler of Chicago. Mr. Zeisler assailed the Philippine policy of the administration, devoting his speech entirely to this question. He said that the government of the Philippines was imperialism, for it was government from without instead of from within. He did not fear, he said, an empire in the country, but one did now exist in the Philippines, and President McKinley was the emperor. The policy of imperialism, he said, struck a blow at our democracy, and sent us down the toboggan slide of degeneracy. Mr. Zeisler concluded with an eulogy of Mr. Bryan, who, he said, will lead us back into the course of national virtue and true greatness.

The city last night presented a scene of Democratic festivity. Flags and streamers were hung to the breeze and portraits, framed in electric light bulbs of distinguished leaders of the Democracy, were displayed. At 8 o'clock a parade of all the Democratic clubs and delegates marched through the streets, while thousands of people lined the sidewalk.

BAY STATE REPUBLICANS Meet at Boston and Again Place Crane and Bates in Nomination.

Boston, Oct. 4.—Republicans of Massachusetts held their state convention in the Boston theatre today. There is only one contest, that for state auditor, for which there are three candidates—John W. Kimball, the present incumbent;

Henry Turner of Malden, and former State Senator Samuel W. George of Haverhill. With this exception, the state ticket is as follows:

W. MURRAY CRANE.

For governor, W. Murray Crane of Dalton.
For lieutenant governor, John L. Bates of Boston.
For treasurer, E. S. Bradford of Springfield.

For secretary of state, William N. Olin of Boston.
For attorney general, H. M. Knowlton of New Bedford.

The platform, which is somewhat lengthy, pledges the Republicans of the commonwealth to the support of President McKinley and his policy, views the situation in our foreign dependencies hopefully, predicts unusual trade for farm and manufactured products by reason of our aggressiveness in the East, eulogizes the practical administration of Governor Crane, denounces as seditious the Democratic cry of imperialism and as calamitous the heresies of free silver and a debased currency.

LIEUTENANT GOVERNOR BATES.

Colonel Melvin O. Adams made the speech nominating Governor Crane, and Hon. Willard Howland that nominating Lieutenant Governor Bates. These nominations were seconded by various gentlemen, and there were no contests for the other state offices except for auditorship.

Won't Speak in New York. New York, Oct. 4.—It is announced that ex-President Harrison has decided he will not speak in New York state, neither will he give out an interview while here, but he will make a speech in Indiana the last of the campaign.

On the Diamond.

Boston, Oct. 4.—Lewis was wild and ineffective in the first game, while Yeager held the Bostons to five hits. Superior base-running by the Brooklyns enabled them to win the second game.

No Signs of Resumption of Work.

Philadelphia, Oct. 4.—There were no developments of special importance yesterday in the miners' strike. An interesting feature was the Reading company's notice to its employees that in addition to its offer of a 10 percent increase it was willing to enter into arbitration with the men relative to any grievances they may have. None of the strikers, however, have yet indicated their intention to return to work. Affairs were very quiet throughout the anthracite region. President Mitchell says that out of 145,000 mine workers, only about 5000 are at work, and these, he says, will be out in a short time.

Draper's Possible Successor.

Boston, Oct. 4.—The Post says that George Von L. Meyer, former speaker of the Massachusetts house of representatives, has been offered the position as ambassador to Italy, and Senators Hoar and Lodge have recommended his name to President McKinley, who thinks very favorably of it. Mr. Meyer is a member of the Republican national committee, and is now taking an active part assisting leaders of the party in the management of the national campaign.

Held in \$4000 Bonds.

Marlboro, Mass., Oct. 4.—Fred Roberts, Charles Hammond and George P. Critcherson were arraigned here on the charge of arson and defrauding an insurance company. A plea of not guilty was entered and the cases were continued until Oct. 10. The men were held in \$4000 bonds for their appearance at that time.

ONE MAN INSTANTLY KILLED.

Two Others Sustained Probably Fatal Injuries in a Collision of Trains.

Newport, Vt., Oct. 4.—A spur train and a helper, going north to meet a freight train, collided head-on at North Derby curve yesterday, instantly killing Archie Bowker, the fireman of the helper; probably fatally injuring Asa Kimball, the fireman of the spur train, and Henry Stratton, one of the passengers, and causing more or less severe injuries to 11 others.

Mr. and Mrs. Stratton, parents of Harry Stratton, were badly injured. Their son, who was on his way to this place, where he was to have been married last night, had both legs and one arm broken. Engineer Hunting of the helper had his shoulder broken and sustained injuries about the head, while the other engineer, Charles Dennison, was badly scalded. Conductor Stevens was pinned under the tender and Jack screws had to be used to release him. The engines and cars of both trains were completely demolished. The cause of the collision is not known.

Co-Ed Cose to Shore.

New York, Oct. 4.—The New York, New Haven and Hartford railroad transport Express, with the Boston and Washington flyer, a heavily-loaded passenger train, aboard, while backing out of her pier on East river, was run into by the steam canal boat Ida Meyer, loaded with cement. The canal boat sunk 30 feet from shore, and the transport was damaged. The passengers on the train were excited, but there was no danger, as the Express had water-tight compartments. The people on the canal boat were rescued.

HERMANSON'S FEAT.

All the Globe Stories of Strong
Men Put in the Shade.

The Globe has been searching all
over the state for strong men, and has
been telling of their feats; but it will
be some time before the record of
Theodore Hermanson of this city is
surpassed. Time and again the Ledger
has reported his performances, but they
are accurately summed up in this dis-
patch to the Globe:

"When the subject of strong men is
mentioned in this city there is almost
universal expression in favor of the
claims of Theodore Hermanson, still
young in years, but equipped with
muscles like the iron he toys with—
iron which would give an ordinary
man a day's work to lift from the
ground.

"When Mr. Hermanson was 17 years
old he raised a big iron rail, a feat
which 30 of his boy companions tried
in vain to accomplish. He has lifted a
204-pound dumbbell over his head with
one hand and one of 150-pounds over
his head eight times and has thrown it
from one hand to the other while both
hands were extended above his head.

"On the little fingers of each hand
Mr. Hermanson has put up a 62-
pound dumbbell to a perpendicular
position over his head, lowered them
to a horizontal position and then re-
turned them above his head.

"Mr. Hermanson is assistant
engineer at the city's sewer pumping
station. He was born in Gotland,
Sweden, in 1874, came to this country
in 1880 and has lived in Quincy ever
since.

"At the age of 15 he first discovered
his strength. At that time he raised a
200-pound dumbbell over his head
three times. Today he can lift 1,150
pounds upon a scale, and can easily
lift the ground of 980 pounds dead
weight. He is able to lift 520 pounds
with one finger and 340 pounds with
his teeth alone.

"One of the most notable feats which
has been performed was the holding of a
long iron dumbbell, 204 pounds in
weight, over his head, while three
men, each of 150 pounds, sat on the
long bar connecting the ends. This
was a total weight of 654 pounds that
was held at arm's length in the position.
Another remarkable performance to
Mr. Hermanson's credit was the
holding at arm's length above his head
of a 156-pound dumbbell while he
stepped down and picked from the
ground one of 100 pounds and lifted
that to the same place as the other.

"Many of these feats have been ac-
complished in public and Mr. Hermanson
stands ready to lift with anybody
of the same weight as himself. He is
5 feet, 8 1/2 inches in height and
weighs 150 pounds. He is well known
through the city and served in Co. K,
5th Massachusetts infantry, during the
Spanish war. He was stricken with
malignant typhoid fever at Camp
Meade, Penn. and had a very narrow
escape from death at St. John's hospi-
tal, Baltimore, whither he was re-
moved.

"In commenting upon this report,
Miss Johnson expressed the hope that
others might be found to follow Mrs.
Addison's example and establish more
vacation sewing classes, "Busy Bee
Circles," for little girls: home science
work in the best sense of the word.

She also, as an additional item of home
science information, spoke of the
recent Home Economics conference at
Lake Placid when some of the most
able and scientific women in this
country, representing among other
institutions the Institute of Tech-
nology, Boston, the Pratt Institute,
Brooklyn, Columbia University, New
York, Stanford University, California,
the University of Chicago, etc., met
to consider the question of education
in its relations to home economics and
such special subjects as "Family Co-
operation," "Relations of home econ-
omics and education," "Relation of
parents to the introduction of home
economics into the school," "What
libraries can do for home education,"
"Opportunities for college women

along the line of home economics,"
"Standards of living and of work,"
and "Work of Women's Clubs in
Home Economics."

Mrs. J. H. Litchfield of Wollaston
was then presented to the audience and
read her paper awarded first prize in
the Home Science prize essay contest
last May, entitled "Home Making:
ways and means; shall our boys as well
as our girls be home makers; the ideal
home." Mrs. Litchfield's view of the
process of home making was most com-
prehensive and suggestive. She spoke
of the differing circumstances of differ-
ent people which govern the making of
the home—means, health, mental de-
velopment, business necessities. The
location of the home should be chosen
for health, comfort and convenience.

In relation to home furnishing a
special plea was made for the aesthetic
as well as the purely practical, so
called; and for furnishing slowly with
articles carefully chosen, what would
be of lasting satisfaction, adding rather
than changing. Only thus can a home
be truly made—created—and we love
what we create. A home maker is a
home lover.

The problem of the household food
supply is perhaps one of the most
serious with which women have to
struggle, especially as relating to the
men in the family, with their hearty,
healthy appetites, and consequent crav-
ing for bountiful and appetizing meals.

The club with its abundant resources
and luxuries is a serious rival of aver-
age home table where expenditures
must necessarily be limited. Men should
therefore be urged to cooperate with
the mistress of the household in plan-
ning for a wise expenditure in the
matter of food as a matter of special
concern to them. It is well too, that
they should know something of the
process of food preparation and while
it would not be desirable that they
should adopt woman's work, they
should know enough to fill her place in
emergencies—to make a cup of coffee,
broil a piece of meat, wash a dish
clean, shut the cover of the ice chest,
pull a shade straight, and also though
women must ordinarily do the shopping
and sewing, men and boys should be
educated to care for their clothing. (A
noticeable illumination of many femi-
nine countenances in the audience was
observed as these delightful possibili-
ties of domestic reform on the part of
the masculine element in the house-
hold were suggested.)

Mrs. Litchfield's paper was especially
valuable and convincing in its refer-
ences to the desirability—indeed neces-
sity—if our world be a successful home-
maker of economy. Economy is not
easy. It means self-denial, self-con-
trol, the will to deny one's self tran-
sient pleasures for the sake of those
which are permanent, to save in the
present, in order to spend in future.

Such self discipline children should
be taught from the beginning, and yet
in this prosperous country too often the
very reverse is taught the young, both
by giving them pennies to waste—those
pennies, which if saved would so soon
become dollars—or by wasteful habits
in the family life.

Unfortunately not everyone is devel-
oped sufficiently intellectually to be
economical. Many families while re-
ceiving charitable aid, spend in cer-
tain directions what the ordinary
family, in moderate circumstances
would hesitate to spend. We must all
beware of the tendency to believe that
the desirable is the necessary. Here in
America we are too apt to think we
must all, whatever our means, appear
as well as our neighbors. Different
pecuniary resources should mean differ-
ent surroundings.

In her closing remarks on "The
Ideal Home," Mrs. Litchfield warned
women not to allow the housekeeper to
obscure the home-maker—to consult
the needs for rest and recreation, men-
tal and spiritual, as well as bodily
nourishment—and her final appeal to
make the home "a refuge—a very pres-
ent help in time of trouble," would
move more than one member of the
audience to sad reflection on her own
short comings as a home maker and
the determination to live up to higher
standards in the future.

After cordial acknowledgment of the
merits of Mrs. Litchfield's paper, and
her animated presentation of it, the
president spoke briefly of the work of
the Home Science Association planned
for the coming autumn and winter
months: branch meetings in Quincy
Point and Wollaston during October;
the Washington Birthday ball in Feb-
ruary a function of importance to the
Association, if not exactly Home
Science Work, as supplying more than
one third of the money for carrying on
the Kindergartens; and the last Sat-
urday in April, the Children's Festival to
occur as usual with May pole dance and
other attractive features. This Child-
ren's Festival supplies another third of
the money required for the Kinder-
garten work, and the remaining third is
provided for by Home Science
Membership fees.

Already, the speaker said were whis-
pers of a fourth Kindergarten for next
summer, and as a five dollar contribu-
tion had been recently sent in for the
Kindergarten work from junior King's
Daughters of Wollaston, it was pro-
posed to make this the foundation for
the sum required in the event of the
establishment of this extra enterprise.

THE KINDERGARTENS

Home Science Association Listen
to Reports and Makes Plans.

A good sized and interested audience
gathered in the Unitarian chapel Fri-
day afternoon Sept. 28, for the autumn
meeting of the Quincy Home Science
association. After a few words of
welcome from the president, Miss
Elizabeth Johnson, the report of the
secretary Mrs. Walter E. Burke, relat-
ing to the free kindergarten work in
Quincy during the past summer was
read and listened to with exceeding in-
terest.

The three kindergartens held respec-
tively in the Adams district under the
direction of Miss Clara Merrill assisted
by Miss Christina McPherson and Miss
B. F. Mitchell; in the John Hancock
district, under Miss Bertha T. Jameson
assisted by Miss Mary Egan and Miss
Grace Perry; and in the Gridley Bryant
district under Miss Eva A. Dickey as-
sisted by Miss M. E. Kennedy of Brain-
tree and Miss Katharine Harkins were
most successful in points of attendance
and development in mind and manners
of the children, and interest displayed
on the part of the parents.

Two "Mothers meetings" were held
in connection with each Kindergarten,
when the mothers were invited to meet
the teachers and ladies of the Manag-
ing Committees. They responded in
good numbers to the invitations, at one
44 were present, and seemed thorough-
ly to appreciate the talks on the kin-
dergarten and its methods given by the
teachers, the music vocal and instru-
mental contributed by various kind
friends and the simple refreshments
and social half hour which followed.

Such meetings it is felt will do much
to bring the parents of the children
nearer to the kindergarten work and its
meaning, and those through whose ef-
forts the kindergarten have been estab-
lished and are maintained into closer
sympathy with the parents and their
point of view.

The success of these meetings was
largely due, as indeed may be said of
the kindergarten work in all its phases
to the teachers, who entered into the
plan of having them, with a cordial
sympathy and intelligence that ensured
satisfactory results.

Another factor in the success of the
kindergarten work during the past sea-
son was its management through com-
mittees appointed, one for each kind-
ergarten. This plan of committee
management bringing new friends,
new ideas and new methods into the
kindergarten work will be more system-
atized another year and make possi-
bly even better results with less individual
anxiety and effort.

Following the secretary's report, an
informal financial statement, in the
absence of the treasurer, was presented
by one of the vice presidents, Mrs. C.
T. Hardwick. The total expenses for
the summer of the kindergarten work
was \$265.82.

Mrs. A. G. Coffin then reported for
the Home Science Intelligence Com-
mittee, a committee established to keep
the Home Science Association informed
as to home science work, other than
its own, in Quincy and elsewhere.

Special mention was made in this re-
port of the "Mothers Meetings" at
Bethany church, Quincy, largely at-
tended and valuable in their influence,
and a most interesting and detailed
account was given of a vacation sewing
class, "The Busy Bee Circle," held
once a week on Saturday afternoon by
Mrs. T. A. Addison for a number of
little girls at Quincy Point, and so
successful a combination of profit and
pleasure that by request of both
parents and little girls, it is to be
continued although vacation is over.

The School of Housekeeping in Bos-
ton also received special mention, an
institution making for itself a national
reputation, by practical and progres-
sive work on home science lines, of
which Massachusetts women may well
be proud. As a part of its work, many
valuable courses of study in all
branches of domestic science are pro-
vided at very moderate expense, one of
which on marketing, in charge of Mrs.
Alice Pelonbet Morton, since called to
a position in Chicago University, Mrs.
Coffin herself was privileged to attend
last spring.

In commenting upon this report,
Miss Johnson expressed the hope that
others might be found to follow Mrs.
Addison's example and establish more
vacation sewing classes, "Busy Bee
Circles," for little girls: home science
work in the best sense of the word.

She also, as an additional item of home
science information, spoke of the
recent Home Economics conference at
Lake Placid when some of the most
able and scientific women in this
country, representing among other
institutions the Institute of Tech-
nology, Boston, the Pratt Institute,
Brooklyn, Columbia University, New
York, Stanford University, California,
the University of Chicago, etc., met
to consider the question of education
in its relations to home economics and
such special subjects as "Family Co-
operation," "Relations of home econ-
omics and education," "Relation of
parents to the introduction of home
economics into the school," "What
libraries can do for home education,"
"Opportunities for college women

Members were asked to vote upon and
gave unanimous assent to the proposi-
tion, that the Association shall hope
and work toward the end of having a
fourth kindergarten next summer.

The meeting was then adjourned un-
til the last Friday in May, the usual
date for the annual meeting of the
Association.

HERE AND THERE.

Local Brevities of the City of
Presidents.

Commissioner Knowlton asks for bids
today.

The drug store at Atlantic has been
closed the past few days.

It could not rain today, because it is
the big day at the Brockton fair.

Take Hearn's advice and build up
the system before winter comes.

The Contributors banquet of the Y.
M. C. A. will be held Friday evening,
Oct. 19.

A stone crossing has been put in on
School street at the head of Phipps
street.

Commissioner Knowlton advertises
today for bids for desks for the Cranch
school.

Mr. McGuerty and family of Madison
street are to move to 15 Old Colony
street.

Everyone in Atlantic welcomes the
change of the post office into Saga-
more block.

The North Quincy club is planning
for a series of dances to be given in
its spacious hall.

Nearly all the tally-ho coaches that
passed through Quincy this morning
carried thirst quenching cases.

The weather has been against the
Brockton fair but large crowds have
been in attendance just the same.

The merits of Cod Liver Oil are
fully set forth in the advertisement of
C. C. Hearn the City Square druggist.

At the meeting of the Registrars of
Voters held Wednesday evening,
twenty-four new names were added and
twelve restored to the voting lists.

The drug store in J. A. Duggan's
block evinces no outward signs of life
although no formal closing has been
made.

A. H. Dunham, the Hough Neck
letter carrier is mounted, and after his
one delivery at Houghs Neck he assists
in Quincy centre.

With scarcely an exception, all the
regularly elected Quincy delegates to
the Republican State convention were
in attendance at the convention today.

The will of the late Patrick McDon-
nell was allowed at the session of pro-
bate court at Dedham on Wednesday,
and John McDonnell and Theresa Mc-
Donnell were appointed executors.

Arthur C. Beale has resigned his re-
sponsible position with the "Educa-
tional Press," to accept the office of
teacher of printing in the "School for
Crippled children" in Boston.

The little cottage house on Saga-
more street belonging to Mr. Golden
has been hoisted into the air on a very
frail foundation. Whether the house is
to be moved, or is only undergoing re-
pairs, remains to be seen.

Walter S. Pinkham of Wollaston, ex-
president of the City Council, repre-
sented the Tenth Congressional district
today at the Republican State conven-
tion, on the Committee on Permanent
Organization.

The building back of the Norfolk
Downs station which has long been
vacant is being remodelled into a
machine shop. It will be a relief to
miss the mammoth "to let" sign
which was displayed on the front of
the building.

As one of the express trains was
passing through Quincy Wednesday
night someone on the train threw a
bottle which narrowly missed several
people standing on the platform. The
bottle struck the depot and was
smashed.

The annual fair given by the Ladies'
Benevolent society of Memorial church
has been universally announced this
week by unique handbills. The bills
were printed gratis by one of the mem-
bers of the church, and the fair looks
as if it would be a success as active
has already begun.

James Rapson of this city, grand
president of the Sons of St. George,
has this week appointed deputies for
the State. Arthur Rubbra of Brockton
is appointed over Granite lodge 193 of
Quincy, and Sir Thomas White 302 of
Rockland. Harry Worsdell of Quincy
is appointed over Earl Shaftesbury
188 of Brockton.

A pretty drill will be given at the
next memorial church supper, called
the Bellamy drill. The idea is taken
from Edward Bellamy's book, "Look-
ing backward." The children will
wear masks on the back of their heads
sunbonnets wrong side before, and
many novel take-offs on the popular
novel. Mrs. William Gasset and Mrs.
Charles Cherrington are coaching the
drill and Miss Gertrude Hall is pianist.

COD LIVER OIL.

The two months of the year when the most care is necessary to keep the system, to be able to withstand the severity of the winter are now upon us.

OCTOBER and NOVEMBER

are the months to begin the work; and to do the work there is no time that equals Cod Liver Oil.

I have it in bottles at 35 cents a pint bottle, and in the form of Emulsion at 50 cents a bottle.

For the children there is nothing to compare with it; and as a tonic for adults just try it for a week or two and see the improvement yourself.

TORPEDO BOAT.

Destroyers to be Launched Oct. 24, at Fore River.

The date for the launching of the two torpedo boat destroyers, McDonough and Lawrence, which are being built at the Fore River engine works, has been fixed for Wednesday Oct. 24. One of the two boats is practically completed and but little remains to be done upon the other. Both boats could have been launched early last spring, but as there was no advantage to be gained by putting them in the water before they were finished it was decided to postpone the event until they were completed.

True Grape Flavor.

Mrs. Carson, who is demonstrating at the Star Tea and Coffee store in the interest of the Vineland Grape Juice Co., desires to say she is highly pleased with the reception she has received from the ladies of Quincy and adjoining towns, especially as many who have called, are fresh from Merchant's Fair, where they tasted other brands of grape juice, but who are unanimous in declaring the Vineland superior to all others in its decidedly fresh and "true" grape flavor. She has an abundance of juice for free sampling, and Saturday next, between 3 and 9 P. M., she is also to have some delicious grape sherbet for free distribution, made by Wales, and hopes every lady in Quincy will call and try it, as it is the last day she is to be in Quincy until next summer. She thinks the Ledger has contributed largely towards making the demonstration a success, and wishes to thank them for it.

—Experience in teaching 200,000 students has proven that any one who can read and write is able to keep right on with his work, and at the same time acquire a technical education. You do not have to leave home or quit work. The International Correspondence Schools of Scranton, Pa., can supply this education. Over 200 people in Quincy and vicinity are already taking up courses. Why don't you?

—There was an attendance of 25,000 at the Brockton fair yesterday.

WAS A MINIATURE GASOMETER.

Gas Had Accumulated in a Closet and Caused a Probably Fatal Explosion.

Boston, Oct. 4.—Mrs. H. N. Slater, widow of the late Horatio N. Slater, a well-known mill owner, was probably fatally burned at her home by an explosion of gas, which had been escaping from a leaky pipe in an attic closet. Mrs. Slater only returned from her home, Mr. Slater, last Sunday.

The house during her absence was locked up. Yesterday men were making repairs, when Mrs. Slater decided to go to the attic to examine some clothes that she had placed in the closet before her departure for the Maine summer resort. She carried a lighted candle.

It took all her strength to open the closet door, which had become warped during her absence. The instant the door was opened there was an explosion, which knocked Mrs. Slater down and smashed every window in the house, besides blowing out the glass of the front door.

The workmen, although somewhat unnerved, pushed through the smoke to the place where Mrs. Slater was lying. She was unconscious and her clothing was on fire. She was carried into the street and at once taken to the city hospital. An investigation showed that that portion of the gas pipe passing through the closet had sprung apart, and that the confines of the closet was a miniature gasometer. The instant the candle came in contact with this reservoir of gas the explosion occurred.

McCarthy Chosen President.

Marlboro, Mass., Oct. 4.—At yesterday's session of the American Federation of Labor, the following officers were elected: President, Frank McCarthy, Boston; first vice president, S. J. Griffin, Springfield; second vice president, J. M. White, North Adams; third vice president, J. E. Hickey, Lynn; fourth vice president, J. J. Mahoney, Lowell; fifth vice president, E. T. Wells, Brockton; secretary-treasurer, D. D. Driscoll, Boston; delegate to national convention at Louisville, D. D. Driscoll, Boston; legislative committee, G. Jeffries, F. J. Foster, P. H. Shattuck, and A. Callahan, J. J. McCloskey, all of Boston.

Scale Practically Unchanged.

New York, Oct. 4.—The American Tin Plate company and the Tin Workers' union reached an agreement yesterday on wages for the ensuing year. The rate paid will be practically the same as last year. It was intimated that the principal question which was under discussion concerned the advancement of the non-union workers. Nothing in reference to it would be given but the fact that a compromise had been satisfactorily arrived at.

Charged With Discrimination.

Philadelphia, Oct. 4.—A United States warrant has been issued for the arrest of Isaac A. Swigard, general superintendent of the Philadelphia and Reading railway company, charging him with discriminating against and discharging employees because they were members of the brotherhood.

Cuban Troops' Conduct Commended.

Washington, Oct. 4.—General Wood, commanding the United States forces in Cuba, has made his annual report to the war department. It contains previous recommendations that all troops in Cuba be mounted. The health of the troops, he says, has been good, and their conduct is commended.

New Telegraph Line.

Seattle, Wash., Oct. 4.—The first telegram from Skagway to Seattle, marking an epoch in the history of business between Alaska and the outside world, has been received here. The time occupied by the message in transit was seven hours, which will, however, be reduced.

Fifteen Hundred Plumbers on Strike.

Pittsburg, Oct. 4.—About fifteen hundred journeymen plumbers, employed by 115 firms in Pittsburg, struck yesterday for uniform wages and a revision of the rules governing the trade. All the shops owned by members of the Master Plumbers' association are affected.

Will Cost \$600,000.

New York, Oct. 4.—Gustav Schwab of the North German Lloyd Steamship line confirms the report to the effect that the steamship Main, recently damaged in the Hoboken fire, will be rebuilt at Newport News, at the expense of \$600,000.

Wants Constitution Changed.

Berlin, Oct. 4.—Prince George of Crete aims in his visit to St. Petersburg, according to some of the German papers, to win the support of Emperor Nicholas to his plan for changing the Cretan constitution.

New England Fruit Offering.

Boston, Oct. 4.—The managers of the farmers' fruit offering are receiving notices daily of apples on the way here from various parts of the New England states. Two carloads have just arrived.

Train Crushed Out His Life.

Exeter, N. H., Oct. 4.—Frank H. Grove of this town was struck and instantly killed by an excursion train two miles east of Exeter. He was walking home from Newfields. He was badly mangled.

NEWS IN BRIEF.

The department of state has received a draft for \$500, which was contributed by the American colony at Leipzig, German firms and consular officers in Germany, for the benefit of the sufferers from the recent hurricane in Texas.

The 20th annual meeting of the Eastman association, composed of the descendants of Roger Eastman, was held at East Concord, N. H. William A. Eastman of Lowell, Mass., was elected president. It was announced that the annual memorial fund now amounts to \$2695.03.

The failure is announced of Nace & Swartley, a well-known produce commission house of Philadelphia.

The Tilton Bros. Shoe company, at Randolph, Mass., has made an assignment for the benefit of creditors. The liabilities are about \$40,000.

Marshal Leonard Von Bulmuth, the last surviving prominent general of the Franco-Prussian war, is dangerously ill at Berlin.

HOW DID IT HAPPEN?

Unknown Man Fell or Pushed From Moving Train.

Word was received at the Police station at 7 o'clock Wednesday night that a man had jumped through the window of one of the cars of a train between Braintree and Quincy Adams. Officer Nicol was sent over the ground between the two stations.

He found upon arriving at Braintree that the man had walked back to the Braintree depot where he purchased a ticket for Boston and took the next train. He refused to give his name or address or whether he voluntarily jumped through the car window or was pushed off the train during the progress of a row. To all appearances he was uninjured.

MILTON.

Milton is very much pleased at the nomination of Dr. Pierce for Congress. All places of business at East Milton closed today and everybody went to the Brockton fair.

The Milton A. A. foot ball team plays with the Needhams of Needham on Saturday.

The Brockton, Milton and Boston street railway ran special cars to the Brockton fair from East Milton.

George Loud has purchased a pair of handsome teamhorses.

It is reported that Mrs. Higgins has closed her lunch room on Adams street. Mr. and Mrs. Winthrop Geddes have returned from their wedding trip and are residing on Otis street.

A number of the Unquity club went to Brockton on Wednesday in a trolley.

The annual meeting of the Thursday Evening club was held this week. George Clements, driver of Hose 2, has returned from his vacation.

Morning services and sessions of the Sunday school will be resumed Sunday at the Mission of Our Saviour church. The hour of the evening service will be 7 o'clock instead of 7:30. Communion service will be held next Sunday morning at 8 o'clock, and thereafter on the last Sunday of each month. Mr. Hadley, a theological student, has been appointed lay reader for the winter.

A Public Nuisance.

Several complaints have been made to the police of the action of a man at Brewers corner, who it was reported was exposing himself in an indecent manner to women and children. Wednesday afternoon word was telephoned to the police that the man was at his tricks again. Officers Ferguson and Morrissey were sent up and they found a man who gave his name as John Marshall, under Brewers old barn on Garfield street, exposing himself. He was placed under arrest and this morning was arraigned in Court for indecent exposure.

TODAY'S COURT.

Gustave B. Bates was arraigned for violation of the plumbing ordinances of the City of Quincy. Case continued until Saturday. The continued case of Walter Remington was called and he paid a fine of \$5. John Marshall was arraigned for indecent exposure at Quincy. He was fined \$10.

CITY BREVITIES.

A Local Budget with the News in a Nut Shell.

Dr. John A. Gordon has returned from his vacation.

A stone cross walk is being built across Hancock street near Cottage avenue.

The High school will play its first game of foot ball next Tuesday with the Adams Academy team.

Basket ball teams have been organized in every class at the High school and practice games commence today.

Mr. F. P. Walker and Mrs. Marguerite Tenney were quietly married Tuesday evening at Wollaston. The Rev. Andrew Tordoff of the Universalist church at Gardner, officiated.

Two more matches were played in the first round of the club championship at the Wollaston Golf Club yesterday, the results being as follows: A. H. Latham beat G. S. Forbush, 4 up, 3 to play; F. F. H. Smith beat Bela L. Pratt, 6 up, 5 to play.

Wooden Wedding.

The home of Mr. and Mrs. Arthur L. Horton was the scene of a wooden wedding anniversary on Monday evening. The rooms were embellished with floral decorations and relatives and friends were present to the number of 40, to celebrate the fifth anniversary of Mr. and Mrs. Horton's marriage. Vocal and instrumental selections were given followed by a collation. Many useful and pretty gifts were received by the hosts, with wishes for a continuation of the happy years that have passed. Two novelties were presented, one in the nature of a colored pickaninny given by ex-Councilman Badger, and another a cake filled with wood symbolical of a fifth anniversary, given by Mrs. E. J. Tangelier.

Convention Week.

Both Republicans and Democrats will hold many conventions during the first week of October. As far as known they will be held as follows:

Oct. 4, Norfolk County Democratic at Dedham at 8 P. M.

Oct. 4, Second Commonwealth Democratic at Dedham at 8 P. M.

Oct. 5, Norfolk County Republican convention at Wesleyan hall, Boston, at 10:30 A. M.

Oct. 5, Democratic Congressional convention Tenth district, at Dorchester Music hall, in the evening.

Oct. 6, First Norfolk Democratic Senatorial at headquarters, Quincy, at 8 P. M.

Oct. 10, Republican Representative convention for Quincy double district.

Political Potpourri.

The Republican Councilor convention for this district was held in Wesleyan hall, Boston, Wednesday afternoon. Only 140 of the 237 delegates were present. Arthur A. Maxwell, of Ward 22, Boston, was unanimously nominated by acclamation.

Quincy was largely represented at the American House, Boston, last night, at the "night before convention" gathering of Massachusetts Republicans.

Thayer 29, Weymouth High 0.

The Thayer Academy foot ball eleven had a walkover Wednesday in a practice game at South Braintree with the Weymouth High boys. In the first half only one touchdown was scored, and that by Romick of Thayer. In the second half, Thayer rubbed it in, making four more touchdowns and kicking a goal each time, and the score was 29-0. Harrison and Romick excelled for Thayer, and Martell for Weymouth.

ANNIVERSARY WEEK

WILL BE CELEBRATED BY THE

Star Tea and Coffee Store,

OPPOSITE THE FOUNTAIN, QUINCY.

IN THE MOST GENEROUS MANNER FROM

MONDAY, Oct. 1st, to SATURDAY, Oct. 6th.

During which time everyone who purchases at one time \$1.00 worth or more of goods (except flour and sugar) will be PRESENTED WITH A VALUABLE PACKAGE with the first dollar's worth or more purchased. This large package will contain a fancy box filled with our famous fresh ground Mocha and Java Coffee, a fancy box of Quince Tea, a fancy box of Gaidy, a beautiful Japanese Souvenir Box and a variety of samples. With every pound of "Tender" brand of Coffee, as the purchase, we will give in addition to the package above mentioned, a Cup and Saucer or Plate, or some other useful article. In addition to all these generous gifts, we will give a Discount of 10 per Cent. on all goods purchased amounting to \$1.00 or more (except flour and sugar) at one time all through the week. No such marvelous opportunity as this was ever before given you to purchase a good supply of the

CHOICE QUALITY OF STAPLE AND FANCY GROCERIES

at prices far below anything you ever heard of in Quincy for the same quality, and we propose to keep it up for a week, regardless of cost to us. The gifts are worth about 40c. to every customer, and if you buy \$5.00 worth you would save 50 cents in discounts besides the presents.

Four years ago our store was first opened, and we received the comforting assurance that we would not last more than two or three months, but thanks to the generous friendship extended to us by the good people of Quincy and the surrounding towns, we are not only "alive and kicking," but have grown to more than four times our original size with prospects good for still greater expansion. We are to have several DISCONTINUATIONS OF GREAT INTEREST ON ANNIVERSARY WEEK that will be certain to draw crowds.

If you cannot visit the store during the GREAT WEEK, telephone us—137-5—and we will call, but it will pay you to keep this notice and visit our store just to see the new things we have and get a present.

AT MERCY OF THE SEA.

Men Aboard the Ellerslie Had Frightful Experience For Ten Days.

Masts Went by the Board During Terrible Hurricane.

Had All But Given Up Hope When Rescued by a Steamer Bound For Boston.

Boston, Oct. 4.—Fourteen shipwrecked seamen, the crew of the once fine ship Ellerslie of Liverpool, were landed at this port yesterday afternoon by the British steamship Amarna, which rescued the men from their waterlogged and dismantled vessel in mid-ocean five days ago.

The rescue was effected last Saturday afternoon after the men had endured 10 days of sufferings and privations, and when they had despaired of ever seeing home again.

One member of the crew, John Graham, 71, a native of Glasgow, fell from aloft on the morning of Sept. 18, and was lost. Captain Cook states that the Ellerslie left Ship Island, Miss., Aug. 18, with nearly 1,000,000 feet of pine lumber, for Liverpool, and had light winds until Sept. 3, after which a succession of gales was encountered, developing on the 18th into a perfect hurricane. During the next few days the wind blew at the rate of 50 miles an hour at times, the vessel rolling and pitching in a terrible manner all the while. The seas had encroached on the position of the men on the poop deck, and they were forced to the forecastle head to prevent being carried overboard. Even then their position at times was almost untenable, but they managed to keep together.

The sufferings of the men became intense through lack of fresh water, the supply having become exhausted. After the masts went by the boards the crew was reduced to drinking sea water, and the gale moderated soon afterwards. The crew set to work clearing away the mass of wreckage from the deck in order to secure a donkey boiler with which to condense the salt water. About eight gallons of sea water were thus condensed and the crew were given small drinks of this, diluted with lime juice. This appeased their thirst somewhat and their sufferings were less acute.

During all these days the vessel was being made the toy of the waves, the crew endeavoring to attract the attention of passing vessels. Three or four steamers passed within sight of the shipwrecked men, but apparently did not see their signals of distress. Finally, on the 20th at 2 p. m., Captain Cook saw a faint streak of smoke far away to the eastward. All hands eagerly watched the volume grow in size, until the outlines of a steamer were made out on the horizon. The stump of the mainmast was now utilized for distress signals and not only the British flag, but a bunch of the international code signals was hoisted to catch the eye of the on-coming steamer. The latter proved to be the Amarna, and was soon within hailing distance.

The steamer's boats were speedily lowered. Although the gale had moderated, a mountainous sea was still running, and the two boats with their gallant crews experienced great difficulty in getting alongside the wreck, owing to the immense amount of wreckage hanging over the side and dragging in the water. After several ineffectual efforts, the men were gotten off the wreck and transferred to the steamer. The Ellerslie was then set on fire.

The men of the wrecked vessel were loud in their praise of the conduct of the officers and crew of the steamer. Captain Cook saved the ship's papers and his chronometer, but the crew lost most of their possessions in the wreck. The wrecked bark was built in New Brunswick in 1872; she registered 1257 tons net, and 1369 tons gross. She was valued at \$15,000 and uninsured. John Witherspoon of Liverpool was managing owner.

Liberals Making Gains.

London, Oct. 4.—The results of yesterday's polling in the preliminary general election were less striking than those of Tuesday. The Conservative majority in the House of Commons was not so marked as in the previous election. On the other hand, the Liberals have gained additional seats. On the whole, the indication this morning is that the result will not be much change in the complexion of the new parliament.

Mangled by Electric Car.

Portland, Me., Oct. 4.—Albert L. Elder was struck by an electric car at Wood's last night, and probably fatally injured. His skull was fractured and his left thigh and right ankle broken. Elder was sitting on the track. He drives a meat wagon, and this was standing beside him. The night was foggy and it was very dark where the accident occurred.

Stoneham Acts on Water Question.

Stoneham, Mass., Oct. 4.—The water question was definitely settled last night, fully 500 voters unanimously voting that it was for the best interests of the town to enter the Metropolitan water district, as the board of selectmen were instructed to apply to the metropolitan water board for the town's admission. This will cost \$10,000.

Americans Worried Over Yellow Fever.

Washington, Oct. 4.—Private letters received from Havana indicate that much apprehension exists among the Americans there regarding the yellow fever, as the condition grows worse instead of improving. Civilian employees in Cuba seem to be particularly subject to the disease.

Result of Registration Quarrel.

Lexington, Ky., Oct. 4.—R. C. O. Benjamin, editor of the Lexington Standard, and attorney for "Tallow Dick" (a horse), who is accused of being an accessory to the killing of William Greaves, was shot in the back by Mike McLaughlin, while fleeing after a registration quarrel.

SHOTGUN BURST.

Four Persons Were Hurt and Two Principal Buildings in Town Were Burned.

Jackman, Me., Oct. 4.—As the result of the accidental discharge of a shotgun in the store of Savage & Dunton yesterday, four persons were seriously injured and the two principal buildings in the town were destroyed. The injured persons are Elmer Dunton, seriously wounded in the head, Abel Kimball, cut on the temple, George W. Savage, cut on the hands and burned about the head; Mrs. George W. Savage, injuries sustained by leaping from a burning building and nervous shock.

Dunton was showing Savage how a new repeating shotgun worked, when in some way the cartridge was exploded. The gun burst and the concussion ignited some cartridges and dynamite near at hand, causing a terrific explosion which stunned and injured the men. When they regained consciousness the room was full of smoke and flames. Savage groped his way to the door, while outsiders rushed in and carried Dunton out. Abel Kimball, who was in an adjoining store, was knocked down by the force of the explosion. The upper floor of the store of Savage & Dunton was occupied as living rooms by Mr. and Mrs. Savage, and Mr. and Mrs. R. Gilman. Mrs. Gilman and Mrs. Savage were in the rooms when the accident occurred. The former escaped safely, but Mrs. Savage, who was in the room and was startled by the explosion, jumped to the ground and sustained injuries which, it is feared, may prove fatal.

The fighting facilities of the town are inadequate, and it was impossible to save the two store buildings. The loss on the store of Savage & Dunton, hardware, and that of Abel Kimball, grocery and dry goods, is \$20,000, partially insured. A houseboat, lying in the Moose river, nearby, owned by sportsmen, was also burned, causing a loss of \$1000. The postoffice and other adjoining buildings were saved with great difficulty.

Carriage and Trolley Car Collided.

Malden, Mass., Oct. 4.—One person may die and three others are badly cut and bruised as the result of a collision which occurred between a trolley car and a carriage in this city last night. The injured are: Mrs. Patrick Walden, who sustained a fractured arm, cuts on the head and a probable injury to the spine, which may terminate fatally. Patrick Walden, her husband, who received a broken arm and painful cuts about the head. Miss Mary Dyer, cuts about the face and body and possibly a fractured leg, and the infant child of Mr. and Mrs. Walden, who received severe cuts and bruises. Strangely enough, the child seemed to have suffered least of all. All were taken into a drug store in an unconscious condition.

Patchen Still at the Head.

St. Louis, Oct. 4.—Twenty thousand spectators attended the trotting, pacing and motor trieyel races at the fair grounds yesterday, drawn thither principally to witness the \$2500 pacing match between Joe Patchen and Coney. In the first heat Patchen won easily by a length. Time, 2:05. The second heat was practically a repetition of the first. Time, 2:04. Kenneth A. Skinner and Albert Champion met in five and 10-mile match races on motor trieyels. The Frenchman won the five-mile event in a lightning finish by six yards. Time, 7:55.34. In the second race he crossed the line 25 yards in advance. Time, 15:41 1-2.

Found Mate to Human Foot.

Highland Light, Mass., Oct. 4.—Captain Beare of the Nautilus life saving station reports that one of his men picked up the mate to the stocking found the other day, this one also containing a human foot, and in addition to the patent tin tag with the letter W upon it, there was an embossed A near the top of the stocking.

Vatican Has Not Made Complaint.

Rome, Oct. 4.—The Italian police have begun an investigation into the burglary at the Vatican, where thieves forced a safe and carried off securities worth \$37,000 lire and \$800 lire in silver. The Vatican officials have not lodged a formal complaint, contenting themselves with merely announcing the theft. Four persons are under suspicion.

Charged With Theft of Diamonds.

New York, Oct. 4.—H. H. Stridiron of Chicago, the Vendome hotel victim of John Benson, who shot Stridiron and then killed himself, was in the Jefferson market court yesterday, charged with the larceny of a package of diamonds valued at \$1000 from Benson. The gems were the property of Evelyn Hayes. The case was continued.

Hub Is Becoming Good.

Boston, Oct. 4.—Boston is getting good. In the past year, according to the report Clerk Ingalls of the municipal court, gave to the public yesterday, the number of cases brought to the attention of the court is about 5000 less than last year. In drunk cases alone there has been a decrease of 4000 cases.

India Losing Coffee Trade.

Bombay, Oct. 4.—The Indian coffee trade with France is threatened with extinction by the new French duty on colonial products. India annually exports 10,000,000 pounds to France, and has to pay twice the duty levied on Brazilian coffee. This trade, it is asserted, will now be ruined.

Would Have Temptation Removed.

London, Oct. 4.—Lord Wolseley, the commander-in-chief, in an open letter, asks the public wishing to honor the returning soldiers "to refrain, while extending them a hearty welcome, from offering them intoxicating liquors, as, like all of us, they are open to temptation."

Weather Conditions and Forecast.

Almanac, Friday, Oct. 5.

DOCTRINE OF HATRED.

What Democrats Rely Upon, According to Senator Lodge's Ideas.

Flag Was Assailed at the Meeting at Victor, Col.

Imperialism Comes Through the Overthrowing of Well Established Traditions.

Boston, Oct. 5.—The Republicans of Massachusetts yesterday renominated all of the present state officials with the exception of General J. W. Kimball, who holds the place of auditor. His successful opponent for the position is ex-Representative Henry E. Turner of Malden, who won on the third ballot, defeating Auditor Kimball by 134 votes.

The chief feature of the convention outside of the regular program was the presence of Henry Cabot Lodge, Senator Lodge began by eulogizing Massachusetts, and took up the issues of the campaign, saying: "It is to be a great struggle. Our flag has been maligned, the patriotism of our soldiers has been impugned and their loyalty to the country they serve. There is much at stake."

The senator referred to the fact that the legislature was to elect a senator, and he uttered a most eloquent tribute to Senator Hoar, urging his re-election. Returning to the campaign issues the senator said: "There was never a time, in my judgment, when we needed to make a better fight. Think how much is at stake for us. The protective tariff is assailed—the safeguard of all the industries of Massachusetts. The standard of currency is denounced—that which secures the stability of every business in the country."

The speaker then described in considerable detail the trouble at Victor, Col., in which Governor Roosevelt figured. He said: "It was 15 to 1 which was engraved upon the banners which we saw at Victor. There was nothing there about anti-imperialism. Victor was the only place in Colorado where a disturbance occurred, and it aroused the indignation of the whole state. Those men were led to do those things by the leaders and the teachings these leaders uttered. The reason is that Bryan and those who follow him preach nothing but the doctrine of hatred and calamity. They preach hatred from an American to another; they teach one citizen to hate another; they teach one citizen to envy another; they lead one set of men to destroy another set; they array section against section, and preach dissension where there should be harmony, discord where there should be nothing but union."

The speaker made reference to the coal strike, and said, in answer to the charge that the Republicans were interested in settling it: "The strike is a great calamity, and it is in the interests of the Republican party to get rid of that calamity and get the men back to work at better wages and under better conditions. You can't find any Democratic leaders trying to settle the strike. Many people believe that they incited the strike. It is certain they have done nothing to settle it."

Returning to the Victor trouble again, the senator described the scene. He said: "I was on the platform where the meeting was broken up. Governor Roosevelt spoke for a few moments. It was a dialogue rather than a speech, and he kept up his end of it exceedingly well. Then they called in General Hale, who led his Colorado regiment through the Philippines as colonel, and was promoted to brigadier general. He was called upon directly after the governor had concluded, and began by saying that he was a free silver man; that he believed in bimetalism and 16 to 1. They howled at him in derision, and then he stepped to the front of the platform and took hold of the American flag hanging there, and said: 'I am a free silver man, but when the flag which I have fought for and marched with is attacked, and the uniform I have worn is assailed, I am going to vote for the party that stands by both.' He was blazed down, and allowed to speak no more, because of his allusion to the flag of our country and the uniform of its soldiers. That is where these teachings lead."

"Imperialism! The American people are not going to be played just because they happen to own the Philippine islands. There is no imperialism to come that way. But there is a way in which imperialism has always come—through disorder, anarchy, the overthrowing of well-established traditions, the disturbance of the sanctity of the courts. When order and orderly liberty is broken down, and disorder and chaos run in their stead, the next step is a short one to disorder without liberty."

"They have attacked our army and our uniform and have charged the men who wear it with readiness to become the tools of tyranny, for you cannot make an emperor without an army. When we cannot trust our brothers and our sons, when we cannot trust our justice, then, indeed, it will be time to look for relief to this untried experimentalist from Nebraska, but not before."

not trust our brothers and our sons, when we cannot trust our justice, then, indeed, it will be time to look for relief to this untried experimentalist from Nebraska, but not before."

Iowa Next.
Omaha, Oct. 5.—Governor Roosevelt, after a day of strenuous effort in which no less than 10 speeches were made, was met at the train last night by a reception committee, and, after a parade through the streets, was conveyed to a tent where an enormous audience had assembled. He spoke for an hour and a half, and was listened to with profound attention. At midnight Governor Roosevelt departed on his Iowa trip.

OFFICIALS' COUNSEL PREVAILED.

Their Cool-Headedness Probably Prevented a Clash Between Strikers and Deputies.
Hazleton, Pa., Oct. 5.—Some 3000 excited strikers assembled at Mount Carmel yesterday and started to march to Trevorton, 16 miles away, with the avowed purpose of forcing those at work at the North Franklin colliery to stop work and join in the strike. This was the only mine in operation in the region, and the strikers had become angered at the refusal of the men there to stop work.

The marchers were in an excited and somewhat disorganized condition. When they had covered three miles of their march they were met by officials of their organization, who, after much persuasion, induced the men to abandon their proposed trip. The strikers then turned back, though many did so reluctantly.

Meantime several hundred deputies had been rushed to Trevorton on special trains, and a serious conflict could scarcely have been avoided had the excited strikers arrived at the scene and endeavored to carry out their threats against the workmen. Later was announced that the officials of the North Franklin colliery, to prevent trouble, would not operate the mine until the strike was settled.

General Gobin, as a result of this new disturbing element, has rescinded his order for battery C of the national guard to return home today.

Affairs were quiet in all other sections of the anthracite field yesterday, and the strikers scored important gains in the closing of additional collieries in the Schuylkill district. With a cessation of operations at the North Franklin, all of the Philadelphia and Reading company's 39 collieries will now have ceased work.

Was Not on the Program.
Paris, Oct. 5.—In a menagerie near Privas a large audience gathered to witness a local butcher enter the lion's cage, play a game of cards with the lion tamer and drink a bottle of champagne. The performance was successful until the butcher held a glass of champagne under the lion's nose, whereupon the lion bounded upon the butcher, ground his shoulder within his jaws and mauled his body dreadfully. When the butcher was removed he was almost dead. The audience became panic-stricken and many persons were trampled upon and badly injured.

Alleged Careless Handling of Funds.
Lawrence, Mass., Oct. 5.—The Democratic city committee had a lively session last night, precipitated by charges made by Chairman Donoghue that he had not exercised sufficient care in handling the campaign funds. The treasurer of the committee said that some of the money said to have been contributed by candidates for office did not reach him. On motion to hold Donoghue responsible on charges made against him, the vote was declared to be a tie.

Vineyards Suffer From Storms.
Paris, Oct. 5.—Heavy storms throughout France have done much damage to property and livestock. Many of the vineyards are overflooded, devastating wide areas. The wine-growing districts are the greatest sufferers. The situation is so critical in some vineyards that the minister of war is sending troops to aid in the harvesting.

Settled in One Round.
Kansas City, Oct. 5.—Jack Root knocked out Dan Creedon in one round here last night, in the presence of 5000 people. The fight lasted two minutes and 34 seconds. Root landed a hard right swing on the jaw, flooring Creedon and ending the fight. Creedon outweighed his opponent by 20 pounds.

From Greenland's Icy Mountains.
Copenhagen, Oct. 5.—Lieutenant Amstrup's Greenland expedition has arrived here on board the Antarctic. The members of the expedition explored and mapped a hitherto unknown stretch of land.

Weather Conditions and Forecast.
Almanac, Saturday, Oct. 6.
Sun rises—5:47; sets, 5:18.
Moon sets—3:18 a. m.
High water—9 a. m.; 9:15 p. m.
The temperature has risen slightly and is now generally above the seasonal average in all districts. Rain continues in the south Atlantic and gulf states. In the upper lake region rain also continues and will probably spread eastward to the western New England states by Saturday. The temperature changes will be unimportant. On the coast light to fresh southwesterly winds will prevail.

Washington, D. C.
Gentlemen—Our family realize so much from the use of GRAIN-O that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but GRAIN-O I have found superior to any, for the reason that it is solid grain.

Yours for health,
C. F. MYERS.

WHITE GETS THREE YEARS.

Thieving Letter Carrier Places Blame For His Downfall Upon a Woman.

Boston, Oct. 5.—Charles L. White, the colored letter carrier, formerly connected with station A, South End, was sentenced by Judge Lowell, in the federal court, to three years at hard labor in the reformatory for robbing the mails.

White is well known in church circles. He was born in New Bedford 34 years ago, and had been in the postal service in Boston for 11 years. Two years before entering the employ of the government, he married. He has been active in the African M. E. church, where for nine years he served as Sunday school superintendent, and was leader of the church choir.

Inspector Towson of the postoffice described how complaints were received at station A of the loss of letters. He was detected by decoy letters, although he had cleverly imitated handwriting on the envelopes which contained both samples instead of money. White was successful in his thefts, owing to his forgery of superlatives on letters which he opened and then remailed in new envelopes.

White gave money to another woman from time to time. He met her, he said, eight years ago. She was a pupil in his Sabbath school, and was 17 years old. Although he had a wife, he became quite friendly with the young girl, because, he said, he had had trouble at home, and his new acquaintance sympathized with him. He had two children by this woman.

Five years ago his wife discovered his relations with the other woman. She forgave him and both united in an effort to rid themselves of her. White said he did everything in his power to forget the old life and clear himself of the woman without avail. White said he was forced to give her money. She even followed him over his route. One of the bills he had taken from a letter was found by the officers on the person of the woman in question. Her presence and demands finally became so unbearable, he said, that he succumbed, and resorted to dishonest methods of getting money.

The latest republican estimate in
West Virginia gives McKinley and
Roosevelt a plurality of 18,000.

Andrew Carnegie, who has been
claimed for Hyryn, says that Bryan's
election would mean license without
law and the free coinage of silver, and
that consequently he is for McKinley.

It will certainly do no hurt to give
ward registration of voters a trial. The
board of registrars are well paid for
services rendered, but naturally there
will be some extra expense for travel
and rent.

After the fight made in the spring
over an increase in the School approp-
riation, it was surprising that the
orders for \$3,500 additional should pass
the City Council this week without a
question, and unanimously at that.

The loss of Supt. Lull, and the call of
Principal Harper evidently convinced
some that they were putting the screws
too tight.

Some employees of Quincy firms are
not only signing their own names to
the agreement to pay the Quincy Hospi-
tal fifty cents per year, but they are
also pledging the different members of
their families. The small sum of fifty
cents appeals favorably to a large num-
ber. All who have had the benefits of
the little institution on the hill, speak
kind words for the matron, nurses and
doctors, and those who have their
health should likewise be interested
and cheerfully contribute. If one-half
of the population agreed to give fifty
cents a year the hospital would not
lack for funds.

Drift of Opinion.

Cheer up the campaign orators!
Let's have fewer dissertations on ob-
vious facts, and more jokes and laugh-
ter and good times generally on "the
stump" and among the audiences. The
orator who is quoted is the "smart"
boy, and to be honest he's the fellow
who can drag most of us from our com-
fortable homes to hear him if anybody
can.—Brookton Enterprise.

Massachusetts the 12th cen-
sus shows ten cities with more than
60,000 population, which is twice as
many as were shown at the census
taken ten years ago. The centre of
population, nevertheless, is shifting
westward, but it is a slow process, the
estimated westward movement having
been but twenty miles during the last
decade.—Portland Oregonian.

If Mr. Von Meyer is given the
office of Ambassador to Italy he will
be able to keep up the social dignity of
the position quite as well as General
Draper performed the duty. The presi-
dent of the Essex Club is credited with
a longing for the seat in Congress now
so ably filled by Mr. Moody, and as the
people are not ready to dispense with
his valuable services there is a period
of waiting that could be well filled in
by service at the capital of Italy. It is
not yet certain that the President will
name Von Meyer for the vacant em-
bassy, but he might do a great deal
worse than that.—Lynn Item.

We wonder if it is exactly true
that the political campaign is a "death-
blow to business," as we see it de-
scribed in some newspapers. Business,
when you trace it to its ultimate
springs, is principally devoted to feed-
ing and clothing people. Of course,
other activities enter into it, but all

together they must be a small propor-
tion of the whole. Now is there any
sign that because of the political cam-
paign people eat less or wear less than
they otherwise would? While as to
other matters, we see no sign that
pleasure-seeking in all its infinite
varieties suffers any abatement. Three
thousand strangers to New York are
said to have registered at its chief
hotels in one day last week; and every-
where one goes he sees hundreds of
people in cars, on boats, and at hotels
of all grades, and all apparently with
money sufficient for their needs. Stores
in the great cities are crowded with
shoppers buying expensive articles, and
places of amusement are thronged with
spectators. Here or there, as for ex-
ample in the coal business at this
moment, there is a decided unpleasant-
ness, and occasionally we read of an
isolated factory which is shut down.
But many more factories are running,
and in a great many kinds of business
there seems to be unusual activity.
Business hasn't met its death yet, that
is very sure. We think the assertion
that it has is largely a bit of feverish
exaggeration. New Bedford Standard.

Temperance League.

The annual meeting of the Quincy
Citizens' No-Licence Committee was
held Thursday night, and the follow-
ing officers were elected: President,
Cyprus T. Sherman; Vice President,
Delevar King; Secretary, William F.
Hoehn; Treasurer, John O. Hall, Jr.

It was decided to have the committee
incorporated under the laws of Massa-
chusetts, under the name of the Cit-
izens' Temperance League, and the first
steps were taken for that purpose.
William F. Hoehn was elected clerk of
the corporation.

Some Plain Facts.

In thirty-seven States today a married
mother has no right to her own chil-
dren.

In sixteen States a wife has no right
to her own earnings outside the home.

In eight States a wife has no right to
her own property after marriage.

In seven States there is no law com-
pelling a man to support his wife and
family.

In all the States (except the four in
which women are voters) there is dis-
crimination against women in the
matter of employment and compensa-
tion.

Such conditions in the closing days
of the nineteenth century show that
there is still work for women to do and
that they can not safely trust all to the
men.

Roughs Abroad.

Where was the much-needed officer
at the Quincy station Thursday even-
ing? Several young women were stand-
ing on the station platform waiting for
the 9.12 train when three men, return-
ing from the Brockton fair in a very
troublesome frame of mind, made them
the objects of numerous insults, and
finally compelled the young women to
cross the street, which act occasioned
jeers and taunts. One man crossed to
where the young women were and laid
violent hands on the one nearest him.
There was no officer in sight, so the
assistance of a motorman was sought,
but he had troubles of his own. The
obstrepous monopoly that the men
took of the station platform would have
made it impossible for the young
women to get their train, had not a
young man near by kindly offered his
protection, and escorted the young
women to the train and saw them safely
on board.

French Proposal to Disarm China

Would Leave It Defenseless.

Germany Is Inclined to Give

Chinese Emperor a Trial.

Coming Round to Position Originally Taken

by the United States.

Washington, Oct. 4.—The French note
regarding the Chinese situation has been
received at the department of state.
While the compromise suggestion will
not come before the cabinet for con-
sideration until President McKinley's
return to Washington next Friday, it is
the opinion of well-informed circles that
the French proposition will not be ac-
cepted as a while.

Administration officials note with
much satisfaction that the first part of
M. Delcasse's note is an endorsement of
the attitude of this government in re-
gard to Germany's plan of punishing the
Boxer leaders and a condition precedent
to peace negotiations, but it is apparent
from what officials say that the propo-
sition to place for all time an embargo on
the importation of firearms and ammuni-
tion into the empire will not be accept-
able to the United States. Otherwise the
note does not present any objectionable
features, although these officials whose
advice is sought in the determination of
policy admit that they have given no
consideration to the suggestions of
France that the fortifications between
Peking and the sea be razed and that
legation guards be retained in the cap-
ital.

The main objection against the propo-
sition of the importation of munitions
of war into China is that the Chinese
government would have no means of de-
fending itself against the attack of a
foreign nation or against an internal up-
rising. Insurrectionary plotters could
smuggle in arms, perhaps, but the govern-
ment would not be able to include in any
such surreptitious method of pre-
paring for war, even were it inclined to
do so. Again it is urged that the em-
bargo would naturally carry with it the
prohibition of the manufacture of arms
and ammunition, which has become an
important industry in China. Alto-
gether the government officials in the
brief consideration they have given to
the subject are not inclined to endorse
that proposal of France.

There has been a communication from
Germany, also, the exact nature of
which is not ascertainable at this writ-
ing. It does contain some new propo-
sitions in the interest of harmony between
the powers and of a rational policy to-
ward China. The theory underlying it
seems to be that we should give the
Chinese a trial and put the emperor on
his honor to see that proper reparation
is made for the past, and satisfactory
guarantees furnished for the safety of
foreign life and property in China here-
after. Germany seems, like the other
powers, to be coming around to the
position originally taken by the United
States.

The brief, but spicy correspondence
between the two emperors appears to
have supplied the needed safety valve
for the German emperor's hot temper,
and his note of Sept. 30, which if written
from Washington, would have laid out
government open to the charge of Yan-
kee bumpiness, will doubtless clear
the air and afford a convenient means for
Germany to descend to the plane of the
other powers in dealing with the Chinese
situation. On the whole, the outlook
from the point of view of this government
is steadily improving.

Some question has been raised as to
whether the powers would be satisfied
with the mere degradation and spolia-
tion of Prince Tuan and his associates.
The position of our government has been
from the outset opposed to the punish-
ment of the offenders by the powers, but
if the matter is left with China, to deal
with the character of the punishment
and the extent of its infliction will have
to be satisfactory to the governments
concerned. It is not understood, from
the imperial edict, that Tuan and the
shareholders of his guilt are necessarily to
escape with a mere spectacular penalty.

It is obviously the intention of the em-
peror to bring them to trial and have
them

POLITICAL FIELD.

Nominations by Democrats and
Other Notes.

The Norfolk County Democratic con-
vention held at Dedham Thursday
evening nominated John Cavanaugh
of Braintree for County Commissioner
for three years; William G. A. Pattee
of Quincy for Register of Deeds for three
years, and Fred R. Glover of Needham
for register of probate and insolvency
for three years. The County com-
mittee of ten includes: E. J. Duffy of
Milton, Thomas F. Mahoney of Nor-
wood, H. F. Kellogg of Wellesley, Al-
bert E. Collishaw of Needham, David
J. Roche of Quincy, Christopher R.
Russell of Franklin, John Cavanaugh
of Braintree, Henry E. Madden of Med-
way, T. O. Donahoe of Walpole, E. C.
Jenney and William McMahon of
Brookline. At the opening of the con-
vention it was voted upon motion of
James M. Cleverly of Quincy that no
one but Democrats should be nomi-
nated.

Although Quincy was entitled to but
21 delegates to the Republican State
convention it is estimated that fully
30 obtained credentials and voted for
Auditor. It was one of the times, how-
ever, when the Quincy men were
divided, and Kimball and Turner both
received votes for Auditor. While ex-
Senator John F. Merrill was active for
Turner, his brother James F. Merrill
did what he could for the old veteran
(Gen. Kimball).

The Democrats at the Second Coun-
cillor convention held at Dedham
Thursday evening nominated Thomas
T. Watt of Wellesley for the council.

At the Republican State convention
625 expressed their preference for Kim-
ball for auditor on the first ballot, but
540 nominated Henry E. Turner of
Malden on the third ballot.

James M. Cleverly of Quincy was
elected on the district committee at the
Councillor convention on Thursday.

Another opportunity to register to-
morrow night.

The Democrats have made these
nominations for Congressmen: Third
District—John R. Thayer, Worcester;
Fourth District—Charles G. Lewis,
Framingham; Fifth District—Joseph
J. Flynn, Lawrence.

The following nominations were
made at the Republican County con-
vention this morning: For County
Commissioner for three years, James
Hewins of Medfield; for Registrar of
Deeds for three years, John H. Burda
kin of Dedham; for County Treasurer,
Charles H. Smith of Dedham.

The Democratic convention for the
Tenth Congressional district will be
held in Dorchester this evening, when
Congressman Najphen will be renomi-
nated by acclamation.

Depot Ransacked.

Parties at present unknown, but prob-
ably a crowd of hoodlums returning
from the Brockton fair, filled with en-
thusiasm and beer, made a wreck of the
Norfolk Downs depot Thursday night.
All the windows in the building were
smashed and the ticket office broken
open and the tickets scattered all over
the building both inside and out. It
does not look as though any tickets, or
many at least could have been taken,
for the depot floor and platform shelter
were covered with them.

Practically no money is kept at the
depot. What there was, however, is
missing, although the change may have
been scattered about as were the tickets.

Kennedy's Case Again in Court.

Albany, N. Y., Oct. 5.—The appeal for
a new trial for Dr. Samuel F. Kennedy,
convicted of the murder of Emeline C.
Reynolds, was argued before the court
of appeals. "Dolly" Reynolds was
found with her skull crushed on Aug. 15,
1899. Suspicion fastened upon Dr. Ken-
nedy. He was sentenced to be electro-
cuted at Sing Sing prison.

Killed Herself With Poison.

Concord, N. H., Oct. 5.—Dela Baker, 13
years old, took poison late last night, and
died in two hours. No reason is known
for the act. She took poison tablets, and
then retired with her sister, telling the
latter of her act. Medical aid was sum-
moned, but it did not save her.

Shipwrecked Steamer Rescued.

London, Oct. 5.—The Portuguese
schooner Vera Cruz II, from St. John's
for St. Vincent, C. V., capsized in a gale
on Sept. 18. The crew were rescued
and taken off by the American ship St. Paul,
which landed them at St. Vincent.

Perhaps Prompted by Jealousy.

Lawrence, Mass., Oct. 5.—Lillian
Brown, aged 27 years, shot and killed her-
self this morning in a yard on Cross
street. It is said that jealousy may
have been the cause for the act.

NEWS IN BRIEF.

Mrs. Melba has promised to sing at
the forthcoming Galveston fund enter-
tainment at London. It will be her only
appearance in London before her Ameri-
can tour.

Dr. William Webb Browning of Brook-
lyn was stricken with apoplexy while in
an automobile, and died several hours
later. Dr. Browning was a native of
Metuchen, N. J.

The Vatican authorities have informed
the Italian police, in connection with the
recent burglary and theft of securities,
valued at \$57,000 lire, that more than
a fifth of the stolen property came from
America.

CITY BREVITIES.

The Quincy members of the Ancients
have arrived home from Canada.

Rev. Edward Norton will preach at
the Quincy Point church on Sunday.

It is a poor day at the district court
when several aliens are not made
citizens of the United States.

Julius Johnson has commenced the
frame work of a house on Hancock
street opposite Carruth street.

The daily average quantity of water
now pumped for the Metropolitan
water district is 83,020,300 gallons.

Ye Rev'd E. N. Hardy will give his
first lecture on "Ye church: Life of ye
fathers" on Sunday evening at Bethany
church.

The Wollaston golf team went to the
Oakley club links at Wollaston on
Thursday, and won 15 to 9. Lindsay's
big score of 10 over F. W. Lord saved
the visitors, as Freeman, Porter and
Pratt each lost.

There is a pear tree on the Col.
Packard estate that has mistaken the
season. It did not blossom in the
spring this year but waited until this
week when it blossomed out. It is
quite a novelty.

Key Pikey, who has been before the
court this week for being a stubborn
child, and who was remanded to the
care of Chief Ripley until Saturday,
took in the Brockton fair Thursday as
the guest of the chief.

A number of the friends of Mrs.
William Martin tendered her a surprise
at her residence on Quincy street,
Wednesday afternoon and presented her
with a beautiful china tea set. Re-
freshments were served and an enjoy-
able time was had.

New School Building.

Fred H. Smith, chairman of the sub-
committee of the School Board for the
Washington school took Supt. Parlin
and Councilman Packard, chairman of the
City Council Committee on Public
Buildings, on a tour of inspection of
this district on Thursday. The new
plant of the Fore River Engine Works
was, of course, visited, and both
gentlemen opened their eyes at the ex-
tent of the plant. They were informed
by those in charge at the plant, that
2500 men would be at work there before
next April. Many of these men have
families and will reside in that vicinity
and of course their children will want
to go to school. The present building
can not be depended upon to take care
of them, and it is not in fit condition
even if it was of sufficient size. There
is a petition now before the School
Committee for a new building, and it
looks as though the time was ripe for
it now.

Civil Trial List.

The following cases are marked for
trial at the civil session of the dis-
trict court next Tuesday:

166—Couch & Seelye Co. vs. Chand-
ler.

232—Pratt vs. Lowe.

235—Ashman vs. Gallant & Tr.

241—Coyle vs. Casseee.

243—Pratt vs. Dunbar.

249—Cash vs. Keith.

250—Burgin vs. Turner.

The odor of musk, which was mixed
with the mortar when the Sophia
church in Constantinople was built, is
still perceptible.

Mahogany is said to have been brought
to England by Sir Walter Raleigh in
1595, but not to have come into general
use till 1720.

Russia, with a population of 127,000-
000, has only 18,334 physicians. In the
United States, with a population of
about 75,000,000, there are 120,000
physicians.

Mr. Bryan then passed to militarism.
He said the Republicans want to spend
more than half as much for military
establishment as we spend for the educa-
tion of children in the United States.

"The laboring man asks for arbitration
and gets a large army; he asks relief
from government by legislation, and gets
a large army; he asks for shorter hours
of labor in order that he may have more
time with his family and for the develop-
ment of his mind, and his answer is a
large standing army; he asks for fur-
ther representation in the president's
cabinet, and occupies that position by pro-
tection and his answer is a large army.

Mr. Bryan said further that the Re-
publicans' use for a large standing army
is that they want to exploit the Philip-
pine islands.

Mr. Bryan alluded to the claims of
the Republicans that they had helped to
ratify the treaty, and therefore should
now be silent. He ridiculed this position,
and said that the Philippines are
fighting for the same cause as the colo-
nists 100 years ago, the Boers and the
Cubans.

Mr. Bryan dwelt at length on the Philip-
pine question, and arraigned the Re-
publicans severely for attempting to
violate the constitution in governing a
people against their will, and refusing
citizenship to the newly acquired terri-
tory. In this connection he included
Porto Rico. He then charged that
the Republican party is following the line
of monarchy in that while "it does not
propose a king, it proposes a principle
upon which only a king can stand."

In conclusion, Mr. Bryan said: "I
want this nation to be the patriarch
among nations. I want it to stand
erect. I want it to be just and upright
so that when other nations quarrel, in-
stead of calling out great armies to kill
each other they will say: 'Leave the
question to the United States; they can
be trusted.' I want this nation to be a
peace-maker among the nations, and then
it will earn the reward promised to the
peace-maker."

Mrs. Mary Crownshield of Hingham, N. H., is visiting her niece Mrs. Alfred A. Cook of Mount Vernon avenue, Braintree.

Mr. and Mrs. Edwin Hersey of Hingham have issued invitations to the marriage on Wednesday, Oct. 17, of their daughter, Mary Abbie and Mr. William Pinkney Jones, at their home 20 Thaxter street.

Mrs. Frank C. Roberts of Braintree returned last Saturday from Rutland, Mass. She has been away eleven weeks, spending the first six weeks in Shirley, N. H. Mrs. Roberts is very much improved in health.

Our doctors must be good singers for there are several of them rehearsing for the grand minstrel show to be given the first of November by local talent.

Mr. and Mrs. G. F. Hussey of Braintree returned from their pleasure trip to New York last Sunday.

Cards are out for the wedding of Rev. Charles H. Porter, Jr., of Quincy and Miss Blunt of Hingham. The wedding will be solemnized on Wednesday, Oct. 17, at the First Unitarian church, Brighton.

The first meeting of the Old Colony club since the summer vacation will be held Thursday, Oct. 11, at South Weymouth. Mrs. T. R. Newell and Dr. Granger will give papers on vacation reminiscences. These will be followed by a reception to the officers and a club tea. Many Braintree people have attended meetings held by this club and were thankful for the invitation.

Next Wednesday evening, at the home of Mr. and Mrs. F. A. Smith Braintree a farewell reception will be given to the Rev. C. H. Penney, under the direction of the Universalist Ladies' Aid society. All friends of any creed or class are invited.

Mrs. Arthur R. Fitts returned Saturday from Watford, Maine, where she was called early in September, because of the illness of her mother, Mrs. Rice, who is improving slowly.

The many friends of Mrs. William Tower (Barbara Vogler) while offering endless congratulations to her as a bride, yet are sorry to lose so bright a comrade from their number. Mrs. Tower will make her future home in Franklin.

Miss Jennie Fourier of Bridgewater is the guest of Mr. and Mrs. Charles Burrell of Dyer hill, Braintree.

Mr. and Mrs. Edson Gage (Emma Zeigler) who were married in the early summer gave a large reception on Wednesday evening at their home in Malden. Mr. and Mrs. Clinton Jones of Wollaston, Mr. and Mrs. Emory J. Crane, Mr. and Mrs. Harry L. Rice and several Quincy friends of the bride attended the reception.

Mr. and Mrs. Charles I. Humphries and son from Los Angeles, Cal., have been calling on Mrs. Eugene Coy, Town street, Braintree.

Mrs. Frances Anna Hall has issued invitations to the marriage reception of her daughter, Cora Belle, and Frederick Arthur Gould for Thursday evening, October 18, at her home, 16 Edwards street.

Mrs. Clarence Allen, daughter Gertrude, and son Eddie of Braintree returned Monday from a month's visit to her old home at Battle Creek, Michigan.

Mrs. I. M. Holt left today for a ten days' visit with friends at Norwell.

The Wollaston Unity club will hold its annual reception, which opens the work of the season, in the vestry of the Unitarian church, on Friday evening next, at eight o'clock.

Quincy will close. He will enter upon the rectorship of St. James, Lancaster, the first Sunday in November.

Mr. George Schiller, now playing at the Columbia Theatre, is staying in Atlantic.

G. F. Burkhardt and family have moved from their summer home in Squantum to their winter home in Jamaica Plain.

Rev. Frank Wright Pratt of the Wollaston Unitarian church, took part at the dedication of the new edifice of the First Parish church at West Roxbury last evening.

Mr. E. B. Bird of Beach street has made an enviable reputation as the base ball and foot ball cartoonist on the Boston Herald. His versatility can best be appreciated when one realizes that this is his third year at this branch of the work. Day in and day out they appeared during the season of these special branches of athletics.

Mr. Bird's regular work is decorative designing, and it is in this special branch that he is more widely known.

LIEUT. JONES NOW.

Rapid Promotion of Son of Sewer Commissioner Jones.

Walter C. Jones is in town for a few days previous to joining his regiment in Porto Rico. He is the son of Frederick L. Jones, chairman of the board of Sewerage Commissioners, and a brother of Dr. F. L. Jones, the medical examiner for this district, and is well known in the city.

The young man has just been appointed 2d lieutenant in the regular army, and is to be congratulated on his rapid promotion, which is certainly commendable. Mr. Jones, who had an early training in Co. K of the 5th Massachusetts militia, enlisted as a private in 1897, and was sent to Cuba. Previous to his arrival there he was appointed a sergeant. He was in the thick of the fight at San Juan hill, where eleven of his company fell in fifteen minutes, and also participated in the siege of Santiago.

Since the war he has been stationed at South Dakota, where he served in the hospital corps. His new regiment is one of the crack infantry regiments now in service.

Daughters of the Revolution.

Adams Chapter, Daughters of the Revolution resumed their meetings on Monday at the John Adams birthplace, with twenty-five members present. It was a very cordial and happy meeting, the members being glad to get together again after the long summer vacation. The various committees reported; that of the treasurer being received with special satisfaction, she reporting about fifty dollars on hand and no outstanding bills.

The winter's work was planned out, with five ladies to be a committee for each monthly meeting, the ladies serving alphabetically, commencing with A, thus interesting all the members and also making an impartial division of the entertaining.

October starts off full of work for the chapter. On Oct. 19 a card party is to be given at the John Adams house to raise money for a contribution to the Valley Forge Memorial fund, the general society hoping to raise enough money to erect a handsome monument at Valley Forge, land having been given them for that purpose.

On Saturday morning, Oct. 20, a children's society is to be organized at the John Adams house, about thirty girls and boys being prepared to become charter members. Any girl or boy under eighteen whose ancestor fought in the revolution is eligible to join. This society will meet at the Adams house every month and take up patriotic work. Members will prepare and read papers, etc.

The work of marking the graves of Revolutionary soldiers in our cemeteries will be begun at once, a list of names having been prepared, and the City Council having appropriated \$50 for the purpose.

On Oct. 27 Mrs. Titus, who is interested in the work of saving and restoring the old ship Constitution, has invited the Chapters to be her guests, on a visit to the ship.

The state society has an outing to Groton on the 10th, and the Friday afternoon receptions at the society's rooms have been resumed.

The outlook for a pleasant and profitable winter is good not only for Adams chapter but for the general society as well, new members joining every day. Adams Chapter will not limit their membership at present having ample room at the John Adams house to accommodate large gatherings.

The Contributors banquet of the Y. M. C. A. will be held Friday evening, Oct. 19.

Big Coal Company Offers to Advance Wages and Reduce Price of Powder.

Probability That Strikers Will Accept Proposition.

New Employees in Lattimer Mines Attacked While in a Railroad Car.

Hazleton, Pa., Oct. 6.—The belief prevalent here that the anthracite coal strike is approaching an end is considerably strengthened by the action of the individual operators in following the lead of the big coal carrying and coal mining railroads by offering a net increase of 40 percent in the wages of their employees.

The first break among the individual operators in this district was made yesterday when Pardee & Co., operating the Cranberry and Crystal Ridge collieries, offered its employees a 10 percent net increase in wages and a reduction in the price of powder is to be taken into account in the advance of the wages. That four or more of the individual mine owners will make the same offer is hardly doubted.

Before the advance was made public by the Pardee company, several of the general superintendents of other individual coal companies were invited to the Pardee company's office in this city for the purpose of giving their views on the proposed offer.

These representatives did not say what their companies would do, but it was learned that the consensus of opinion was that if the mine owners wish to keep their collieries in operation they would have to increase the wages of their men. None of the superintendents at the meeting would say anything in regard to the report that the coal carrying roads had made concessions to the individual operators in the matter of freight rates.

President Mitchell of the United Mine Workers is much interested in the advance made by the individual companies, but would say nothing for publication. There is a strong belief here that Mr. Mitchell is waiting for all the coal companies in the anthracite region to offer the 10 percent increase before he will call a joint convention to consider the proposition.

Mr. Mitchell would say nothing on this particular subject. He has all along advocated unity of action, and it is that that strengthens the opinion that he will call the convention after all the companies have made an offer. He continues to say that the strike cannot be settled without a convention, and that he was waiting on the operators.

In the meantime, the men now on strike, said to number 135,000, are not wavering under the proffered increase in wages.

In the Lackawanna and Wyoming districts not a mine is working. The conditions remain about the same in the Lehigh valley region, while in the Schuylkill district more men have laid down their tools and quit.

At quitting time last night another attack was made on the mine workers employed in the Lattimer mines. About 50 of the men, while being conveyed to their homes at Hollywood in a railroad car drawn by a mine engine, were attacked by about 100 strikers. Stones and rocks were thrown at the men in the car, and two of the workmen were severely cut about the head. Sheriff Harvey, who was on the car, ordered the engineer to stop and as he and a few deputies stepped from the coach, the attacking party scattered in all directions. Two pistol shots were heard, but which side fired them is not known.

So nears War Higher Wages.

Pawtucket, R. I., Oct. 6.—Unless the American Yarn company grants an increase of wages to the mule spinners employed in its mill in this city, a strike will be ordered and the \$900 spinners in the mill will become idle. The spinners claim that they are paid 20 points per pound, amounting to a difference in their earnings of about \$2 a week.

Unique Strike Settled.

Owensboro, Ky., Oct. 6.—A strike of miners at Baskett, for recognition of the union, has been won. The settlement carried with it a reduction of wages. The owners of the mines never recognized the union, but paid wages averaging 5 cents more than the union schedule. This, probably, is the first strike for lower wages ever made.

Print Workers' Strike a Failure.

Lowell, Mass., Oct. 6.—The strike of the print workers of the Merrimack mills was declared off last night. The agent of the mill granted no concessions, excepting the promise that he would at a later time discuss the question of overtime. The strike was for time and a quarter pay for work performed after the regular working hours.

Galveston's Dead Will Exceed 5000.

Galveston, Tex., Oct. 6.—Bodies of those killed in the great storm are still being recovered at the rate of 15 to 25 a day. It is now certain the dead in the city will exceed 5000, beyond the city limits 1200 and on the mainland more than 1000. Commercial conditions are improving rapidly.

SKULLS AND BONES DUG UP.

Possible Relics of the Battle of Bunker Hill Unearthed by Laborers.

Boston, Oct. 6.—Workmen employed in digging a trench between two of the timber sheds at the lower end of the Charlestown navy yard, yesterday, unearthed several human skeletons. The remains were found beneath a large tree, only a short distance from the old timber dock. Five skulls, one in a remarkably good state of preservation, and many other bones, have been dug up. They were enclosed in wooden boxes when placed in the ground, for small decayed pieces of wood were found mixed with the bones. Three of the skeletons were evidently buried each in a separate coffin, as they were found entirely separated from each other and some distance apart. The other two were both put in one box. The remains were laid side by side, and those so far found came in the line of the 1½-foot wide trench, so it seems more than likely that there are others on the other side of this old tree.

The officers of the navy yard are wondering where the skeletons came from. Some of the old residents of Charlestown say that when the government first established the navy yard there was a hospital on the site of the officers' houses, next to the Chelsea bridge, and that there was a cemetery only a short distance off and near the shore. Another theory is that the skeletons unearthed were those of British soldiers who were killed at the Battle of Bunker Hill.

The remains which have been dug up have been placed in the wooden box, and will be preserved until some decision is arrived at concerning their disposal. They probably will be interred in the naval cemetery at Chelsea.

Jessie Cobb Was Strangled.

Lewiston, Me., Oct. 6.—There is considerable mystery about the young woman whose body was found floating in the Androscoggin river, just above the gatehouse, at the head of the canal, in this city, on the afternoon of Sept. 26. The identity of the girl remained unknown until the next evening, when she was identified by her father as Jessie Cobb, whose home was in East Poland, and who has been doing housework in Sabbath. It was at first thought to be a plain case of suicide, but a post-mortem examination showed that her death was due to strangulation. The girl's movements have been traced up to Sept. 16. On that evening she was seen walking off with a man whose identity has not been established.

Elkes' Latest Performance.

Brookton, Mass., Oct. 6.—Every record from two miles to the hour was broken last night by Harry Elkes at the Shoe City track in a race with Arthur Ross. Elkes covered the distance of 39 miles, 1945 yards, beating the record of Chase, made two weeks ago at the Paris exposition, of 38 miles, 464 yards. The new record is phenomenal from the fact that Elkes rode with the ordinary pace without windshields, while Chase had all these protections.

Hebero See: Disaster Ahead.

Madrid, Oct. 6.—Senor Rubido, who, in 1886, was minister of justice, has caused a stir by a violent speech, dealing with the political and economic situation of Spain. He declares that, if matters were to continue long as they are now, revolution would be inevitable. Although he has always been a staunch supporter of the monarchial principles, he hinted that, in certain eventualities, he would espouse the republican cause.

Pugilist Badly Hurt.

Philadelphia, Oct. 6.—At the Industrial Athletic club last night, Steve Flanagan, ex-champion bantamweight of America, fell unconscious in the sixth and last round of a contest with Jimmie Devine, and is in a critical condition. Flanagan's manager, Bob Delaney, and Jimmie Devine and the seconds of both fighters were placed under arrest, pending an examination of Flanagan's condition.

Postoffice Clerk Jailed.

Boston, Oct. 6.—More complaints about registered letters going astray in Boston have been looked into, and inspectors have looked up John Panetty, clerk in an Italian bank, which is also a sub-station for the postoffice. He is charged with opening a registered letter and taking \$7 from it. As a bank clerk, he was also sworn as a government officer like other postoffice clerks. Panetty was held in \$1000 for a hearing Oct. 9.

Royalty Snubbed by Town Council.

Berlin, Oct. 6.—After a long secret session yesterday the town council of Berlin voted not to tender congratulations to Empress Augusta Victoria upon her next birthday, Oct. 22, because Baron Von Mirbach, her majesty's chamberlain, answered the council's congratulations last year with a caustic criticism of the way in which the council had treated certain religious questions.

My brother has been well ever since we started to use it. Yours truly, LILLIS BOGGER.

IN THE FIRST DEGREE.

Umilian Is Convicted of the Murder of Jedrusick In December Last.

Crime Was of an Exceptionally Brutal Nature.

Horribly Mutilated and Headless Body of the Victim Was Found in a Well.

Northampton, Mass., Oct. 6.—Convicted of murder in the first degree, Franciszek Umilian, a Pole, is in his cell in Hampshire county jail, while the electric chair at the state prison at Charlestown awaits its first victim. For over five hours the jury which had listened to the evidence in an exceptionally brutal murder wrestled with the question of degree of guilt, and finally, after explanation by the court, brought in its verdict. Umilian seemed unaffected by the decision and when sentence is imposed it is probable that he will show little, if any, interest in his fate.

The trial was a tedious one, as most of the evidence had to be translated into the Polish tongue. Umilian was accused of killing Kazimierz Jedrusick, or "Jack," as he was called, and throughout Umilian stolidly denied knowledge of how Jack met his death. Yesterday the trial was dramatically ended by Umilian saying in his own defense, just after Judge Sherman had finished charging the jury, "Me no kill Jack nor anyone."

The session of the court was a special one, and Umilian will be sentenced at the regular session, although it is anticipated that a motion for a new trial will be made, and a date set for arguing the exceptions already taken. This trial was the first for murder ever held in Hampshire county.

Umilian and Jedrusick were Poles, and were employed at the farm of Monroe Keiths in Granby. Jedrusick disappeared on the night of Dec. 31, and for weeks not the least trace of him could be found. His friends openly said it was a case of foul play. A Polish priest at Chicopee took an active interest in the case, and the police set to work to determine the value of the suspicions.

Clue after clue was followed to no avail, and finally the actions of Umilian about the time of the disappearance, were looked up. Then it soon became plain that there had been, for a considerable time previous to Dec. 31, much ill feeling on the part of Umilian for Jedrusick.

The men were said to have had disagreements, Umilian accusing the other of being too attentive to his wife. It developed that neighbors had heard Umilian threaten Jedrusick's life more than once, and the finding of the mutilated and headless body of the latter caused great excitement. The body, which was stabbed and hacked in a frightful manner, with several of the members entirely severed, was wrapped up in an old sack deep down in an unused well, where it had lain for three months.

The arrest of Umilian followed. He stoutly denied any knowledge of the whereabouts of Jack, and in the face of incriminating evidence through all the trial never did he show the least sign of weakness, nor give any evidence during his cross examination which was particularly incriminating.

The trial developed the fact that jealousy was the cause of the ill feeling between the men. To further aggravate his hatred Umilian kept from the opinion that Jedrusick kept from the story that the former had another wife in Poland.

The trial, which began last Tuesday, has been largely attended, and the array of witnesses has seldom been equalled in number in this section of the state.

Chuburn Wanted at Concord.

Boston, Oct. 6.—A Keene, N. H., special to The Globe says that the county authorities there have prepared papers for the return of the noted bank burglar, Max Shimburn, to the state prison at Concord, on the expiration of his 20 years' term at Dannemora prison, Oct. 10. More than 25 years ago Shimburn escaped from Concord prison, where he had been committed to serve a sentence of 10 years for the burglary of a savings bank. He is now about 62 years of age.

Uses a 'S' Writing.

Berlin, Oct. 6.—The following dispatch from St. Petersburg has been semi-officially issued here: "The Russian government assents to the proposals in Count Von Buslow's note of Oct. 1, and M. De Giers, the Russian minister at Pekin, has been instructed in that sense."

Italy Thanks We Harbor Anarchists.

Rome, Oct. 6.—The Journal publishes a dispatch from its Rome correspondent saying that the Italian government has sent to Washington a protest against the "excessive liberty" accorded to anarchists in the United States.

Dawson Has Reformed.

Vancouver, B. C., Oct. 6.—Dawson no longer has gambling establishments, dance halls and kindred diversions. A wave of religious reformation, emanating from the government at Ottawa, has swept the city of its vices and left it, according to passengers who have just arrived from the north, in the perfection of morality.

Jimmy Michael Again in Evidence.

Baltimore, Oct. 6.—Jimmy Michael won a 20-mile motor-paced bicycle race last night from Archie McEachern by 250 yards. Time, 21:41 2-5. The first five miles were ridden by Michael in 7 minutes, 52 seconds, one second faster than the former world's record.

Drift of Opinion.

"The last part of the milking, or the 'strippings,' taken immediately after the milking, before it has parted with any of the animal heat, is the most valuable thing known to build up a person who is thin and emaciated from any disease." So says a Saratoga Springs physician in a newspaper article. "It is a fallacy among many that milk must be absolutely pure and healthy when it comes fresh from the cow and is still warm: as a matter of fact, milk delivered in this state is actually teeming with bacteria." So says a writer in Harper's Bazar. And the people continue to take milk the way they like it best.—New Bedford Standard.

One of the commonest aspirations of the average business man is that the presidential election will not interfere with the volume of trade in a prosperous year, yet we believe it is yet to be recorded that this quadrennial event does not more or less very seriously affect business. It is therefore very gratifying to note in the replies to a number of inquiries sent out from this office, a general tone of contentment with present conditions as to trade and a decided belief in its steadiness if not actual large increase. In reply to the direct question as to the effect of the political campaign only one or two dealers credit any change to its influence. Looking at the other side of the question, the present condition of trade, the consensus of opinion is that it is excellent, and a general view is that it bids fair to improve rather than to fall off. Were any qualifications to be mentioned it would be that the volume of trade in the smaller classes of work which is largely affected by local influences, crops, etc., is the only line voicing the semblance of a complaint.—Monumental News.

Several of the conductors and motormen of the Quincy division had charge of cars this week running from the Brockton depot to the fair grounds.

BY ACCLAMATION.

Congressman Naphen is Renominated in the Tenth District.

He Speaks at Length in Criticism of McKinley and Republicanism.

Stephen H. Edwards of Quincy Elected on the District Committee.

There was an attendance of 155 delegates out of a total of 156 at the Tenth District Democratic Congressional convention held at Dorchester Music hall last evening. Thomas J. Kenney was chairman and James M. Cleverly and John J. O'Neil secretaries.

The nomination of Hon. Henry F. Naphen by acclamation as candidate for Congress, was moved by Reuben Rush and seconded by John B. Neary, and John M. Curley, prevailed amid enthusiasm.

Mr. Naphen in accepting the nomination said: "I assure you I appreciate the honor which you have conferred upon me by placing me again in nomination as the democratic candidate of the 10th district. I sincerely thank you for it and accept it. To represent this district in congress is an honor great enough for any man."

"It was within its borders that John Hancock and John Adams were born. Here lived John Quincy Adams, who after having served his country well as one of the presidents subsequently represented the district which is now a part of this district, and died in the harness."

"It was here that the first protest in New England was uttered against religious bigotry, and the appeal went forth for freedom of worship. Here dwell some of the most influential and public-spirited citizens of this Commonwealth. This district is the peer of any district in the intelligence and patriotism of its citizens. It is within a section containing commercial interests second to none in the country."

"If it shall be my pleasure to again serve this district, I propose in the future as in the past to work for its entire best interests, and for all its people. Realizing however, much as I may have the welfare of this district at heart, that my duty will be to legislate not for its interests alone, but for the benefit of my city and state, and for the prosperity and future glory of our country and the honor of her flag, and at all times and on all occasions to see to it that no one coming within the protection of our flag shall be deprived of his constitutional rights, no matter where he may have been born or what may be his color. To do otherwise I would be unfit to represent the people of this historical district."

"It is with peculiar pleasure I accept this nomination as the candidate of the grand old democratic party. The party that stands today where Lincoln, Sumner and Chase stood; a party of the plain people, a party that maintains the right of self-government, free speech and honest administration of public affairs, and frankness with the people. A party that puts man above the dollar, a party that opposes legislation for the benefit of the few at the expense of the many, a party that opposes trusts and intends to destroy those criminal combinations which are the result of the policy of the republican administration."

"Now that the people have become alarmed at the increase in the number and power of the trusts, and are aroused against them, the republican party proclaims its desire to repudiate its offspring. Yet those combinations continue to pour their contributions into the republican campaign basket, knowing well that after the election if the party be successful they will again be taken under its protection, and be permitted to prolong their plunder from the American people. But the people cannot be deceived. They do not forget that it was by the dictates of the managers of the trusts that the administration broke faith with the people of Porto Rico, and committed itself to a policy of downright outright plunder."

"They do not forget that though the leader of the republican party told the workmen that if the party would succeed he would have a full dinner pail. Yet while these corporations have been growing in power and strength under the republican administration, not only is his dinner pail empty, but the coal hod and milk can also. I will predict

that if the republican party remain in power, the poor workman will not have even the dinner pail, coal hod or milk can.

"Two years ago when you placed me in nomination the American nation was fighting to make a people free. Today we are trying to crush into sullen submission people who want to be free. Two years ago we proclaimed for liberty, today the administration asks for support in its attempt to strangle it. What the republican party declared would be criminal aggression two years ago, its leaders ask votes for today."

"Two years ago the republican party professed to enforce the Monroe doctrine. Today it has abandoned it. Two years ago we were a world power and were so recognized by European nations. Today we have not the courage to assert a definite policy concerning China. And what is the cause of all this? Gentlemen, it is the imperialistic policy of the administration. And much as the leaders of the republican party attempt to divert the attention of the voters from it, this is the real issue in this campaign and one that overshadows all others, and must be passed upon by the voters."

"No American except he whose mind is clouded by partisan zeal can honestly endorse the policy of the administration towards the Philippine islands. To hold those islands as colonial possessions and rule the people by force is contrary to the vital principles of the declaration of independence, tramples the constitution under foot, robs our flag of her brightest glory and assails the life of the republic. A republic ever, an empire never, are the words of our leader, William Jennings Bryant."

"Gentlemen, this is not the time to go fully into the issues. Those will be discussed later by me during the campaign. I wish to remind you that the contest in this district is yours as well as mine, and there never was a time in the history of the district when there was a greater necessity for united action by the Democratic party. The unanimity with which you have tendered me this nomination gives me an assurance that there is a united Democracy in this district. But, gentlemen, unity does not alone win the battle; there must be enthusiasm. With unity and enthusiasm on your part to carry the fight into every precinct, yes, into every home, if necessary, in this district, rest assured I will do my duty, and victory must be ours."

The following District Committee was elected: J. H. Doyle, Ward 12; J. J. Toomey, Ward 14; W. S. McNave, Ward 15; I. J. Tully, Ward 16; T. E. McCarthy, Ward 17; J. J. Casey, Ward 18; Ambrose Woods, Ward 19; John J. O'Neil, Ward 20; John S. Riley, Ward 24; Stephen H. Edwards, Quincy; M. C. Duffy, Milton.

Death entered the home of Mr. and Mrs. John C. Randall last evening, their eldest daughter Ruth, passing away at about eleven o'clock, after a serious illness of several weeks' duration.

Miss Randall was graduated from the Greenleaf private school, the Woodward institute and entered Bryn Mawr college a few years ago with a fine record, but owing to trouble with her eyes, had to give up before graduating.

Being of an active temperament and having a fondness for nursing, she decided to train to become a nurse, but it was not to be, for late in the summer she was taken ill. At times she was dangerously ill, having a complication of diseases, but up to the time of her death the family and friends were hopeful. Her death is a great shock to her wide circle of friends, and they feel deeply for the parents and sisters, who have lost so loving a daughter and sister.

Frederick James was fined \$5 for assault on Samuel F. James at Cohasset.

The continued case of Mary Logan was called and she paid a fine of \$5.

At right tackle, Adams, who played guard part of last season, is playing a good game, showing himself to be a fitting mate for Harrison.

Platts, who was a substitute on Thayer "90," is playing left guard, and will, under good coaching, prove a valuable man. Arnold is also trying for this position.

For right guard there are two candidates, Turner and Clark, both new men, with the former in the lead.

Of the two candidates for centre, Dow is the more experienced and steady, although light, and will probably make the position, but he is being hard pushed by Crawford, the 204 pound man, who is considered the find of the season.

The position of quarter back is being filled by R. M. Gallagher, the brother of last year's star quarter, and he is playing the same snappy game his brother played.

Captain Estabrook in his old place at left half back, will undoubtedly put up a strong game.

Remick, a new man, is very creditably filling the position made vacant by the departure of Eniac from left half back.

At full back, "Pete" Kelley is a trifle slow in getting his weight started, but he is doing some good line bucking and is kicking goals in fine style.

Whatever credit the team wins in the coming season will be due almost entirely to the efficient coaching of J. M. Townsend, captain Wesleyan '90. He is making veterans out of green men and is inspiring the team with snap, vigor and sand.

FIRE AT JUNK MAN'S

The Second Alarm from Box 31 Was False.

The fire department had two runs early this morning. The first alarm came from Box 45 at 12.45 o'clock, and the second from Box 31 at 1.45 o'clock. The alarm from Box 45 was for a fire in a small barn, situated between Crescent and Copeland streets near Willard street. The barn was owned by the Dobles, and was occupied by a Hebrew junk dealer. There was a horse and cow in the barn, besides numerous other articles, such as are usually found in a junk dealer's barn. Officer Daveron gave the alarm, and the animals were got out. The fire was burning briskly when the department arrived, and had burnt through the roof before it was extinguished. The loss, however, will not be heavy, as Chief Williams thinks \$125 will more than cover it.

The people who occupy the barn were at work about there up to nearly midnight, and it is thought a match dropped among the rubbish may have started the fire.

The department had little more than returned from this fire when an alarm from Box 31, located at the corner of Payne and Phillips streets, called them out again. This however, proved to be a false alarm.

The people who occupy the barn were at work about there up to nearly midnight, and it is thought a match dropped among the rubbish may have started the fire.

The department had little more than returned from this fire when an alarm from Box 31, located at the corner of Payne and Phillips streets, called them out again. This however, proved to be a false alarm.

Royal is the most economical of all the leavening agents.

Greater in leavening strength, a spoonful raises more dough, or goes further.

Working uniformly and perfectly, it makes the bread and cake always light and beautiful, and there is never a waste of good flour, sugar, butter and eggs.

Finer food; saving of money; saving of the health of the family; the last is the greatest economy of all.

Some baking powder makers claim their powders are cheaper. They can be cheaper only if made from cheaper materials. "Cheaper" means inferior materials always. To cheapen the cost of an article of food at the expense of its healthfulness, as is done in alum baking powders, is a crime.

Foot Ball.

The Thayer academy foot ball team, although beginning the season with only a few of its last year's players back, is nevertheless putting up a snappy game, and will doubtless make its mark in interscholastic circles before the season is over. It has already played a practice game with Weymouth high, winning 20-0.

Newell, who played a star game at full back last season, but who is now laid up with a dislocated shoulder, will undoubtedly play left end and should put up a fast game there. In the meantime Reilly, a new man but a hard worker, is playing a good game in this position, and will probably play right end when Newell returns to the game. At present Carr and Emerson, both new men, are showing up well in trying for that position.

Harrison, who captained last year's team so successfully, is playing his old position at left tackle which he filled so well last year, and is giving the team confidence by his return.

At right tackle, Adams, who played guard part of last season, is playing a good game, showing himself to be a fitting mate for Harrison.

Platts, who was a substitute on Thayer "90," is playing left guard, and will, under good coaching, prove a valuable man. Arnold is also trying for this position.

For right guard there are two candidates, Turner and Clark, both new men, with the former in the lead.

Of the two candidates for centre, Dow is the more experienced and steady, although light, and will probably make the position, but he is being hard pushed by Crawford, the 204 pound man, who is considered the find of the season.

The position of quarter back is being filled by R. M. Gallagher, the brother of last year's star quarter, and he is playing the same snappy game his brother played.

Captain Estabrook in his old place at left half back, will undoubtedly put up a strong game.

Remick, a new man, is very creditably filling the position made vacant by the departure of Eniac from left half back.

At full back, "Pete" Kelley is a trifle slow in getting his weight started, but he is doing some good line bucking and is kicking goals in fine style.

Whatever credit the team wins in the coming season will be due almost entirely to the efficient coaching of J. M. Townsend, captain Wesleyan '90. He is making veterans out of green men and is inspiring the team with snap, vigor and sand.

The team will begin its regular schedule on Saturday, Oct. 6, playing

St. Mark's school at Southboro. Manager Winslow is now busy arranging games with some of the best teams around Boston.

Miss Randall.

Death entered the home of Mr. and Mrs. John C. Randall last evening, their eldest daughter Ruth, passing away at about eleven o'clock, after a serious illness of several weeks' duration. Miss Randall was graduated from the Greenleaf private school, the Woodward institute and entered Bryn Mawr college a few years ago with a fine record, but owing to trouble with her eyes, had to give up before graduating. Being of an active temperament and having a fondness for nursing, she decided to train to become a nurse, but it was not to be, for late in the summer she was taken ill. At times she was dangerously ill, having a complication of diseases, but up to the time of her death the family and friends were hopeful. Her death is a great shock to her wide circle of friends, and they feel deeply for the parents and sisters, who have lost so loving a daughter and sister.

SPEAKS FOR M'KINLEY.

Eckels Prefers to "Trust His Wisdom and Experience to Bryan's Vagaries."

Warns Laboring Men Against Assault on Banking System.

Defends Trusts and Pleads for Defeat of "Bryanized and Emancipated Democracy."

Chicago, Oct. 6.—James H. Eckels, ex-controller of the treasury, spoke in the Auditorium last night to an audience that packed the great hall as tightly as it could be packed, hundreds of people being turned away. The meeting was under the auspices of the Business Men's Sound Money Association, and embraced men of all parties who oppose the 16 to 1 plank of the Democratic platform. Mr. Eckels was introduced by William Davis, president of the Amalgamated Association of Iron and Steel Workers, who made a short address. The Iron and Steel Workers of the Amalgamated Association, present in the meeting. Mr. Eckels spoke as follows:

In opening his speech Mr. Eckels said "I propose in this campaign, as a Democrat, to support Mr. McKinley for re-election, and on that behalf, I am upon this platform."

The speaker went on to point out that the overwhelming mass of business interests in this country repudiated the statements and the views expressed and held by Mr. Bryan, not from political or class prejudice, but because they want only stability in money, equity in law, and wisdom of word and action in the executive. They distrust Mr. Bryan. Speaking to the laboring men, he said: "I am certain, despite some individual injustice here and individual injustice there, you are better off at present and will be in the future, by acting with those who employ labor and not making common cause with men who neither themselves labor outside of the realm of politics for their own advancement, nor give employment to others."

Mr. Eckels warned the laboring men against taking part in the assault on the banks which would fall nowhere more heavily than on the savings institutions. He denied the doctrine that the banker prospers in the distress of the country as "unsound in reason and untrue in fact."

He pointed to statistics to show that banks shared in general distress, and then to the present improved facilities by which the laborer is the gainer.

"The difficulty with Mr. Bryan's statesmanship," he said, "is that it is a statesmanship of prejudice, class distinctions and misinformation. It is a statesmanship which takes no thought of the morrow, but contents itself with the political advantages of today."

The speaker then went into an elaborate defense of combinations of capital which, though large in the amount of capital invested, have regard for all the rules which control in ordinary business affairs.

He said that as a result of misinformation, what is called a trust is not a trust, but the highest development of a complicated and efficient form of civilization, made more manifest as man is more and more removed from the influences of ignorance and barbarism.

Speaking of the reaffirmation of the Chicago platform, Mr. Eckels said that if elected Mr. Bryan would abrogate the right of private contract and thereby put a premium upon dishonesty and evasion of just obligations. "The Democratic party," he said, "is against the enforcement of law and order by the lawfully constituted authorities in opposition to the will of mob law. It is against the country's courts of justice and the majesty of the law. It has no use for civil service. Its denunciation of trusts is a sham, branded so by placing the trust supporting and trust supported leaders of Tammany, high in Democratic councils. In fine, Mr. Bryan has brought the Democratic party to that unhappy condition where it can work injury to all and good to none."

In the most elaborate manner Mr. Eckels pictured the disaster consequent upon the enforcement of Mr. Bryan's views on silver and the effect upon the laboring man, and said that he would rather for all time to come forfeit his right of affiliation with the Democratic party than by chance assist in giving place to one who would, if placed in power, work out by the incorporation of his financial views and socialist theories into the law of the land a disaster so widespread and a ruin so far-reaching.

He said that he was not in favor of the war with Spain, or of colonial expansion, "but that expansion," he said, "is an accomplished fact made so largely by Mr. Bryan's co-operation, and dealing with conditions as they are and not as they might have been, I prefer to trust the wisdom and experience of President McKinley, to the vagaries of Mr. Bryan. "With each returning year a better condition will, through American influences, be worked out for the people of our foreign possessions, until, fitted for a larger liberty, they take their place in the galaxy of republics. But it will come about only through wisdom of act, statesmanlike legislation and education. It will not be the fruits of designing demagogues, patrician politicians and self-enriching spoliators."

In conclusion, Mr. Eckels said: "In the interest of good government, conservative administration, sound economic laws, full and fair regard for personal and property rights, the elimination of class distinctions, the wiping out of class prejudices, the dignity and power of law, I ask you to sustain the administration and defeat a Bryanized and emancipated Democracy. In such a course lies assurance of preserving for your children's children, untarnished in all their inheritance, those best traditions of the republic which in the past have added a splendid lustre to American citizenship and people, and in the future will gain for them a still greater weight of glory."

THE BUSINESS OUTLOOK.

Strike of Miners Affecting Trade in the East; But Little Ordering Ahead.

New York, Oct. 6.—R. G. Dun & Co.'s weekly review of trade says: Commercial failures during the third quarter of 1900 were 2519 in number, and \$27,119,996 in amount of liabilities. Compared with the same three months of last year there was an increase of 518 in number of commercial failures, and \$9,479,924 in amount of liabilities. As the mortality was lighter last year than at any time since 1881, the increase this year is not surprising nor alarming. That there appears a decrease of \$14,644,883, compared with the second quarter of this year, and \$5,902,577 compared with the first three months of 1900, shows to what extent business has recovered from the prostration which followed inflated prices and over-production during the exceptional activity of preceding years.

The anthracite strike settlement has been delayed another week, and the effect upon business in the east is more apparent, though distribution in the west and south seems no less active. Seasonable weather in the east would quickly aid matters. Prices are slightly lower in iron, wool, coal and sugar, but the produce and textile markets are firm, and in all departments of business an effort by distributors to increase transactions would quickly advance prices. There is little ordering ahead in any kind of merchandise.

Most manufacturing concerns are delaying extensive production until after election, and are buying little raw material.

The boot and shoe factories are more actively employed of such orders, confirming the reported reduction of stocks, but spring contracts are postponed.

Lower stocks at Chicago caused a sharp rise in prices of pork products. Cotton prices are maintained near the top. Mills are not active, as the present price of raw material is out of proportion to quotations ruling in the goods market. Refiners reduced sugar to 5-6 cents for standard granulated, but supplies are low.

Failures for the week were 208 in the United States, against 134 last year, and 23 in Canada, against 20 last year.

Suicide in a Horrible Manner.

Brockton, Mass., Oct. 6.—Charles F. Thomas, aged 42, had suffered with the grip. He was janitor of St. Paul's Episcopal church, and he went into the church basement yesterday and to all appearances he adjusted a rope to the furnace pipe, and, after mounting a box, tied the noose end around his neck. Then he took a jackknife and cut his throat. He kicked the box away and was left dangling in the air.

Offer of \$1,000,000 Did Not Effect Cure.

New York, Oct. 6.—Discouraged at not succeeding in gaining any relief from his blindness, though numerous experiments have been made in an effort to deserve his reward of \$1,000,000 for a cure, Charles B. Roush has withdrawn the offer of reward. His paid substitute, who upon whom experiments were made, will be dismissed. Mr. Roush says he is now satisfied that it is the will of the Almighty that he shall remain blind.

Socialists and Soldiers in Conflict.

Ghent, Oct. 6.—A serious conflict took place yesterday between a number of Socialists and soldiers during an open air performance by a regimental band. The latter was playing a royal air, and the Socialists began singing revolutionary songs and stoned some soldiers who were in company with the bandmen. The soldiers thereupon drew their swords and in the fight which followed several persons were wounded.

Has Been Missing Nearly a Month.

Boston, Oct. 6.—Rev. Father Duncan Converse of the Society of St. John the Evangelist, better known as the Cowley Fathers, left this city very suddenly nearly a month ago and is still missing. Father Converse has been for years a sufferer from acute nervous disorders, which have more than once resulted in his complete prostration. It is probably from one of these attacks that he is now suffering.

Ministerialists Continue to Gain.

London, Oct. 6.—Thirty-two contests took place yesterday in the parliamentary general election. Most of them were in rural districts, and the results have not yet been announced. So far as is known, however, 441 members have been declared elected, and the relative strength of the parties is as follows: Ministerialists, 301; Liberals, 77; Nationalists, 60; Laborites, 3.

Miner Predicts Return of Refugees.

London, Oct. 6.—The foreign office has received the following dispatch from the British high commissioner in South Africa, Mr. Milner: "The refugees begin to return to the Transvaal Oct. 16, at the rate of about 1000 weekly. It will take at least three months to repatriate those who are waiting in South Africa."

Siding With the Boers.

Cape Town, Oct. 6.—The Presbytery of the Dutch Reformed church, by a vote of 23 against 4, yesterday adopted a resolution strongly condemning Great Britain's policy in South Africa. The chairman, in the course of a vigorous speech, declared that he was only loyal under compulsion and did not care who knew it.

Search For Mrs. Harvey Abandoned.

South Framingham, Mass., Oct. 6.—The search for Mrs. Jennie R. Harvey, who has been missing from this place since last Wednesday, has been abandoned. It is now generally believed that the woman left home voluntarily, and that she is not mentally unbalanced, as was at first thought to be the case.

Enforcing Prohibitory Law.

Augusta, Me., Oct. 6.—This city is just now in the first stages of a temperance crusade, searches for saloons and liquor at the rate of about two a day being carried on. It is said that a clean sweep is to be made.

Killed by Fall From Window.

Boston, Oct. 6.—Mrs. Bridget McAllen, 35 years of age, fell from a window, three stories to the ground, on Commercial street, and was instantly killed.

SHOWS SIGNS OF DISTRESS.

Arduous Work of the Campaign Beginning to Tell Upon Candidate Roosevelt.

Rock Island, Ill., Oct. 6.—Governor Roosevelt, who spoke in this city and Davenport, Ia., last night, thus closing another day of hard campaigning, is beginning to feel the effects of the arduous work undertaken by him. Since he began his itinerary through the northwestern states, he has been speaking from 10 to 20 times each day, closing the day's labors usually with a night meeting. Many of these meetings have been in the open air, requiring extra exertion on his part. He has now been on this journey for more than 30 days, and he is beginning to show signs of distress and a failing voice. If some relief is not afforded he may be unable to last to the end of the campaign. It has even been suggested that all the eastern engagements be postponed for one week. The trip through Iowa yesterday was a very satisfactory one, large meetings being held at all points where stops were made.

Bryan Visits Republican District.

Anderson, Ind., Oct. 6.—The meeting which closed here at 10 o'clock last night was the last of a series of remarkably large political demonstrations made in connection with the appearance in Indiana of Mr. Bryan. He almost circled the city of Indianapolis, visiting no fewer than nine counties, and making an even dozen speeches yesterday. A majority of these places are important manufacturing centers, and all the communities traversed are considered Republican in politics. They could not, however, have given Mr. Bryan a more cordial reception than they extended if the sentiment had been pronouncedly for him. Trusts formed the subject of most of the speeches of the day, but at Richmond, Mr. Bryan devoted all his time to imperialism. The presiding officer at the Richmond meeting was Henry U. Johnson, formerly a prominent member of congress, and until recently a pronounced Republican.

Cannot Support Platform of 1896.

Philadelphia, Oct. 6.—In a letter to The Ledger, Wayne MacVeach, who was ambassador to Italy under President Cleveland's administration, after denouncing the Democrats for the position they have taken on the Philippine question, in the light of their previous advocacy of the war with Spain and subsequent endorsement of the ratification of the treaty, says he finds himself in harmony with the Republican platform on the gold standard. "But the controlling reason with me for supporting McKinley and Roosevelt," he concludes, "is the unwillingness I feel to intrust the government of the country to the men who now represent and control the Democratic organization, standing as they do upon the Chicago platform of 1896."

Yale Boys Form a Republican Club.

New Haven, Oct. 6.—The Yale Republican club was formed last night, fully 800 students forming on the campus for a torchlight parade. Headed by a brass band, the students paraded about town. The speeches were wildly applauded by the students, who filled a hall to overflowing.

Government Has a Strong Case.

Dover, N. H., Oct. 6.—On the charge of murder John Williams, John Brown and Frank Gold were brought to the bar of the supreme court yesterday, charged with the killing of John McNally and Thomas Dobbins on July 4 last. One day sufficed for the prosecution to complete its case. The murders followed a street row, in which nearly a dozen men took part, and in which several were shot, McNally and Dobbins dying soon after. The government's case appears to be well put together, with positive identification of Williams as the one who deliberately shot both Dobbins and Williams.

Further Postponement Refused.

Georgetown, Ky., Oct. 6.—When the case of Henry Youtsey, charged with being a principal in the shooting at Governor Goebel, was called in the circuit court, yesterday, counsel for the defense moved a further postponement. Judge Cantrill overruled the motion. Counsel for the defense then moved that the defendant be discharged, alleging the indictment filed in this county was only a copy. This motion was also overruled.

Lipton Engineered the Deal.

Chicago, Oct. 6.—Shorts in October pork were given an unexpected shaking up yesterday by the price jumping \$2 per barrel, part of it at the rate of 50 cents between trades. The price went from \$13 to \$15, and closed at \$14.50, a net gain of \$1.40 for the day. Within 30 days there has been an advance of \$3.20. Sir Thomas J. Lipton, the English yachtsman, tea merchant and packer, is behind the deal.

Taylor Falls Before Vardon.

Chicago, Oct. 6.—Before the largest gallery that ever witnessed a golf championship in America, Harry Vardon, former champion of Great Britain, won the open championship from Great Britain's premier golfer, J. H. Taylor, by the narrow margin of two strokes, at Wheaton.

NEWS IN BRIEF.

Charles C. Stratton, senior proprietor of the Fitchburg (Mass.) Daily Sentinel, and prominent among different orders in that city, died at Fairlee, Vt., his native place. He was 74 years old.

George Swan, prominent in the Worcester county bar, died at Worcester, Mass., aged 74 years. He fell recently and broke a hip, and it is supposed he had a shock of paralysis. He was born in Hubbardston, Mass., in 1824, and won fame at the bar and as a man of wit.

Captain John McIntosh Kel, adjutant general of Georgia, and one of the most noted men in the south, died at Sunnyvale, Ga. He had been in bad health for a long time. He was 77 years old.

The Pawtucket, R. I., Congregational church has received a donation of \$10,000 from Lyman B. Goff, the income to be used for current expenses. This makes \$20,000 donated by the Goff family to this church.

The side-wheel iron steamer Old Dominion, with about 750 tons of freight and several passengers, had her wheel damaged by collision with a schooner in Boston harbor.

Clara Kopp Wrote for Mrs. Pinkham's Advice and Tells what it did for Her.

"DEAR MRS. PINKHAM:—I have seen so many letters from ladies who were cured by Lydia E. Pinkham's remedies that I thought I would ask your advice in regard to my condition."

I have been doctoring for four years and have taken different patent medicines, but received very little benefit. I am troubled with backache, in fact my whole body aches, stomach feels sore, by spells get short of breath and am very nervous. Menstruation is very irregular with severe bearing down pains, cramps and backache. I hope to hear from you at once."

CLARA KOPP, Rockport, Ind., Sept. 27, 1898.

"I think it is my duty to write a letter to you in regard to what Lydia E. Pinkham's Vegetable Compound did for me. I wrote you some time ago, describing my symptoms and asking your advice, which you very kindly gave. I am now healthy and cannot begin to praise your remedy enough. I would say to all suffering women, 'Take Mrs. Pinkham's advice, for a woman best understands a woman's sufferings, and Mrs. Pinkham, from her vast experience in treating female ills, can give you advice that you can get from no other source.'"

Mortgagee's Sale.

BY Virtue of the power of sale contained in a certain mortgage deed given by Thomas F. Daly to John Q. Adams, trustee under the will of Mr. C. Adams, deceased, dated May 23d, 1887, and recorded with Norfolk Deeds, Book 591, page 337, which mortgage was duly assigned to me, for breach of the conditions contained in said mortgage deed, and for the purpose of foreclosing the same, will be sold at public auction, on the premises hereinafter described, on TUESDAY, October sixteenth, 1900, at ten o'clock in the forenoon, all and singular the premises conveyed by said mortgage and therein described as follows:

A lot of land in the south part of Quincy, Massachusetts, being part of a tract conveyed to J. Q. Adams and others, trustees, by the Old Colony Railroad Company, by deed of May first, 1887, which said trustees have caused to be surveyed in house lots and plotted on a plan by Whitman & Brock, which plan is to be recorded with Norfolk Plans, and upon which the granted premises will be numbered 36, bounded as follows: Easterly on Trafalgar street for sixty feet (60) feet; northerly on lot 37 for eighty (80) feet; westerly on lot 35 sixty (60) feet; and southerly on lot 35 eighty (80) feet. Containing fifty-two hundred (5,200) square feet of land. Together with all the buildings thereon.

Said premises are conveyed subject to all unpaid taxes and assessments. One hundred dollars of the purchase price to be paid at the time and place of sale; other terms announced at the sale.

LESTER M. PRATT, Assignee and Present Holder of said Mortgage.

W. W. Jenness, Attorney, 87 Milk Street, Boston, Mass., Sept. 20th, 1900.

Partial arrangements were made for the literary work of the coming season, followed by a social hour. The next meeting is to be held at the home of Chas. O. Miller, Tuesday evening, Oct. 16.

Is there a more dangerous road to drive over, especially after dark, than Washington street from Plain street to the Holbrook line? This road is very narrow and the electric car track crosses the road five times within a mile. After dark that portion of our town needs street lights and if we can't afford electric lights along the much travelled Washington street let us have kerosene lamps.

On Saturday, Oct. 20, there will be a grand barbecue and entertainment at Braintree Town hall. Great preparations are being made for this unique event by the committee of ladies and gentlemen having the matter in charge, and the proceeds will be for the benefit of Trinity Chapel, Mayflower Park, South Braintree. The barbecue will be of the Texan kind and Mr. H. J. Seiler of Boston will be the caterer.

BOSTON AMUSEMENTS.

Boston Theatre.

Duel scene in forest of Fontainebleau in the thrilling play of Monte Cristo, played by James O'Neill at the Boston Theatre.

Boston Museum.

Last Monday marked the return to the stage of Charles E. Evans, who appeared before a tremendous audience at the Museum as the gay and merry Professor of "moral culture" in David Belasco's roaring comedy "Naughty Anthony." This play ran for nearly one hundred and fifty nights at the Herald Square Theatre, New York, the latter half of last season and created a veritable sensation. In the title part as played by Charles Evans Monday night he scored the triumph of his career, even surpassing his laughable creation of the book agent when a few years since, he was starring with "Old Hoss" Hory in "A Parlor Match." As if three acts of incessant laughter were not enough to fill out an evening's enjoyment, David Belasco introduces a complete production of his famous "Madam Butterfly" which set the critics of London simply wild with admiration when the play ran for three months last summer at the Duke of Yorks theatre.

Castle Square Theatre.

The great popularity which attended the original production of Paul Armstrong's charming play "Just a Day Dream," at the Castle Square Theatre during the summer of 1899, has led the management of this play house to announce its revival as the coming week's attraction. The opportunity thus given to the winter patrons of the Castle Square to enjoy Mr. Armstrong's interesting dramatic work will, without doubt, be fully appreciated. The opportunity for artistic marine and oriental stage pictures afforded by the play will again be fully improved and the cast of leading characters has been arranged as follows: John Powers, John Craig; Carroll McKay and Carroll Norton, Charles Mackay, John Powers Grant, J. L. Seely; Bethel Grant, Lillian Lawrence; Gladys Kearney, Hope Ross; Mrs. Hardy, Leonora Gail. On Monday, Oct. 15, the first Boston production in many years of Charles Selby's romantic drama "The Marble Heart" will be made at the Castle Square

Theatre. The Monday matinee patrons will be given souvenir boxes of chocolate bonbons.

Keith's Theatre.

The programme at Keith's Boston Theatre for the week commencing Monday, Oct. 8, will include the following well known entertainers: Eleanor Falk and her eight Jersey lilies, in a singing and dancing specialty, with beautiful spectacular effects; Max Waldon, a clever European female impersonator, who has been making a big hit on the Keith circuit; Little Elsie, the "American Lolita," in impersonations of well known play-folk; Gloss brothers, acrobats; Lizzie and Vinie Daly, the noted step dancers; Flo Irwin and Walter Hawley, in a comedy and singing sketch, and Silvers and Ernie, ring and trapeze performers. There will be a number of interesting new motion pictures in the biograph, including one of the first heat of the \$30,000 stallion race that took place at Readville, Mass., recently. The latest "new" thing in connection with this handsome playhouse is a suite of ladies' apartments that have just been opened beneath the grand marble stairway of the Tremont street entrance, which all the women patrons of Keith's should inspect.

Park Theatre.

James Lane Allen's beautiful story "The Choir Invisible" as brought out by Liebler &

John Gray is attracting wide-spread attention. As dramatized by Miss Frances H. Johnston.

HENRY JEWETT.
 Lends the book closely and carries one to old Kentucky.

FATAL HUNTING TRIP.

Boys Were Fooling and Gunshot Went Through George Thompson's Head.

Companion at First Denied Knowledge of the Affair.

Afterward Broke Down and Related the Circumstances of the Tragedy.

Fall River, Mass., Oct. 8. — George Thompson, 15 years old, was found dead in a field on Johnson's farm in South Somerset Saturday afternoon, with a gunshot wound entirely through his head. The mystery of the killing was cleared up yesterday by a story told by Ruel Jackson, who was his companion on the fatal hunting trip. The boy pointed out the place where the body was found and also the place where he said that he left Thompson. He absolutely denied all knowledge of how Thompson met his death.

Shortly after noon another interview was held with young Jackson, and he broke down and told all he knew about the killing. He said that he and Thompson came across the Slades ferry bridge, which spans the Taunton river, about 10 o'clock Saturday morning and went into the Hathaway woods. They stayed there all the forenoon and in their travels they met Charles Snow, who was also out gunning. The three boys were together some time and then the Snow boy left them. They met him again and he stayed with them until about 2:15, when he left again, saying that his powder which he was using in a muzzle loading gun was all gone.

After his departure Jackson and Thompson laid down on the grass where the body was found, with the two guns between them. The hammer of Jackson's gun was at full cock. Thompson picked the gun up and was examining it carefully, and Jackson took the gun and put the hammer down in its former position. They began fooling, and soon a girl named Julia Manning came along with a bag in her hand. The Thompson boy asked her for an apple, which was given him, and the girl passed on. The two boys resumed their fooling, and Jackson says that in some way Thompson's foot struck the hammer of the gun which was resting on the firing pin and it was discharged, sending the charge directly into Thompson's face. Jackson became greatly frightened and picking up his gun ran away through the fields in the direction of the road to Fall River.

On the road he met a wagon and was given permission to ride. At the center of the Slades ferry bridge he dropped off and proceeded on foot through the streets of Mechanicville to Steep Brook. There he left the gun and his shooting jacket at the house of William Lewis, from whom he had borrowed them. He then remained in the neighborhood until dark and went to his father's house in Fall River.

The body was found shortly after the killing by Charles Snow, with whom the boys hunted in the afternoon. He had been at a relative's house and had left the boys at 2:15 or thereabouts to get ready to take a car for Fall River and was on his way to the street railroad when he found the body.

An autopsy was held last night by the medical examiner, who stated that Thompson met his death by gunshot wounds, the charge entering above the mouth and going upward and inward to the base of the brain. An inquest will be held at the discretion of the judge and district attorney. No date has yet been set.

Likely to Remain in the North.
St. John's, Oct. 8. — The failure of the Peary exploring steamer Windward to return from the north leads local observers to believe that the explorer will not attempt to get back this autumn. If the season just past was an open one in the far north Lieutenant Peary is likely to have taken the Windward into some high latitude, hoping to use her in a further expedition next season. This would mean that he has made no special record during the present year.

Jessie Cobb Was Strangled.
Lewiston, Me., Oct. 8. — Coroner Sampson has empaneled a jury to investigate the death of Jessie Cobb. Physicians who examined the body were satisfied that death was due to strangulation and not to drowning. Fred Brooks, said to figure in the case and whose real name is reported to be Bradbury, has not been located.

Furniture Scattered For Miles.
Duluth, Oct. 8. — One of the fiercest tornadoes that ever visited northern Minnesota and parts of Wisconsin struck Biwabik, killing eight persons, injuring many and doing damage variously estimated at from \$300,000 to \$500,000. Houses in the path of the tornado were blown to atoms and the furniture scattered for miles.

Genesee Pure Food Co., Le Roy, N. Y.:
Dear Sirs:—Some days since a package of your GRAIN-O preparation was left at my office. I took it home and gave it a trial and I have to say I was very much pleased with it, as a substitute for coffee. We have always used the best Java and Mocha in our family, but I am free to say I like the GRAIN-O as well as the best coffee I ever drank.
Respectfully yours, A. C. JACKSON, M. D.

CONDITIONS IN THE PHILIPPINES.

Mabini Liberated From Prison—Signs of Renewed Activity of Insurgents.

Manila, Oct. 8. — Senor Mabini, the virtual founder of the so-called Filipino government, who was captured by the Americans last December and lodged in jail in Manila, has been liberated.

As Senor Mabini had always most persistently refused to take the oath of allegiance to the United States, government he had maintained his reputation among the Filipinos as a resolute patriot. They now believe that he has reached a private understanding with the American authorities which has secured his release, and consequently, he has lost some of his popularity, although he is still considered the leader of the dormant revolutionary element.

Four troops of cavalry and two companies of infantry have recently reinforced General Young in Northern Luzon, where the insurgents are concentrating in the provinces of Abra and North Ilocos, though without decisive results. It is obvious, however, that the maneuvers of the Filipinos are more skillful than formerly, and that the military tactics of the Americans are being followed by them.

This week the commission will begin the work of revising the tariff, making use of the results of the investigation of the army board in this direction. It is the intention of the commission to give American trade a better chance than it has heretofore enjoyed, owing to the high duties.

Slowly Executing a Contract.

London, Oct. 8. — Sir Thomas Lipton, in the course of an interview that appears in The Daily Express this morning, denies any attempt to corner pork in Chicago. He says: "I have never yet tried to corner food. On the contrary, my object has always been to lower rather than to raise food prices. I received a large government order, compelling me to keep a big stock in reserve. My business in Chicago bought extensively and consequently I hold a rather bigger stock than usual. It is legitimate business to execute my contracts, and their execution will not affect the American public at all. I object to corners on principle."

Lives and Property Lost in Flood.

Tampico, Mex., Oct. 8. — The Panuco and Tames rivers, which empty into the Gulf at this place, are one of the biggest rises in their history, and great damage has been wrought by the floods in the populated and cultivated valleys above here. At one point the Tames river is over 50 miles wide and has swept to destruction hundreds of houses, occupied Mexican farmers and laborers. Many cases of drowning are reported. Tributaries of these rivers in the state of San Luis Potosi are out of their banks and have swept away whole villages and ruined thousands of acres of growing crops.

Predicts International Complications.

Boston, Oct. 8. — Colonel Arthur Lynch, leader of the Irish brigade in the Boer war, has arrived in Boston. In an interview he outlined what he believed would lead to international complications when England attempts to get her annexation of the Orange Free State recognized by the other great powers. He predicts that a friendly hostility to England will bring its natural result in the formation of a United States of South Africa.

Serious Cutting Affair.

Hartford, Oct. 8. — James Martin, an Italian, was cut in the arm yesterday while he threatened Mrs. Vito Cirigliano with a revolver. She used her husband's razor. Martin hurried to a drug store and fainted from the loss of blood. His condition is serious. Martin boarded with the woman and her husband, and he had a quarrel with the woman over the ownership of a penknife. She was arrested.

Boers Leave Pilgrim's Rest.

London, Oct. 8. — It is estimated, according to the Pietmaritzburg correspondent of The Daily Mail, that from 4000 to 5000 Boers have retreated from Pilgrim's Rest, northeast of Lydenburg, with four Long Toms and 22 other guns. The correspondent understands that their Long Tom ammunition is almost exhausted.

Spencer's Big Fire.

Spencer, Mass., Oct. 8. — Two buildings, one occupied by the Nipmuc Paper Box company and the other by Rockwell Holden as a woolen stock storehouse, were burned yesterday. The loss on buildings is \$8000. The Nipmuc Paper Box company's loss is \$15,000. Holden's loss is \$8000. The cause of the fire is unknown.

To Aid the Homeless.

Galveston, Oct. 8. — Miss Clara Barton, president of the National Red Cross society, has issued a statement to the manufacturers and business men of the country, in which she appeals to them for aid in the way of material to be used in the building of homes for those who lost their all in the recent storm.

Thought to Be an Old Crook.

Boston, Oct. 8. — William J. Nelson, for stubbing a porter at the United States hotel Sept. 13, was brought here from Rochester by a police inspector to stand trial. The police think Nelson is Ben Hiss, a clever pickpocket, who was a leader of a gang of thieves cleaned up a year ago in this city.

Incendiary Fire Causes \$7500 Loss.

Gloucester, Mass., Oct. 8. — A fire of incendiary origin destroyed three summer cottages at Bass Rock. All the cottages were unoccupied, the families having closed them for the season a week ago. The loss is estimated at \$7500.

WITH ALL SAILS SET.

Schooner Sent to the Bottom of the Sea in a Collision With a Steamer.

New York, Oct. 8. — The schooner A. A. Shaw, bound from Philadelphia to Providence with 300 tons of coal, lies on the bottom with all sails set and masts sticking 12 feet out of the water in the course of coastwise vessels. The schooner was out down in a dense fog by the steamer Hamilton off Delaware breakwater yesterday morning. The captain and crew of seven men were saved.

The Hamilton was on her way to New York with 10 cabin passengers and a general cargo. She was going at a 10-knot gait when the accident occurred. The lookout man on the schooner was blowing the foghorn at intervals and he could hear the whistle of the steamship before she loomed up in the fog. Suddenly the iron stem of the incoming Hamilton crashed into the Shaw amidships on the starboard side. The blow was terrific and the big liner cut through the schooner to the weather side of the hatch. At the same time the mainmast fell across the liner's bow, carrying away some of her rigging.

After striking the Hamilton kept her nose in the breach while the men on her threw ropes to those on the schooner. As soon as the rescue men were all on board the Hamilton backed away from the Shaw and she sank almost immediately.

The A. A. Shaw was owned in Philadelphia. She was about 15 years old and of 900 tons burden. Except a slight damage to her rigging caused by the falling of her mainmast the Hamilton was not damaged.

Plague in Wales and Scotland.

London, Oct. 8. — A bacteriological examination has been made in the case of Soman Carnett, who arrived at Newcastle Sept. 23 on a vessel from the Iles de La Plata and went to Llandaff, Wales, where he died last Thursday. The results show unmistakably that the disease was the bubonic plague.

Glasgow, Oct. 8. — A man who was brought here from Coven, just below Glasgow, on Sept. 29, died yesterday of the bubonic plague.

A Mother's Awful Sacrifice.

New York, Oct. 8. — Driven frantic by the cries of her children for food, after they had gone for 48 hours, Mrs. Mary Saybold, wife of Andrew Saybold, hanged herself in her home, apparently to let her life insurance go to provide for her children for a short while longer. Mr. Saybold was too weak to work and Mrs. Saybold did what she could to keep the family provided for, but the strain was too much for her.

German Church in Jerusalem.

Jerusalem, Oct. 8. — The bishop of Jerusalem, in the name of the pope and in the presence of the German consul and 500 German pilgrims yesterday laid the cornerstone of the church which is to be erected on Mount Zion, on the site which Abdul Hamid presented to Emperor William on the occasion of the latter's visit to the holy land.

Donovan Won Race and \$1000.

Worcester, Mass., Oct. 8. — Edward Donovan of Natick, Mass., defeated P. H. Fadden of Clinton, Mass., in a match foot race of 100 yards for a purse of \$1000. The distance was covered by Donovan in 10 1-5 seconds. He defeated his opponent by 2 1-2 yards.

Englishmen Buy an Oregon Mine.

Baker City, Ore., Oct. 8. — A private dispatch from London states that the Red Boy mine, near this city, has been sold to an English syndicate. It is said the purchase price is in excess of \$2,000,000.

Population of New Hampshire.

Washington, Oct. 8. — A official announcement by the census bureau, the population of New Hampshire is 411,583. In 1890 the population was 376,520, the increase being 35,063, or 9.3 percent.

Record Broken by a Rescuer.

Cleveland, Oct. 8. — Stallion Crocetta trotted a mile in 2:04 on the Glenville track, making a new world's record.

Aluminum Kitchen Utensils.

Think what it means to have your cooking utensils made of a material that looks like burnished silver, that never discolors and even smoke or fire cannot change. That is almost as light as as a feather, weighs about one-fifth as much as ordinary tin. That cannot be broken, will not lose its shape, cannot chip off like enamel ware, cannot burn your food. Cleans instantly without scouring, as food cannot stick to it. Made of a refined metal as pure as gold. If you are willing to pay a little more for the comfort Aluminum ware will bring in your kitchen your labors will be reduced one-half. If you will but try one article of this famous ware we know it will delight you.

Good Afternoon

Quincy feels her importance more than ever, when she learns that there is only one city in the state of New Hampshire that is larger, but then the population of the White Mountain state is not equal to that of the city of Boston.

Candidate Napen in his speech of acceptance is bitter against President McKinley because of what he terms the imperialistic policy of the administration. Now, imperialism according to Webster is "the power or character of an emperor; imperial power." But almost in the same breath Mr. Napen says: "Today we have not the courage to assert a definite policy concerning China." If McKinley had been the cruel despot, charged by Mr. Napen, he would have slaughtered the Chinese right and left, or allowed other nations to do it. But no, the United States has avoided international complications. It acted promptly in sending protection for our citizens and their property in China, and then completely refuted the fantastic conception that we entertained purposes of aggression upon the territory of the country. In fact President McKinley directed the diplomacy of the world and saved China from disruption and possibly from national extinction.

Mr. Napen's criticisms of President McKinley are not shared by the people generally. Ex-Mayor Quincy in an interview on Saturday says, in referring to the attitude of the administration at Washington toward the Chinese question: "I heartily endorse the stand taken in this matter, and although I am a Democrat, I would like to have recorded my approval of President McKinley's course in pursuing, as he has, policy of moderation. I think we have furnished a salutary object lesson to the powers in avoiding entanglement on the Asiatic continent."

Whatever may be the result of the Republican Representative convention on Wednesday evening, no one can say that the nominees are the choice of the Republican voters of Quincy. The convention is quite as likely to nominate weak candidates as strong ones. The method is certainly defective, and should be discarded next year, and a direct caucus vote on all candidates substituted. It is the Republican voters of the city, and not any delegates, who should make the nominations where no outside towns are in the Representative district.

In some wards the voters had the privilege of expressing themselves in favor of one of the two to be nominated, but in others they did not even have this privilege, but delegated all their powers to a few men, some of whom are liable to transfer the authority to others who may or may not be voters of their ward.

Although the caucuses were held two weeks ago, the party and the aspirants appear to be all at sea as to who will be the nominees. The wards are entitled to the following representation: Ward One, 8; Ward Two, 5; Ward Three, 8; Ward Four, 5; Ward Five, 8; Ward Six, 4; a total of 38. It will be seen that 20 votes will be necessary for a choice. Just after the convention the indications were that Wards One, Five and Six with the requisite 20 would unite and nominate Messrs. Elen W. Sheppard and Frank E. Bad-

DECLINES TO RUN.

W. G. A. Pattee, Esq., Not a Candidate and Not a Democrat.

It was not surprising that W. G. A. Pattee, Esq., of this city should decline the Democratic nomination for Register of Deeds for Norfolk county, because he could not afford to put aside his extensive law business, but some of his reasons will surprise many.

His letter of declination reads:

"I certainly cannot accept the nomination for various reasons.
"First—My belief is that the office of registrar of deeds is one which should be kept free from politics, for the incumbent is not called to pass upon any party question or principle, and the sole consideration in filling the office is as to the ability and qualifications of the person to be selected to perform the duties required.

"Second—The present register of deeds, Mr. John H. Burdick, has filled the position for 20 years and performed the duties of the office, as far as I know, to the entire satisfaction of all parties interested. To my knowledge he has by his personal efforts done much to bring the records up to their present high state of efficiency. When I find a man qualified and performing well the duties of an office of this character, I certainly cannot permit myself to do anything tending to cause his removal; on the other hand, it is my duty, as well as that of all other good citizens, to approve and encourage him in the performance of his duties.

"Third—I have not the qualifications requisite to fill the office, and, even if I had, I could not allow myself to give up the practice of law to fill the position, which would be the duty of any one to do if elected.

"Fourth—According to the account of the convention, it was voted that none but Democrats should be placed in nomination, and by the standard which has recently been applied, that in order to be a democrat one must support the platform of the last national democratic convention, I do not feel that I am within the requirements set forth in that vote."

Was Exaggerated.

The report of the break at the Norfolk Downs depot published last week was a little exaggerated. The break was discovered by Officer Goodhue whose beat is in that vicinity. He found that one of the oval windows in the ticket office had been smashed in, and the catch of the window turned. The ticket in the office were scattered about the room but there were none about the platform. The report that all the windows were smashed out and that the tickets were scattered about the platform was doubtless started by someone who got up too early and was not able to see aright.

Miss Elizabeth Curley of Atlantic has succeeded Miss Elizabeth Desmond as organist in the Sacred Heart church.

The funeral of Mr. Thomas Penniman of Pond street, Braintree, who died suddenly Saturday will be held Tuesday at 2 o'clock.

Is your name on the registration list? Don't depend upon an uncertainty, but see for yourself that it is there. Election day will be too late to remedy any omissions in the list.

Notices have been posted in the clerks room at the district court by Judge Humphrey to the effect that the office hours of the clerk of the court are from 9 to 12 o'clock daily.

There was a large congregation at Bethany church Sunday night to hear Rev. E. N. Hardy's first lecture on "Ye Church Life of Ye Fathers." The old time music by the large choir was greatly enjoyed.

Mr. James F. Young and Miss Lilian E. Taylor quietly surprised their friends on Sunday, and are now on a wedding tour in western Massachusetts. The marriage took place at the residence of the bride's parents at 34 Elm street, in the presence of the immediate family, the Rev. Edward Norton officiating. They will be at home on Franklin street after Jan. 1.

Sport in City Square.

A dog owned by a family on Russell Park gave a young man a lively chase in City Square Sunday morning.

The young man with others stood near Kittredge's waiting for a Houghs Neck car. While waiting he put a small bundle containing a lunch and a pair of overhauls on the sidewalk. Then it was that the bull dog sneaked up, and grabbing the bundle made off with it. The dog followed by the owner of the bundle, ran up Savil street, then through Dr. Garey's yard to Hancock street, and headed for home. It was a lively chase and furnished plenty of amusement for those who happened to be in the square.

The dog went home all right, and after some difficulty the owner of the bundle and his friends who had followed to see the fun, secured the coveted parcel.

CITY BREVITIES.

A Local Budget with the News in a Nut Shell.

The house opposite Wharf street
owned by Mr. Meade is being re-
modeled.

Rumor has it that a drug store will
be opened in the Adams building early
next month.

The rain this morning was of the
kind that beats down into the ground
and does lots of good.

It is expected that services will be
held in the new St. Mary's church
about Christmas time.

Norfolk lodge, A. O. U. W., has ar-
ranged for a smoke talk in Brasse's
hall Thursday evening, Oct. 25.

Seldom is a handsomer pair of horses
seen than the iron greys that draw the
West Quincy hook and ladder truck.

Sunday was the chosen day at the
beach for hauling up the boats. Many
men confessed that they had not worked
so hard any day last week as they did
Sunday.

West Quincy people would like to
see the old buildings on the Farnum
estate owned by the Woodward Fund
removed, and a modern block erected
on that site.

Any book, picture or vase that you
have discarded, may give pleasure to
some one, and would be gratefully re-
ceived by the King's Daughters for
their Rummage Sale.

Nearly all the fences and walls on the
north side of Copeland street between
Crescent street and the depot have
been moved back to the new line and
workmen are engaged moving back the
walls, etc., on the south side.

Nine members of the Wollaston Golf
club are entered for three days' tourna-
ment of the Allston club this week,
viz: W. K. Farrington, W. U. Swan,
John Morrill, George E. Forbush, D.
E. Gould, Dr. J. W. Parks, W. A.
Clark, A. H. Turner and F. V. Chip-
man.

Some of the energetic young men of
Atlantic are trying to organize a foot
ball team. Many years ago Atlantic
could boast of as competent a team as
any in the vicinity, but the "sporting
spirit" has seemed to die out of late
years and until recently there has been
no regular foot-ball team there. It is
hoped the attempt to form one will be
successful.

Books and Magazines.

"Mint in the Caisine," is the lead-
ing article in the October number of
Table Talk. It gives the various uses
that can be made of mint with many
new recipes. It will be of interest to
practical housewives. "Rich White
Cake and Other Mixtures, with Re-
marks on Baking Them," is another
excellent article with much new in-
formation about Cake Making that will
be welcomed.

Among the special features of the
Woman's Home Companion for Octo-
ber are "The Recollections of a Mid-
get," by the Countess Magri, formerly
the wife of General Tom Thumb; the
first part of an essay on "Heroes and
Heroines," by Robert Grant; the first
of a series of travel articles by Lillian
Bell; a description by Edgar Fawcett
of the famous pleasure-grounds about
London; the presentation of Pope Leo
XIII in the light of a housekeeper, by
Edward Page Gaston, and an article
entitled "The American Girl Musician
Abroad," by Edward A. Steiner.

Work to be Rushed.

The first steel ribs of the craser Des
Moines, which will be built at Quincy
Neck by the Fore River Engine works,
were taken from the furnaces Monday
and bent into position. Work will be
rushed from now on.

The wonderful prosperity of the
country was never more clearly shown
than in the enormous amount of travel
this season. Every railroad, steamboat
and hotel has been crowded as never
before. It simply shows when everybody
is making money they are all anxious
to get the benefit of what it will give
them. The great Broadway Central
Hotel in New York and the United
States Hotel in Boston are among the
largest of the representative hotels of
the country, and they report a business
never before equalled.

The body of Dr. Lawrence M.
Gould of Hyde Park, who died in
Portland, Me., on Sunday, will be
taken to East Weymouth on Wednesday
for burial.

Andrew C. Armstrong, one of the
founders of Scribner's Monthly, now the
Century Magazine, and one of the oldest
publishers in New York, died at his coun-
try home at Stamford, Conn., after a
long illness from a complication of dis-
orders. He was 71 years old.

THE DOVER DOUBLE MURDER.

Williams is Convicted of Manslaughter, While
Two Companions Are Acquitted.

Dover, N. H., Oct. 9.—After nearly 10
hours' deliberation the jury in the case of
the state against John Williams, Frank
Gold and John Brown returned a verdict
last night against Williams for man-
slaughter in the first degree, while his
two companions were acquitted, on the
charge of killing John McNally and
Thomas Dobbins in this city on the night
of July 4 last.

They were all taken back to jail last
night and Williams will be brought into
court today for sentence, while Gold and
Brown will undoubtedly be turned over
to Lawrence, Mass., officers to be tried
on an indictment charging them with
breaking and entering the Cold Spring
brewery office in that city on the night
of July 2. There are, however, three
other indictments against them in the
local supreme court.

The crime for which the three men were
tried was committed in this city on the
night of July 4, when John McNally and
Thomas Dobbins were shot and killed,
and Joseph Gagnon and Arthur Russell
were seriously injured. The shooting
took place on Main street, and the al-
leged murderers were captured July 6 at
a roadhouse near Granite State park.
The scene of the shooting is a locality
devoted mainly to tenement houses oc-
cupied by employees of the mills of the
Cocheco Manufacturing company, and
it was the practice of the men and women
to sit on the doorsteps after the working
hours and on holidays, or to gather in
groups at convenient places in the vicinity.
It was alleged that these conditions
accounted for the fact that the men who
were shot were in a position to resent
the alleged insults of the three men,
which were said to have preceded the
shooting.

An Unexpected Fortune.

St. Paul, Oct. 9.—Thomas P. Harkin, a
Boston railroad man, accompanied a
special excursion party through to the
Pacific coast in 1890, and on the trip met
Miss Giffin of St. Paul. The two became
engaged and were to have been married
in 1892, but two weeks before the date
set for the wedding Mr. Harkin died sud-
denly. Before his death he bequeathed his
fortune to Miss Giffin, and she has now
received it. Recently the property
has advanced in value, and a mining
syndicate has offered \$200,000 for the
Harkin claim.

Allies Preparing For Winter.

Pekin, Oct. 9.—General Yamaguchi
will retain 10,000 Japanese troops, 2000
of them at Pekin and the others at Tientsin
and along the line of communications.
Eight thousand Germans will pass the
winter in Pekin, and 1500 Russians. The
number of British troops who will be re-
tained has not yet been decided. The
allies are storing supplies for six months.
Count Von Waldersee's headquarters
will be the buildings in the Imperial
pleasure grounds outside the purple city.

Morine Is Counsel For Reid.

St. John's, Oct. 9.—The forthcoming
colonial election promises to be the most
hotly contested in the history of New-
foundland. The government organs as-
sail Mr. Morine's admission that he is
and has been the counsel for Mr. Reid,
the railway contractor, alleging that
Mr. Morine's success at the polls will
mean that Mr. Reid will have absolute
control of the legislature. It is generally
understood that the Reid enterprises
will be capitalized at \$25,000,000.

Missionaries Safe at Home.

New York, Oct. 9.—Five of the Ameri-
can missionaries who were in China dur-
ing the Boxer outbreak arrived here yester-
day on the steamship City of Rome.
They escaped to the Russian frontier
and made their homeward journey via
Europe. They are Rev. J. H. Roberts,
Rev. Mr. and Mrs. W. P. Sprague, Rev.
and Mrs. Mary Williams and Mrs. Dr.
Virginia C. Murdock.

Forty Persons Crushed to Death.

St. Petersburg, Oct. 9.—Five thousand
pilgrims assembled at the St. Nikander
monastery for a religious festival. Dur-
ing the night one of the upper floors col-
lapsed, and many of those sleeping there
fell upon those below. A panic was
caused, and four men and 36 women
were crushed to death, many others be-
ing seriously injured.

Driver Gatscomb Badly Injured.

Lexington, Ky., Oct. 9.—James G. Gat-
scomb, the noted driver employed by
Thomas W. Lawson, while working out
Pine Lane yesterday, collided with
Frank Creamer. In the fall which re-
sulted muscles in his side were torn loose,
and a hemorrhage from the lungs result-
ed. His injuries are serious.

Partial Payment For War Losses

Cape Town, Oct. 9.—The Cape house of
assembly yesterday passed to a second
reading a bill to raise a loan of £500,000
to ensure the immediate payment of half
the losses sustained by private persons
through the war.

NEWS IN BRIEF.

The cornerstone of a Roman Catholic
church was laid at Cologne on a site pre-
sented by Emperor William.

One of the shortest grand jury terms
of the United States court on record was
held at Concord, N. H. Court came in at
10 o'clock and adjourned an hour later un-
til Nov. 15. But two minor cases were
presented.

Herbert Radcliffe, a well-known busi-
ness man of Boston, died of stomach
trouble. He was conspicuous in the
copper stock market, and was much in-
terested in art. He was born in England
in 1845.

Andrew C. Armstrong, one of the
founders of Scribner's Monthly, now the
Century Magazine, and one of the oldest
publishers in New York, died at his coun-
try home at Stamford, Conn., after a
long illness from a complication of dis-

Aluminum Kitchen Utensils.

Think what it means to have your cooking utensils made of a material that looks like burnished brass, but is not brass, and does not discolor and even smoke at the least touch of flame. That is almost as light as a feather, weighs about one-fourth as much as ordinary tin. That cannot be broken, will not lose its shape, cannot chip off like enamel ware, cannot burn your food. Clean instantly without scouring, as food cannot stick to it. Made of a refined metal as pure as gold. If you are willing to pay a little more for the comfort Aluminum ware will bring in your kitchen your labors will be rewarded tenfold. If you will but try one article of this famous ware we know it will delight you.

THE POLITICAL ARENA.

Senator Gorman Intends to Fight in Behalf of Democratic Ticket.

Roosevelt and Bryan Put in a Day's Work in Illinois.

Ex-Senator Hill Talks to Democratic Gathering in Western Massachusetts.

Baltimore, Oct. 9.—The attractions at a Democratic mass meeting here last night, as announced, included Governor Stone of Missouri, former Senator Gorman of this state and other local orators. Chairman Smith introduced Mr. Richardson, chairman of the Democratic congressional committee, who read to the assemblage a letter which had been received from Arthur P. Gorman, who, he said, was detained at home on a sick bed and prevented his attendance at this gathering.

After expressing regret at his inability to be present at the meeting Senator Gorman pledges his time and labor to assisting the state and national committees in organizing to oppose "the new and dangerous doctrines exploited by President McKinley in the acquisition and forcible occupation of the Philippine islands and their government as a colony."

Senator Gorman goes on to say that "the maintenance of enormous and unnecessary military machinery is one of the questions, and not the least important of them, to be decided by the American people next November. If that machinery be withdrawn we can no longer occupy territory thousands of miles distant, and govern against their will millions of people as to whose character, customs and national aspirations we are profoundly ignorant."

On the currency question Senator Gorman says: "The attempt by the Republicans to make the currency question predominant will fail. That question was, four years ago, the logical product of conditions which no longer exist. The phenomenal addition made to the volume of gold since 1896, an amount equal to, if not greater than, all the coin in circulation on the 1st of January of that year, removes the question from the domain of controversy. This condition, together with the immense balance of trade in our favor, has been brought about by natural causes which the ingenuity and enterprise of our people have utilized. For the Republican party to claim it as the fruit of its virtuous and enlightened statesmanship is too preposterous for serious consideration."

Governor Stone was next introduced. "The letter of the former senator from Maryland," he began, "is a complete answer to the calumnies that have been hurled against him. One blast from his tongue is worth a hundred men, for it is no disparagement to any other leader of the Democracy of Maryland to say that this man stands pre-eminent, not only as one of the stalwart leaders of the state, but of the entire nation." Governor Stone discussed the issues of the campaign at some length. He concluded his address by urging the Republican party for raising and expending an immense campaign fund, which, he declared, could only be used for immoral purposes.

CANDIDATES AT CLOSE RANGE.

Trains of Roosevelt and Bryan Were Held Up by Side for Orders.

St. Louis, Oct. 9.—Governor Roosevelt last night concluded his campaign tour of Illinois, speaking in East St. Louis to the largest audience assembled there since the McKinley-Bryan campaign of four years ago.

Governor Roosevelt betrayed no token of weariness, notwithstanding he had made speeches at many towns in the state en route, the most notable of which was at Springfield. There the governor refrained from discussing finance, trusts and such topics, devoting himself exclusively to the life achievements of Abraham Lincoln.

From Springfield to Jacksonville, Mrs. Yates, wife of the candidate for governor of Illinois, enlivened the situation by riding in the engine cab and on arriving at her home city blew the whistle which signalled the presence of the Roosevelt special. The crowd at this place was the largest that had greeted Governor Roosevelt, owing undoubtedly to the fact that Judge Yates, who lives in Jacksonville, was on the train.

Immediately south of East St. Louis the train was stopped for orders. An incident of interest transpired at this point. It was the arrival and stopping of Mr. Bryan's special train, northbound, immediately alongside the Roosevelt special. The Bryan train also had stopped for orders. The candidates did not see each other until their respective cars were passing slowly, but as they passed by recognized each other in the dim light from the car windows and each leaned forward and waved his hand in salutation.

That particular portion of Illinois known as Egypt was pretty thoroughly canvassed by Mr. Bryan yesterday. The principal cities of 11 of the southern counties of the state and three of the congressional districts were visited and large audiences addressed at the various stopping places.

Fourteen addresses were made from 7 o'clock in the morning, when the first speech at Salem was delivered, until the train bearing the nominee and his party pulled out of Alton at nearly midnight. At every meeting the candidate was greeted with hearty demonstrations.

Senator Hill in N. W. England.

North Adams, Mass., Oct. 9.—Ex-Senator Hill of New York was the principal speaker at the Democratic rally here last night. Mr. Hill dwelt briefly on the Democratic plank favoring the election of United States senators by direct vote, going into history to prove that the present method was away from the fundamental principle of the republic. On the money question he declared that the

present gold standard law meant nothing. In its first section, he said, it declared in favor of the gold standard, and ever afterwards it favored the old system. There could be no gold standard law unless the law provided for the redemption of every other form of money in gold, and this the new financial law does not do. He said he would assume the declaration of the Kansas City platform and accept as the paramount issue the issue of imperialism. Concerning this question he admitted the Republicans denied that there was an intention to make a change in our politics, but the question is, "Are they not proposing that which in effect will work change in our institutions?" The announced purpose is that Cuba will be turned over to the Cubans to enjoy the fruits of independence. Yet it is proposed that we go to the other side of the world and take territory five times as large as Cuba, with six times as many people, and annex that territory to the United States.

Republican Ratifications at Boston. Boston, Oct. 9.—The Chicoketawbut club, made up of stalwart Republicans, held its ratification of the national ticket last night. It was a rousing affair from the clubman's point of view. President Locklin did the honors at the head of the table, and in addition to his welcoming speech there was a symposium of politics from former Congressman Low of New York, Professor Williams of Brown University and the club treasurer, Thomas N. Keenan. Predictions of the triumph of the Republican ticket brought out great enthusiasm. The Republican Editorial association also entertained prominent Republicans, and the speech-making was vigorous and lengthy.

Four Years' Successful Policy. Chicago, Oct. 9.—Senator Dewey addressed a large audience of Republicans last night under the auspices of the Marquette club. The senator made a hit with his audience by declaring that Mr. Bryan did not deny the abundant prosperity of the country; he claimed it was intoxicated with prosperity, and that if

he is elected he would do away with the intoxicant. After speaking of the great prosperity of the country Senator Dewey went on to say that this is a campaign in which theory and experience are opposed. The policies that Bryan preaches against have been tested for four years and have been found successful.

Political Scrimmage at Chicago.

Chicago, Oct. 9.—Bloodshed followed in the trail of Chauncey M. Dewey and his three-mile escort of Republican marching clubs last night. Just as the last company in line turned a corner it was charged on by a gang of men who had concealed themselves in the dark recesses of an alley. The rioters were repulsed finally by the marchers, but not until four or five of the Republicans had been injured, some of them quite seriously, by the paving blocks thrown by the rioters. Many others of the marchers were more or less hurt and their uniforms ruined. The men who precipitated the riot escaped.

Talked For Protective Tariff. Camden, N. J., Oct. 9.—Senator Frye of Maine addressed a Republican mass meeting here last night. He referred to the country's natural resources and the policy of the Republican party in fostering them. He desired that in the discussion of honest money, imperialism and militarism, the protective tariff, which is the bulwark of American prosperity, should not be forgotten, and made a long address upon that subject.

Dartmouth Students Organize. Hanover, N. H., Oct. 9.—The Republicans in Dartmouth college held a meeting last night, there being 200 students in attendance and a score of speeches were in order. A permanent organization was effected. A uniformed campaign company is to be formed.

Cockran's Throat is Strained. Kansas City, Oct. 9.—Bourke Cockran of New York is suffering with subacute laryngitis in this city. His physician has ordered him to cancel his speech-making engagements for immediate dates. Mr. Cockran strained his throat at Chicago a week ago.

Seavey's Easy Victory. Boston, Oct. 9.—Fred H. Seavey was nominated for sheriff of Suffolk county at the Democratic county convention held last evening. Mr. Seavey had previously been nominated at the Republican county convention.

Coulton's Explain His Intentions. Berlin, Oct. 9.—The authorities at Hamburg have arrested Carl Coulton as he was about sailing for New York with three attractive Bohemian girls on the steamer Patriola. Coulton had promised to find situations for his companions in the United States, but he was unable to explain his intentions and methods to the satisfaction of the police.

Triads Defeat Imperial Troops. London, Oct. 9.—Five thousand Triads, says a dispatch to The Daily Telegraph from Canton, dated Oct. 7, have defeated the imperial troops and occupied several places between Mira Bay and Deep Bay. They are now moving southward. The viceroy today dispatched Admiral Ho and General Tong to oppose them.

Cuba Customs Figures. Washington, Oct. 9.—The total custom receipts for the island of Cuba during the first eight months of 1900 were \$10,672,029.65, as against \$9,493,088.46 for the same period of 1899, according to a statement given out by the war department.

Be-Is Requiring Lost Ground. Cape Town, Oct. 9.—The Boers now occupy W-pener, as well as Rouxville and Ficksburg, in Orange River Colony, and the British are attempting to surround them.

Weather Conditions and Forecast. Fun rises—5:51; sets, 5:11. Moon rises—6:29 p. m. High water—12 m.; 12:15 p. m. The area of high pressure has moved slowly eastward, attended by rain and lower temperature. There is no well-defined storm center within the field of observation. Rain has fallen generally along the Atlantic coast from northern Florida to Maine. In New England the weather will clear and it will be colder. On the coast fresh to brisk northwesterly winds will prevail.

Disfigured in Football Game. Middletown, N. Y., Oct. 9.—Frank Yocum of this city, who was injured in a football game at West Point, while playing right tackle for Pennsylvania state college, will be disfigured for life. His cheek bone was crushed and he was otherwise bruised.

A' Least Forty-Six Perished. Bathurst, N. B., Oct. 9.—Latest reports leave no doubt of the loss of all New Brunswick fishermen missing at the time of the storm off the Prince Edward Island coast last month. The death roll now numbers 46.

Thought to Have Yellow Fever. Havana, Oct. 9.—Martin C. Fones, acting director general of posts, was removed yesterday to Las Animas hospital, suffering, it is believed, from yellow fever.

Jury Visits Scene of Crime. Georgetown, Ky., Oct. 9.—The Youtsey trial began in reality yesterday and remarkable progress was made once the examination of witnesses began. The jury was taken to view the scene of the tragedy and will not return before 3 o'clock. The testimony of the most important witnesses was circumstantially strong against Youtsey.

The St. George Successfully Floated. Santiago, Oct. 9.—Captain Tucker, commanding the Merritt & Chapman wrecking outfit, yesterday succeeded in floating the steamer St. George, which went ashore near Delquint on Sept. 3 and was then considered a total wreck. The St. George has been brought here for temporary repairs. She was only slightly damaged.

"Skin the Goat" Arrested. Liverpool, Oct. 9.—James Fitzharris, the Phoenix park murderer, known as "Skin the Goat," was rearrested here last evening for failing to report himself under the terms of his prisoner release license. It is probable that he will only be temporarily detained.

Drift of Opinion.

According to the Governor of Vermont, the Auditor's office in that State is in a condition that calls aloud for reform. He points out how \$30,000 might be saved the first year by the adoption of methods to which he refers. This is a strange condition of affairs. We do not believe such a thing could be said about the office of Auditor in this Commonwealth. It is a good thing, however, to occasionally have a shaking up in any department. The State has placed it in the statutes that the office of Treasurer shall not be held continuously for more than five years, and the law has so worked that no attempt has been made to change it. Why not apply the same rule to the office of Auditor? The coming year will be a good time to inaugurate such a system, for a new official will come into control, and his tenure can be settled now better than after he has been in office a few years.—Lynn Item.

The reproach of materialism, which is often hurled against the century on account of the strenuous devotion of modern peoples to the production of wealth and the increase of physical comfort, is not wholly devoid of truth. The intellectual advance during the century is somewhat obscured by the fact that its results have taken so intensely practical a direction. The ethical advance is often overlooked entirely. There has been, however, a wonderful awakening of the altruistic spirit. Public and private provision for the relief of poverty and the education of the masses is one of the distinctive features of the century's progress. Wealth has been devoted with a liberality unparalleled in any preceding age to these objects. The prominence of the material elements in the century's achievements should not blind the critic to the intellectual and ethical evolution which has taken place.—Boston Transcript.

A return to the spelling methods of the country schools of 20 years or more ago is being earnestly advocated in Chicago, owing to the poor spelling in some of the schools in that city. If the fault were confined to such spelling as St. Lewis or St. Lewey perhaps it might be overlooked.—Lynn Item.

There was an unusual high tide today at Houghs Neck. It is said to be the highest of any ordinary tide on record.

REPRESENTATIVES.

Republicans to Nominate Two Candidates Tonight.

The Republican Representative convention will be held tonight at 8 o'clock at Republican headquarters, but no one is willing to wager much today as to who the two nominees will be.

The names mentioned as candidates are: Eben W. Sheppard, Walter S. Pinkham, John McKnight, Frank E. Badger, John P. Bigelow and Benjamin J. Weeks, and there are rumors of dark horses.

The Ward One list for Eben W. Sheppard are the only pledged delegates elected. In Wards Two, Three, Five and Six, the delegates were elected without contests, while in Ward Four the delegates were picked from two lists.

Considerable latitude is therefore allowed the delegates, but at the same time they have a great responsibility to the Republican voters to nominate strong candidates, gentlemen who stand well in the community, who are successful in their own business, and who have the interests of the taxpayer at heart.

The convention is entitled to 38 delegates, and 20 will be necessary for a choice. No two wards have enough delegates to nominate, and on a close vote two of these three wards—One, Three and Five—must be united with one of the others. Representative Sheppard informs the Ledger that he has made no trade, and does not intend to make any.

The following delegates were elected, and they can transfer their credentials only upon vote of the remainder of the ward delegation:

Ward One (pledged to Eben W. Sheppard).—John Q. A. Cadworth, Henry W. French, Thomas M. Butler, William T. Isaac, Wilson Marsh, George H. Brown, Carl F. Carlson, Nils Loden-gaard.

Ward Two.—John S. Gay, Edwin W. Newcomb, James Dunn, Jr., Albion F. Hall, Aubrey H. Keith.

Ward Three.—William T. Spargo, Thomas Johnston, George Main, William J. Williams, William F. McCall, Frank W. Flowers, Daniel McLe-nan, Frank L. Carlton.

Ward Four.—Frank Tinney, William Gellotte, Nicholas Williams, Alfred Johnson, William B. Donald.

Ward Five.—Richard R. Freeman, Edward E. Jameson, Charles W. Jones, Charles G. Lee, Walter J. Coombs, George E. Thomas, Charles M. Bryant, Eugene F. De Normandie.

Ward Six.—Herbert S. Barker, Louis F. R. Langelier, George H. Prentiss, Adolph M. Dittmer.

GIVEN A DINNER.

Congressman Napheon Entertains the Democratic Committee.

Congressman Napheon gave a dinner Tuesday evening to the Democratic Ward and City Committee of Quincy. There was a full attendance of the committee, as well as several of the leading local party politicians. Mr. Napheon did not arrive until the dinner was nearly over. He then addressed the gentlemen present, severely arraigning the Republican party in general.

Registration for the Presidential election closes in Quincy next Wednesday.

After five futile ballots in the Ninth Democratic Congressional convention, in which Messrs. Gallivan, Conry, Kelher and Corbett were neck and neck for Fitzgerald's seat, the convention adjourned until tonight.

Dark horses are talked for tonight's Republican Representative convention. It is said that Ward Four will have a candidate and that Ward Two will present the name of Eugene C. Hall-man, while Walter S. Pinkham of Ward Five is also in it.

Harvest Festival.

The Harvest Festival at the Washington Street Congregational church Tuesday evening was a success in spite of the heavy rain which prevented many from coming. The vestry was prettily decorated with autumn foliage ears of yellow corn, and the tables laden with fruits and vegetable made the people long for vegetable dinners. An old fashioned supper was served in the ladies' parlor at 8:30 o'clock, and a pleasing entertainment followed, consisting of selections by Miss Helen Welch, solos by Miss Ellsworth, and a declamation by Master Robert Hardwick. This is but a forerunner of the jolly good times to be given by the ladies at the Point this winter.

Wedding Gifts.

One of the most perplexing problems to people now-a-days is deciding what's best to give their friends for wedding gifts.

It ought not to be difficult to decide this question, when you consider that nearly every newly married couple will sooner or later go to housekeeping, and that some one article that will help furnish their home will be more acceptable than anything else you can give. Then again, gifts of this nature are not costly, and brand you a thoughtful and generous donor.

The City Band Musical and Literary Society have resumed winter meeting. At a business meeting last week a syllabus was arranged. Thursday evening, Oct. 11, they will have a social, and the following Thursday a "Magazine night," with Alexander Cowe as chairman and editor of magazine. Papers have been promised during the season by Donald Mackenzie, James Todd, D. D., Miss Mabel Adams, Robert C. Allen, Archibald Grassick, Peter W. Dackers and Alexander Cowe. Two interesting debates are scheduled for Nov. 1 and 8. On the former date Dr. McLennan will take the affirmative and Peter Kerr the negative, on the resolve, "That the human mind is a function of the nervous system." On the latter date, the same gentlemen will change sides, and debate the resolve, "That there is ample evidence that man possesses immortal soul."

NEW SCHOOLHOUSE.

Many Quincy Point People
Speak in Favor at Hearing.

In spite of the severe storm Quincy Point citizens turned out in goodly numbers Tuesday night to urge upon the City Council Committee on Public Buildings the necessity of a new school building in that ward. All were of one mind, and with one exception all favored the present site.

Fred H. Smith, the resident member of the School Board, said that the ventilation and light of the present building were bad, and the number accommodated was up to the limit. He brought the matter before the School Board two years ago. At that time owing to the crowded condition of the Lincoln district, it was thought best, as this was the most pressing need, to ask the Council to purchase land in the Ward Two district and take care of the Lincoln first.

Since then there has been a great change at Quincy Point. Several large purchases of land have been made, and he had been informed that between now and April the new industry would employ 2,500 men, many of whom would reside here and have children who would have to be accommodated. There were now 330 children in the Washington school which was all that could be taken care of. The School Committee had decided on no location. Two years ago North street was thought the best site, but now he thought that the present site was the place. If there was not land enough, there was the Federhen lot on one side and two lots in the rear that could be purchased.

Ex-Representative T. H. Nowcomb said it goes without saying, that a new building is needed very badly. The present building was the third built upon the lot, and was built forty years ago. It was now a regular fire trap. The stairways were dark, and if a fire got started it would be a miracle if the children got out. The present location under existing circumstances was the most desirable. It was a foregone conclusion that there would be a large increase of population here, and as the ward grows it will not be two years before another building will be necessary at the other end of the district.

Supt. Parlin said he considered the needs of the district the most pressing of the present time. The physical conditions under which the children very inferior; the ventilation was very bad, and the light is bad. As to location some foresight should be used so that when the time comes to erect another building this will not be out of place. A conservative estimate of the number of new children that the new plant would bring, was 250, and this some consider too small. The need of a new building is imperative.

Frank F. Crane thought 250 new children inside of a year would be small. He considered the present location the best.

Miss Ella M. Freeman said the necessity of a new building could hardly be questioned. She considered the present location the place, if additional land could be purchased.

T. B. Pollard, the principal, showed by a plan the arrangement of the rooms in the present building. In reply to questions by Chairman Packard, he said he thought a nine-room building would soon be filled. He did not think a nine-room building would accommodate 450.

Miss Kate A. Raycroft could add but little to what had been said. She had taught school there fifteen years ago and one of the School Board at that time thought it wicked to send children there, the ventilation was so poor. It has not improved any since.

John R. Graham said he had ten children go to that school. The air was foul. There was no doubt but a new building was needed, and the sooner the better. This was to be the manufacturing end of the city, and no time should be lost. Two years ago he would have located the building nearer North street, but now he should say the present location was the best place.

John H. Dinegan favored a new building, and it should come as soon as possible. The present location he considered the best now.

T. J. H. Thayer thought the present site the place to build.

Mr. Stone had tested the air in the present building, and it was very bad. The largest amount of air in any one room was seven feet, and the State law requires thirty feet.

Chairman Packard interrupted to say that the Committee would probably recommend a new building, and what the Committee wanted was an idea of the location.

James P. Clare did not consider himself sufficiently well posted to express an opinion as to location.

Edgar F. Hayden, Dr. Busnell, Frank A. Tirrell and Hiram Thayer favored the present location.

Charles Foster thought the building should be nearer South street so as to draw from four sides. In five years the land surrounding the present location would be filled up with manufacturing buildings and the chances were that

GOOD judge must have both experience and learning. A housekeeper should be a good judge for she too must have experience and learning or she may think that the soaps made to look like Ivory Soap are just as good. With experience she will know that they lack the remarkable qualities of the genuine. Ivory Soap—99 1/2 per cent. pure.

a boiler shop would be planked up against it.

Daniel Higgins thought there was no better site, or grander view, than the present. He would urge that when a building was erected that it should not be too small.

Principal Pollard arose to suggest the idea of adding an assembly hall to the building, as it was something that would be needed and would be a wise forethought. He often had children come to school who were not over and above clean, and he also thought a place in the basement for bathing should be provided.

There were many others present, but as the ideas of the Quincy Point people had been quite clearly set forth, the hearing closed.

THE BOY CONFESSED.

Implicated His Uncle in Several Burglaries.

James H. King, and his 11-year-old nephew, Byron D. McPherson, who were arrested in Braintree yesterday for breaking and entering, were arraigned in the district court at Quincy this morning.

Although the two defendants were arraigned upon one case only, the officers claim that they have other cases against them, and that when the case comes up again tomorrow morning, the date to which it was continued, they will be confronted by nine other complaints. King denies all of the breaks, but the boy has made a confession, giving the places which they have broken into during the past few weeks with the dates.

The first break according to the boy's confession, was on Labor Day, when they entered the store of Louis J. Hart at Weymouth. Here they did not get any goods, as they could not force the door.

The other breaks were as follows: Sept. 27, store of M. C. Nash at Weymouth; Sept. 6 and 22, the market of Frank Jordan at Braintree; Oct. 1, the store of F. H. Pray at Weymouth; Oct. 2, 3 and 4, the store of T. H. Emerson at East Braintree; Oct. 7, the store of John G. Worster at Weymouth, and on Tuesday morning, the store of George H. Field at East Braintree, when groceries to the value of \$15 were taken. These goods were found when the officers searched the premises Tuesday. The McPherson boy says they stole five hens from Herman Damon at Braintree and these were also found on King's premises.

Their method of entering these places was unique. A preparation was first smeared over the window glass which was then struck with a hammer, the face of which had been covered with rubber which deadened the noise of breaking glass.

King, who is about 55 years of age, and claims to be a ship joiner by trade. He says he was born in Montpelier, Vt., and has lived in Braintree about two years; first, upon the Dr. Simon's farm, but at present in East Braintree near the Quincy line.

The arrest of these parties clears up the breaks in the vicinity of Weymouth and Braintree which have mystified the police for past few weeks.

EMPLOYERS SUCCUMB.

Tendency of Today Is to a Minimum of Profits and a Maximum of Wages.

Debts For Manufacturer and Bank Deposits For Labor.

Interesting Address on Industrial Combinations From Capitalists' Point of View.

Chicago, Oct. 10.—At the autumn dinner of the Illinois Manufacturers' association at the Grand Pacific hotel last night, Charles R. Flint of New York was the principal speaker. His remarks evoked frequent applause.

Mr. Flint said that in the evolution of industrial life one of the first steps was to subdivide production into trades. Later, those engaged in the same trade formed partnerships, then corporations, and finally consolidations of corporations.

"The tendency of modern trade is toward consolidation, because the administration of the largest masses is the cheapest. Consolidated manufacture permits the highest development of special machinery and processes. The factory running full time, on large volume, reduces the percentage of overhead charges. Plant sales on a large scale minimize the cost of distribution. Centralization of manufacture and distribution reduce aggregate stocks, and therefore save in the shop wear, storage, insurance and interest. Consolidated management results in the raising and fixing of the standards of quality, the best standards being adopted; in avoiding waste and financial embarrassment through every production, in less loss by bad debts through comparisons of credit, and in securing the advantages of comparative accounting and comparative administration.

"The question which most interests us is whether the advantages of property are equally divided among the contributors to it, namely capital, superintendence and labor."

Having considered the first two in general, Mr. Flint spoke of the third contribution, labor, as follows:

"It is a fundamental fact that the man of superior ability can't accumulate for himself without giving to the wage earner an opportunity to earn the larger share, and it is always an increasing share. This tendency is today to a minimum of profits and to a maximum of wages. When profits become abnormal the competition of the market immediately reduces them, in which case the consuming world is benefited solely. If they are not sufficiently abnormal to invite competition, then labor demands a larger share of the profit, in the form of increased wages, and it is either voluntary or involuntary. In the latter case, the body of wage earners is the great body of the community. It necessarily reaps the advantages in any case. Employers know that as promptly as do the employees who are willing to earn an extravagant wage. If it be, they at once demand their share, and the employer must and inevitably does succumb. It is thus that wages always tend to a maximum and profit to a minimum.

"The wage earner of the United States is today employing a higher standard of living and a larger measure of well-being than wage earners have ever before enjoyed in the history of the world. They are the real money power. The railroad managers have rails and rolling stock; the miner has mines; the manufacturer has bricks, mortar and machinery, and most of them have debts, and many of them are mortgaged to the hilt for savings; but the wage earners in the United States have on deposit in cash in the savings bank, subject to call, \$2,500,000,000."

Speaking of the financial situation, Mr. Flint said: "When all doubt is forever removed as the perpetuity of our gold standard, and when all doubt is removed as to the manner of selecting a supreme court, to which we must look for the enforcement of our national obligations as written in terms of gold, the American eagle will inevitably become the unit of international exchange in place of the English sovereign."

St. Louis People Welcome Roosevelt.
St. Louis, Oct. 10.—St. Louis' vast exposition coliseum was crowded last night in honor of Governor Roosevelt, who spoke a little more than an hour. The governor was tired, having ridden in a parade given in the afternoon. Later he attended a luncheon given by the St. Louis club. He was escorted from a hotel in the evening by a Missouri mounted regiment and several thousand citizens in carriages or on foot. The route of the night parade was illuminated by flambeaux and colored fire.

Bryan Says Illinois Will Go Democratic.
Joliet, Ill., Oct. 10.—Mr. Bryan concluded the last speech of the day here last night at a few minutes before 11 o'clock. He began at 8 o'clock in the morning and made 16 addresses during the day. The audiences were generally large, but those at Peoria, Quincy and Joliet were especially so. Mr. Bryan expressed the opinion that Illinois would be found in the Democratic column after the next election. Today he begins his tour of Michigan.

Candidate Not Yet Selected.
Boston, Oct. 10.—Five ballots were taken at the Ninth Democratic congressional convention last night without a candidate being selected, and another effort will be made tonight. Four of the leading politicians were before the convention, and each was so persistently supposed that there seems little chance for a break to anyone. The present congressman from the district, John F. Fitzgerald, may possibly be agreed upon.

National Party's Candidate.
Boston, Oct. 10.—Moorfield Storey has accepted the nomination of the National party for congress in the Eleventh district.

WANTS ARMY MODERNIZED.

System of Wireless Telegraphy Recommended in Annual Report of General Brooke.

Washington, Oct. 10.—It is urged in the annual report of Major General Brooke, commanding the department of the east at New York, which was made public at the war department yesterday, that a pressing necessity exists for the reorganization of the army on modern lines. "For many years past," says he, "the general officers of the army have shown the necessity for an increase which will place the army on an efficient basis and enable it to perform its duties with credit to itself and to the satisfaction of the nation."

General Brooke commends the system of wireless telegraphy established by the signal service, and says that plans should be perfected immediately for complete and perfect communication between the units composing each fortress and the fortress commander.

THE SPORTING WORLD.

Chicago, Oct. 10.—Fred Gilbert of Spirit Lake, Ia., has lost the championship of inanimate target shooting of America to William F. Crosby of O'Fallon, Ills. The event was at 150 targets per man for cup and title against \$100. The score: Crosby, 128; Gilbert, 125.

Detective Smiley's Story.

Chicago, Oct. 10.—Detective Smiley's confession of the details, as he claims to know them, of the insurance fraud conspiracy that brought untimely and tragic death to Marie A. Deffenbach, was made public yesterday at the county jail, where he is confined with F. W. Brown and Dr. A. M. Unger, the other alleged conspirators. Smiley says that Unger and Brown had arranged to gain the insurance and that they were to divide it. Unger was to receive \$5000, while Brown was to take \$7000. Smiley asserts that he was only a tool in the plot.

Texas After the Oil Trust.

St. Louis, Oct. 10.—Requisition papers issued by Governor Sayers of Texas were served on Governor Roosevelt here yesterday for the extradition of Messrs. Rockefeller, Frazier and other Standard oil men for alleged violation of the anti-trust law of Texas. Governor Roosevelt said he could not act on the requisition as long as he was out of the state of New York, as he is technically not governor.

Has Not Changed by Feigning.

St. Paul, Pa., Oct. 10.—Senator Pettigrew has issued a public challenge to Senator Hanna for a joint debate in South Dakota or elsewhere on the subjects of trusts, armor plate contracts and the government's policy in Porto Rico, Cuba and the Philippines.

Chicago, Oct. 10.—Senator Hanna says that he will pay no attention whatever to Senator Pettigrew's challenge for a joint debate.

New in Railroad Business.

Lancaster, Pa., Oct. 10.—Information has been received here that David Darr has been located at Alexandria, Egypt, where he is president of a railroad. Some years ago Darr started a bank at San Diego, Cal., secured a great many subscriptions of stock and it is alleged, appropriated the money and disappeared. His cashier committed suicide.

Six Buried in One Grave.

Cleveland, Oct. 10.—The bodies of the wife, three daughters, granddaughter and niece of Captain James Corrigan were lowered together into one large grave in Lake View cemetery yesterday.

On July 7 the schooner yacht Miller, owned by Captain Corrigan, capsized in a squall off this port. The last of the bodies was recovered only a few days ago.

Railroad Borrows Two Millions.

Paribault, Minn., Oct. 10.—A \$2,000,000 mortgage was yesterday recorded in the office of the register of deeds in this city. It was given by the Wisconsin, Minnesota and Pacific Railway company on 357 miles of road between Red Wing and Mankato to the Mercantile Trust company of New York city.

Undesirable Immigrants Slipping In.

Fort Worth, Tex., Oct. 10.—Twenty Chinamen and Italians have been arrested at El Paso, charged with evading the immigration laws of the United States. It is believed hundreds have made their way across the Mexican border. As fast as captured by the customs officers they are being deported.

Three Hundred Probably Drowned.

St. John's, Oct. 10.—According to reports from St. Pierre 17 fishing vessels that were operating on the Grand Banks during the gale of Sept. 12 are still missing, with crews aggregating over 300 men. The complete fatality list will probably exceed 300.

One Man Was Killed.

San Juan, P. R., Oct. 10.—The reports of the shooting affray at Guayama have been exaggerated. One man was killed and two men were injured. It was a local political fight. Order has been restored and the police have made five arrests.

Met a Double Murderer.

Columbia, Pa., Oct. 10.—Mrs. Elizabeth Steinbauer of Columbia, who was shot by William Mott when he killed his paramour, Marie, Alberto, the palmer, died last night. Mrs. Steinbauer was 47 years old.

"Skin the Goat" at Liberty.

Liverpool, Oct. 10.—James Fitzharris, Phoenix park murderer, who was arrested here for failing to report himself under the terms of his prison release license, was liberated yesterday.

DO YOU KNOW

That we are running a Furniture and Hardware store at 4 Chestnut street? That we have some peculiar ideas about business? We are absolutely willing to allow that our customers may know what they want, and if our ideas do not coincide with theirs we are willing that they should have their own way, providing they pay their bills. We have twenty-eight years experience in the repairing of furniture, and have always been able to sell goods to the best people in our section. We can sell you anything that is made in the furniture line at home or abroad. It may pay you to believe you buy or have any goods repaired.

Good Afternoon.

If the weather bureau would but predict a rain, we might have pleasant weather.

Drift of Opinion.

At the present time it looks as though Brockton, in common with most of the other manufacturing cities of the land, was to have a good, prosperous winter. We can't figure it out any other way. Business looks very promising, and the shoe business is doing steadily well. The excellent local stores bid fair to have plenty of calls for their wares. There will be reasonably steady employment for all "good men and true." The tone of the people is optimistic and there is an era of good feeling in the land—a belief that prosperity is here and here to stay for awhile at least. We'll all be happy yet!—Brockton Enterprise.

A cotton crop that will pay for the cost of production and give the south a profit of \$200,000,000 is something that may be called a handsome return for the planters, and yet this is just what they are counting on in the cotton belt.

It is estimated that with a crop of 10,000,000 bales at 10 cents a pound the producer and handler will reap two-fifths for all expenses involved in raising and marketing. It is a lucky year for the planter when he can raise present cotton and lucky for the south when it can realize nearly a quarter of a billion dollars from its crop, and though these may both be possible this year it is probably an optimist who prepares the figures and allows that the man who raises the crop will get 10 cents a pound for his product.—Lowell Citizen.

We are apt in this state to consider Indiana as a debatable ground, but out there they regard Massachusetts as a doubtful State.

A campaign speaker, just returned from a tour among the Hoosiers, relates that he was frequently advised by earnest Republicans to return to the Bay State, where his services were much more in demand than in Indiana. The people there have formed an opinion of Massachusetts politics from the utterances of the Atkinsons and Winslows, and they have an idea that the vapors of the anti-imperialists are a real menace to Republican success. They do not know how small a body of men these anti-republicans are, or how slight an effect their words have on public opinion here in Massachusetts. We are glad to be undeceived about Indiana, and to know how sure the Republicans are of carrying the State for McKinley and Roosevelt.—Lynn Item.

At Home Reception.

Mr. and Mrs. Ezekiel C. Sargent (Elizabeth J. Shepherd) held their first at home reception Wednesday evening in their pretty home on Newcomb place. The reception was from 8 to 10 o'clock, and during these hours the rooms presented a pretty scene. Mr. and Mrs. Sargent stood in front of a bank of palms. The guests were presented by Mr. Walter Sargent and Mr. George Shepherd. Mrs. Sargent received in her wedding gown and looked the picture of loveliness.

The dining room was decorated in pink and green, and ices and coffee were served during the evening. Miss Ada M. Nightingale and Mrs. Arthur Harris poured coffee, and the ices were served by Miss May Gavin. Miss May Purdy, Miss Belle Smith, Miss Waldron and the Misses Sargent.

RECEPTION TO NEW PASTOR.

Rev. Dr. Todd and Family Heartily Greeted at First Presbyterian Church.

Rev. James Todd, D. D., the new pastor of the Water Street Presbyterian church, and his family were tendered a reception by the people of the church Wednesday evening, which was in charge of the ladies of the church.

Besides being a very pleasant gathering, it afforded the people of the church an opportunity to meet and become better acquainted with the pastor and his family.

The reception was held in the vestry of the church which was very prettily decorated with potted plants and cut flowers.

Considering the inclement weather there was a large attendance of the church people who were presented to the pastor by the following committee: Alfred Bishop, Peter W. Dakers, Murdock Gillis, Mrs. John Birnie, Mrs. George Johnson, Mrs. Daniel Ross.

There was also a pleasing entertainment during the evening consisting of choruses by the church choir; readings by Miss McKie, Miss Craig, and Miss McKenzie; solos by George Bowman, Mrs. John Birnie and James McLeod, and a selection by a male quartette composed of Messrs. Warrington, Bowman, Rundle and Gustafson.

There were also brief addresses by Rev. A. W. Dornan, pastor of the United Presbyterian church, and by Rev. David Kerr of the Calvary Baptist church. These gentlemen congratulated the pastor and the church, and bespoke for them a wider field of usefulness. Brief remarks were also made by Alfred Bishop, George Bowman, James Joss and Peter W. Dakers.

Refreshments were served during the evening.

Rev. James Todd, D. D., was born in Aridrie, Scotland, May 28, 1851. He was educated in the public schools of his native place, and at the Carnbrue academy and Glasgow University, from which he graduated in 1882. While taking his students course he served as assistant pastor to churches at Caithness for five and a half years, and at the church at Larkhall for six months.

He was then appointed by the Colonial committee of Presbyterian church of Scotland to Manitoba, and was ordained by the Presbytery of Winnipeg. He was settled there for seven and a half years, during which time, in connection with his pastorate he held the

position as chairman of the Home Missionary Committee, having charge of 128 Mission stations.

In 1887, he was appointed to represent the Missionary work at the General Assembly of the church in Scotland, and was also appointed by the government of Manitoba to promote emigration to that country.

In the fall of 1889, his health failing him, he came to Phillips, Wisconsin, when at the end of two years he was appointed as superintendent of missions in Wisconsin.

In 1892, he accepted a call to the church at Escanaba, Mich., where he remained until he came to Quincy a few weeks ago, and built a new church which cost about \$20,000.

While at Escanaba he had charge of the mission work of the Presbytery of Lake Superior, and was chairman of the home mission of the Senate of Michigan.

In 1893, he had the degree of D. D. conferred upon him by Gale Presbyterian college of Wisconsin.

Rev. Dr. Todd is an author of several books on the Bible, and Presbyterianism, and is a regular contributor to religious papers, and occasionally writes short serial stories.

Church Improvements.

Last Sunday was an eventful day at the First Presbyterian Church of this city, it being the one set apart for collecting the money required to pay the extensive improvements recently made upon the church and manse. During the summer a large vestibule entrance from Water street was built, the grounds around the building were graded, and a low wall and fence constructed around. Four handsome electrolights with twenty-four electric lights have been placed in the centre of the church and corresponding bracket lights on the wall behind the pulpit and choir platform beautifully illumine the interior of the building. New windows of stained glass were put in, and the whole property repainted at a total cost of about \$2,200. Seven hundred dollars have been received in subscriptions up to last week, by the members of the building committee, and on Sunday the collections amounted to \$850, making a total of \$1,550. This in some ways is a remarkable Sunday collection; in view of the fact that none of the modern wiles so common in connection with special collections were used. It was straightforward dipping into their pockets, prompted by the generous desires of a devoted people, led by their new pastor who all concede is a successful money-getter as well as a capable preacher, and judicious leader.

Aluminum Kitchen Utensils.

Think what it means to have your cooking utensils made of a material that looks like burnished silver, that never discolors and even smoke or fire cannot change. That is almost as light as a feather, weighs about one-fifth as much as ordinary tin. That cannot be broken, will not lose its shape, cannot chip off like enamelware, cannot burn your food. Cleans instantly without scouring, as food cannot stick to it. Made of a refined metal as pure as gold. If you are willing to pay a little more for the comfort Aluminum ware will bring in your kitchen your labors will be reduced one-half. If you will but try one article of this famous ware we know it will delight you.

MADE UNANIMOUS.

(Continued from page 1.)

It was some time before either candi-
date was found. Representative Shep-
pard was the first to respond and he
spoke briefly. It was the third time,
he said, that he had been nominated
for the important position of Repre-
sentative, and he deemed it not lightly.
He promised to do all in his power to
further the interests of Quincy and the
State. He had heard some criticism of
some of his votes in the Legislature,
but he felt that he was in full posses-
sion of the facts relative to the
measures, and that he should not
change his vote had he to vote again.
He felt sure the friction of the cam-
paign would leave no scars, as no hard
feelings had been caused. If the party
united and worked for the whole ticket
it would be successful as in the past.

While waiting for Candidate Badger
it was voted to ask Lawyer McKnight
to address the convention, and he was
received with enthusiasm. He first
shook hands with Candidate Sheppard
and congratulated him, and had noth-
ing but thanks for the delegates for the
support given him. There were other
years coming, and he was content to
wait. Candidate Sheppard had proved
an old war horse and a good fighter,
and he had no doubts as to the election
of both Messrs. Sheppard and Badger.
He proposed to work for them, and my
friends will do the same.

Candidate Badger was then intro-
duced and spoke at length. He thanked
the convention for the confidence ex-
pressed in him, and did not regard the
nomination a mere reward for work
done. The people of Quincy have had
an opportunity to note my work in the
City Council, and are better able to
judge than myself whether I am cap-
able to represent the city at the State
House. One year from today they can
tell better. For fourteen years I have
been a resident of Quincy, and served
on the Republican town committee be-
fore the city was incorporated. A few
men had made Ward Six a Republican
ward, and Atlantic was pleased to be
recognized.

Mr. Badger said he would endeavor
to show that the confidence shown was
not misplaced. All should now labor
to elect the whole Republican ticket.
Two much confidence is dangerous. It
is the duty of Republicans of the city
to continue united, and elect all their
candidates at city elections as well as
State. Remember all cannot be ap-
pointed to office, or be entirely satis-
fied over appointments, and disappoint-
ments do not entitle Republicans to
work for the other side. Let us har-
monize and carry through all Repub-
lican candidates by good majorities.

There were calls for Chairman Big-
low, and he responded. He was pleased
to see the great hilarity for the candi-
dates. As to the contest of the even-
ing he had been in such fights before
and always took his medicine man
fashion. He pledged hearty work of
himself and friends, and predicted the
election of Badger and Sheppard. We
should also work for the election of
our candidate for Congress, Dr. George
B. Pierce of Milton. Rallies will be
held in Quincy Oct. 29, and Nov. 5, to
be addressed by Senator Lodge, Con-
gressmen McCall, Moody and Lovering,
and Michael J. Murray, and it was
probable that one would be held early
by the Congressional committee.

Just before 10 P. M. the convention
adjourned.

A Wrong Impression.

Editors of Quincy Daily Ledger.

An item in the Ledger of the 1st inst.
also appearing in the Patriot of the
6th inst., relative to the house near
the Squantum Yacht Club which was
destroyed by fire on Sept. 24, in which
it was stated that the house had caught
fire three times this season, is an error
and misleading.

Mr. Youngquest, the owner, and oc-
cupant of the house at the time of the
fire, feels that if a correction is not
made, the impression would prevail in
the public mind that he was at least
negligent in taking ordinary precau-
tions against fire in his house, and
would perhaps lead those who do not
know him personally to look upon the
frequency of fire with suspicion.

The facts are, that at the time of the
burning of Mr. John Stewart's boat
building establishment, and the Wol-
laston Yacht club in the same building,
in February last, the northwest corner
of Mr. Youngquest's house was slightly
damaged by fire, owing to its proximity
to the boat house. There has been no
time since the erection of the building,
four years ago, (save that stated above)
that any fire, however trivial, has ex-
isted in or near the house until the
24 ult.

OCTOBER WEDDINGS.

Councilman's Daughter at Wol-
laston—Osborne-Fenno Nuptials.

At the home of Councilman and Mrs.
Walter F. Nichols, 35 Newport avenue,
Wollaston, was solemnized on Wednes-
day evening at quarter of eight, the
marriage of their daughter, Bertha
Frances Nichols, and Mr. George Marble
Cambell of Cambridge, son of Mr. and
Mrs. John Cambell.

The ceremony was solemnized by
Rev. F. H. Knight of St. John's
church, Boston, assisted by Rev.
Edward A. Chase of Wollaston. Miss
Grace G. Durgin of Wollaston was
maid of honor, and the groom was at-
tended by Mr. C. R. Adams of Cam-
bridge. The bride was given in
marriage by her father and looked
lovely in a gown of white Liberty satin
cut on train, long tulle veil, and carry-
ing a large bouquet of bride roses. In
charming contrast was the maid of
honor in pink muslin.

A reception followed the ceremony
from eight until ten, the newly wedded
couple being assisted in receiving by
Mr. and Mrs. Nichols.

About two hundred were present,
confined mostly to near relatives, inti-
mate friends, Mayor and Mrs. Hall and
Ward Five members of the City Coun-
cil. The house was beautifully de-
corated throughout with palms, ferns,
potted plants and cut flowers. Many
beautiful and valuable presents were
displayed.

Mr. and Mrs. Cambell departed for
parts unknown amid a shower of rice
and the best wishes of all present, for
their future happiness. On their re-
turn they will reside at Summer street,
Cambridge.

OSBORNE-FENNO

Long before eight o'clock Tuesday
evening, Grace church, Newton, was
filled with a brilliant throng of people
gathered to witness the marriage of
Miss Maud Upton Fenno of Newton-
ville, daughter of Mr. and Mrs. J. W.
Fenno, and Mr. William Shattuck
Osborne of Wellesley Hills, only son of
Mr. and Mrs. Weston W. Osborne,
formerly of Quincy.

Mr. Barrett, organist of the church
played the wedding march as the bridal
party entered. The six ushers,—
Messrs. James Milne, Harry L. Patten,
George W. Holden, Gordon M. Keat-
ing, T. Percy Harrison and Warren
Edwards,—the two bridesmaids,
Misses Ethel Weston Osborne and
Florence May Osborne, sisters of the
groom, and the maid of honor, Miss
Martha Polard Fenno, sister of the
bride, preceded the bride who was es-
corted by her father.

They were met at the altar by the
groom, his best man, Mr. John Howard
Osborne of Wollaston, and the rector
of the church, Rev. Dr. Shinn, who
solemnized the marriage, using the
full church service. The bride was
given in marriage by her father.

The bride wore an elegant gown of
white brocade silk, cut on train and
the usual tulle veil. Her only orna-
ment was a valuable pin, an heirloom
and a gift. The maid of honor wore
pink and carried Jack roses, with long
red streamers and the bridesmaids wore
pale green and carried pink chrysan-
themums with long pink streamers.
The ushers wore handsome fleur de lis
scarf pins the gift of the groom.

After the ceremony the immediate
relatives and the bridal party were en-
tertained at the home of the bride,
which had been tastefully decorated
with potted plants, asparagus vine and
red berries by the young friends of the
bride.

The young people received many
beautiful gifts, and during the evening
several telegrams of congratulations
from distant friends.

On their return from their bridal
trip, Mr. and Mrs. Osborne will reside
at 319 Cabot street, Newtonville, where
they will be at home Wednesdays in
November.

Don't Want Boy to Work.

Westerly, R. I., Oct. 11.—A mail strike
has begun at the Lorrains mills by the
beavers going out, because the mill
officials put a boy to work to learn beam-
ing. The men think that if the boy
was an apt pupil minors would soon be
worked in in the place of adults.

Admiral Sampson Looks Feeble.

Washington, Oct. 11.—Admiral Sam-
pson is here, and his feeble appearance
causes some concern to his friends. His
health has been failing for more than a
year, and, while not appreciably wor-
se, the last month or so shows no signs of
improvement.

Canals Open to the World.

Caracas, Oct. 11.—The Venezuelan gov-
ernment has issued a decree providing
for the free navigation of the Federnale
and Macare canals, in the delta of the
Orinoco, previously the monopoly of an
English company.

COD LIVER OIL.

The two months of the year when the most care is necessary to build up the system, to be able to withstand the severity of the winter are now upon us.

OCTOBER and NOVEMBER

are the months to begin the work; and to do the work there is nothing that equals Cod Liver Oil.

I have it in bottles at 35 cents a pint bottle, and in the form of Emulsion at 50 cents a bottle.

For the children there is nothing to compare with it; and as a tonic for adults just try it for a week or two and see the improvement for yourself.

Aluminum Kitchen Utensils.

Think what it means to have your cooking utensils made of a material that looks like burnished silver, that never discolors and even smoke or fire cannot change. That is almost as light as a feather, weighs about one-fifth as much as ordinary tin. That cannot be broken, will not lose its shape, cannot chip off like enamel ware, cannot burn your food. Clean instantly without scouring, as food cannot stick to it. Made of a refined metal as pure as gold. If you are willing to pay a little more for the comfort Aluminum ware will bring in your kitchen your labors will be reduced one-half. If you will but try one article of this famous ware we know it will delight you.

CONFIDENCE IS WANING

Prospects For Settlement of Coal Strike Appear to Be Rather Slight.

Opinion That Ten Percent Advance Is Not Enough.

Mine Workers Think Operators Ought to Make Concessions in Other Grievances.

Scranton, Pa., Oct. 12.—Interest now centers in the probable outcome of the United Mine Workers' convention, which begins here today. Everybody expects that the delegates will agree to settle the strike, but the confidence which prevailed early in the week when the call for the convention was issued has given away to a feeling of fear that the 10 percent increase in wages and the reduction in the price of powder offered by the large companies and a majority of the individual operators will be rejected, and that the strike will be continued for an indefinite period. If the strike is continued it will be necessary to aid many families in the Hazleton region who are in needy circumstances.

The delegates to the convention have all sorts of instructions from their local unions on the proposition of the operators. It is learned that most of them will vote to reject the 10 percent increase unless the operators make further concessions. Many of the miners will not favor the advance unless the operators give a guarantee that the increase will be kept in force for a fixed length of time; others want the union recognized before they will accept the proposition, while not a few insist upon concessions in the other grievances.

The belief is general that in the absence of any uniform instructions among the delegates, the chances of a settlement by this convention are rather slight. It is the impression of several labor leaders that at least a second convention will have to be held before any definite action will be taken looking toward an early ending of the contest.

President Mitchell's remarks at Wednesday's mass meeting in which he told the mine workers that the 10 percent increase was not satisfactory, and that they ought to insist upon concessions in the other grievances, is taken by many persons as a hint to the miners to reject the mine owners' offer. Mr. Mitchell, however, denies this, and says he has no intention of influencing the men one way or the other. He says he was merely venting the sentiment of himself, his colleagues and the many strikers with whom he has come in contact during the past week.

The convention consists of about 500 delegates, most of them coming from the Schuylkill valley and the Hazleton region.

W. D. Ryan, secretary-treasurer of the United Mine Workers of Illinois, says the miners of his state have at least \$400,000 in their treasury, and adds that if the anthracite miners need help, fully \$200,000 will be sent to them.

The Washington news item of the United Mine Workers' convention yesterday and instructed the delegates to the Scranton convention to insist on the following demands:

Recognition of the union; powder reduced to \$1.50; 10 percent general advance; two weeks' pay; check docking; boss; a contract signed by the company agreeing to the above, to hold good for one year.

The instructions of the delegates come in the nature of a surprise, as it was expected they would be allowed to use their own judgment, after taking their seats in the convention and learning the sentiments of the other delegates.

Goblin's Precautionary Measure.

Shenandoah, Pa., Oct. 12.—General Gobin and Sheriff Toole yesterday visited Onida, the scene of Wednesday's fatal strike riot. They reported everything quiet in and around Onida. General Gobin, however, issued orders for the governor's troop of cavalry to leave for Onida. The general says he does not anticipate any further outbreak; he thinks, however, the presence of the troops will have a pacifying effect.

Old Pals May Be Dragged In.

Plattsburgh, N. Y., Oct. 12.—It now seems probable that Shimburn, the notorious bank burglar, whose hearing under extradition proceedings was adjourned yesterday until next Wednesday, will be brought here to stand trial.

Shimburn, who came to his aid now with money to help him in his legal fight. He declares that if he has to go back to the Concord prison that some other "crooks" who are now at liberty will also be doing so. His prospects are now brighter than they have been at any time.

Alger Syndicate's Latest Purchase.

Pensacola, Fla., Oct. 12.—The Russell A. Alger syndicate is to build a railroad from Pensacola, Ala., to this place, running through the timber land recently acquired by that company. A large mill will be erected at Pensacola.

HONEST AMERICANS NEEDED

To Fill Judicial Positions in the Philippines Now Occupied by Natives.

Hong Kong, Oct. 12.—Manila advisers say that the administration of Manila's civil courts by Filipino magistrates, which long has been scandalous, is now attracting public attention more than ever, and has been brought to the Taft commission's attention, with requests for rectification.

The courts are composed of four justices of the peace and four primary courts. The magistrates are all Filipinos. The dissatisfaction with and complaints against the existing courts are unending. Natives and foreigners dread litigation, knowing the facts in the case. Charges have been filed and evidence is in the hands of the authorities, which, it is claimed, will show that the magistrates have been guilty of the grossest corruption and malfeasance in office. One magistrate was recently suspended on suspicion of criminal abuse of power and attempt to defraud. The monthly collection of fines of the four native judges is estimated at \$800. The amount collected by the primary courts for the same period is much greater. The eight magistrates persistently ignore the regulations established by the authorities for the supervision of commitments and the accountability of money. They deposit less than \$100 monthly, and are alleged to appropriate the balance of their collections.

It is further claimed that the magistrates are in collusion with the native police on conspiracy offenses on the basis of "cash for freedom." It is said there are over 50 established instances where prisoners have bought their freedom from the police and the jail.

Serious charges of favoritism have lately been made against the civil branch of the Philippine court. The members of the Taft commission are disgusted with the condition of the country, and intend to substitute honest Americans from the United States for the present native magistrates. Americans having a knowledge of Spanish are preferred, but they are the hardest to secure. The commission will then institute the drastic reforms needed in the case of the entire judiciary.

W. C. B. at the Oregon.

Santa Barbara, Cal., Oct. 12.—The battleship Wisconsin made a successful trial trip yesterday. On the western run, over a 25-knot course, an average speed of 17.59 knots was made. The average for four hours was 17.25, with a speed of 18.5 knots in the last hour. In a spurt a speed of 18.5 was attained. After the speed trial, the ship was turned over to Admiral Kautz and staff for maneuvering tests. The Wisconsin is 100 tons heavier than the Oregon. Nevertheless she has beaten the record of the Oregon at every point.

Not Friendly Toward Americans.

Havana, Oct. 12.—An elaborate banquet was tendered here to the veterans of the Cuban army, every regiment participating in the late Cuban revolution being represented. Speeches were made by several prominent Cuban generals. Most of their utterances were anti-American and inflammatory. All were received with cheers.

Third Suicide in the Family.

New York, Oct. 12.—Alexander Howard, an insurance agent, shot and killed his son, Leigh, 8 years old, and then committed suicide, at his home in Brooklyn. Howard was despondent because of ill health and poor business. Howard's brother shot himself in 1898, and three years before that a sister hanged herself.

No New Negotiations.

Washington, Oct. 12.—It is learned at the state department that no overtures have been made recently by the United States government to Denmark for the purchase of the Danish West Indies. Negotiations were suspended because of a feeling of hostility on the part of the Danish people against the proposed sale.

Eisenprick Released From Custody.

New York, Oct. 12.—The inquest into the death of Kate Schram, found murdered Aug. 19, was resumed yesterday, but it is not yet completed. Coroner Bausch discharged from custody Lincoln Eisenprick, the friend of the dead girl, who had been under suspicion. He was asked, however, to remain as a witness.

Patrick Has Not Secured Bail.

New York, Oct. 12.—The only development in the Rice case yesterday was the attempt to bail Albert T. Patrick. The bondsman, William G. Long, a real estate broker, was not accepted, as a judgment of \$1800 against him had not been satisfied.

Ministerialists Make Further Gains.

London, Oct. 12.—In the pollings in the parliamentary general election yesterday the ministerialists gained two seats. The constitution of the House thus far is as follows: Ministerialists, 374; opposition, 228.

Not a Cabinet Possibility.

London, Oct. 12.—Officials of the foreign office say that there is absolutely no foundation for the report in circulation here that Viscount Cromar has been summoned from Egypt to take a seat in the new cabinet.

Boers on the Offensive.

King Williamstown, Oct. 12.—The Boers have torn up the railroad north of Bethulle and captured a British convoy.

NEWS IN BRIEF.

The board of naval bureau chiefs has decided to postpone the date of opening bids for new battleships set for Nov. 15, until Dec. 7, when the bids for the cruisers also will be opened.

Governor Rollins of New Hampshire has been presented with a silver loving cup by Governor Johnston of Alabama and his staff.

It is asserted that Archbishop Martinelli will be raised to the cardinalate at the next consistory.

BOUND FROM QUINCY

Lumber Schooner Wawbeck Disabled—Son of Captain Lost.

Boston, Oct. 12.—Three men of the four comprising the crew of the St. John schooner Wawbeck were brought into port yesterday by the steamer Prince Arthur. The fourth man, the son of Captain Edgett, had perished.

Captain Edgett was bowed down with sorrow at the loss of his son Hadley, who was steward on the schooner. The young man was in the cabin when she capsized, and nothing could be done to rescue him.

Captain Edgett stated that the Wawbeck, a two-masted schooner, of 100 tons register, brought a cargo of lumber from St. George, N. B., to Quincy, and was returning to Hillsboro, in ballast when he encountered the recent severe weather.

On Tuesday, when the vessel was about off Portland, she encountered a severe northeasterly gale with a very heavy sea. At the outset the vessel began to leak, and the captain, in an effort to save the craft and the lives of those on board, changed his course and started to return to Salem to await the passing of the storm.

He had proceeded but a short distance on his return when the leak, which apparently had started in the stern, increased, and, to add to the consternation of the men, a new leak was discovered in the bow, and despite the efforts of the men at the pumps, the leak gradually gained until the vessel was almost full.

At 7 o'clock Wednesday night the vessel was struck by a heavy sea, which caused her to capsize. She went over on her port side until her masts lay flat in the water. The captain and two men, John Moore, mate, and John O'Flaherty, seaman, were on her deck at the time, and they immediately grasped the main rigging to which they lashed themselves for safety.

For 12 hours they were thus exposed, when the Prince Arthur happened along and rescued them from their awful position.

On the Diamond.

Serious Cuban Disturbance.

Havana, Oct. 12.—At Matanzas yesterday a Cuban policeman interfered with two members of the Second United States cavalry. The quarrel culminated in a general fight between the police and soldiers, who arrived upon the scene simultaneously, and two soldiers and a civilian were shot. The troops declare that they will have revenge, and Colonel Noyes has ordered all confined to barracks.

The feeling is very strong between the Cubans and cavalrymen. An investigation has been ordered.

Powell Turned Down by Telegraphers.

St. Louis, Oct. 12.—W. V. Powell, who, for seven years has been grand president of the Order of Railway Telegraphers, was expelled from the organization yesterday by a large majority of the votes of the delegates present. The vote for expulsion came after a trial lasting nearly two days, at which both the prosecution and defendant were represented by counsel, and careful investigation of charges was made.

Drift of Opinion.

"Kansas cannot find cars enough to carry her crops. Thus is opened the golden opportunity to kick because of too much prosperity."—Milford Journal

"Work or starve" is Nature's motto, and it is written on the stars and the soil alike. —starve mentally, starve morally, starve physically. —O. S. Marden in October Success.

"A true Christian spirit or a love of adventure,—one or the other of these qualities must be the dominating characteristic of the missionary who soon accepts an appointment to China." —New Bedford Standard.

"The extent to which endless chain schemes have been worked to raise funds either for some charitable or mercenary purpose, or to boom some undertaking, either legitimate or illegitimate, has become a nuisance. The endless chains are cheap claptrap which has been resorted to to accomplish all sorts of ends from the booming of certain political fortunes to the selling of shirtwaists. The thing has become a gigantic annoyance to the public, and the announcement that it will get less consideration from the postal authorities hereafter than formerly will beget more smiles than sorrow."—Hartford Post

"The newspapers have become so great a part of our home life that it is no longer thought clever to abuse the individual, and this shows great improvement in method over the plan which was tolerated only a few years ago, when salient piquancy which amused was considered as part of the daily scandal found to fit the wants of a number of readers. Today personal reference is not retished, while criticism of society shortcomings and party policy still hold public attention just so long as individual character is not made the fender to stand the shock of public or private indignation. This condition of affairs is due to a universal sense of fairness, and to the fact that our people feel fully confident to meet every exigency which may arise, and in this way has grown the sentiment which animates newspaper life today."—Haverhill Gazette

"Whose life is this in which we boast ourselves in brief possession? Whose world is this in which we tarry, guests? Whose truth is this we hoard or chatter in our changing moods? Whose love is this we give and take at will? And who are we adrift upon the flowing stream of time, to talk of an abiding place this side the eternal sea? To fancy we can solve life's deeper mysteries? Who are we to speak with tongue as glib of that which is and that which ought to be? How do we know so much of what is good and ill? How do we see so far into that which the future holds unseen? How can we tell in our life's span the meaning of the eternity that has been and is to be? Who gave us the right to speak for God or even to be his sole interpreter? Who are we that we should pretend to the love which has conceived, the wisdom which has planned and the power which was and is and shall be executing without a flaw when all is made complete? Is our love more true, our wisdom more acute, and power more efficient than that of God? Or are we just his little children, babbling child, and he our loving, patient, heavenly Father, waiting for us to grow?"—Universalist Leader.

DR. PIERCE RALLY.

Congressman Moody and Others Address Milton People.

The town of Milton, the home of the Republican candidate for Congress, is not as thoroughly aroused to the necessity of work for Dr. George B. Pierce, as the other parts of the Tenth district, and they do say that the district as a whole, does not realize how earnestly the country is waiting the result in the Tenth Massachusetts, where Republicans expect to make a gain to offset losses in the South, and thereby maintain control of the House of Representatives. The uncertainty of the complexion of the next Congress was clearly set forth by Congressman W. H. Moody of the Sixth Massachusetts and ex-Congressman Philip B. Lowe who spoke at the Republican rally at Milton Town Hall Thursday evening.

Previous to the rally the Norwood band played at Mattapan and East Milton, but the crowd expected was not attracted to the hall. Possibly the rainy weather of the day kept the people at home. The hall was about half filled, and those present were liberal with their applause and gave Dr. Pierce a very warm greeting when he was introduced to speak.

Horace E. Ware presided and Eugene H. Sprague of Quincy, the candidate of the district for senator, was the first speaker. He urged all men to become voters and emphasized the duty of voters to devote just a few days in the year to the nomination and election of worthy candidates. He pledged the hearty support of Quincy to Dr. Pierce for Congress.

Congressman Moody spoke highly of Candidate Pierce, and made it clear that Milton should arouse herself and work for his election. He spoke at length on prosperity and the issues in general, and our duties in Cuba and the Philippines in particular. Bryan himself was very largely responsible for the ratification of the Philippine treaty.

Mr. Lowe showed up the fallacies of the issues on trusts and imperialism.

Candidate Pierce spoke briefly, thanking his neighbors for their work in his behalf, and urged the importance of defeating a free silver Democratic in the district.

Several from Quincy were in attendance.

HOSPITAL SUNDAY.

To efficiently continue its work, the City Hospital of Quincy requires annually more than its fixed income from appropriations by the City, from paying patients, from endowment funds, and otherwise, about three thousand dollars. Heretofore the money has been raised by methods that have kept the Hospital almost constantly before the people asking aid. The Trustees now ask those who are able to subscribe a sum for which they may be called upon ANNUALLY in the future and belief that the response will be so generous that no further aid will be necessary, except the usual Hospital Sunday contributions. The donors made upon the Hospital during the past season have been greater than usual, requiring greater expenditures, and the Trustees believe that every reasonable demand has been met in a way that deserves the approval and support of our citizens.

It is hoped that every business man who will be prevented from attending church Sunday next (Hospital Sunday) or has not been called upon by his solicitor to subscribe upon the business men's book will send a check as an annual contribution to H. M. Faxon, Treasurer. The finance committee are making a strong effort to secure at this our annual election a sufficient sum to meet the deficiency of the Hospital and must be met each year. It is hoped that every business man or firm will respond to this call and thus help to maintain an abundance will be raised to defray all expenses.

Make a small sacrifice and lighten the labor of the Doctors, Trustees and Finance Committee and assist in maintaining the much needed institution as our City Hospital.

The size of your contribution is by no means the gauge of your Generosity.

Quincy, Oct. 12.

St. Mary's Whist Party.

The St. Mary's Charitable society of West Quincy held a very enjoyable whist party at St. Mary's hall, Thursday evening. The ladies' prizes were won by Miss Mary McTiwan, first; Mrs. Edward Bryan, second; and Miss Alice O'Brien, consolation.

The men's prizes were awarded to Mr. Thomas McGrath, first; Mr. Richard Callahan, second; while the consolation went to Mr. Edward Berry. Miss Ethel Burns, and Miss McKay played several brilliant piano solos.

Hospital Sunday.

Sunday will be observed in all the churches of Quincy as Hospital Sunday, and collections will be taken to help defray the expenses of carrying on the good work of this institution. Contributions, no matter how small, will be thankfully received by the trustees. It is hoped in time that the endowment fund will reach a sufficient amount to yield income enough to support the hospital. Until that time, however, the trustees must depend upon the generosity of the citizens.

Adams—Manahan.

Dr. Charles Sumner Adams of Wollaston and Miss Frances Gertrude, daughter of Mr. William H. Manahan of Hillsbury, N. H., were united in marriage Wednesday, at the home of the bride. The wedding was a quiet home affair, and was witnessed only by the immediate family friends. Mr. and Mrs. Adams left after the ceremony for Montreal. They will reside at 62 Brook street, where they will be at home after Nov. 15.

Hello Main!

At about the same time that the new "all-Richmond" for the part of the North end which has been laid off by the New England Telephone and Telegraph Company to bear that name goes into effect, the designation "Boston," which has hitherto been used for the Milk Street exchange, will be changed to "Main." This is because the former call, "Boston," has ceased to be distinctive, owing to the large number of exchanges in the city.

Silver Republicans' Notification.

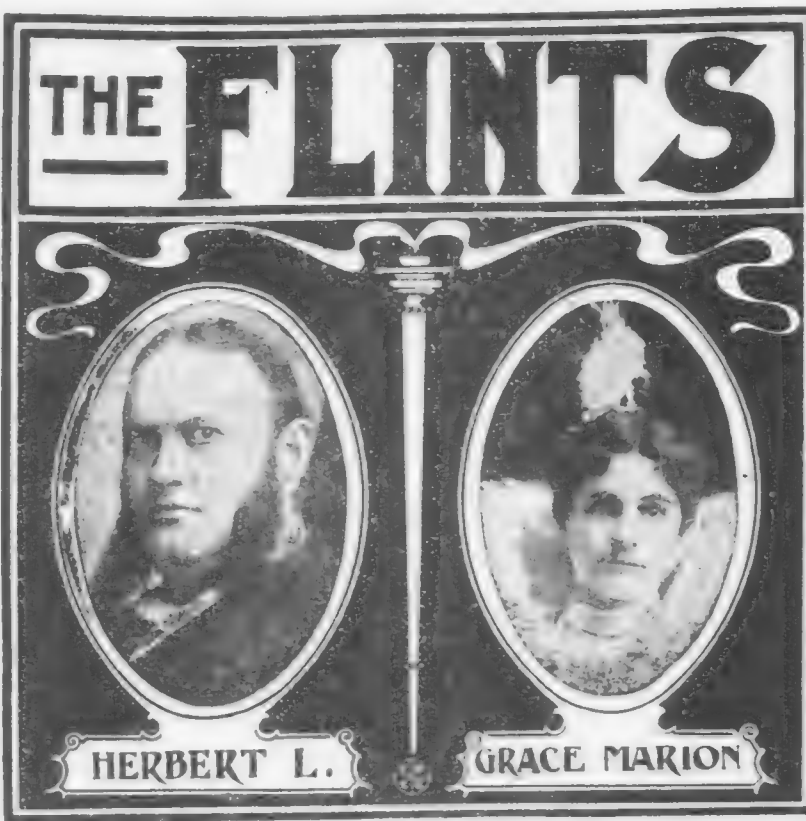

Saginaw, Mich., Oct. 12.—Mr. Bryan yesterday received through a messenger a notification of his nomination to the presidency by the Silver Republican party, at Kansas City, last June. The letter was in print and formed part of a bound volume containing some of the proceedings of the National Silver Republican convention. The letter was not made public, and will not be until Mr. Bryan's reply shall be received.

Three new cases of diphtheria from West Quincy were reported to the Board of Health this morning.

J. N. Manning of the Commonwealth club won the Allston golf cup, and A. J. Willington of Oakley the consolation cup.

The weather got round to clearing Thursday night. Along about 9 o'clock the moon came out and it was a beautiful evening.

Prof. Kaplan will hereafter hold his dancing classes at Hancock hall, to better accommodate the large number of pupils.

The Daily Record of Sherbrooke, Ont., Oct. 6, says: "Mr. and Mrs. W. R. Bateman of Quincy, Mass., who have spent the last two months at their camp on Spider Lake in Megantic, left Thursday for home."

The following members of the Wollaston golf club are entered in the Medford tournament today: Messrs. Farrington, Robbins, Park, Furbush, Wright, Wallon, L. W. Smith, P. H. H. Smith, Freeman, Atherton and Morrill.

The new furniture has not arrived for the new Quincy depot, but some old furniture was moved in Tuesday night and the new depot was opened for the first time Wednesday. Charles H. Penniman bought the first ticket.

Mr. Paddefoot of South Framingham will speak in Atlantic Memorial church Sunday evening at 7 o'clock, on Home Mission work. All who are fortunate enough to hear him will receive a rare treat, as he is a speaker of great ability.

At the W. R. C. whist party held Tuesday evening, Miss Adah Bartlett was awarded ladies' first souvenir and Mr. Fred Grignon gentlemen's first souvenir. Mrs. Edward E. Hayden and Mr. John Gillis were awarded ladies' and gentlemen's second souvenirs.

Dorcas society of Swedish Lutheran church held a fair Thursday evening at Faxon hall. The entertainment included music by the Lutheran orchestra recitations by Katrina Hultin and Alfreda Carlson, vocal solo by Edith Olson; guitar solo by Anna Ryden, and an address by Rev. T. O. Linell of Malden. There were numerous tables for the sale of useful and fancy articles.

Mr. Justin L. Hill of Norfolk Downs is the new organizer and chairman at the Park and Downs chapel. With Mr. Hill directing the music, and the practical preaching of the Rev. H. G. Megathlin, the old time interest in the church is confidently looked for. Any one desiring to join the choir is in-

vited to attend the regular Friday night rehearsals at the chapel.

Mr. Lawrence Muther of Chicago, a summer resident of Houghs Neck, sails for London, Eng., next week in the interest of the Peerless Machinery Co., of which Mr. Perley R. Glass (also a resident of Quincy) is superintendent and a large stockholder. The particular machine which Mr. Muther will handle while abroad is the famous "rapid eyeletter," the invention of our townsman, Mr. Glass.

The first whist party of the season at Odd Fellows hall was held Thursday evening, twenty-two tables being in play. Prizes for the best scores were awarded as follows: Ladies—Mrs. F. A. Hentz, a china covar pot; Mrs. L. N. Ross, a china candelabrum; Mrs. Fred Grignon, a fern. Gentlemen—Fred Grignon, a waste basket; Daniel E. Cameron, a pitcher; Stephen Tinney, a match safe.

Already the "rummage sale" which is being advertised in this paper, bids fair to be a grand success. Books, hats, pictures, shoes, clothes, sheet music, toys, furniture and remnants of cloth are arriving in quantities for the great sale. The money received for these attic treasures will be used by the society of King's Daughters, for home missionary work. In Providence there was such a crowd of purchasers at the rummage sale that the police had to be employed to keep order.

Fred E. Tupper, Ernest Gould and H. E. Crane returned today from a two weeks' gunning trip at Pray Hill Camps, Flagstaff, Maine. They were very successful with the aid of a well known guide, Mr. Cliff Wing. The party shot five fine deer also a partridge, quail, etc. Mr. Tupper two deer, Crane one, and Mr. Gould a deer and a buck that weighed 1400 pounds. The game can be seen at Mr. Tupper's on Spear street.

Wedding Gifts.

One of the most perplexing problems to people now-a-days is deciding what's best to give their friends for wedding gifts.

It ought not to be difficult to decide this question, when you consider that nearly every newly married couple will sooner or later go to housekeeping, and that some one article that will help furnish their home will be more acceptable than anything else you can give. Then again, gifts of this nature are not costly, and brand you a thoughtful and generous donor.

**A SAD END TO AN
AFFAIR OF LOVE.**

One morning my husband, the captain, came in very much worried. I questioned him. No answer. He drove away in his phaeton as soon as breakfast was over with several other officers. He returned at 5 o'clock alone, having left the others at the club. After dinner I had a conference with the fencing master and the chief armorer; then St. Perle, his friend, came and called him below his house. I did not have order to be talking with the

Our Rain-fall.

The average annual total of water which falls as rain or snow in the United States is 1,407 cubic miles. This amount of rain would more than twice fill lake Ontario. To raise this water to the clouds from which it fell would require the work of 500,000,000 horses working ten hours a day (throughout the year).

Mr. Olney does not offer any clearer or more assuring policy for the Philippines than Mr. Bryan. He neglects to support Mr. Bryan's policy, possibly for the very good reason that as compared with the declared policy of Mr. McKinley it does not commend itself to the preference of the American people. He does not always agree with Mr. Bryan, as a matter of fact, for Mr. Bryan would withdraw from the Philippines and allow "a few ten millions of savages," as Mr. Olney calls them, to attempt self-government under our protection. The United States, he says, "has no business to be engaged in the Philippines, and it is not to be expected that she will ever be able to do so." Mr. Olney's charges in the "Field of Philippine Affairs" furnished us with New York

PROSPERITY IN THE WEST

Has Rapidly Advanced Under the Administration of President McKinley.

The Republican national committee, in order to secure some up-to-date facts of progress relative to financial conditions in the great agricultural sections of the United States west of the Adirondacks, has sent out letters to several hundred business men in the various cities and towns of the West.

"The result is a report which shows that the business of the West has advanced rapidly under the administration of President McKinley."

With salaries and commercial deposits held in reserve, during the last four years, while credit in this district has increased about 25 percent. The improvement in the condition of the debtor class has been very material. Our merchants report vast improvements in collections. —M. S. Williams, Commercial National bank, Chicago.

"The agricultural interests in this whole community have improved to such an extent as is really remarkable, and contentment and plenty are shown on all hands, and only political disturbances occur. We only hope that four years more of such prosperity can be attained, for this community has never before been in such a prosperous condition." —S. C. Murray, president American National bank, Louisville, Ky.

"Ten farm mortgages are now paid off to every one that goes on record, while then (four years ago) none were paid off, and great quantities went on record." —C. S. Green, primary bank, Howard, S. D.

"Four years ago our sheep interests, which comprised almost wholly our farming class, were heavily in debt. Today, while they have not become loaners of money, they are far less in debt, and some general run are carrying increased flocks. If their flocks were reduced to the average of four years ago they would probably be out of debt." —H. H. Matteson, First National bank, Great Falls, Montana.

"I never knew a time when commercial paper was paid more promptly than today; our notary complains that he has no protesting to do. The rates of interest are now very low. This no doubt is due to the additional currency issued under the new law, the enormous production of gold in this country and more prosperous times generally." —J. R. Walsh, president Chicago National bank, Chicago, Ill.

"A number of our people in mercantile pursuits, who had borrowed money and were unable to pay four years ago, have largely reduced or wiped out their debts. Some who were in good financial condition have become very much better off. We do not know of any merchants of business capacity who have not very materially improved their position." —J. H. Dwight, First National bank, Duluth, Minn.

"I have incidentally discussed the political situation with many business men from Kentucky, most of whom are Democrats. They almost without exception indicate a purpose to vote the Republican ticket, as they are satisfied to let well enough alone, and they do not approve of the platform upon which the Democratic party stands." —Charles A. Hirsch, Fifth National bank, Cincinnati.

"Borrowers of five years ago have, to a considerable extent, become lenders of money. Many persons practically bankrupt four years ago have been enabled to realize on property which could not have been sold in 1896. Farm mortgages have decreased nearly one-half since 1896. The principal reason therefor is the universal prosperity brought on by a wise and judicious administration." —Ira P. Nye, First National bank, Eureka, Kas.

"Unless I am greatly mistaken, there will be a very material change in the political results in this state this fall. I make it a point to talk with farmers coming from different precincts, and from different sections of the state, and almost without an exception they tell me they know of many in their different localities who are going to let well enough alone and vote for McKinley. Many of them voted for Bryan four years ago. The general feeling here is that the Republicans can elect a governor, carry the legislature, and secure the electoral vote for McKinley." —S. H. Burton, president First National bank, Lincoln, Neb.

A regular meeting of the City Council will be held Monday evening.

And still no choice by Democrats in the Ninth Congressional district.

The surplus mud on Hancock street is being scraped up and re-ovied.

Do not forget to take your money to church tomorrow for the Hospital collection.

Sunday, Oct. 21, will be Rev. W. R. Breed's last Sunday as rector of Christ church.

William Hobart returned from Hyannis with W. H. Bennett. They report good fishing and gunning.

C. F. Pettengill and James E. Maxim are down the harbor today on a gunning and fishing trip.

Randolph liquor cases occupied the greater part of the attention of the Quincy court this morning.

Sunday is Hospital Sunday in the churches and large collections are expected for the benefit of the Hospital.

The Harvest Festival at the Universalist vestry will be Tuesday and Wednesday evening, Oct. 16, 17. A welcome for all.

Next Sunday afternoon's service at the Universalist church is a memorial to members and friends of the society who have died this past year.

In the case of Ciardelli vs. Swingle of Quincy tried in the Superior court at Dedham this week a verdict of \$1000 was given to the plaintiff because of injuries to his right foot.

Fred T. Shaw, who died at Hyde Park on Thursday, was a member of the Quincy lodge New England Order of Protection and Mt. Wollaston lodge of Odd Fellows. Delegation will attend the funeral on Sunday.

The raising of Belgium hares for breeding purposes and for the table is a new Wollaston industry, established by Mr. Spaulding on Belmont street. Unfortunately the prices are beyond the reach of ordinary people. Some of the breeding hares are sold for \$25.

Rev. E. N. Hardy of Bethany church preached the sermon at the installation of the Rev. George Walter Fiske at South Hadley Falls on Tuesday evening of this week. On Monday he gave the address at a mass meeting for men in Portland, Maine.

The Fore River Engine Co. have bought of the Quincy water works, the high pressure pump, formerly used by them for fire purposes. Preparations are being made to remove the same to the new works at Quincy Neck, where it will be set up in the power house and held in reserve for emergency.

In addition to the regular choir at the Park and Downs chapel next Sunday evening there will be special music including: Baritone solo, "O Blessed Sovereign of my heart," by Danks, Mr. C. W. Page; soprano solo, "As Christ upon the Cross," by Bullard, Miss Julie M. Page; soprano and baritone Duet, "The Lord is my Shepherd," by Smart, Miss Page and Mr. Page.

The rummage sale which the King's Daughters advertise, reminds us of the rummage sale in a nearby town where someone had contributed for the sale, a grave stone to be sold for one dollar. A poor woman bought it, saying, "There, I've wanted one ever since my child died, but could never afford to buy one before." A woman attending the clothing counter removed the cape she was wearing, as she got so warm working. By mistake it was sold for fifty cents.

GRAND OPENING NIGHT,

MONDAY, OCTOBER 15th.

Startling rock breaking test on a man stretched between two chairs—in charge of a committee selected by the audience. Many other extraordinary features.

Tickets only 15, 25, 35 and 50 cents.

THE WEEK PAST.

Most of the nominations for the Presidential and State election, in which Quincy takes a part, have now been made, and these have been busy times politically since Oct. 1. All that remains is the Democratic nominations for Representatives in the Fifth Norfolk district. The Republicans have given the voters very few new names to vote for. With the following exceptions renominations have been made: Roosevelt for Vice President, Turner for State Auditor, Maxwell for Councillor, Sprague for Senator, and Badger for one of the Representatives. The ballot of Nov. 6 will be a large one with an unusually large number of names, because of the numerous nominations for President.

Unless E. C. Jenney declines to run, the contest in the First Norfolk Senatorial District will be between that gentleman and our townsman, Eugene H. Sprague. It is a Republican district, and Presidential year, and there can be no doubt as to the result. At the last Presidential election in 1896 Judge Flint, the Republican nominee, carried every town in the district, and was elected by 4,319 plurality. The majority has been reduced some since, but it is not likely it will be less this year than last year, when Senator Woodsum was reelected.

We have not yet heard how the Norfolk County Democrats straightened out their nominations. That no one in that party was hot after the office of County Treasurer was surprising, but the convention went to the other extreme in attempting to fill the office of register of probate and insolvency three years in advance of the expiration of the term. But perhaps they will need three trials. What pleased the Republicans the most was the opportunity it gave to W. G. A. Pattee, Esq., to define his position. He

says he cannot support the Kansas City platform, and there are many others with him.

Dr. Pierce's campaign for Congress did not open as auspiciously as his friends hoped, but perhaps just that was necessary to awaken the Republicans of Milton and the district to the necessity of hard work, and they will not be idle from this out. They do say, however, that the rally was quickly arranged and that it was not advertised. Congressman Moody talked plain to those assembled, and urged each one to constitute himself a committee of one, and it is possible that several will take off their coats.

Eben W. Sheppard has been renominated for the Legislature, with Frank E. Badger as a running mate. Some popular gentlemen are suggested on the Democratic side, but the Republicans do not seem to be at all anxious over the result, particularly as it is Presidential year and the vote will be large. The wisdom of the choice made last year is clear today, because of the excellent records of Messrs. Sprague and Sheppard, and the misfortunes of Messrs. Halvosa and Cain, two of the opposing candidates.

The nearness of the City election has surprised many, and it will not do to let it slumber entirely until after the Presidential election. Within three weeks nominations for the caucuses should be filed. Will it be Hull vs. Keith again?

City Band.

The Quincy City Band Literary society opened its winter term with a social and musical entertainment in their rooms on School street on Thursday evening.

The members and a large number of their friends were present to enjoy the songs, readings, etc., by Messrs. Marr, Findlay, and Drummond, Hall and Mr. P. Dakers.

The syllabus for the ensuing three months is already arranged and presents an array of subjects of more than usual interest.

Next Thursday evening the first series of the monthly magazines will receive attention.

HOSPITAL SUNDAY.

To efficiently continue its work, the City Hospital of Quincy requires annually more than its fixed income from appropriations by the City, from paying patients, from endowment fund, and otherwise, about three thousand dollars. Heretofore the money has been raised by methods that have kept the Hospital almost constantly before the people asking aid. The Trustees now ask those who are able to subscribe a sum for which they may be called upon ANNUALLY in the hope and belief that the response will be so generous that no further call will be necessary, except the usual Hospital Sunday contributions. The demands made upon the Hospital during the past season have been greater than usual, requiring greater expenditures, and the Trustees believe that every reasonable demand has been met in a way that deserves the approval and support of our citizens.

It is hoped that every business man or firm that will be prevented from attending church Sunday next (Hospital Sunday) or has not been called upon by our solicitor to subscribe upon the business men's book will send a check as an annual contribution to H. M. Faxon, Treasurer. The finance committee are making a strong effort to secure at this our annual collection a sufficient sum to meet the deficiency that occurs and must be met each year. If every business man or firm will respond to this call together with other incomes an abundance will be raised to defray all expenses.

Make a small sacrifice and lighten the labors of the Doctors, Trustees and Finance Committee and assist in maintaining the much needed institution at our City Hospital.

The size of your contribution is by no means the gauge of your Generosity.

IN IMPERIAL CITY.

Lieut. Bumpus Writes Home from Peking, China.

Judge E. C. Bumpus of this city has just received the following interesting letter from his son who was in the allied army which captured the city of Peking, China.

Peking, China, Aug. 25, 1900.
My Dear Father—The allied forces left Tientsin Aug. 3 about 10,000 strong.

There were 12,000 Japanese, 3,000 Russians, about 2500 Americans and the rest English and a few French and Germans. We had 50 field pieces, all told, and were pretty well equipped.

The Japs were in advance of everyone all the way, as they have the best transportation, and are the finest troops for this campaigning.

They did most of the fighting. We got into one good fight at a place called Yangtsun, where the American troops were under sharp fire and lost eight killed and 50 wounded. Our company was acting as an escort to the wagon train and so I did not get into this scrap. This wagon train duty is tiresome enough, although it is an easy detail, as the men can load their equipments on the wagon and march light.

We had pretty hard marching in the sun through miles of dusty roads and cornfields. These cornfields stretch as far as the eye can see and prove that China is a fertile country. The men bore it well and we had no men die from heat prostration. Most of the men who had to fall out rejoined in the evening.

We hiked along through the same country, occasionally going through a large town. The first several miles ahead told us where the Japs were, and we saw evidences of them along the road.

The Sikhs (native English troops from India via Hongkong and Shanghai) had a hard time marching in the heat of the day. Several Sikhs died on the road.

We finally reached the neighborhood of a large walled town called Yangtsun where we expected a big fight. The Japs soon put the Chinese to flight and we marched along to Peking, reaching here the night of the 14th.

On the 17th we had a big fight coming into the imperial grounds and finally reached the gates of the palace grounds. We went back and camped two days in another place and came back here near the imperial palace and have been quietly camping here since the 19th. There is not much to do now and the usual guard duty and camp duty are all we have.

We are camping in a compound between two big gates. All the buildings here are covered with beautiful tiles of a greenish yellow color. This denotes that these are imperial buildings. This is the first time that any foreigners ever entered these courts. In fact two months ago it was as impossible to reach this place as to get to the north pole.

The royal family and the government have fled into the mountains and have not been heard from since we took the city.

All the missionaries and members of the legations have been sent to Tientsin, and I suppose we are kept here to help settle matters and look out for the interests of Uncle Sam.

The city is strictly patrolled and guarded by the allied forces. The walls are in some places 100 feet thick at the base and 60 feet high, being made of large bricks banked with earth.

The Chinese made their best stand at Tientsin, having four arsenals there and plenty of guns.

We found a krupp field battery of four guns in splendid condition and two small field pieces in Peking, but no large arsenal has been found yet. Then, Peking is not as rich a place as Tientsin. A seaport town seems to thrive more than an inland exclusive city like Peking.

The roof is the best part of the Chinese architecture, and there are some beautiful examples of tiled roofs in this vicinity.

The weather is pleasant now and the nights are cool.

I hope that things will be settled satisfactorily before long, although I imagine we will stay here for this winter.

Yours affectionately,

Ed.

AN UNLUCKY PRINCESS.

A Granddaughter of Queen Victoria Seeking a Divorce.

A Berlin correspondent of the St. Louis Post-Dispatch says:

Princess Albert of Anhalt, granddaughter of Queen Victoria, is still separated from her husband, whom she left so suddenly to visit the United States, traveling incog. She wants a divorce.

It has long been known here that the married life of the princess is the re-

verse of happy, and, owing to the unsavory reputation of her husband, popular sympathy would be altogether on her side were it not for her English birth, English training and English way of looking at everything.

A couple of years ago she suddenly left her husband and proceeded without any warning to the Mediterranean with her brother, Prince Albert of Schleswig-Holstein.

Lard in Ice Cream.

Here is another revelation of the inner ways and secret workings of things. It comes from some one who is in the secret of the ice cream maker. It is not well always to investigate too closely the ingredients put into food made out of the house, or, for that matter, into the ingredients that go to make even the best domestic dainties. But it will do no harm to tell this one little story. There is a delightful creamy smoothness to some of the popular, though cheaper, grades of ice cream. It is a pleasant smoothness and suggests real cream from the Jersey cow, and from that cooling dish the imagination can wander away, if it will, to pastoral dreams of running brooks and country breezes. There may be a connection with country life through the ice cream, but it is not by way of the cow, much of it. That delightful smoothness comes from hard, quantities of it, that go into the frozen dandy in place of milk-cream is not to be thought of which might go into the ice cream, though precious little of it does.

The Sweetheart Ring.

The sweetheart ring is a product of the past summer. It is a band of heavy gold, in which is set, instead of a jewel, a flat cube of gold, on the surface of which the initials of the recipient and the donor are intertwined. Thus it may be used as a seal. The idea is that when a flirtation is on between a summer girl and a young man they exchange these rings, which are by no means binding in the sense that an engagement ring is. Apropos of this, there is said to be quite a code of etiquette involved in the sealing was used by the owners of sweetheart rings. Red is never proper at this stage, because it means ardent love. Blue is a favorite color, signifying truth. Green means that the affection is fresh and tender, while yellow indicates jealousy. The saving grace of the sweetheart ring lies in the fact that either the youth or the maiden may return his or her ring without offense.—Philadelphia Record.

Women Cyclists Abroad.

Wheelwomen in Europe meet with many difficulties. In Russia everything is managed "by order of the czar," and cycling is no exception to the rule. Before a woman can possess a wheel she must obtain royal consent, and this is granted quite sparingly in Russia. France recognizes the right of the husband as ruler, and therefore a wife cannot join a touring club until she has received a signed permission from her husband. In Florence women cyclists must carry two bells to warn pedestrians of the machine's approach. Men are only required to have one bell.—Chicago Times-Herald.

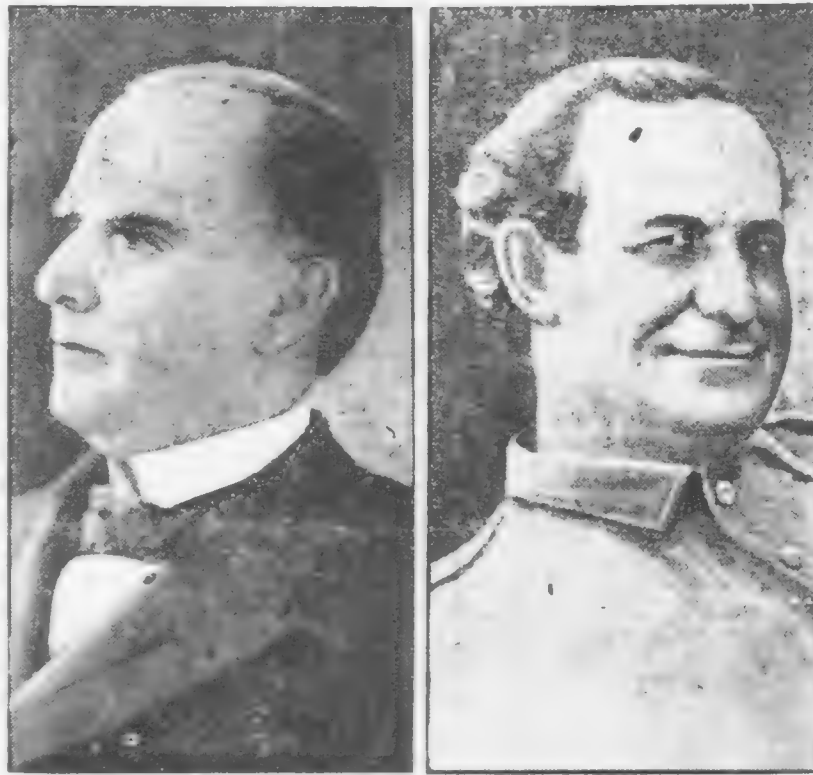

Gold and Silver Trimmings.

The gold and silver which are to be so popular this season in so many forms must be used with discretion, particularly the gold. It is seen already on blouses and jackets, conspicuous and inartistic and unattractive. A little gold is a good thing, but too much of it is garish. The varieties of materials in which it is to be seen are increasing constantly. There were chiefly the plain, tightly woven gold and silver ribbons to be seen last winter, but now they are to be seen with loose meshes, which make them prettier for many purposes.

Her Individuality.

The American woman is showing with each season more and more individuality and independence in her outfitting. Style is not everything with her, and first of all she wants to know whether a thing is becoming as well as beautiful. And when it comes to freakish styles they are received more than coldly if advocated at all. The modistes and milliners have a different creature to cope with today from the woman of a quarter of a century ago, who took anything that was offered to her because she was told it was stylish.

WHICH?

The portraits of President McKinley and Mr. Bryan, published this week, are printed because of the many demands for the pictures. The picture of Mr. Bryan is not a chance kodak's shot, but is reproduced from a large 12-inch picture, representing in full Colonel Bryan and General Lee sitting in front of their tent in Florida. The two men were admirably posed for the picture, which was sent to Lincoln and placed in a local photographer's window, where it remained for several months. The inference is, therefore, not unfair that the likeness was satisfactory to Mr. Bryan and his friends.

Political Potpourri.

The local Democratic club is arranging to hold a series of political rallies. No dates, however, have been fixed.

The Fifth Norfolk Democratic convention to be held next Monday evening in Quincy, will probably nominate George H. Wilson and John Curtis.

Robert E. Belcher of Braintree is an active member of the Boston University Law School Republican club.

Judge E. C. Bumpus has been interviewed by the Boston Journal and says: "I am a believer in the gold standard, Republican principles and McKinley. He will have my vote, likewise three others in this suite. (in the Tremont building)."

Both parties in the Holbrook-Avon-Randolph representative district will hold their conventions on Monday, Oct. 15.

There are some doubts about Mr. Jenny accepting the Democratic nomination for the Senate in the First Norfolk district.

J. Walter Bradley of Milton is again the candidate of the Republicans in the Canton-Milton Representative district.

THE SOCIAL REALM.

(Continued from page 1.)

Miss M. F. Mair of Pleasant street has gone to Campbellton, N. B., to spend the winter.

Mr. John Eneking of Hyde Park, the well known artist, has been selected as one of the judges to officiate at the art exhibition to be held at Carnegie Institute, Pittsburgh.

Mr. and Mrs. Frank A. Smith of Maple street, Braintree, threw open their house on Wednesday evening, the occasion being a reception to Rev. Charles H. Pennoyer, recent pastor of the Universalist church.

Miss Helen Durgin of this city was maid of honor at the wedding at Natick of Miss Florence Louise Jones and Edward C. Thompson. She wore white organdie muslin with pink velvet trimmings.

The engagement is announced of Miss Annie M. Berry and Mr. Harry E. Duval of South Hingham.

Mrs. L. A. McGilgahlin and daughter Mildred, of Watlington have visited her parents, Mr. and Mrs. Elisha Thayer of Braintree, the past week.

Strict Rules.

Employees of the street railway have learned that the Brockton management have rules for the government of their employees, and that they must live up to them or take the consequences. Whether the road is too strict or not is a question, but the least violation of the rules means a discharge. Many of the old employees of the Quincy & Boston have been dropped for violation of the rules, so that today comparatively few of the old men are left. The management however, say it is not that they are discriminating against the old men, but that it is necessary for the proper management of the road that the rules should be lived up to.

Union Choral Society.

The Union Choral Society is preparing for another season's work, and trusting to the interest hitherto shown by its members and the cooperation of its many friends to become even more of an influence in the town than in past years. The chorus will meet Thursday evenings in Pythian hall, and will be under the direction of Mrs. Shepard, whose earnest efforts have developed a considerable musical ability among its members, and who, through saddened by the loss of three from her household since she last met with us, returns to her work refreshed by a long vacation in Colorado. A special committee will endeavor to visit each member of last year's chorus, and hopes to find enough new material to swell the voices to one hundred and fifty. The date of the first meeting will be announced directly after Mrs. Shepard's return to Boston in about a week.

—Even Josiah Quincy praises the course of President McKinley in China. Now it is not reasonable and sensible that President McKinley has acted just as wisely, honestly and patriotically, if all the truth was known, with reference to the Philippines as to China? He is the same man with the same head, the same heart and the same advisers. He has acted wisely and patriotically not only in China but in the Philippines.

BRAINTREE.

The annual dinner for the "Old People" was held Thursday at the South Congregational church, being postponed from Wednesday on account of the stormy weather. The King's daughters were in charge of the dinner and entertainment.

Rev. Thomas Van Ness of Boston will address the members of the club and their friends Friday evening, Oct. 19, on "Street sights and incidents in St. Petersburg."

Friday evening team four defeated three 1987 to 1988.

The Thayer Academy foot ball eleven played their first home game on the Common Wednesday, with the Boston Latin second team, and won in a very interesting game. The interference and rush work of the local boys was too much for the visitors.

Walter Holbrook of Academy street, while visiting his brother in law, William A. Hollis recently, sustained a painful shaking up by falling into an old unused well on the latter's premises, but through great presence of mind he fortunately escaped serious injury by clutching a support which prevented his going to the bottom, a distance of some sixteen feet.

The first dance under the auspices of Company K, 5th M. V. M. was held in the Armory on Thursday evening, and about forty couple were present to enjoy the music of Deslauries orchestra of East Weymouth.

Rev. C. H. Pennoyer preaches Oct. 14, in Chester, Vermont; Oct. 21, in Marblehead, Mass. and Oct. 28, at Providence, R. I.

The Universalist church lot on Central avenue was sold by C. S. Hanna last.

Court Autumn will celebrate its twentieth anniversary, Wednesday evening, Oct. 24.

Albion C. Howe and family have moved into the house formerly occupied by Charles E. Mildram on Holbrook avenue.

Frank Holbrook, Charles Lothrop and Charles Hunt shot and killed 12 ducks at the former's gunning stand at Great Pond, Monday.

Charles Gage, Charles R. Richards and Will C. Cuff are the committee from the Braintree club to secure a piano for the club rooms on Holbrook avenue.

A foot ball team is being organized in town by George Revere. A strong team will be got together to play teams from the surrounding towns. The make up of the eleven has not as yet been decided upon.

Rev. Mr. Senior and family have moved from Sheppard avenue to Quincy.

Albert Avery is having the large stable in the rear of his residence reshingled.

The Oriental Drum Corps made their first appearance before the public last Wednesday by acting as escort to the Union Veterans at the Manchester Muster, and their work was a credit.

Dr. John Kelley, Jr., has gone to Philadelphia, Pa., where he will take a course at Jefferson college. The doctor graduated last June from the Boston college of physicians and surgeons.

There is to be a joint delegate convention of the Republicans of the sixth Norfolk representative district, which comprises the towns of Weymouth and Braintree, at Arcadium hall, Weymouth, this evening. Gordon Willis and E. W. Hunt of Weymouth will be the nominees as usual, and Braintree will be left out in the cold.

Miss Jennie Dugan, daughter of Mr. and Mrs. Henry Dugan and a sister of Night Police Officer Dugan, died at her home on Hobart street Thursday morning at six o'clock, after a long illness of consumption. The funeral took place this (Saturday) morning from the Church of the Sacred Heart in Weymouth and was very largely attended. Rev. J. B. Holland celebrated mass. There were many beautiful floral offerings. The interment was in the family lot at Catholic cemetery, Randolph.

The names of Edward J. Starr and D. J. Coleman, the social democratic nominees for representatives from this district, will appear on the official ballot nomination papers having been circulated this week and a sufficient number of names being obtained to place the candidates' names on the ballot. The social democrats expect to poll quite a good sized vote in this district. A new branch is to be organized at East Weymouth next Thursday evening, Oct. 18, and Representative F. O. MacCartney of Rockland is to be present and deliver an address.

The delegates from the sixth Democratic district comprising Weymouth and Braintree for Representative, met in the town hall Thursday evening. The whole number of delegates present voted for Horace R. Drinkwater of this town, and he was declared the nominee for Representative.

Although the weather was not the most favorable for a large congregation a goodly number were present last Sunday morning at Cochocto hall to listen to the Rev. Harry Jeschke of Hackensack, New Jersey, who spoke upon "Cheerfulness," taking for a text: "Rejoice and be exceeding glad," a part of the twelfth verse of the fifth chapter of Matthew.

—The death of Thomas G. Shearman removes from the world a man who was a fine type of a would-be reformer and an honest man. Like the late Henry George his whole heart and soul went out to the common people. Mr. George and Mr. Shearman both advocated the single tax theory, a doctrine which few of us understood, and which a majority of the people have never been brought to believe in. Mr. Shearman was a man of fortune, but never attained to high official position. Neither did Mr. George. Yet both men will be remembered and honored long after many successful politicians are forgotten.—Norwood Advertiser.

MATRON AND MAID.

Mrs. Mary Yardley of Chicago was told by the doctors that she could die young. She is now 105 years old.

Miss. Patti recently gave a grand concert at Brecon in aid of a fund for the poor which she founded 13 years ago.

Three women will lecture at Swiss universities the coming winter—Miss Tuzmarin at Bern on the history of modern aesthetics, Miss Rodriguez at Geneva on "biologie florale," and Mrs. Zebrowski at the Neuenburg academy on German literature.

Ramulo, the deposed queen of Madagascar, who now lives at Mustapha, in Algeria, under the rigorous surveillance of the governor of the colony, and lives on an allowance made by the French government, has applied for permission to visit Paris to see the World's fair.

Miss Gwendolyn Dunlevy Kelly of Columbus, O., is probably the only American who bears a decoration conferred by Queen Margherita of Italy. About five years ago Miss Kelly painted a portrait of the queen which pleased the royal subject so that she conferred the favor of decoration on the artist.

The Duchess of Cleveland, mother of Lord Rosebery, is one of the most remarkable octogenarians in English society. She can remember every incident of the queen's wedding, where she officiated as bridesmaid, and her memoirs, should they ever be published, ought to prove one of the most fascinating books concerning the social and political life of the Victorian era.

Marie Louis Marsy, the well known Parisian actress and owner of race horses, has secured her connection with the Comedie Francaise. Ill health is given as the reason for her action, but it is thought she desires to devote more of her attention to raising than her stage duties would allow. Miss Marsy is the richest as well as the most admired actress in the French capital.

At Garden River, nine miles from the Sea on the Canadian side, recently, Miss Alice M. Longfellow and Mrs. J. G. Thorpe of Cambridge, Mass., daughters of the author of "Hiawatha," were adopted into the Ojibway nation with impressive ceremonies. Miss Longfellow presented to her hosts a handsome portrait of her father, framed in birch bark. This will hang in the council house at Garden River.

Mme. de Navarro is not quite so young now as she was when the playgoer knew her as Miss Mary Anderson, but she confesses to a shock the other day when at a bazaar in Worcestershire she was told by the father rector of a religious community that she was a mother to them. "She owned," she said in a little speech, "that she was somewhat overwhelmed by that clerical compliment. He might have said sister."

THE VERDICT.

The great international problem: Find the Chinese government.—Chicago Post. The concert of Europe should at once examine itself into a fire department in recognition of a blaze in the Balkans.—Philadelphia Ledger.

The man who tries to live on 15 cents a day will find the task much easier if he takes in washing in the meantime.—Chicago Record.

"Bobs" has annexed the Transvaal by proclamation. He is a patient man, but the other way was proving entirely too slow.—Chicago Record.

From the frequency with which foreign nations are seeking loans in the United States the term "Uncle Sam" has evidently come to have a new meaning.—Philadelphia Bulletin.

That Californian who has invented a buttonless suit of clothes for men will no doubt be at once elected an honorary member of the Antiprofanity Society of Boston.—Denver Post.

It is really a reproach to science that with all the efforts made by distinguished physicists, it has so far been unable to utilize a large proportion of the energy stored up in coal.—Indianapolis News.

A Chicago man who had cramp colic from eating ice cream was hustled to the hospital by the solicitor doctors and operated upon for appendicitis. Friends of the family are invited. No flowers.—Denver Post.

THE CYNIC.

People are always disappointed in a circus.

When a girl finally lands a promising young man, she is as proud as a peacock.

One of the funniest things in the world is the length of leg to a child's first pair of pants.

A suspicious disposition and a fondness for talking are the combination which makes a gossip.

Nearly every man believes he is too big for the town in which he lives and gets into trouble because of the belief.

When a woman admits that she has been married as long as 20 years, she nearly always claims she was married at 10.

When the gossip hears a man slam his door violently upon going to work, they make up their minds to run over during the day and call on his wife.—Athens Globe.

BEE BUZZES.

It is important to fill the frames full of foundation.

Every time wax is melted adds to its improvement.

Wax should be cleaned before making it into foundation.

Honey dew is a dew that falls in the night and is a sweet substance, which bees often gather in large quantities.

Natural queens can be produced only in strong colonies and under the swarming impulse and in the honey season.

It is not advisable to store away comb honey if it can be disposed of at a fair profit. The sooner it is sold the better.

All strained or extricated honey will candy or become solid sugar. This occurs during the fall on the approach of cold weather. If kept sealed up airtight, it will remain liquid.—St. Louis Republic.

THE TRICKY TURK.

The kaiser sent a decoration to the Sultan the other day for a birthday present. Uncle Sam sent him the same old "Please remit."—Cleveland Plain Dealer.

"Now," said the grand visitor to the new poet laureate in the court of Abdul Hamid, "I wish to caution you against the unhappy use of words of doubtful sound. Your predecessor was bowstrung because he dashed off a little gem entitled 'Ode to America.'"—Baltimore American.

An Unusual Offer to Women.

In another column appears the announcement of an extraordinary offer of prizes amounting to \$17,500, which will be given by the publishers of The Delineator. This famous magazine has been published for twenty-seven years by the Butterick Publishing Co., firm, a well known from one end of the world to the other as manufacturers of Butterick patterns.

Taking the fact that next year begins a new century, The Delineator offers to distribute \$17,500 among 1501 women. The plan is so cleverly arranged that a woman living in a small town or village has just as good a chance to win one of these 1501 prizes as a woman living in a city—because the prizes are given for the number of subscriptions secured in a town in proportion to the population of that town, instead of being given simply to those who send the largest list of subscribers—which, of course, are most easily obtained in big cities.

The plan for distributing the prizes is absolutely fair, and solves the problem of how to make a prize offer equally attractive to those who live in large cities. We believe this offer will be of great interest to all our readers.

The Filins.

Monday night, the Grand opening. Among other astonishing performances there will be this—A committee is chosen from the audience to see that all goes fair. A subject in a state of catalepsy is placed with his head on one chair and his feet on another chair—a rock of more than 200 pounds is placed on his chest—and then this rock is broken with a sledge hammer! This does not seem possible, but they say there is absolutely no deception about it.

BOSTON AMUSEMENTS.

Park Theatre.

The Choir Invisible has begun its Boston season at the Park Theatre and it is a worthy testimonial to Boston's appreciation of good things in stage affairs that this idyl is being so well received. The Choir Invisible differs materially from the usual trend of theatrical performances, in the instance that it teaches a lesson and preaches a strong sermon. It is because of this element that friends looked askance and wondered would it succeed. The best element of society has accepted it for the worth which it possesses and the story of the "love of a man for a woman who is bound to another" is proving of the greatest interest in the stage version by Frances Hastings as it did in the book of James Lane Allen's writing. Henry Jewett is seen in the leading role, that of John Gray schoolmaster. To the part he gives an artistic conception the result of long study and careful consideration. He is strong and virile even and realizes the mental picture that readers of the book had drawn after reading the graphic description by the book's author. Judith Hathaway too, has proved a womanly woman as Mrs. Falconer, the perfect woman.

Boston Theatre.

Success is still emblazoned upon the banners of Lieber & Co.'s army of Monte Cristo with James O'Neill at the head, which is seen nightly at the Boston Theatre. This week is the fourth and next to the final one of the five which have been allotted to Boston for this engagement. It is years ago since such a series of vast audiences have crowded into the Boston Theatre as can be seen during the Monte Cristo engagement. The theatre trains coming into Boston are filled nightly with patrons for the Boston Theatre, and from the Penobscot to the uttermost point on Cape Cod the general topic of conversation is "when you go to Boston, don't forget to go to the Boston Theatre and see James O'Neill in Monte Cristo." Unfortunately, the management announces that the date of the last performance is positively Saturday, October 20.

Keith's Theatre.

The star act of the Keith show for the week commencing Oct. 15 will be a one-act revolutionary play entitled "Trenton," which will be acted by John W. Albaugh and company. A Philadelphia critic speaking of its performance at the local Keith house said: "For the reason that it possesses the merits of brevity, directness and an effective finish, 'Trenton' may be more of a success than any short play of its timber that has preceded it as a feature of a miscellaneous program." Other attractions will be: Mrs. Felix Morril (widow of the popular comedian), in a monologue written for her by Mr. Morris; Josephine Cassman and her cute plectaninians, in coon songs; Smith and Campbell, the favorite sidewalk conversationalists; Jess Veanor, ventriloquist comedian; Winona and Banks Winter, in a comedy and singing sketch; Barrere and Jules, European gymnasts, and David Burk's troupe of educated dogs. The foregoing constitute only about half of the attractive show that will be given, but is sufficient to indicate that the program is to be a high class one.

Castle Square Theatre.

The selection of Charles Selby's famous romantic drama "The Marble Heart" for production at the Castle Square Theatre next week ensures a most interesting attraction for the patrons of this play house. This play had its original production at the Adelphi Theatre, London, nearly a half century ago, and its popularity has been maintained uninterruptedly since that time all over the world. It was presented in this city during the season of 1891-'92 at the Boston Museum with such artists as John Wilkes Booth, Frank Hardenberg, Josephine Orton and Kate Reynolds and there are few of the prominent actors and actresses of that day abroad or at home, not familiar with the play. At the Castle Square Theatre the coming week the cast of leading characters will be as follows: Georgias and Mons. Venudore, Stanley Kent; Alcibiades and Vis. Chateaumargaux, Tony Cummings; Phidias and Raphael Duchetel, John Craig; Diogenes and Ferdinand Volage, Charles Mackay; Mademoiselle Marco, Lillian Lawrence; Clementine, Marian A. Chapman; Mariette, Leonora Guito; M. Duchetel, Leonora Bradley. At the Monday matinee souvenir boxes of choice chocolate bonbons will be given each patron. For the week beginning Monday, Oct. 22, the attraction will be "A Virginia Courtship."

Boston Museum.

"The Sign of the Cross," Wilson Barrett's unique religious and historical drama, will be the attraction at the Boston Museum for a fortnight, beginning next Monday and through the week with matinees Wednesday and Saturday. The story of the play deals with the declining power of paganism and the rapid growth of the Christian faith. The incident around which the play is written is the love of Marcus Superbus, prefect of Rome, for Marcia, a lowly Christian maiden who is arrested with other Christians. Urged on by a jealous woman who loves the prefect, Poppes induces Nero to refuse the pardon of Marcia unless she will renounce her faith. This she refuses to do, and when Marcus finds that she is steadfast and will be until the end, he tells her that his lingering doubts are fled, that he too, is a Christian and they go up to the arena to be slain by hungry beasts, just as the curtain falls. Charles Dalton, who is said to be a beautiful young English girl, will appear as Marcia. The entire company is from the Lyric theatre, London, and has been sent to this country by Mr. Greet, the celebrated English manager.

TODAY'S COURT.

Samuel Upton of Weymouth was arraigned for drunkenness. Case continued one week. The continued case of G. B. Bates, for violating the plumbing ordinance, was called, and again continued until Oct. 18. John Hayes was arraigned for keeping liquor with intent to sell at Randolph. Case continued until Nov. 12. Bernard Rodden was arraigned for keeping liquor with intent to sell at Randolph. Case continued until next Saturday. The liquors seized from John Hayes of Randolph were forfeited. The liquors seized from Thomas O'Keefe at Randolph were forfeited. The liquors seized from Bernard Rodden at Randolph were forfeited.

FIGURING ON RESULTS.

Democrats Say That but Seven States
Are Sure to Be For McKinley.

Republicans Claim 270 Elec-
toral Votes to Bryan's 115.

Democrats Have Fighting Chance to Control
Next House of Representatives.

Chicago, Oct. 15.—Secretary Walsh of
the Democratic national committee
claims 261 electoral votes for Bryan,
concedes 81 to McKinley and declares
25 to be doubtful.

Secretary Walsh says that with the ex-
ception of Iowa, Maine, Massachusetts,
New Hampshire, Pennsylvania, Rhode
Island and Vermont, the country is
either for Bryan or in doubt.

He claims for Bryan: Alabama, 11;
Arkansas, 8; California, 9; Colorado, 4;
Florida, 4; Georgia, 13; Idaho, 3; In-
diana, 15; Kansas, 10; Kentucky, 13;
Louisiana, 8; Maryland, 8; Mississippi,
9; Missouri, 17; Montana, 3; Nebraska, 8;
Nevada, 3; New Jersey, 10; New York,
36; North Carolina, 11; South Carolina, 8;
South Dakota, 4; Tennessee, 12; Texas,
15; Utah, 3; Virginia, 12; Washington, 4;
West Virginia, 6; and Wyoming, 3, these
states having a total of 261 electoral
votes.

Henry C. Payne, vice chairman of the
Republican national executive com-
mittee, last night gave out his first forecast
of the election.

He made an estimate of the votes
by states, and in doing so divided the
states into four classes—24 states, hav-
ing 270 electoral votes, certain for Mc-
Kinley; 12 states, having 115 electoral
votes, certain for Bryan; 6 states, hav-
ing 38 electoral votes, in which the
chances of Republican or Democratic
success are even, and three states, hav-
ing 24 votes, in which the chances are
60 to 40 in favor of the Democrats.

Spent Sunday on a Farm.

Spring Station, Ky., Oct. 15.—Here,
from early Sunday morning, 18 miles
from Lexington, Governor Roosevelt's
sweel train remained on a Louisville
and Nashville side track, until this morn-
ing. The candidate for vice president
spent the day at the residence of A. J.
Alexander, situated in the centre of a
farm comprising 3,000 acres. The rest
brought about the desired physical
brightening. The governor's voice has
almost entirely lost its huskiness, and he
says he feels as well as on the first day of
the campaign.

Ohio Tour Continued.

Akron, O., Oct. 15.—Mr. Bryan spent
Sunday very quietly. He was the guest
of Judge Grant, and, aside from going
to church in the forenoon, he remained
indoors all day. Today Mr. Bryan con-
tinued his Ohio tour comparatively rest-
ful. He has not been required to make
so many speeches a day, and in most
cases the speaking stands have been in
the immediate vicinity of the railroad
depots.

Democrats Have Fighting Chance in House.

New York, Oct. 15.—As the result of
a poll of every congressional district in
the country by its correspondents, The
World presents a forecast of the prob-
able political divisions of the next con-
gress. According to it the Democrats
have a fighting chance to control the
house. The canvass shows that the
various parties probably will be repre-
sented as follows: Republicans, 172;
Democrats, 167; Silver Republicans, 2;
fusion, 6; doubtful, 10; total, 357.

Fitzgerald Not a Candidate.

Boston, Oct. 15.—In connection with
the deadlock existing in the Ninth con-
gressional district Democratic con-
vention, John G. Fitzgerald, the present
congressman from that district, makes
the following public statement: "I voted
for Mr. Conry because I felt as far as
the localities were concerned East Bos-
ton has the call. Mr. McClellan asked
me to give Mr. Conry the ward six dele-
gates on that ground, and I asked the
delegates to so vote. If they requested
our delegation to split the vote equally
among the four candidates, and this was
done, I do not know what the out-
come will be. I feel certain that one
of the four candidates will be nominated
tonight. I am aware that my name is
being frequently mentioned as the pos-
sible compromise candidate, but this talk
has not received any encouragement
from me."

Nomination to Be Contested.

Clinton, Mass., Oct. 15.—The nomina-
tion of David I. Walsh as representative
from the Eleventh Worcester district,
made by the Democrats, will be contested
by those who, in the convention, were
opposed to him, it being shown that the
delegates from Northboro and West
Boyiston were not elected in caucuses
called in the usual way. Mr. Walsh is
the man who led the fight against the
metropolitan water board in the house
in 1899.

Novel Project of Democrats.

Chicago, Oct. 15.—From ocean to ocean
and from Great Lakes to the gulf, in
every city, town and village of the
country, Democratic meetings will be
held Oct. 27, and will be addressed by the
ablest speakers that the scope of this
giant plan will permit. This is the
scheme announced by the Democratic
national committee, which already has
set in motion the preparations necessary
for the consummation of such a project.

PERILS OF THE DEEP.

Vessels Report Rough Experience at Sea.
Thirty Wrecks Off Nova Scotia Coast.

Boston, Oct. 15.—Severe storms have
raged on the Atlantic during the past
week, and during the past 24 hours their
influences have been severely felt along
the New England coast.

Vessels arriving in the last port-
land reported having encountered very
severe weather, and several had been de-
layed by fog, combined with heavy wind.
Unfortunately, three arriving in
York all report severe storms.

Stories of further disaster to shipping
come from the Nova Scotia coast. The
known list of vessels ashore as the re-
sult of the recent storms now numbers 30.

New Vessel Abandoned.

New York, Oct. 15.—Steamer Cam-
etense, brought as passengers Cap-
tain Sprout and seven shipwrecked
seamen of the schooner Mary E. Ler-
mond of Thomaston, which was aban-
doned at sea on Sept. 17, while on the
voyage from Fernandina for Martinique.
The Mary E. Lermond was a new vessel,
she sailed from Fernandina on Aug. 24,
bound to Martinique, with a cargo of
lumber. On Sept. 17, when about 200
miles south southwest of Bermuda, she
encountered a hurricane, accompanied
by a tremendous sea in which the vessel
was dismasted and waterlogged. All
hands were finally rescued by the steam-
er Hilary and landed at Para on Sept. 23.
The Mary E. Lermond registered 278
tons, and hailed from Thomaston.

Anxiety Over the Enterprise.

Boston, Oct. 15.—The fact that the Mas-
achusetts nautical training ship En-
terprise, which left Funchal, Madeira,
Sept. 6, for Marblehead, has not yet ar-
rived, nor has she been reported as
sighted since leaving that port, has
caused considerable anxiety among the
relatives and friends of the 140 men on
board. To all inquiries, the board on
naval training has decided to make this
reply: "The Enterprise is not overdue,
and may be expected within the next few
days."

A Menace to Navigation.

Gloucester, Mass., Oct. 15.—Schooners
Marguerite Haskins and D. A. Wilson
report having sighted the wreck of a
vessel off Race Point. She was sub-
merged so far that it was impossible to
ascertain her name. She lies directly in
the track of vessels.

Island Formed by Floods.

Marseilles, Oct. 15.—Steamer City of
Barcelona narrowly escaped going
ashore on a new island which has formed
off the mouth of the Rhone, in conse-
quence of the recent floods. It is sit-
uated about 10 miles from the coast and
consists of sand.

Vessel Supposed to Be Lost.

London, Oct. 15.—It is feared that the
British schooner Samuel Moss, Captain
Mably, which sailed from Cadix Aug.
19 for St. John's, is lost. The Moss is a
wooden vessel of 127 tons.

Contributions Flowed Freely.

New York, Oct. 15.—Rev. Albert B.
Simpson, president of the Christian and
Missionary alliance, yesterday preached
his annual missionary sermon at the

REV. DR. A. B. SIMPSON.

Gospel Tabernacle, and as a result over
\$50,000 in cash, pledges and property were
realized for the support of the missions
and mission work of the alliance for the
coming year.

Chance For Americans to Profit.

Washington, Oct. 15.—A letter received
at the United States department of agri-
culture from Penrith college, New South
Wales, calls attention to the great need
of improved types of agricultural ma-
chines in that colony. The writer states
that there are great opportunities there
for American manufacturers of agri-
cultural machines who are desiring of
extending their business beyond the
United States.

Called to Far Off Fields.

Monson, Mass., Oct. 15.—Rev. Franklin
S. Hatch yesterday resigned the pas-
torate of the Congregational church, af-
ter a service of 13 years. The congrega-
tion was surprised when he announced
that he had accepted an invitation from
the Christian Endeavor union of India,
Burmah and Ceylon, to become its gen-
eral secretary, resident at Calcutta,
travelling according to the needs of the
work.

Youtsey Still in a Stupor.

Georgetown, Ky., Oct. 15.—The Youtsey
trial has been called for today, but
there appears little chance that it will be
resumed. It seems certain that Youtsey
is in an extremely serious condition and
may never recover. He is still in a
stupor.

Genesee Pure Food Co., Le Roy, N. Y.
Gentlemen:—Our family realize so much
from the use of GRAIN-O that I feel I must
say a word to induce others to use it. If people
are interested in their health and the welfare
of their children they will use no other beverage.
I have used them all, but GRAIN-O I have
found superior to any, for the reason that it is
solid grain.

LONG CONTEST LIKELY.

Operators Will Probably Refuse Fur-
ther Concessions Asked by Miners.

Latter Will Accept Ten Per-
cent Raise With Conditions.

Demand That Sliding Scale Method of Out-
mining Wages Be Abolished.

Scranton, Pa., Oct. 15.—Developments
show pretty plainly that the miners' de-
mands are likely to be rejected by the
operators. Not only do they object to
doing away with the sliding scale, but it
is evident that making further conces-
sions to the miners is a recognition of
the miners' union. This recognition is
really more repugnant to the operators
than the concessions regarding wages
could be.

The miners, after a two-day con-
vention, decided to accept the 10 percent net
increase in wages offered by the mine
owners, providing they will continue the
payment of the advance until next April,
and will abolish the sliding scale. If the
operators consider the proposition unac-
ceptable, the miners are willing to arbi-
trate the questions at issue. They also
decided to continue the strike until the
operators agree to the convention's propo-
sals. The resolution is as follows:

"We, your committee, respectfully sub-
mit the following preamble and resolu-
tions for your consideration:

"Whereas, the anthracite coal opera-
tors have posted notices offering an ad-
vance of 10 percent over wages formerly
paid, and have signified their willingness
to adjust other grievances with their
own employees, and

"Whereas, they have failed to specify
the length of time this advance would
remain in force, and have also failed to
abolish the sliding scale method of de-
termining wages we would recommend:

"That this convention accept an ad-
vance of 10 percent, providing the opera-
tors will continue its payment until
April 1, 1901, and will abolish the sliding
scale in the Lehigh and Schuylkill re-
gions, the scale of wages in the two last
named districts to remain stationary at
10 percent above the present basis of
price, and that the companies will agree
to adjust all other grievances complained
of with committees of their own em-
ployees.

"Should this proposition be unaccept-
able to the operators we recommend that
the convention propose that all questions
at issue be submitted to a fair and im-
partial board of arbitration, consisting
of one representative from each of the
companies and one from the miners' union,
on the same day."

Judging by the unanimity of the miners
in accepting the above resolution and by
the determined stand taken by the
operators, it is generally believed that a
long contest between the strikers and
the mine owners is not unlikely. There
was great enthusiasm in the convention
when the counter proposition to the
operators was carried, and three cheers
were given for President Mitchell. The
resolutions were drafted by a committee
of 13, of which the national chairman was
chairman.

When Mr. Mitchell was asked in what
manner the operators would be notified
in view that they do not recognize the
United Mine Workers, he said the em-
ployers would probably find it out through
the newspapers. "We gathered most
of our information as to what the opera-
tors are doing," he said, "from the news-
papers, and I suppose they are doing the
same."

Good Afternoon.

The school census of the city just taken showed a total of 5,000 between the ages of 5 and 15 years. The report of school attendance in this issue shows the whole number of pupils in our public schools to be 4801, with an average daily attendance of 4632. The attendance includes the High school pupils, most of whom have reached their 15th birthday, and are not included in the school census. There are also some over 15 in the grammar schools. The whole number of pupils in our public schools between 5 and 15 years is therefore about 4500 and the daily attendance less than 4300. Where are the other 600 children who should be enrolled in our public schools? Some are at the Woodward, the Adams academy, the Greenleaf Street school and Thayer academy, but not over one-fourth of the 600.

The Quincy Point ward, by the way, is not making any great claim for a new school building on the strength of the school census. The total number of children in the ward is 580, and it was just that number three years ago. Many of these attend the Coddington and the Adams schools. The indications are that there will be a big increase in the number of school children but not unless new houses are built. There is scarcely a vacant house in the Washington school district, and unless the employees at the new Fore River Engine Works can be accommodated at Quincy Point they will not locate there.

Drift of Opinion.

The Fulton Democrat is in honor bound once more to say that Old Glory has been signally honored by the magnificent Christian statesmanship of President William McKinley and Secretary of State John Hay in all the intricate and dangerous complications that recently have arisen in China. President McKinley was the one world's ruler who "kept his head" when the yellow press howled that our people in Peking had been massacred. When the other powers went crazy for sudden war and revenge, McKinley with steady brain and hand held back the "dogs of war" until the truth could be known. He has made no mistake; nay, his wisdom and many forbearance have shamed even old England, and have taught the world powers new lessons in lofty Christian statescraft.—Fulton, Ill., Democrat

Under the brilliant leadership of that gallant soldier and courtly gentleman, Gen. J. C. Breckenridge, of the U. S. army, the National Society of the Sons of the American Revolution of which he is President General, is repeatedly evidencing new life and activity. Monthly calls are being made for meetings of Board of Managers and Executive Committee, and important moves made. At its August meeting held in Chicago, among other resolutions passed was one commending to the consideration of the State Societies the establishment of national parks on Revolutionary battlefields. The idea is a good one, and while it might not be carried out to a great extent in Massachusetts, where the battlefields of Bunker Hill and Lexington are covered with buildings, in many of the States the plan would be feasible. A park could be made in Old Concord without much trouble.—Lynn Item.

MANY REPORTS

Are Promised at Tonight's Meeting of City Council.

At tonight's meeting of the City Council public hearings will be given on the acceptance of Edwin and Clark streets. The Committee on Streets will report on the following matters: Laying out Intervale street, Quarry street extension, Vorchild street, Newbury avenue extension and Hollis avenue, extending Central and Elmwood avenues, acceptance of Rogers street, widening Granite street, rebuilding Cranch street; also on the petition of the street railway for location of poles on South and Howard streets, the petition of Thompson & Son and McDonnell & Sons for damages by changing grade of Quarry street, and on the rebuilding of Liberty street. The Committee on Ordinances will report on the ordinance increasing the salary of the Commissioner of Public Works, and on granting the New England Telephone Co. a location for poles. The Committee on Licenses will report on petitions for minor licenses. The special committee will report on the investigation of the widening of Copeland street, and the Finance Committee on unpaid bills of 1899. In the calendar is the order granting the telephone company a location for poles.

Y. M. C. A. Banquet.

Elaborate preparations are being made for the banquet of the Quincy Young Men's Christian association at Colonial hall on Friday evening of this week. The reception will be held at promptly 5.30 o'clock, and will be tendered by the officers of the association to the special guests and speakers. Purdy's orchestra has been engaged and will furnish music. President King has appointed the following as members of the reception committee: F. W. Crane, Chairman; E. D. Gould, John O. Hall, Jr., Frank F. Prescott, Charles Sampson, and W. T. Isaac.

Burglar Caught.

Fred C. Briggs, the burglar who was caught red handed at Holbrook on Saturday, was arraigned in the district court at Quincy this morning, upon the charge of breaking and entering the house of Edmund White, and the larceny therefrom of a quantity of silver and linen. The White family are away at present, and the house is unoccupied. It is supposed that Briggs entered the house sometime during the morning hours. Shortly after noon Mr. White entered the house and found Briggs making himself at home. He marched him out and turned him over to an officer.

PROHIBITION TRAIN.

Will Visit Quincy and Be One of the Novelties of Campaign.

Ex-Senator Frank Hiseock of New York will be heard in Massachusetts twice during the campaign, and one of these times will be at Quincy, Monday, Oct. 29, at Music hall. The "Prohibition train," which is touring the country, is coming East, and will reach Providence Oct. 23. Wednesday morning, Oct. 24, it will cross into Massachusetts, and during the day, as now expected, will visit Attleboro, Taunton, New Bedford, Fall River, Middleboro, Brockton, Quincy, Boston and Lynn.—Herald. Col. Curtis Guild, Jr., and Samuel L. Powers, candidate for Congress in the 11th district will speak at Hyde Park Wednesday evening, Oct. 24. The great meeting of the campaign will occur Oct. 27, when Gov. Roosevelt will be the star performer, assisted by Senator Lodge and Michael J. Murry. On this occasion Gov. Roosevelt will speak twice, first in Faneuil Hall and then in Tremont Temple.

The Tenth district Republican committee has been appointed as follows: Quincy, Ralph W. Hobbs, Thomas F. Burke; Milton, Russell P. Hurd, Arthur Hibbard; Ward 24, Henry N. Locklin; ward 20, T. M. Vinson; ward 19, Dr. Grainger; ward 18, Charles B. Woolley; ward 17, Augustus T. Sweet; ward 16, Harry Allen, Edward Justice; ward 15; William Ashton; Ward 14, Dr. Roland Van Stone; ward 12, Donald McDonald. Headquarters have been established at Fields Corner, Dorchester.

The dates for the Municipal caucuses in Boston are already advertised, and nominations for the caucuses may be filed Oct. 25.

It is probable that Quincy will have about 5000 voters when registration closes on Wednesday evening.

Demand For Tickets.

Tickets for the afternoon meeting on Friday of this week in Bethany Congregational church, when Rev. Charles M. Sheldon of Topeka, Kansas, author of "In His Steps" will speak under the auspices of the Young Men's Christian association, are being secured very rapidly and indications point to a very large gathering to hear him. A few more tickets are yet obtainable and may be had free of any charge by applying for them at the store of Miss C. S. Hubbard and the Star Tea and Coffee store. Applications have been made for tickets from all the surrounding towns.

Officer Barry, who has been under the weather for a few days, resumed his beat in City Square this morning.

It is possible that the new Hose house at Wollaston may be used as a polling place for the coming municipal election.

Miss Winnie Clafin, formerly of Quincy, who has been spending the summer abroad, is the guest of Miss Martha Hanson on Hancock street.

Another large congregation gathered to hear the second lecture at Bethany church on "The Church Life of Ye Fathers." The old time music was greatly enjoyed.

J. W. McAnarney, Esq., secured a verdict of \$500 for his client, Louis Douglass of West Quincy, at the Superior court at Dedham today, in his suit against James Kelly of Cambridge.

School Attendance.

The High school had the best attendance for the four weeks ending Sept. 28, with the Coddington, John Hancock, Gridley Bryant and Lincoln closely bunched for second place. The average daily attendance was over 4,000, as follows:

The Soldiers' Christmas.

Miss Sarah E. Hunt former state regent of the Massachusetts society Daughters of the Revolution, has received a letter from the quartermaster general of the army in the Philippines, containing directions how to send Christmas boxes to the soldiers and sailors there.

They will be sent free of charge on the Buford, which sails for Manila about Nov. 1. They must arrive at pier 22, Columbia stores, Brooklyn, N. Y. with express charges paid, in season to be loaded.

The boxes must be of wood, securely nailed, and legibly addressed, with the name and the rank of the man for whom each is intended. The company and regiment, or ship on which the man serves, must be designated.

Nothing perishable should be sent, nor explosives such as matches. The boxes should not exceed 20 pounds in weight.

Wollaston P. O. Station.

Letters undelivered at Wollaston station for week ending Oct. 15.

Mr. H. A. Bailey, Mr. George D. Mills, Mrs. Alice M. Wheelock, Mrs. Herbert Fuller, Mrs. Goldie Ruso, Miss Buswell and Miss B. E. White (2).

Schreiber's Whereabouts Unknown.

New York, Oct. 15.—No news has been received of the hiding place of William Schreiber, the defaulting bookkeeper of the Elizabethport (N. J.) bank. All noted gambling resorts across the Atlantic are being watched, as it is thought Schreiber's love of betting naturally will lead him to such places if he is in Europe. The belief grows, however, that he is in or near New York.

Recured From Insurgents.

Manila, Oct. 15.—Captain Shields, who with 51 men of company F, Twentieth regiment, United States volunteer Infantry, was captured by the insurgents last month in the island of Marinduque, was recovered by the American rescue force yesterday, with all the members of his party.

NEWS IN BRIEF.

Bernard Nicholls defeated Harry Vardon at golf on the Bras Burn links, at Newton, Mass., for the second time this season.

Mrs. Mary A. Perkins, aged 95, a pensioner of the War of 1812, died at Mechanics Falls, Me.

Elthelbert won the municipal handicap at Morris park a head before Imp, the greatest mare of the age, in the record time of 2:58 1/2. The race was at 1:24 miles.

The president will recommend to congress the payment of an indemnity to the families of the four Italians who were the victims of a mob at Tallulah, La., about two years ago.

The total official figures of the first day's registration in Greater New York made a grand total of 251,852.

The converting and finishing departments of the Illinois Steel works at South Chicago have closed down, 2500 men being thrown out of work.

A man and two children were instantly killed, and a fourth probably fatally injured, in a grade crossing accident near Newcastle, Pa.

The new Catholic church at Bay State college, Northampton, Mass., was dedicated with imposing ceremonies. The services were conducted by Bishop Bevan. Among those attending the services were Mayor Mather and members of the city council.

A new modern postoffice building for the Philippines is to be built in Manila at an early date. The building will be made sufficiently large to accommodate all the federal departments.

The 15th annual convention of the Massachusetts Christian Endeavor union will open in New Bedford at 10.3 tomorrow morning, and continue today and evening. The White church and the stone church, near together, will be used for the principal meetings.

MONEY FREELY SPENT.

Evidence That Boxer Movement Was Maintained by the Authorities.

Earl Li Expresses Desire For Speedy Peace Negotiations.

Another Large Slice of Manchuria Has Fallen Into the Hands of Russia.

London, Oct. 15.—The Standard publishes mail advices from Tientsin giving a list of 54 documents that were seized in the yamen of the viceroy after the capture of the city and fell into the hands of the correspondents before the military authorities had seized the yamen. These include receipts of money paid to Boxer generals for supplies to their troops of every kind, reports of actions and lists of casualties and rewards paid to generals and the families of the killed, all clearly proving that the authorities maintained the Boxer movement by lavish expenditures.

A dispatch, dated Peking, Oct. 12, says: Li Hung Chang began to make his formal calls upon the legations today. This afternoon he visited the British and American representatives. General Chaffee and General Wilson assisted United States Minister Conger in receiving Earl Li, who expressed anxiety to make peace. Li Hung Chang and Prince Ching will shortly address a note to the foreign ministers, asking that a meeting be held for the purpose of beginning the negotiations for peace.

At the American legation Li Hung Chang expressed regret for the recent occurrences, and thanked the Americans for their good treatment of the Chinese. He promised to request that negotiations be begun at the legation in two days hence, and to exclude Yung Lu from them, foreigners having raised objections to Yung Lu.

It is asserted, says the Shanghai correspondent of The Times, wiring yesterday, that the Russians have seized the Niu-Chwang railway at the terminus of the Shan-Hai-Kwan line. This is the first step the Russians have taken on the right bank of the Amur. The Russian southern and northern armies have joined hands at Tohing, north of Mukden, thereby placing all of Manchuria east of the river Liao and a portion west of the stream in the hands of Russia.

The Shanghai correspondent of The Morning Post describes four distinct agitations—in Kwang-Tung, Kwang-Si, Sze-Chuan and the Yang-Tse region—all of which are anti-dynastic rather than anti-foreign. If Sun Yat Sen is successful in the south, says the correspondent, and his rebel army captures the Yang-Tse region, he will probably be aided by Prince Tuan, Tung Fu Hsiang and the Mohammedan leaders in the northwest.

The Chinese imperial troops, according to a dispatch to The Daily Chronicle from Hong Kong, have re-captured Wei-Chau, on East river, where Sun Yat Sen, the reformer, had raised his flag, and have scattered the rebels.

From Canton it is reported that the Kwang-Si rebels have defeated the imperial troops on the borders of Kwang-Tung, and that General Su has resigned in consequence of his request for reinforcements being ignored.

Some Chinese soldiers desecrated the cemetery for foreigners at Nam-Shih-Tu, near Canton, and the viceroy had the offenders decapitated and dismissed their commander.

The fourth shipwreck from India has arrived at Taku, but, owing to the gale, has not yet been able to land.

Postoffice Employees Asked to Contribute.

Washington, Oct. 15.—Postmaster Griffin of Galveston has written a letter telling of the pecuniary and personal loss which had befallen the employees of his office, of the fearful strain under which they had been working day and night since the cyclone, and of the admirable spirit which animated the men notwithstanding their misfortune. Postmaster Griffin suggested that if the vast army of postal employees could know the true condition of the men at Galveston, a small amount from each might be cheerfully contributed. Contributions may be addressed to John A. Merritt, postmaster, Washington, D. C.

Fatal Runaway Accident.

Fort Plain, N. Y., Oct. 15.—While James G. Dewandlaer and James Cook were hauling constabals from a field to a barn, the horses became frightened and ran away. The horses dashed toward the barn, and the men, who were standing erect, crashed against the upper portion of the entrance with terrific force. Cook was instantly killed, and Dewandlaer was probably fatally injured.

Miner Killed by a Policeman.

Cumberland, Md., Oct. 15.—Policeman Edward O'Neil shot Owen Stowell, a miner, through the heart yesterday, while trying to effect his arrest for fighting. O'Neil claims the shooting was done in self-defense, and that Stowell had clinched with him and struck him in the mouth with a rock he had in his fist.

Cadet's Punishment For Hazing.

Annapolis, Md., Oct. 15.—By the provisions of an order issued by Superintendent Wainwright of the naval academy Cadet George S. NEW SCHEDULE OF WAGES

Threatens to Make Trouble For Contractors Who Are to Build Wachusett Dam.

Clinton, Mass., Oct. 15.—McArthur, Winston & Locker, the Chicago contractors, began their \$2,000,000 contract today with the metropolitan water board for the construction of the Wachusett dam. Even at the start by the contractors, there is a prospect of labor trouble.

For about three months past the metropolitan water board has had a gang of about 300 men working day and night on the site of the dam, in anticipation of the commencement of work by the contractors. These men have been paid \$1.50 for nine hours' work. The prospect of trouble arises from the announcement in the posted notices that the contractors will pay 13¢ cents an hour for 10 hours' work, or \$1.30 a day. Incidentally, the contractors say they can get all the men they can use at that figure.

The men say they will not work under the new schedule of wages, and propose to hinder the advancement of the work in as far as they are able, by preventing other men from going to work on the dam.

According to contract with the metropolitan water board, the contractors are compelled to continue work on the dam at the same rate of progress as that which the metropolitan board maintained during the month or more previous to today. The contractors will seriously hinder the work of construction, and probably render it difficult for the contractors to complete the big dam in the time limit specified.

Children Killed by Smoke and Flames.

Springfield, Mass., Oct. 15.—Four children, the eldest 16 of Ovida Bernice of Holyoke, were burned to death Saturday night in a fire which occurred in the tenement occupied by the family. Edward Bernice, another child, who was rescued from a cornice outside his bedroom window, stated that he had been awakened by the smoke and flames, and in attempting to leave the house he found that the door was locked. The father of the children had gone out, leaving a kerosene lamp on a table, and it is believed that it exploded. Two of the children were suffocated by the smoke and two were burned to a crisp. The fire was easily extinguished. One of the victims was suffocated while trying to rescue his two sisters.

Police Say Heart Failure.

Boston, Oct. 15.—Although there were some suspicious conditions, apparently, in the death of Harry Williams in Melrose, yesterday, the police are certain that he died of heart failure. His body was found, face down, in the street. A man named Butler, who drives an ice cart, says that Williams rode to Melrose with him. Suddenly he complained of feeling ill, and jumped out of the wagon, then falling to the ground. Butler says he stopped his horses and found Williams dead. Butler was trying to move the body when an officer came.

Referee Declared Race Off.

Salem, Mass., Oct. 15.—The Thoroughbred Jockey Club and Posters Bruce of Gloucester rowed a three-mile race in best-and-best duels on North river for the dory championship of New England and a stake of \$250 a side. Doyle won by a margin of over a minute, but Referee Heilly declared no race on the ground that Doyle used what was, in effect, a sliding seat, while the articles stipulated that the race should be rowed in boats with stationary seats. Doyle used a greased seat.

Was a Noted Newspaper Man.

Boston, Oct. 15.—William E. Robinson, yachting editor of The Globe, died of heart failure at his home in Somerville. As late as midnight Saturday there was no symptom of the fatal attack. Life was extinct when a member of the family went to his room early Sunday morning. As the writer of yachting news for his paper Mr. Robinson was well known by name throughout New England, and in person to most of the followers of the sport along the New England coast. He was 41 years old.

Man and Infant Fatally Burned.

New Milford, Conn., Oct. 15.—Mrs. August Newbloom, aged 35, was engaged in blacking her stove with a liquid preparation when she accidentally spilled some on the heated stove, and in the explosion which resulted her clothing, as well as that of her 2-year-old daughter, who was sitting on the floor, became ignited. Before help arrived they were fatally burned.

Priest Will Sue For Salary.

North Brookfield, Mass., Oct. 15.—St. Anne's church remained closed yesterday, and the controversy between Father Berger and the trustees will probably have to be settled in the courts. Attachment writs for \$10,000 are to be served in a suit brought by Father Berger against the trustees to recover for his salary for four years.

Barn Fired By Incendiary.

Pawtucket, R. I., Oct. 15.—An incendiary was undoubtedly the cause of the fire which burned the barn on the farm occupied by George U. Troal, located on the Adamsville road in Cumberland, in which were consumed five horses, four cows and a large stock of farming implements and feed. The loss is \$3000.

Death Resulted From Football Games.

Saco, Me., Oct. 15.—Injuries received in a scrimmage in a football game resulted in the death of Ernest H. Townsend, 19 years old. Townsend was a member of the Saco athletic team, and in a mix-up he was knocked down with such force that his spine was injured.

Suicide With Poison.

Lawrence, Mass., Oct. 15.—Miss Ella Moreland, aged 45 years, committed suicide at her home at Methuen by taking paris green. She lingered several hours after taking the poison before her sufferings were relieved by death.

Once Strong Democratic Club Reaches Critical Stage In Its Life.

Members Fail to Endorse the Presidential Nominee.

Politics Now at High Fever Heat in Various Sections of the Country.

Boston, Oct. 16.—A critical stage in its life has been reached by the Young Men's Democratic club, once the strongest organization in the state, for it was unable, in meeting last night, to decide whether or not it should endorse Bryan for president. Finally the meeting adjourned without making any declaration whatever.

Some weeks ago, the club sent out a circular submitting to the members the following resolution, which was offered at the meeting on Sept. 10:

Resolved, That the Young Men's Democratic club of Massachusetts, without endorsing the Kansas City platform, opposes McKinleyism, and believes that the success of the Democratic candidate is preferable to a continuance of the present Republican policy.

There are about 800 members in the club, and replies were received from 257. The vote stood as follows: For Bryan, 122; against Bryan, 120; doubtful, 15.

Ex-Congressman Burnett, who voted favorably for Bryan, made a motion at yesterday's meeting that, in view of the closeness of the vote, no further action be taken.

Garnett Bradford, who has just returned from a stumping tour in favor of Bryan in Indiana, made an earnest plea for the Democratic candidate for president. He proposed a resolution endorsing Bryan. David G. Haskins also spoke for Bryan.

Upon the question of adopting the resolution, a point of order was raised by Charles G. Saunders, that the resolutions be referred to the executive committee, which was done.

President Hadley Is For McKinley.

New Haven, Oct. 16.—Chauncey M. Depew addressed a big mass meeting composed almost entirely of Yale students and graduates, last evening, under the auspices of the Republican club of the university. About 1000 students participated in a parade, which preceded the mass meeting.

The parade wound its way to President Hadley's home, where he was called out by the students for a speech. In the course of his brief remarks President Hadley announced that he will vote for President McKinley. Senator Depew's speech was a campaign argument with considerable humor. Mr. Bryan personally was scored pretty hard at times, and Grover Cleveland by contrast given praise.

Hanna Says Big Trusts Are Dead.

Madison, Wis., Oct. 16.—Senator Hanna began his speech making tour of the northwest yesterday by making six addresses in Wisconsin, two of them of some length. A special train carried Senators Hanna and Frye and other Republican leaders. In his speeches Senator Hanna laid particular stress on the trust question, and the position of the Democratic party in regard to the tariff. "There are no monopolies in this country," said he, "except those which are protected by a patent issued by the government." Senator Hanna also said that the Standard Oil trust, the sugar trust and other great combines had been killed, so far as they were trusts, by the Sherman law.

In the "President's Country."

Cleveland, Oct. 16.—Mr. Bryan arrived here last evening, and later addressed two large audiences in this city. He was met at the depot by a number of marching clubs and brass bands. The streets of the city were lined with people. Mr. Bryan yesterday invaded the heart of President McKinley's country. His first stop was at Canton, the president's place of residence, and later in the day he made a brief speech at Niles, the president's native city. Cleveland in Mr. Hanna's place of residence. The stops at Canton and Niles were incidental, and the crowds were small at both places.

From Kentucky to Ohio.

Covington, Ky., Oct. 16.—Addressing one of the largest crowds that has ever assembled in this city to listen to a candidate for public office, Theodore Roosevelt last night closed his campaign in Kentucky, and today proceeded on his tour of Ohio. It was the 10th since Governor Roosevelt had made since morning, the first being at Lexington, where Colonel W. C. P. Breckinridge and Judge Durham, both ex-Confederate officers, put the crowd in the best of humor in jointly introducing the governor, who was greeted by large crowds at other places during the day.

Democratic Rally at Gloucester.

Gloucester, Mass., Oct. 16.—The Democrats opened their campaign on Cape

And last night with a phasing rally in city hall, with Robert T. Paine, Jr., as chief speaker, and Walter L. Ramsdell of Lynn and E. G. Brown of Brockton as the others. Before the rally, there was a street parade for which the "400" of Salem came down on a special train. A flag was unfurled on Main street last night, bearing the names of Bryan and Stevenson. In the hall 100 people listened to the political arguments.

California Speaks at Lawrence.

Lawrence, Mass., Oct. 16.—Congressman Fairchild of California and M. J. Murray of Boston spoke before a large audience here last night. Congressman Fairchild was interrupted many times by Democrats in the audience, who sought to discomfit him, unsuccessfully, however.

Five Thousand Crowded Out.

Camden, N. J., Oct. 16.—Adlai E. Stevenson concluded his tour of South Jersey last night by addressing a large meeting in the courthouse. Five thousand were unable to obtain admission, and were addressed from a balcony by local speakers. Mr. Stevenson, among other things, said: "Under a Republican administration trusts have thrived. Why should they not? There are 600 of these trusts and they are a menace to the happiness of the American people."

Six More Ballots Without Result.

Boston, Oct. 16.—The Democrats of the Ninth congressional district met for a third time last night, and once more adjourned without selecting a candidate. Six ballots were taken. The convention will meet again tomorrow night. The time for filing regular convention nominations with the secretary of state expires at 5 o'clock Thursday afternoon, after which places on the ticket can only be made through nomination papers.

A Worcester Rally.

Worcester, Mass., Oct. 16.—More than 2000 persons attended the Republican rally last night. The speakers were Senator Hoar, C. G. Washburn, nominee for congress, and A. E. Baxter, clerk of the New York assembly. Senator Hoar spoke for nearly an hour. He reiterated his statements made at Concord relative to the trusts and imperialism.

Big Parties Denounced.

Fall River, Mass., Oct. 16.—Michael Berry, the Socialist-Labor candidate for governor, spoke here last night. He denounced both the Republican and the Democratic parties, and said that both were talking imperialism and free silver to draw the minds of the workingmen away from their troubles.

8 o'clock Record For Number of Ballots.

Boston, Oct. 16.—After three long sessions and 16 ballots, the Republicans of the Fifth Middlesex seat district elected their nominated Chester B. Williams of Wayland. The number of ballots breaks all records in this state.

THE SPORTING WORLD.

New York, Oct. 16.—Miss Gast completed her ride of 2000 miles at 7:05 1/2 last evening. She covered the distance in 222 hours 5 1/2 minutes, beating the

MISS MANGARETA GAST.

record of Will Brown by three hours and one minute. At the conclusion of her ride Miss Gast was examined by two physicians, who pronounced her to be in good condition.

Musgrave Discharged From Asylum.

New York, Oct. 16.—Thomas B. Musgrave was produced in the supreme court yesterday on a writ of habeas corpus obtained by Mr. and Mrs. Edwin Woodward, brother-in-law and sister of Musgrave, and Musgrave was discharged. They claimed that Musgrave was detained in a private asylum against his will after an illness following paralysis. Musgrave deeded his Fifth avenue property to his wife, also his Bar Harbor villa. He failed soon after, and a separation followed.

Boys May Have Caused Fatal Wreck.

Chicago, Oct. 16.—Four boys have been arrested, suspected of having caused the wreck of a New York and Boston express at South Chicago Sunday night, in which two men were killed and three injured. The boys deny that they wrecked the train, but one of them said he knew two boys who had stolen parts of the switches.

Weather Conditions and Forecast.

The weather has been generally fair in all districts, except eastern Maine. The weather will continue generally fair in New England. On the coast the winds will be fresh northwesterly.

TOOK BLOODHOUND WITH THEM.

Two Young Crooks Easily Escaped From the Vermont House of Correction.

Rutland, Vt., Oct. 16.—A remarkably clever escape from the Vermont house of correction was made last night by Jerry Race, a horse thief, and Gilbert Reynolds, under sentence for larceny, and as the prison bloodhound is missing, it is believed that they took the animal with them, and later cut its throat. Urged on by the hope of getting the reward which has been offered already for their capture, a big crowd of citizens are searching for the escaped prisoners.

Race and Reynolds are each about 21 years of age. The former had 1 1/2 years to serve, but Reynolds might have been free in eight months. They made their exit by springing the iron bars of a corridor window while the other prisoners were at supper. Race had been feigning sickness, and was left in his cell with the door open. Reynolds hid himself while the prisoners were being marched into the dining room. One of the men had a razor, and for this reason it is thought the hound has been killed.

New Hall Cost \$750,000.

Boston, Oct. 16.—A new home for musical Boston, called Symphony hall, was dedicated last night, with appropriate ceremonies—a Bach chorus; a modest and satisfactory report by H. L. Higginson, the founder of the Boston Symphony orchestra, and president of the new building association; a beautiful ode by Owen Wister, and finally with Beethoven's grand mass in D, by the great orchestra, Cecelia chorus soloists and organ. The hall cost \$750,000.

Charged With Manslaughter.

Hartford, Oct. 16.—Andrew F. Martin, a mason's helper, aged 26, is under arrest, charged with manslaughter in causing the death of Ralph C. McCandless, 38, in a saloon. The men were drinking together, and during an argument Martin either struck or pushed McCandless with such force that he fell and struck his head on the foot railing in front of the bar. He expired almost immediately.

Suspicion of Incendiarism.

Concord, Mass., Oct. 16.—This town had another fire scare last night, and, although the damage was confined to Garty's block, it was feared for a time that the business section of the town was in danger. The fire occurred about 6 o'clock, and a little later William Morgan was detained on suspicion of knowing something about the blaze. The loss is \$3000.

Captured by Wakefield Boys.

Boston, Oct. 16.—Company A of Wakefield not only won the state trophy at the regimental shoot of the Fifth Infantry, but captured with it a score that breaks all company team records in state regimental competitions. Besides this, nine companies raised their scores almost 200 points above their records of last year. Company A's score was 431.

Fr. Berger's Attachment Recorded.

North Brookfield, Mass., Oct. 16.—The attachment of \$10,000 brought by Rev. Fr. Berger against the trustees of St. Anne's church, has been recorded at Worcester, and will be served on the defendant trustees. Fr. Berger has not yet decided to what extent he will carry his suit.

To Investigate Milk Trust.

Boston, Oct. 16.—The board of aldermen yesterday, without a dissenting vote, passed in concurrence with the common council, an order asking for an investigation of the so-called milk trust.

Order Had but One Vote.

Fall River, Mass., The board of aldermen last night killed the order introduced by Alderman Mulvaney for unlimited liquor licenses for 1901. Mulvaney was the only one who voted for the order.

Mistaken For a Deer.

Fort Fairfield, Me., Oct. 16.—The first hunting fatality in this vicinity thus far this season occurred when Robert Green shot and killed his game warden, Green, through mistaking him for a deer.

Drift of Opinion.

In every community, men prominent in business, leaders in public and social concerns, men of strength and character, will tell you the stepping-stone of their success consisted in the fact that in their younger days they aimed to make themselves useful and true and steadfast to every trust reposed in them.—Uncle Tim.

Those amusing members of the Boston city council who are afraid that the lion and the unicorn on the old state house in Boston are subversive of our liberties are at it again, and much fiery oratory is the result. In the marked absence of humor in the political campaign, these persons relieve the enveloping tedium of the hour.—New Bedford Standard.

A serious effort is going to be made to repeal the prohibitory law of Vermont, too, but it isn't likely to get much beyond the threatening stage. The law has been on the statute books for 60 years, and, instead of being weakened during that time, the penalties under it have been increased, until now one of the most stringent excise laws others besides themselves who have rights which are entitled to be respected.—Hampshire Gazette.

The 9th Congressional district continues to disagree on a Democratic candidate; Conry leads.
Josiah Quincy will speak at a Democratic rally in Lynn Oct. 22.
Senator Fred Joy of Winchester was defeated for a renomination in the Fifth Middlesex district, and Chester B. Williams of Wayland nominated on the 16th ballot.

Whist Party.

A successful whist party was held in Odd Fellows' hall, Wollaston, on Friday night under the direction of the entertainment committee. The first ladies' prize, an elegant silver claret pitcher, was won by Miss Mabel Newcomb; the second a spiral jewel hat pin, by Miss George Miner; the third, a picture, by Miss Mabel Longhead. The first gentlemen's prize, an umbrella, was carried off by Mr. John McLeod; the second, a black ebony sterling silver mounted hat brush, by Mr. A. A. Hirtle; the third, a match holder, by Mr. R. B. Holmes. The next party will be held on Friday evening Oct. 19.

Grace Marion Flint wore a very beautiful gown last night. She always wears beautiful gowns and never the same one twice.

Must Serve Out His Sentence.

Washington, Oct. 16.—The supreme court of the United States yesterday denied the petition for a writ of certiorari to the circuit court of appeals of the first circuit submitted in behalf of William S. Jewett of Andover, Mass., who was found guilty of misapplication of funds while agent in liquidation of the Lake National bank of Woburn, N. H. As a result of the sentence in the lower court Jewett was sentenced to serve a term of seven years imprisonment. The judgment of the lower court was affirmed by the circuit court of appeals, and an effort made to get the case before the supreme court on a writ of certiorari.

Mr. Flint and Grace Marion Flint are at Music hall tonight.

A HUMAN BRIDGE.

Two remarkable things were done at Music Hall last night. A stone weighing over 200 pounds was placed on the breast of a hypnotic subject whose head and heels rested on the backs of two chairs. A man then took a sledge hammer and struck the stone as hard as he could but it was not hard enough to suit Mr. Flint, so another tried and he certainly struck some terrific blows. Big chips of stone began to fly all over the theatre and though the subject did not move a muscle it was too dangerous for the audience and so was stopped. Then four men were picked out and one by one stepped on the sleeping subject till there was this human bridge only supported by his head and heels hold up 500 pounds!!! Both tests were done in such a manner that all who were present could not but feel they were genuine.

Aside from this as new subjects often do not lend themselves readily to hypnotic influence, comparatively little was done. Several were made so they could not speak—could not shut their hands—could not help stuttering, etc., but this took so long that it was not possible to give anything like the entertainment that will be given tonight. Tonight the same subjects have promised to come again and a most curious and laughable entertainment can be expected.

Mr. Flint has brought here dozens and dozens of costumes—some for those to whom he will suggest a cake walk—some for a skirt dance—some for circus clowns, etc., etc., and is now ready to give an elaborate performance brim full of fun.

The great 24 hour cataleptic sleep will be begun tonight at Music Hall. The subject will then be put in John H. Gillis's store window and after sleeping there all through the night and all through the next day will be brought back to Music Hall, Wednesday evening and awakened.

The Flints want the people of Quincy to realize what really wonderful and laughable things they can do. They know that if you come tonight you will come again and so on—Any of the ladies tickets will with 15 cents, be good for a 50 cent seat.

Anyone who will cut out and bring this advertisement can get a 50 cent seat for 15 cents.

These are most unusual offers and only hold for tonight.

Regular Prices are 15, 25, 35 and 50 Cents. Seats on Sale at MUSIC HALL PHARMACY.

Minority Report on Copeland Street Accepted.

Orders for the City Election Introduced.

Increase of Salary Voted Commissioner Public Works

The City Council was in session Monday night until 10 o'clock, and a greater part of the evening was devoted to the reports on the investigation relative to the widening of Copeland street.

It was with some difficulty that the Council obtained a clear understanding of the situation, but when they did the vote was nearly unanimous.

All the 22 members were present.

CITY CAUCUSES.
The Democratic City Committee requested polling places for Municipal caucuses on Nov. 12, and the Republican Committee for Nov. 9. Orders were adopted designating the usual places.

GAS HEARING.
Notice was received from the Gas Commissioners of a hearing to be given the Mayor of the City of Quincy on Thursday, Oct. 25, at 10.30 A. M. The special committee appointed some months ago on the subject, was requested to appear.

COPELAND STREET.
James P. Desmond and James O'Dowd petitioned that they be allowed more for damages because of the Copeland street widening. To Committee on Claims.

BELMONT STREET.
A petition for the acceptance of Belmont street, between Lincoln avenue and Central avenue, was referred to the Committee on Streets.

TRACK LOCATIONS.
The Brockton street railway petitioned for relocation of tracks to car barn on Washington street; also on Copeland street. The former was referred to the Committee on Streets; on the latter a hearing was ordered for Nov. 5.

POLLS CLOSE AT 4.30.
Upon petition of the Republican City Committee that polls on election day remain open until 4.30 P. M. that hour was adopted in the election order.

PETITIONS.
Several petitions for licenses, state aid, and apportionment of sidewalk assessments were received.

NO LEGISLATION.
Committees reported no legislation necessary on the following matters, which were accepted:

Claims of Quincy Mutual Fire Insurance Company, Quincy City Hospital and John W. Hersey for larger awards on Coddington street.

Appropriation to examine titles on Copeland street.

Claim of Mr. Wight on Des Moines street.

OTHER REPORTS.
The Telephone Company was granted a location of poles on Quincy avenue.

The improvement of Central avenue was referred to the next City Council. The claims of John Thompson & Son and McDonnell & Sons relative to damages on Quarry street were referred to the Executive department.

LEAVE TO WITHDRAW.
Reports of leave to withdraw were accepted on these matters:

Acceptance of Hollis avenue.

Acceptance of extension of Quarry street.

Acceptance of Verchild street.
Quincy & Boston street railway petition for feed wire on South and Howard streets.

Acceptance of Cranch street.
Widening of Granite street.
Acceptance of Rogers street.
Appropriation of \$2000 for Liberty street.

Acceptance of Newbury avenue extension.
Extension of Elmwood avenue to Standish avenue.

ORDERS REPORTED.
Orders were reported for the laying out of Intervale street.
Appropriation of \$2,500 to pay Doble award.

SALARY INCREASED.
The amendment to the ordinance, increasing the salary of the Commissioner of Public Works from \$2,000 to \$2,400 was passed by a strict party vote of 15 to 6, as follows:

YEAS.—Councilmen Alden, Badger, DeNormandie, Faxon, Freeman, Gassett, Hill, Johnson, McLennan, Newcomb, Nichols, Nicoll, Packard, Poland and Smith—15.

NAYS.—Callahan, Cleverly, Elcock, Hogan, Walsh and Wilson—6.

NOT VOTING.—President Bryant.

DEFICIENCY BILL.
The Finance Committee reported ought not to pass on the order making an appropriation for bill of 1899 in excess of appropriation.

Upon motion of Councilman Freeman the report was laid on the table.

FIELD DRIVER.
Louis Bouchard of Ward Three was elected a field driver.

ELECTION ORDER.
Councilman Alden offered an order for the Presidential election of Nov. 6, with polls open from 6 A. M. to 4.30 P. M. which was adopted.

Councilman Alden offered an order for polling places at the City election of Dec. 4, which was adopted.
Upon motion of Councilman De Normandie, the use of the Council chamber was granted to the Republican City Committee for the Municipal convention of Nov. 16.

HEARINGS.
A hearing was given on the laying out of Edwin street, but no one appeared and it was promptly closed.

At 8.10 there was a hearing on the lay out of Clark street off Squantum street. Ralph W. Hobbs, A. M. Dittmar and J. E. Smith spoke in favor, and Patrick Downey and Thomas Whalen in opposition. Mr. Downey claimed it would damage his lot.

COPELAND STREET.

The Special Committee of three on the Copeland street investigation, made two reports. The majority, Councilman Poland and Hogan, reported that the change from the 1899 plans had been made without the knowledge of the Committee on Streets.

Councilman Elcock for the minority claimed that the evidence didn't warrant the report made. That the charges were not sustained. That the change was made before the matter came before the Council of 1900, and did not affect the legality of the order.

Councilman Hogan contended that the change was not for the benefit of the city. The evidence submitted was far greater than reported. He maintained the change was made in plans after Mar. 26, when Mr. Sargent began work in the City Engineer's office, and that the Council had been deceived.

Councilman Elcock called the attention of the Council to the fact that it was not now claimed that Mr. Elcock asked the change in plans to save tree. Without the change it would have been necessary for the city to move the house of Mrs. Kelly at considerable expense.

Councilman Hogan told of talk with Councilman Newcomb early in the

year, when latter said it had been suggested to change plans to save tree.

Upon motion of Councilman Badger, Commissioner Knowlton was asked to state his side of the matter.

Commissioner Knowlton explained. He said it was no secret that the plans of 1899 had been changed, but the report does not answer the charges made. The report was true as far as it went, but did not go far enough. The change was, attempt to deceive. He asked Councilman Hogan if minority report was not a true statement.

Councilman Hogan did not consider it true. He did not question the legality of order.

Mr. Knowlton asked, if he had proved conspiracy.

Mr. Hogan—Yes.
The Commissioner explained that the survey had been made as early as 1894. The tracing of the 1900 plans were different from those of 1899. Those of 1899 had two angles near the point in question, whereas the plans under which the street has been widened have no angles. Under plans of 1899 the Kelly house would have to be moved, and the change saved expense to city. The change of plans was made before the talk with Councilman Newcomb was reported. Mr. Sargent did work for my department while in Sewer department. Change to the best of his knowledge was made between Feb. 22, and Mar. 5.

Councilman Poland said the special committee had no proof that plans were changed after being referred to Committee on Streets. Would amend his report, by saying that Commissioner of Public Works had right to change plans when he did.

Councilman Elcock argued that majority report was not fair; that no one should be censured. Hoped minority report would prevail.

Councilman Nichols of Street Committee was aware of slight changes in plans before order was referred to Committee on Streets. Opposed censure. Said charges were not sustained, and favored minority report.

Councilman Freeman said investigation was of no importance if change was made from 1899 before reference to Committee of 1900.

Councilman Hogan claimed \$100 was paid Mrs. Kelly for going off her estate and that Mr. Elcock was paid for a tree left standing on sidewalk.

President Bryant called Councilman Freeman to the chair, and taking the floor said: The charges were sweeping, affecting the Council, the Committee on Streets, and the Commissioner. It was admitted the plans of 1899 were changed, and the evidence was it was done before Mar. 5. The order for hearing on plans on file was passed Mar. 19. The Council of 1900 and its committees had acted on the same plans at every stage, and legality should not be questioned.

Councilman Poland said the investigation order charged that the change in plans were made before they came to the Committee.

Councilman Packard asked if Street Committee knew this year it was not working on 1899 plans.

Councilman Poland said street was staked out by plan before awards were made.

Councilman DeNormandie moved to refer back to committee.

Councilman Hill, Poland and Nichols opposed.

Motion to recommit lost.

Councilman Bryant said he did not intend to reflect on Committee on Streets, and would beg their pardon.

Voted to substitute minority report for majority report.

PAY OF REGISTRARS.

Councilman Alden offered an amendment to the Ordinance concerning salaries and providing for an increase in the salaries of the four members of the Board of Registrars from \$100 to \$200 each.

Councilman Newcomb offered an or-

der for light on Howard street, which was referred to the Executive.

The order granting the Telephone company a location of poles on Howard and Washington streets was passed.

Adjourned at 10 o'clock.

Although the season at Houghs Neck is over, there is considerable riding on this line of street cars.

Miss Olive Mead of West Elm avenue attended the concert at the new Symphony hall Monday evening.

T. L. Williams, the jeweller, is building himself a boat, which when completed will be propelled by paddle wheels.

Henry Penniman and Mrs. John Foster of Winthrop, Me., who have been visiting relatives in Quincy, have gone to Charlestown.

A large plot on the Greenleaf street side of Mt. Wollaston cemetery has been regraded and laid out into lots, all of which are on the lawn plan.

Arthur E. Baxter, who has been stopping at the Hancock house for the past three years, leaves tonight for Allegheny City, Pa., where he has accepted a position.

The voting lists speak of that street that runs between Hancock and Washington streets as Canal street. The fact is it was named Revere Road by the City Council some months ago.

Deputies Hunt and Thayer of the Fish and Game Commission caught five parties, Monday, shooting from a boat. They were all summoned into court. The fine in such cases is \$20.

Part of Billings road is in fine condition, but the part near West Elm avenue is very soft and the loam that was put on the sidewalk makes it impossible to walk there in rainy weather.

Friends of Messrs. Gourd, Tupper and Crane, who were so liberally remembered with choice slices and chops of venison, hope they may be as successful every year they go hunting in Maine. It was a rare treat for many.

The Wollaston post office is now well situated in new quarters in Emery block. The room is 70 feet by 40, nearly double the size of the old room. The floors have been polished, the woodwork varnished, new tables put in for the carriers and a back entrance made for the receiving of the mail.

Postmaster Burns is thus enabled to handle with greater facility the constantly increasing mail of Ward Five.

TODAY'S COURT.

Charles Berg was arraigned for violation of the game laws, by shooting from a boat. He was fined \$20.

The continued case of Hugh Hickey of Randolph, for threatening assault, was called, and he was put under bonds to keep the peace six months.

Operators Argue Against Time Limit and Arbitration of Grievances.

Declaration That "We Have Nothing to Confer About."

Miners Asked Not to Pay Attention to Petitions Asking Them to Resume Work.

Philadelphia, Oct. 16.—Although the miners throughout the coal region are fairly confident that their proposal for a settlement of the strike will be accepted, there is quite a different feeling among the operators. While surprised at the mildness of the strikers' demands, they say, in reviewing them, that the operators will not agree to them. They now say they will place no limit on the time for continuing the payment of the 10 percent advance, since they cannot be assured that the men will not strike again at any time. They are willing to hear the grievances of their employees and pass upon them, but they will not agree to arbitration of grievances, and they point to the experience of John Markel to show that an agreement to arbitrate is one-sided, the operators being compelled to keep it, while the men are not.

There was no conference yesterday of operators at the Temple Iron company's office at Scranton, as reported there would be, or, if there was, the operators declared they knew nothing about it. Mr. Watkins, president of the Temple company, declared that no conference had taken place and that none was to take place. "We have nothing to confer about," said Mr. Watkins. "We have nothing to do but wait for our employees to accept or reject our offer as it was made, as it stands and as it will stand. There will be no modification of that offer."

Committees of the United Mine Workers have been calling on miners in the Scranton section to warn them not to pay attention to petitions being circulated by agents of several coal carrying companies, asking miners to return to work, pending a settlement between the operators, coal carrying companies and miners. The committees are informing the men that the operators are trying to effect a stampede among the men in order to break up the strike, and that it is probable the operators have decided not to comply with the demands of the Peabody convention.

Most of the miners in the Scranton section of the ninth district assert that they will not return to work until President Mitchell advises them to do so. Operators continue asserting that they will not sign an agreement to pay the men a 10 percent increase to last until April.

President Mitchell arrived at the national headquarters at Hazleton last night. He had nothing to say in regard to the strike situation, and declined to give his views as to what probable action the operators will take on the convention proposition.

Deputy Coroner Burns of Schuylkill county held an inquest at Onondaga yesterday over the body of Ralph Mills, the private guard, who was killed last Wednesday in a small riot. After several witnesses had testified the inquest was adjourned to a future day, in order that the testimony of two other persons, who were injured during the riot, could be obtained.

Possibility of a Serious Clash. Hazleton, Pa., Oct. 16.—The threatened march of the striking mine workers to the Panther creek valley started from this section last night. The objective points of the marchers are Lansford and Coaldale. These towns are about 20 miles south of here.

Shenandoah, Pa., Oct. 16.—Advices have reached General Gobin that a large body of marching miners has left for the Panther creek region to intercept the miners on their way to work. General Gobin ordered six companies of the Fourth regiment to leave at once for that valley, and a special train on the Philadelphia and Reading railroad to take them to Tamaqua, a few miles from Coaldale. General Gobin went with the troops, and assumed personal command. The governor's troops of cavalry, stationed at Onondaga, left for the Panther creek region early this morning.

Rolling Mill Closed by Strike. New Haven, Oct. 16.—An announced reduction in wages by the New Haven Iron and Steel company has resulted in a strike by 100 skilled workmen employed, which necessitated the shutting down of the rolling mill and forcing upwards of 250 other helpers out of employment. Prospects of an early settlement are not reassuring. The new scale takes off between \$2 and \$4 a week in the wages of the hands included in the list.

To Push Neely Cases. Washington, Oct. 16.—The supreme court of the United States yesterday granted the motion of the government to advance the Neely cases and assigned them for hearing Nov. 12. The cases came up from the federal court of New York, on the decision of Judge Wallace denying a writ of habeas corpus. The government is very anxious for a decision which will settle the constitutional questions involved.

Didn't Receive "Thank Offering." London, Oct. 16.—The Duke of Marlborough is sending out a denial of the statement that W. K. Vanderbilt has given £100,000 to the duchess, as a "thank offering" for the duke's safe return from the war. The duke and duchess have been annoyed by the pleasant and series of congratulations that have swollen their mail.

Said to Have Slipped Away. Montreal, Oct. 16.—The Star says that C. G. Chisholm, manager of the Montreal Cold Storage company, who, with others, was arrested on suspicion of committing frauds by which various banks have lost \$220,000, has disappeared.

SHIELDS PARTY SAVED.

Official Confirmation of Report of Rescue Received at Washington.

Insurgents Turned Americans Over to Colonel Hare.

Had Been Missing For Some Time and Were Given Up For Lost.

Washington, Oct. 16.—The war department has received the following account of the rescue of Captain Shields and his command from the Philippines:

Manila, (no date). Adjutant General, Washington.—Information from Marinduque just received that Captain Shields and 48 men, company F, Twenty-ninth regiment United States volunteer infantry; two corporals, American, negro, prisoners in hands of insurgents, have been turned over to Colonel Luther R. Hare.

More particulars soon. Giving names of killed and wounded. MacArthur. According to a dispatch from General MacArthur, dated Sept. 28, Captain Shields and 51 men of company F of the Twenty-ninth volunteer infantry, and one hospital corps man, left Santa Cruz, Sept. 11, on the gunboat Villalobos for Torrijas, Marinduque, intending to return overland to Santa Cruz, and that as nothing had been heard from them up to the date of General MacArthur's dispatch, it was supposed that they had been captured by the natives of the island and carried into the interior. The Yorktown and two smaller gunboats, carrying two companies of the Thirty-eighth volunteer infantry, in addition to their regular crews, were sent to Marinduque in command of Colonel G. S. Anderson. Thirty-eight volunteer infantry, with instructions to move relentlessly until Shields' party were rescued. Subsequently General MacArthur informed the war department that Colonel Anderson had been unable to get any news of the Shields' party, and that he had sent the First Infantry, under command of Colonel Hare, to his assistance. These reinforcements were sent from Manila on the 6th instant. The success of the movement is told in the dispatch just received from General MacArthur.

Captain Shields was lieutenant colonel of the Second Mississippi during the Spanish war. He was made captain in the Twenty-ninth Infantry July 6, 1899. He is a resident of Natchez, Miss., where his wife and two children reside. He is about 34 miles in diameter, and was garrisoned by two small detachments of United States troops. One of these was at Boca, on the west coast of the island, and the other at Santa Cruz, the principal port of the north side.

Goebel's Sensational Testimony. Georgetown, Ky., Oct. 16.—The trial of Henry E. Youtsey was resumed yesterday. Youtsey lay on a cot by an open door in full view of the jury, and could be heard calling on his wife and groaning. The feature of the day was the testimony of Arthur Goebel, brother of the dead governor, who testified that an interview he had with Youtsey in the jail. Goebel quoted Youtsey as saying that he had received the key of the room of the secretary of state from John Powers, after which he went to Governor Taylor, who told him that while he had expected the shooting, he objected to such important work being done by a negro. A second time, Youtsey told Goebel, he went to the governor and told him that Jim Howard, the man who would do the shooting, was in the city. At that time Governor Taylor, after some discussion, said: "Well, tell them to go ahead." He further said that he was necessary, pardon the man who did the shooting.

Perilous Journey For Assistance. Barbados, Oct. 15.—The first officer and part of the crew of the British steamer Hostilius have arrived here in a small boat to procure assistance for their steamer, which lies disabled in mid-ocean, about 700 miles from this port. The Hostilius sailed from East London, South Africa, on Sept. 27 for Key West. On Oct. 2 the propeller shaft of the steamer broke. Being unable to effect repairs, Captain Lewis decided to send to the nearest port for assistance. The first officer and a portion of the crew volunteered to undertake the voyage, and arrived here yesterday. The British cruiser Indefatigable proceeded immediately to find the disabled vessel, and will render all assistance possible to get her to port where repairs can be made. The Hostilius is a fine new steamer.

Students Created a Scene. London, Oct. 16.—Four hundred medical students went to St. Martin's town hall yesterday to attend the meeting conducted by Rev. Mr. Dowle, who describes himself as "general overseer of the Christian Catholic church." They indulged in cat calls and sarcastic remarks. Mr. Dowle responded vigorously, describing them as "English cowards" and "Hooligans," and finally thundering: "You are incited to this by your teachers who fear that faith healing will ruin their profession." After a scene lasting several minutes the students retired.

Criminal Conspiracy Charged. New York, Oct. 16.—The charge of alleged illegal registration made against six men in the Yorkville court on Friday was yesterday changed to criminal conspiracy. The men were remanded for a further hearing.

Venezuela Won't Be Represented. Caracas, Oct. 16.—The Venezuelan government announces that Venezuela will not make an exhibit at the Pan-American exposition to be held in Buffalo in 1901.

New Coaling Station For Germany. Aden, Oct. 16.—The Sultan of Turkey has leased to Germany for 30 years the island of Uroan, in the Red sea, 40 miles north of Kamaran, for a coaling station.

"G West,

Ranch it and rough it and you'll soon get rid of that weak chest and that hacking cough." That is what the doctor said to a young married man with a wife and child to care for and a modest salary to support them on. He couldn't go West. Love and duty tied him to his desk in the city.

People don't have to travel to cure coughs or strengthen weak lungs. Dr. Pierce's Golden Medical Discovery cures obstinate, deep-seated coughs, bronchitis, bleeding of the lungs, weakness, emaciation and other forms of disease which if neglected or unskillfully treated terminate fatally in consumption.

"I will write you what Dr. Pierce's Golden Medical Discovery has done for me. I have had a bad cough almost ever since, with shortness of breath and it was very easy to take cold. The slightest change of weather would cause the cough to be so bad I would have to sit up in bed all night. Could not eat or sleep at times, was all run down, could not work at all. A few months ago I began using Dr. Pierce's Golden Medical Discovery, and now I can eat, sleep, and work, and I feel like a new man. I cannot find words to sufficiently recommend Dr. Pierce's Golden Medical Discovery, or tell the good it has done me."

Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. The book has 1008 pages and over 700 illustrations. Address Dr. R. V. Pierce, Buffalo, N. Y.

FUN! FUN! FUN!

That's what it was at Music Hall last night. It took a little while to get started but then—well to say it was funny was putting it mildly—the audience was in one continual roar of laughter. Just ask some one who was there last night if they are going again and one of the answers is not "yes." No costumes were used on the subjects last night but tonight a number of acts will probably be given in full regalia. Funny as the performance was last night, it will without doubt be much more entertaining and elaborate this evening.

The sleep test was given last night and the subject is now sleeping in the window of Mr. Gillis's store. He will be awakened on the stage this evening.

Tickets are now on sale at MUSIC HALL PHARMACY. Prices, 15, 25, 35 and 50 Cents.

Drift of Opinion.

For a man who knows to a dead certainty that he has no more chance of being elected president than of going to the kingdom of glory in a chariot of fire, Mr. Woolley has succeeded in imbuing himself with a great deal of enthusiasm.—Chicago Tribune

What has become of the sense of law? Every city has its lawless element and the only safety is to keep that under. But nowadays there seems to be a general indifference and the average citizen leaves these little difficulties to be worked out between the police and the mob, and if he shows any interest at all, it is to watch how the row will come out.—Hartford Courant.

It is announced that Hon. Josiah Quincy, the profound, theoretical municipal reformer, will probably first open the floodgates of his political reservoir in Lynn next Monday night. He evidently has designs on again attempting to become a Democratic statesman in the event of the triumph of that party, but he is all of four years too late to become the understudy of Bryan. George Fred was that much more previous than Josiah.—Lynn Item.

The names that are to be left out of the Hall of Fame are as interesting as those that are to be put in. Concerning two or three of the successful ones, there would be in the whole country, we suppose, little of dissent. Washington and Lincoln and Franklin would be agreed to by almost everybody; but why Oliver Wendell Holmes and James Russell Lowell should have been left out when Washington Irving was put in would be a puzzle to some persons. The truth is that every man has his own Hall of Fame, and it usually contains some names that are not in the halls which are built by other men. The selection of the names for the New York hall has a peculiar interest owing to the peculiar way in which it was made; but it settles nothing.—New Bedford Standard.

Brilliant Foot Ball Game
at the Park.

The Score Stood 5-0 In Favor
of Quincy High School.

IS NOW SLEEPING.

The football game at Metropolitan Park Tuesday attracted a large crowd of supporters of the two teams. High school won on its merits, the only touchdown resulting from the game, back formation blocked on the last tackle.

High showed careful training in team work, the line holding with the backs rushing together every time on the play. Anderson, Tupper and Brown, with Wright at quarterback, a strong combination have at the game. Jones at guard played like a champion, although this is his first game at High.

Adams lost from lack of teamwork. They had good men back of the line, Boyd and Bunker, each were very active. They were not properly backed up, by the line conserving themselves were frequent ascending when they saw a yard of hard earned ground. Bunker made two tries for goals from the field, the second missing by a few yards.

The line up was as follows:

High School	Adams
Head Coach	—
Morrison	—
Johnson	—
Cobb	—
Lawson	—
Barlow	—
Wright	—
Anderson	—
Bunker	—
Boyd	—
Touchdown—Jones, (Quincy) M. H. S. for Retention—Mr. G. P. Smith, 100 Washington.	Lawson—Wright, 100 Washington.

At 4:45 Adams kicked off to High 20 yd line. Adams soon secured the ball on a fumble. Neither side seemed to be able to advance the ball and fumbling was frequent. Bunker tried for a goal from the field, but was unable to lift the ball. When the ball was again put in play High braced up and by steady rushes carried the ball past the center of the field only to be blocked by Adams and forced to kick. Boyd slipped through the line and ran from Adams' 20 yd line up the field for 60 yds, being tackled when almost at the Leavitt and Wright.

Adams could not advance the ball the necessary distance, so Bunker made his second try for a goal. The ball as stated above, going a trifling distance was called before the line was put in play.

High felt encouraged by last Adams' defence. Adams was slow and looked snip.

High kicked off to Bunker who rushed to back ten yds. Adams showed more life and advanced 20 yds. on end and tackle plays. When High secured the ball her backs advanced on guard and tackle plays, but lost on a double pass, but Wright on the ball on Adams' 20 yd line. Centre rushes by Brown and Tupper gained to yds, soon followed by a tandem play on tackles that resulted in a touchdown. Jones taking the ball, Tupper failed to kick the goal. Score 5-0 in favor of High.

VERMONT VOTING FOR A SENATOR.

Dillingham and Grout Were Confident of Winning, but Contest Is Unsettled.

Montpelier, Vt., Oct. 17.—The great contest within the Republican party in Vermont over the election of a United States senator to succeed the late Justin S. Morrill, reached a climax when the house and senate were called upon officially to pass an opinion on the merits of the various candidates. The first ballot did not result in a choice.

The leading candidate, by a good margin, is William P. Dillingham, who has claimed that he would win over Congressman Grout. There are three other candidates, Senator Ross, who desires to be his own successor, although not having actively canvassed in his own behalf, and C. A. Prouty, both Republicans, and Seneca Hazleton of Burlington, selected by the Democrats as their candidate. It may take a number of days to reach a decision, for, as the legislature is now in session, a motion to ballot will be in order at the conclusion of unfinished business.

The first ballot did not result as expected. Both Dillingham and Grout believed they would have over 100. As a result of the ballot, there are many who believe that a deadlock will result, only to be broken by agreement on a dark horse. It is even asserted that Senator Ross is likely to succeed himself.

Great Ovation to Roosevelt.

Columbus, O., Oct. 17.—Since the great Hayline demonstration in 1884 has this city been so crowded with visitors as it was last night, the occasion of the appearance here of Governor Roosevelt. Ten speeches made to large audiences since leaving Cincinnati at 8 o'clock in the morning had not impaired the governor's vocal organs, nor did he show any evidence of fatigue. For two hours the governor rode in a great parade, which was more than two hours passing a given point, and its course was marked by a blaze of colored fire, rockets, firing of cannon and bursting of bombs. When Governor Roosevelt rose to speak he was given such an enthusiastic greeting that for five minutes he could not make his voice heard in his endeavor to restore order. The governor left Columbus this morning at 7:30 over the Hocking Valley road, for his second day in Ohio.

Declares Friendship for Labor.

Haverhill, Mass., Oct. 17.—City hall was filled last night by a large audience to hear Congressman Moody of this city. Congressman Moody answered the charge made by the Socialists that he had not favored labor measures, by declaring that he had voted for every measure in the interest of labor that had come before congress during his term. He explained his own course in voting for the Porto Rican bill against his own personal judgment by saying that he had greater power by staying within the party line, by which he was enabled to incorporate in the Porto Rican law substantially the same statutes that controlled corporations in Massachusetts.

Secretary Long on the "Real Issue."

Cambridge, Mass., Oct. 17.—Secretary of the Navy Long has written a letter for publication in The Harvard Republican, the organ of the Republican students at Harvard, in which he discusses at length some of the political questions now pending before the American people. In his opinion the secret of the Democratic leaders to make "imperialism" the paramount issue of the campaign has failed, because "imperialism" was seized upon to divert public attention from the real issue of the campaign, "which is Bryanism against the record, achievement and outlook of the present Republican administration."

Will Vote For Democrats.

Boston, Oct. 17.—The executive committee of the People's Party of Massachusetts has issued a statement to the voters of that party, to the effect that as the national candidates of the Democratic and People's parties are identical, and the position of the Democratic party on the issues of trusts and imperialism is identical with that of the People's Party, that that party shall not put a state ticket in the field this year, but shall support the nominees of the Democratic party.

Husling in the Northwest.

Waterbury, S. D., Oct. 17.—Senator Hanna's train stopped at 14 towns in Minnesota and South Dakota yesterday. At nearly every town of importance Senators Hanna and Frye and Congressman Dolliver of Iowa made speeches, varying in length from two to 26 minutes. Large crowds were present at nearly every stopping place. The most of the speaking was on the subjects of trusts and prosperity.

Tent Meeting Didn't Come Off.

Cortland, N. Y., Oct. 17.—A big crowd assembled in a tent here yesterday to greet the speakers from the Prohibition train. A thunderstorm started at noon and settled down to pouring rain. Just before the train came the tent was blown down by the wind. Three persons were hurt, but not seriously. The meeting was adjourned to a hall.

Over Two Score Men Drowned.

St. John's, Oct. 17.—The St. Pierre schooner Fiona drifted ashore in Fortune bay during the recent gale, and her entire crew of 29 men were drowned. The schooner is a local loss. The schooner Amelia, Rosebud and Angler, with crews aggregating 18 men, were also lost. The schooner Huntress is ashore on the Labrador coast. Five of her crew were drowned.

Turkish Authorities Greatly Alarmed.

Constantinople, Oct. 17.—The tribal risings among the Kurds are assuming threatening proportions. The authorities are greatly concerned. The troops have had to intervene in the Diarbekir district, where a number of Christian and Musulman villages have been razed.

A Change For the Worse.

London, Oct. 17.—"King Oscar's illness," says a dispatch to The Daily Mail from Stockholm, "has developed into a serious inflammation of the lungs. The crown prince has been appointed regent."

Harbinger of Winter.

Presque Isle, Me., Oct. 17.—The first snow of the season fell last night, nearly six inches covering the ground. The storm is accompanied by a strong wind, but the temperature is not low.

HAD GREAT INFLUENCE.

Foreigners Have Lost a Good Friend in the Execution of Chang Yen Hoon.

Washington, Oct. 17.—Confirmation has been received here of the execution on July 20 of Chang Yen Hoon, the former Chinese minister to the United States. Chang was a loyal adherent of the emperor and a warm supporter of the latter's reform movements. When the emperor, two years ago, Chang was banished to Khabarovsk, but through the intervention of the American and British legations, his punishment was commuted to banishment in the distant province of Khabarovsk.

It now appears that the emperor, after taking advantage of the late reign of terror at Peking, and knowing Chang's influence with the emperor, ordered his execution by decapitation. Chang was considered by those familiar with Chinese affairs as one of the ablest, if not the ablest, man in China. He had been decorated by the Queen of Great Britain and the emperors of Russia and Germany. Had his life been spared until the occupation of Peking by the allies, he doubtless would have been recalled and have taken an active part in the pending negotiations and future government of China.

New Battleship Ready for Business.

Philadelphia, Oct. 17.—The battleship Alabama went into commission yesterday at Cramps' shipyard. The crew of 500 officers and men were paraded on the forward deck when Captain Bronson, who will command the ship, read the orders and had the flag and his pennant raised. The Alabama will remain in the Delaware river about two weeks, and will then join the North Atlantic squadron.

Off to Town Council's Snub.

Berlin, Oct. 17.—In view of the recent action of the Berlin town council in declining not to offer congratulations to Empress Augusta Victoria upon her birthday, a number of persons prominent in Berlin are getting up a congratulatory address to the empress for private signature, as a demonstration against the attitude of the town council.

Baroness Von Kettler at Victoria.

Victoria, B. C., Oct. 17.—Baroness Von Kettler, accompanied by her brother, Henry R. Ledyard, and his bride, who went to Japan to meet the bereaved wife of the German minister, arrived on the Empress of Japan last night. The baroness was confined to her stateroom and scarcely left it during the voyage from the Orient.

Not Dressed For a Chase.

Boston, Oct. 17.—Louis R. Randall, who lives at the South End, found a burglar in his house early in the morning, and when the intruder fled, Mr. Randall, in his nightclothes, chased him several blocks through the streets and caught him, but was forced to release him before a policeman could be found.

Assault Had a Hard Time.

London, Oct. 17.—Steamer Asolun, at Avonmouth from Boston, reports having encountered a gale on Oct. 6, in which the vessel shipped great quantities of water, two boats and the bridge poop ladders were smashed, and the cargo was shifted.

GREWSOME DISCOVERY

Man's Headless Body Found Floating In Pond In a Gunny Sack.

Supposed to Be That of George E. Bailey, a Farm Foreman.

Suspicion Points to a Man Employed by Him and He is Placed Under Arrest.

Lynn, Mass., Oct. 15.—The Lynn police are at work on a murder mystery, the equal of which had not been found in this vicinity for many years. About 11 o'clock yesterday morning the trunk of a man was found in a gunny bag, lying across three logs in Glanville pond, or what is commonly known as Floating Bridge pond. The head, legs and arms had been severed from the body. It may turn out to be another instance where rival affection for a woman have led to a quarrel, and then, in revenge, the murder was committed.

He this as it may, the police are inclined to the belief that George E. Bailey has been murdered, and so have taken under arrest John C. Best, 38 years of age, a farm hand employed on the property of which the supposed victim of the murder was caretaker. Furthermore, the police, in searching the Break Heart Hill farmhouse, where the man lived, found in the barn cellar an axe which bore blood stains, but it is not certain they are of human blood. Similar stains were found on a window sill and on a piece of cardboard in the room which had occupied in the house.

Bailey disappeared on Oct. 8. No one knew the reason, but there were persons who supposed that he had followed his wife to Lynn, Mass., she having left the house it is asserted, because of a disagreement with Bailey. It is now claimed that the woman known as Mrs. Bailey was married, his wife's whereabouts are unknown. The woman is said to be Mrs. Susan Young, and was at the time of the disappearance. With these clues as the result of their day's work, the police are trying to solve the mystery of the murder.

Glenns pond, where the body was found, is a small, dark-appearing body of water, between Lynn and Salem. A bridge, which is 25 feet in length, floats on the pond. Beside this bridge, about 10 o'clock yesterday morning, was found floating a gunny bag which held the trunk of a man. Late in the afternoon, two other bags of similar material were wrapped in the same place, and each contained a human body. The head and arms are still missing.

After the finding of the body it was taken to an undertaker, where Medical Examiner Pinkham held an autopsy, finding that the murderer had terribly hacked the body in his efforts to decapitate and remove it. The weapon used was, apparently, a heavy knife, not sharp enough to cut clean, but of great strength to disjoint the bones of the neck, and to assist in crushing the femurs of the legs. The police will continue the search in the pond for the man's head and arms, and also to secure a positive identification of the body.

The Bailey crew is undeniably a good one. The trunk answers the description as would be ascribed to Bailey, and the medical examiner's opinion as to the weight, age and habits of the man, are almost identical to a physical report should one have been made on Bailey. The missing farmer was over six feet in height, and had red hair, so he could be easily identified.

Best simply says that he had had no trouble with Bailey, and does not know why he disappeared on Oct. 8, although he admits that on the next day he came to Lynn and got drunk.

The interest in the body centered in the autopsy by the medical examiner. He said that the man had been killed by a bullet wound, of which there are two on the left side of the body, either one of which would have caused instant death. It is judged that a weapon of large calibre was used, and in the Break Heart Hill farmhouse was found a 44-calibre rifle.

There is some doubt as to how long the body was in the pond, judging from its condition. The medical examiner says that the man had been dead perhaps 10 days, but the body had not been in the water that length of time. On this point the police believe that, after the murder and mutilation of the body, it was fished out of the pond, and that it might have been 10 days, but they believe that a wagon was used Tuesday night to cart the ghastly burden to the bridge. It was dumped overboard with a stone attached to the bag, but the string connecting the stone and bag did not hold. On Wednesday, therefore, the bag was easily seen by the young men who had curiosity enough to investigate the object.

Conference About to Begin.
Pekin, Oct. 15, via Shanghai, Oct. 18.—Prince Ching and Li Hung Chang have addressed a joint meeting of the foreign envoys, fixing Saturday next for the first meeting to discuss the conditions of peace.

Captain Carter's Latest Move.
Leavenworth, Kan., Oct. 15.—A habeas corpus suit to release Oberlin M. Carter from the federal penitentiary has been filed in the United States circuit court. Judge Hook set Oct. 26 as the date for hearing on the application.

The Political Arena.

Both Bryan and Roosevelt Granted by Big Crowds in Their Stumping Tours.

Albany, Oct. 15.—W. T. Bryan ran around two sides of a triangle yesterday from Hudson to Albany inclusive. At Hudson he spoke to a gathering of business people of all classes, at Troy to the capacity of the Opera House and with an overflow meeting of collar factory and laundry employees, at Mechanicsville to railroad people, at Cohoes to the mass of the employees of the cotton and woolen mills, and at Albany to two immense meetings, one in the Opera House and one outside, of the best element of the city. Judge Bulger of Oswego, J. J. Delaney of New York and Mayor Jones of Toledo alternated in the speaking with Mr. Bryan, assisting him particularly at places where there were overflow meetings.

Roosevelt Struck by a Stone.

Cleveland, Oct. 15.—Yesterday was a day of triumph for Governor Roosevelt in Ohio. Last night Cleveland gave him a reception rivaling any similar demonstration ever made here. There was an immense parade, consisting of half a score of brass bands, dozens of political organizations, including many which had come hither from other places to do honor to the candidate for vice president. The parade, which the chief thoroughfare through which the parade passed was ablaze and along its brilliant course thousands of rockets and flambeaux flared.

From the Union station, riding in a gorgeously decorated carriage, drawn by four white horses, in company with Governor Nash and Senator Foraker, Governor Roosevelt was escorted to a large tent on Marcelline avenue, Newburg, the iron-working district, where he addressed a large audience on the subject of prosperity. His speech was very brief, consisting of part of that delivered by him an hour later at Central armory.

Only one incident marred the evening. Notwithstanding reports circulated early in the evening that an attempt would be made to break up the proposed meeting in Newburg. It was here that a boy, standing some distance away, threw a rock at the governor, as the latter was leaving the tent. The rock struck the governor on the head, but he was not hurt. Quickly the governor's companions closed around him and hustled him into a passing car on which he was borne away.

Where the Vote is Close.

Huron, S. D., Oct. 15.—The special train bearing Senators Hanna and Frye travelled up and down through the counties of central South Dakota yesterday, in districts where the vote is a run-in-close and where farmers compose the greater part of the population. Fourteen stops were made during the day. Senator Hanna making speeches at each stop. Senator Frye also spoke at some of the more important places. The most important meeting of the day was held last night at Huron, where the train stopped for the night.

More Ballots Without Effect.

Boston, Oct. 15.—The deadlock in the Ninth congressional Democratic convention over the four candidates remains as firm and as complete as on the first night's session. The fourth session was held last evening, and 13 ballots were taken, without the slightest deviation one from another. The convention adjourned until this morning at 11 o'clock. Just as the time for filing the nomination expires.

Remedy in Hands of Christians.

New York, Oct. 15.—John G. Woolley, exercise candidate for president, and dressed over 1500 persons at Cooper Union last night. He severely scored both the old parties, saying that the remedy for the present existing conditions was solely in the hands of the Christian voters. The Woolley party is quartered at the St. Denis hotel, and will spend a day or two in recuperating.

The Fad

Of the modern woman is health by exercise. It's an excellent fad, provided that it is always remembered that exercise cannot cure womanly diseases. Indeed, where such diseases exist, exercise is apt to aggravate the condition rather than to help it.

The first step toward establishing the general health is to establish the local womanly health. Dr. Pierce's Favorite Prescription cures womanly diseases which undermine the general health. It establishes regularity, dries enfeebling drains, heals inflammation and ulceration and cures female weakness.

When these are cured, backache, headache and nervousness are things of the past. The universal testimony of weak and sickly women, cured by Favorite Prescription, is this: "It has made me feel like a new woman."

"My wife has used three bottles of Dr. Pierce's medicine, and I never saw such results," writes Mrs. G. E. Moore, Lawrence, Mo. "It was wonderful in its work. We had used lots of medicine, also, but my wife got no better; we heard one pitiful groan after another, day and night. A friend handed me a copy of Dr. Pierce's book, the Common Sense Medical Adviser, and after reading the testimonials I bought a bottle of Dr. Pierce's Favorite Prescription. It was up and helped her to do the work. She has taken three bottles and is now about well. Has better health than she has had for years."

Dr. Pierce's Pleasant Pellets cure constipation.

DEMANDS ACCEDED TO.

Decisive Victory For Mine Workers In the Anthracite Region.

Ten Percent Advance and the Abolition of Sliding Scale.

Work Will Probably Be Resumed in All Districts by Next Monday.

Philadelphia, Oct. 15.—The conference between the individual coal operators and the representatives of the big coal carrying companies, with a view to bringing about the termination of the anthracite coal strike, was resumed yesterday in the private office of President Harris of the Reading railway company. It resulted in an agreement to accede to the demands of the United Mine Workers' Reading Coal and Iron company issued the following statement:

"This company hereby withdraws the notices posted Oct. 3, 1900, and to bring about practical uniformity of wages in the several coal regions gives notice that it will suspend the operation of the sliding scale, will pay 10 percent advance on September wages till April 1, 1901, and thereafter until further notice, and will take up with its mine employees any grievance which they may have. The sliding scale is also in operation, will issue a similar notice, as will also the individual operators who were represented at the meeting. This results in the demands of the strikers, and means the immediate ending of the strike."

Yesterday's action was the culmination of the recent meeting of the individual operators at Scranton, following the Mine Workers' convention at the same city. Nearly all of the colliers in the coal region had, previous to the Mine Workers' convention, posted notices granting an advance of 10 percent. The mine workers, in considering this, demanded that the sliding scale be abolished, the increase to be guaranteed until April 1, 1901, and all other differences to be submitted to arbitration.

The individual operators agreed to everything, and the appointment of a committee to inform the operators of the Lehigh companies to abolish the sliding scale and make the wage increase permanent followed. It is conceded that the result of the conference is a complete victory for the men. All the demands of the colliers are acceded to, and, as one of the individual operators put it after the conference, the operators go a little farther in agreeing to maintain the wage advance after April 1.

This same operator, who requested that his name be not used, said, in speaking of the conference: "It's all up to the miners now. We have agreed to everything, and nothing remains now but for them to return to work as soon as the notices posted by the colliers are acceded to. These notices will be practically similar to the Reading company's notice, the phraseology only being changed. I look for a resumption of operations by Monday at the latest. The conference was entirely harmonious and every phase of the strike situation was gone over."

Just how soon the official order notifying the men that the strike is ended and to return to work will be issued by President Mitchell can only be conjectured. It is believed here that no order to return to work will be issued until a notice similar to, or in line with, that of the Reading and Lehigh companies is issued.

The News at Hazleton.

Hazleton, Pa., Oct. 15.—The news from Philadelphia spread through the entire region with almost lightning rapidity. Everywhere satisfaction was expressed by the striking miners and others. It is confidently believed that the strike will be officially declared off this week, and that all of the men will have a chance to return to work by Monday. President Mitchell informed all inquires that the strike would be declared off by none but the United Mine Workers' officials, and added that no mine worker should return to the mines until a notice to that effect is issued from labor headquarters.

All Classes Are Glad.

Wilkesbarre, Pa., Oct. 15.—The Press bulletin posted here, announcing that the operators in conference at Philadelphia had decided to meet the demands of the strikers, was received with the greatest enthusiasm by all classes. The strikers gathered before the newspaper offices and the news was wildly cheered.

Lipton's Challenge Accepted.

New York, Oct. 15.—Sir Thomas Lipton's challenge for the America's cup was accepted by the New York Yacht club last night. At a special meeting of the club resolutions were adopted by the terms of which the commodore of the club is authorized to appoint a committee to formally accept the challenge of the Royal Ulster Yacht club.

The Youtsey Trial.

Georgetown, Ky., Oct. 15.—The trial of Henry Youtsey, on the charge of complicity in the murder of former Governor Goebel, was continued yesterday. The prisoner was reported better, and had passed a restful night. Witnesses were examined to show the course and character of the bullet that killed Goebel.

Confession Fear That City May Fall.

Hong Kong, Oct. 15.—Advices from Canton say it is reported there that Sun Yat Sen, the reformer, captured Hui-Chow last Monday. The Cantonese assert that if Hui-Chow, which resisted the insurgents in the Tai-Ping rebellion, falls thus, the rebels will be able to take Canton within a week.

OCTOBER WEDDINGS.

Bisset-Michael; Porter-Blunt; Hayford-Roe.

One of the prettiest home weddings in South Quincy took place at the home of Mrs. J. Michael on Caledonian avenue Wednesday evening, when her daughter, Mary B., and Mr. John Bisset were united. Dr. James Todd performing the ceremony.

The bride was tastefully dressed in white Swiss muslin, and carried white chrysanthemums. The bridesmaid, Miss Bella K. Michael, sister of the bride wore white Swiss muslin over pale blue and carried white pinks. The maid of honor, Miss Lizzie Bisset, sister of the groom, wore white Swiss muslin over pink, and carried white roses. Mr. John B. Hutchinson acting as best man.

Lohengrin wedding march was played. The bride groom and best man took their places at the temporary altar and received the bridesmaid and maid of honor and the bride the latter escorted by her mother.

Dr. Todd presented the bride with a handsome book entitled, "Lovers Always," in memory his first marriage since taking charge of his new field in Quincy.

A wedding supper was served after which there were singing and dancing until the small hours of the morning.

The presents were numerous and valuable. There were about thirty couples present and all seemed to have had an enjoyable time.

Hayford-Roe.

At Whitestone, Long Island, on Wednesday, was solemnized the marriage of Miss Clara Louise Roe, daughter of Mr. and Mrs. Samuel D. Roe, and Dr. Herbert S. Hayford of Quincy, son of Mr. and Mrs. Chandler M. Hayford of Portsmouth, N. H. Rev. Rockland Homans, rector of Grace church, Whitestone, performed the ceremony, at half-past six at the home of the bride.

Mr. Dexter Emerson Wadsworth of Quincy was best man and Miss Annie Lott of Elmhurst, L. I., was maid of honor. The ushers were Edward P. Roe, Charles K. Roe and Clinton T. Roe all of Whitestone.

The bride was given in marriage by her father. The wedding march and music for the reception was by Schroeder's orchestra, from New York. Pink and white chrysanthemums and palms made the house a bower of beauty.

The bride's gown was a beautiful cream crepe de chene, over cream silk, cut en train and trimmed with Duchesse point lace. Instead of the conventional bouquet she carried a prayer book.

A reception followed the ceremony from seven until ten.

Dr. and Mrs. Hayford are to reside on Hancock street, this city, where they will be at home to their friends after December first.

Porter-Blunt.

Many Quincy people were interested in the wedding at Brighton on Wednesday evening, of Miss Lily Rebecca Blunt, daughter of Mrs. Harvey Blunt of Boston and Rev. Charles Blunt Porter, Jr., son of Hon. and Mrs. Charles H. Porter of Quincy.

The marriage was solemnized at the First Parish church, Chestnut Hill avenue, Brighton, by Rev. F. S. C. Wicks, pastor of the church, and witnessed by a large and fashionable gathering.

The bride was given in marriage by her brother, Mr. Arthur A. Blunt and attended by her cousin Miss Ethel Fracker of Manchester and four bridesmaids: Miss Mattie L. Gates of Boston, Miss Mattie S. Wilder of Hingham, Miss Effie L. Coffin of Brookline and Miss Winnifred H. Dresser of Hartford. Mr. Robert B. Porter of Quincy, brother of the groom, was best man and the ushers were: Clarence B. Shirley, Elson M. Blunt, Boston, Rev. Willard Reed of Cambridge, and Dr. Arthur R. Grandell of Taunton.

The bride's gown was a beautiful white crepe de chene over white silk, and trimmed with old point honiton lace and pearls. Her tulle veil was caught with sprays of lilies of the valley and she carried a large bouquet of the same. The maid of honor was also in white, her gown being of white muslin over white silk and she carried a bouquet of bride roses. In charming contrast were the bridesmaids, who wore gowns of white muslin over pink silk and carried pink roses.

After the ceremony a reception was held in the church, Mr. and Mrs. Porter receiving under a bower of evergreen and cut flowers. They were assisted in receiving by the groom's parents and Mrs. Blunt and Mr. Arthur Blunt.

Mrs. Blunt wore a black lace gown over white silk and trimmed with white velvet, and Mrs. Porter a black satin with white and gold trimmings.

After a short wedding trip Rev. and Mrs. Porter will be at home on Tuesdays in January at 29 Kay street, Newport, where Mr. Porter has recently settled as pastor of the Channing Memorial church.

MILTON.

The Unquity club held its first Ladies' night Wednesday evening. The entertainment consisted of readings by Mrs. John Dow, solos by Miss Lottie Covell, George Allsebrook and James Lee. Miss Mary McKay was accompanist. Light refreshments were served.

The entertainment last week at the Thursday Evening club was a great success and a good time was enjoyed.

The subject for Sunday evening's lecture at the Mission of Our Saviour by Rev. T. I. Reese, in his course on the "Planting and Growth of Christianity in America," will be "The Present and Future of American Christianity."

The Republican club held a rousing meeting at the Town Hall, Tuesday evening. Speeches were made by Horace Ware, Mr. Weston and others. The speakers boomed George B. Pierce for Congress and Eugene H. Sprague for Senator. A spread was served at the close of the speaking.

Street Railway.

Editors of the Quincy Ledger:

In your Tuesday issue I observe that an application for "relocation" is asked for by the Brockton Street Railway.

I would like to ask if the Council is to grant this without exacting some promise of good faith on the part of the railroad. Is it to be unconditional, allowing them to place tracks all over the streets without paying between them—a condition that Houghs Neck is compelled to endure at the junction of Sea street and Bay View avenue? If so the voters will do well to elect some members of the Street Committee to stay at home.

The city should exact a promise in writing, and enforce it—not to allow the railroad to construct a part, and excuse the rest, because cunning managers are "short of materials." The committee were lax in their duty in neglecting to order the railroad to complete the Houghs Neck line in accordance with specifications set forth in their application. Everybody who is not wilfully blind cannot help seeing how Houghs Neck is and has been neglected in everything except taxes.

What kind of a change have we made in changing controls of railroads? Supt. Weeks did send closed cars on rainy days and cold weather, but this management gives us open cars on cold and rainy days, and when asked for different accommodations, the reply is: Do you suppose we are going to put on box cars on the Houghs Neck line, and keep on open cars on our popular lines?

"I for one would like to know which is their popular line?" Is it the Squantum line, with its fifteen passenger day service, or do they mean Fort Point, otherwise the bone factory? I would like to know if this is good faith with the people at Houghs Neck?

If some of the Street Committee had not been so stupid and stuck on the old company, the people would now have a good road completed in a substantial manner.

We want closed cars in stormy and cold weather. If this is neglected, the Council has a right to revoke the location, and let others have a chance.

As illustration of the management, during the height of the storm Tuesday night, the box cars were taken from our line, and an open car put on. The result was that everybody got wet, got a good wholesome cold, and do you wonder that they are embittered against the railroad?

Now about the city. Has Houghs Neck had any new lights added during the present administration? Has Sea street been completed? They say \$50,000 has been spent—does this include the late improvement in front of the Faxon property? If they did the same at our end of the street, we would not kick as some people do about taxes.

Houghs Neck pays about \$50,000 per annum, and in return gets about \$800 for the school children, and fully \$100 laid out on Sea street.

Well, we are growing. Next year we will have many more voters, and then we may want to secede from Mother Quincy, as the Yanks did in '76. "Taxation without representation" has caused more trouble politically than everything else combined.

The Council has slept long enough. What able men it has are powerless to overcome the stiffs. Am I right? Houghs Neck wants Elisha Packard—the champion of progressive yet conservative government. Some don't like him, but poor Houghs Neck (pays only \$50,000 tax) appreciates all he has done for her.

When is the Mayor going to order street lamps for Houghs Neck?

Genesee Pure Food Co., Le Roy, N. Y.: Gentlemen: My mamma has been a great coffee drinker and has found it very injurious. Having used several packages of your GRAIN-O, the drink that takes the place of coffee, she finds it much better for herself and for us children to drink. She has given up coffee drinking entirely. We use a package of Grain-O every week. I am ten years old. Yours respectfully, FANNIE WILLIAMS.

Many Wrecks and Vessels in Distress Off the Coast of Massachusetts.

Coastwise Vessels and Fishermen Caught in Gale.

Schooner Sinks Off Chatham and the Fate of Her Crew is Unknown.

Highland Light, Mass., Oct. 18.—The gale caught a great fleet of vessels off Cape Cod, and the complete story of the damage done and the terrible experiences of the sailors is yet to be told. Some of the vessels have no doubt been driven well off shore, perhaps as far as the gulf stream, while others managed to reach some sort of a lee, and are holding on like grim death with both anchors down.

Captain Cole of the Cahoon's Hollow station reports that at 7 o'clock Tuesday night a large steamer carrying two masthead lights, north bound, stopped suddenly off his station and began to use the search light, sweeping the sea for some distance around for half an hour. During the time what appeared to be a boat in which was a ship's lantern put off from the steamer, and it looked as if something had been picked up. Captain Cole believes that some wreck or collision had occurred.

Captain Rich of the Famer River station, four miles north of that at Cahoon's Hollow, reports the finding of the quarter board with the name "Robert W. Lyle" upon it. The life saving men seem to think that there is some connection with the stopping of the steamer and the finding of the quarter board.

Yesterday morning three schooners were sighted on Nantucket shoals flying colors Union down, for assistance, and three others were ashore on Nantucket Island.

Tug Mercury went to their assistance and returned here last night towing the waterlogged schooner Mark Pendleton from Bangor, bound for Providence, with a cargo of lumber. When the helpless vessel was sighted by the Mercury, the captain and crew, seven men all told, had quit their vessel and were riding out the gale seated in a yawl boat made fast astern.

The Mercury spoke schooner J. Kennedy, of and from Calais, for New Bedford, with a cargo of lumber, anchored about three miles west of Handkerchief lightship, with windlass broken and useless.

Schooner Francis R. Baird of Providence, with a cargo of lumber for New York, parted her chain and dragged ashore on Tucker's shoal, where she now remains. The captain had left the vessel and landed on Nantucket Island although some of the crew are on board. She has about two feet of water in her hold.

Schooner J. Arthur Lord, ashore on Nantucket Island, was formerly the fish schooner Christina Moore, which was sunk in Vineyard Haven harbor in November, 1888. She was thoroughly repaired at Vineyard Haven, at which port she is now owned. Her cargo of granite was from Sumner Sound for New York.

The schooner which went ashore south of Highland light Tuesday night during the heavy westerly gale, proved to be the General Sheridan, Captain Anderson, bound from Perth Amboy, N. J., for Boston. Notwithstanding the bad weather off shore, the life savers were able to rescue the entire crew. The rescue of the men on board was attended with much difficulty.

Schooner David S. Siner, reported sunk off Pollock Rip, has been heard from in the arrival of Captain Fernald of the Siner and crew. The captain reports a very narrow escape. He was 15 miles north by east of Cape Cod when his ship went down. The five men, all in one boat, pulled for Nantucket, and, after 22 miles of heavy and dangerous rowing, they reached Nantucket, completely exhausted.

Schooner John Francis, anchored at Nobiska, reports that she was in collision with schooner Frank W. The Francis lost foretopmast, which in falling seriously injured Seaman Saunders. The Frank W was undamaged.

Fishing schooner Nellie M. Snow reports while anchored off Chatham she broke her windlass and lost one anchor. A large three-masted schooner is riding heavily just clear of the shoals off Vineyard. Should she drag 50 yards nearer shore her keel will touch and she may become a wreck. Another three-masted schooner, the Tena A. Cotton, has signals of distress off Wood End bar, at Provincetown, and the crew of that station have gone to her assistance. Her sails are all blown away. She is bound for Boston.

The tug J. B. King, with two heavily-laden barges in tow struggled for hours in attempting to round the end of the cape and reach a harbor in Provincetown. Finally the hawser connecting the rear barge parted, and as it was impossible for the tug to go to her rescue, she was left to her fate, while the tug just managed to reach the harbor. Nothing could be seen of the second barge, and as there is a tremendous sea running there seems to be little hope for her safety.

The schooner General Sheridan broke up yesterday afternoon, and her cargo of drain pipe buried in the sand. The Highland life saving station is considerably crippled through the loss of gear, the greater portion of the breeches-buoy tackle going down with the vessel. Captain Anderson of the Sheridan was almost the sole owner of the vessel, which was not insured.

An unknown schooner, which struck Tuesday night between Shovel and Pollock Rip shoals, sank entirely out of sight yesterday afternoon. No one knows anything about the crew. It may be that they were taken off by some passing vessel, but in view of the terrific storm which prevailed, old sailors believe it was hardly possible that they could have been saved. There is no clue to the identity of the schooner.

A SERIES OF MISHAPS

Which Will Necessitate Extensive Repairs on Torpedo Boats Dahlgren and Craven.

Newport, R. I., Oct. 18.—Torpedo boat Dahlgren and Craven left here Tuesday evening for the Portsmouth, N. H., navy yard, the Dahlgren leaving some distance in advance of the Craven. Near Fort Adams the Dahlgren's engines were stopped for some reason, the Craven passing her.

The Dahlgren was soon under way however, and attempting to cross the bow of the Craven. The Craven struck the Dahlgren 25 feet abaft the stern, the impact twisting the Craven's bow until it pointed towards the stern. As the Craven was making water rapidly, the forward compartment was closed and the crew prepared to leave the craft, believing it was sinking. In attempting to lower the boat one of the Craven's crew fell overboard, but was rescued.

With one engine going ahead and the other reversed, in order to overcome the twist in the bow of the boat, the Craven succeeded in reaching her slip at the torpedo station. The Dahlgren, only slightly damaged, kept close to the Craven, and attempted to make the slip next to her. A northerly gale was blowing at the time, and the Dahlgren plunged into the stern of the Craven, ripping away everything for 10 feet. The Dahlgren backed away and made a second attempt to reach the slip, but again was blown out of her course and a second time rammed the Craven, this time shifting her starboard engine. The Dahlgren made no further attempt to reach the slip, but cast her anchors with four fathoms of cable. Her hooks failed to hold, and the Dahlgren drifted through the harbor, running onto the mud flats at the south end of the harbor, where she remained until yesterday. A board of inquiry has been ordered.

Struck on Maine Coast.
Lubec, Me., Oct. 18.—During a heavy gale here schooner Mary Lee Newton went ashore on West Quoddy Head, and broke up in a few minutes. She is a total loss. The crew of five men have been rescued by means of the breeches buoy, after much difficulty, by the life savers. The little schooner Twilight, 10 tons, also went down. Her crew of two men were saved.

Four Years For Forgery.
Boston, Oct. 18.—Fred M. White was yesterday sentenced to the house of correction for four years by Judge Stevens. White pleaded guilty to having forged mileage tickets on the Boston and Maine Railroad. William S. Close, indicted jointly with him, also pleaded guilty, but as he is at present serving a six-year term in prison his case was placed on file.

Close of End-Aversers' Convention.
New Bedford, Mass., Oct. 18.—The 1900 Massachusetts Christian Endeavor convention closed last night with services in four churches. The principal speaker of the evening was Rev. C. E. Sheldon of Topkapi, Kan., whose subject was "The Open Door of the Twentieth Century." It was decided to hold the 1901 convention in Boston.

Life Imprisonment For Yanz.
New Haven, Oct. 18.—George Yanz, who has been on trial for a week, charged with murdering George Goering, his shopmate and intimate acquaintance, was found guilty of murder in the second degree by the jury after two hours' deliberation, and was sentenced by Judge Wheeler to life imprisonment.

The Enterprise Tied Up.
Boston, Oct. 18.—The Massachusetts nautical training ship Enterprise was brought up to the wharf yesterday and moored for the winter. The entrance examinations for admission of cadets to the school will be held on Nov. 9, on board the Enterprise.

Boston, Oct. 18.—Convicted of stabbing John Reardon, a porter at the United States hotel, William J. Nelson was sentenced to the house of correction for two years and nine months.

Lowell Man Drowned.
Lowell, Mass., Oct. 18.—James Daly, aged 25, employed by the Bigelow Carpet company, fell from the canal bridge leading into the company's yard, and was drowned.

Seamen in a Sorry Plight.
Falmouth, Eng., Oct. 18.—Bark Brilliant landed at this port eight seamen suffering from beriberi and the body of one man who had died of the disease, all of whom had been taken from the Norwegian bark Homewood, which was spoken by the Brilliant, Oct. 8, in a waterlogged condition. Captain Rotter and six men of the crew of the Homewood refused to leave that vessel.

John Sherman Laid Up.
Washington, Oct. 18.—John Sherman was dangerously ill at his residence on K street in this city. The attack has taken the form of a general collapse. Since his return to this city from Ohio his condition grew worse, and relatives in various parts of the country were notified of the change. It is impossible that he may rally to further unfavorable symptoms occur.

Patrick and Jones on Trial.
New York, Oct. 18.—Preliminary hearing of the case against Albert T. Patrick and Charles F. Jones, respectively counsel and valet of the late William M. Rice, was resumed yesterday before Magistrate Brann. The accused are charged with having forged the signature of William M. Rice to a check for \$25,000. The case is unfinished.

The Champions Whitewashed.
Pittsburg, Oct. 18.—Pittsburg played ball in old-time form and did not leave Brooklyn a leg to stand on. Philippi did excellent work in the box, and was given gut-edge support. Only one Brooklynite reached third, and he was killed at home plate. The score was 10 to 0.

Drift of Opinion.

After all, is there anything in the situation in China more remarkable, more significant of a change in the relative positions of the world powers, than the halting, hesitating, and deferential attitude of Great Britain, heretofore the power claiming the largest share of interests in China?—Chicago Record.

Colonel Thomas Wentworth Higginson is of the opinion that Mr. Bryan "is a person of much more innate force of character than the present incumbent, and that he has shown this force in making his party follow him instead of being compelled, like Mr. McKinley, to eat his own words. He believes that "he will be captain of his own ship, a thing which there is no reason to expect of his opponent." President McKinley has undoubtedly held his ear to the ground occasionally to catch the sound of the trumpeting of the people, but it looks a little odd to see an anti-imperialist supporting Mr. Bryan on the ground that he is a good deal more of a dictator than Mr. McKinley, and if popular government is at stake it can hardly be endangered by the man who is particularly anxious to find out what the people desire.—New York Journal of Commerce.

Parents Invited.

Superintendent Parlin will address the teachers at High school hall, Tuesday afternoon, Oct. 23, at 4.15. Subject "The spirit of the school and the school spirit." Parents and friends of the schools are welcome to attend any of these general meetings which will be announced from time to time in the local papers.

Matinee at Readville.

All the races at the Readville matinee on Thursday were won in straight heats, but many were very close. Mazette failed to beat her record of 2:09 1/4 to wagon. The winners were: Pat My Boy, Gussie Leonard, Genevieve, Imogene, and Prince Wilkes.

A QUINCY BRIDE.

Taken by a Young Man from Milford, Mass.

A very pretty home wedding was solemnized Thursday evening at the residence of Mrs. Frances Anna Hall, when her daughter, Miss Cora Bell, was united in marriage to Mr. Frederick Arthur Gould of Milford. The ceremony was at 7 o'clock, and was witnessed only by the immediate family friends, Miss Helen F. Burt, of Taunton presided at the piano, and played the bridal chorus from Lohengrin as the bridal party entered the room where the guests were assembled. The bride was attended by her cousin, Miss Florence B. Thayer of Quincy, as maid of honor, and Miss Susie Somers of Quincy as bridesmaid, while the groom was attended by Mr. Albion DeForrest Hall, a brother of the bride.

The decorations of the room were autumn leaves and cut flowers, the bridal party standing beneath an arch of evergreen.

Rev. Elbert W. Whitney, pastor of the Universalist church of Milford, performed the ceremony, the ring service being used.

The bride was gown in a white Swiss muslin trimmed with Chiffon and Valenciennes lace, and carried a bouquet of bride roses.

The maid of honor wore a blue mull and the bridesmaid pink mull and they carried pink and white pinks.

Following the ceremony there was a reception from 8 to 10 o'clock, Mr. and Mrs. Gould being assisted in receiving by Mrs. Frances Anna Hall, mother of the bride.

The reception was very largely attended, the guests being presented by the ushers, Mr. Alonzo H. Shumway of Taunton and Mr. Everett Winslow of Quincy. Ice cream was served during the evening by Wales.

The gifts to the maid of honor and bridesmaid were rings, and to the ushers stick pins of pearls.

The wedding gifts, which were displayed in the dining room, were very handsome and consisted of silver, cut glass, pictures and furniture. Not the least valuable of the gifts were a substantial clock and gold coin.

The bridal party left on the 10.8 train for a two weeks trip, returning from which they will reside at 11 Grant street, Milford, where they will be at home after January first.

Among the prominent guests present were Mr. and Mrs. W. H. Shumway, Mr. and Mrs. W. J. Wilcox of Taunton, Mr. and Mrs. E. S. Belcher of Fall River, Mr. and Mrs. Alonzo S. Palmer of Dighton, Mrs. Dell Burt and Miss Bart of Taunton, Mr. and Mrs. Ray of Milford, Mr. and Mrs. Charles Gould of Milford, Mr. J. B. Price and Miss Fannie Marwell of New York and Mrs. J. Q. A. Waite of Worcester.

Better and Better.

The Flints gave one of the most interesting and laughable entertainments last night that was ever seen in Quincy. Continuous roars of laughter from the time the subjects got on the stage until the fall of the curtain. The funniest things you ever saw are acted true to life. The cake walk and bas ball match took the house by storm. The longer the Flints remain the larger houses they get. If you want to laugh, and drive away dull care, be sure and see them before they go.

\$1,000 Yacht Race.

The 25-footers Flirt and Early Dawn, which are matched to sail two out of three races for \$1,000, were at Lawley's basin Thursday and were officially measured. Both boats measured exactly 24 feet 11 1/2 inches. They are both black loaded and are all ready for their first race, which is to be sailed Saturday over the Nahant course.

REV. C. M. SHELDON.

A Guest of Quincy Y. M. C. A.—Addresses Public Meeting.

The demand for the tickets at the Sheldon meeting at Bethany Congregational church this afternoon was so large that the supply of tickets was exhausted, and requests made for any large number were denied. The meeting is a public one and all are invited.

REV. CHARLES M. SHELDON.

whether they hold tickets or not. The doors of the church will open at three o'clock, and a corps of ushers in charge of Mr. F. W. Crane will seat the people. The collection which is to be taken will be devoted entirely to the building fund of the Young Men's Christian Association, and it is hoped that it will be a liberal one. Mrs. Jennie Hocking Hunt and a chorus will furnish music.

Y. M. C. A. Banquet.

Tickets have all been issued for the banquet of the Quincy Young Men's Christian Association at Savings Bank building this evening. President King desires to state that if any contributor to the work of the Association or any business man has not received an invitation it is because of the numberless small mistakes that happen when arranging and issuing tickets for so large a banquet. If any have not received theirs, if they will at once apply to General Secretary Hobbs tickets will be issued as a few remain. Indications are that the affair will be the largest ever held by the association. The reception will be held in Colonial hall at 5:30 o'clock, and the banquet will be served in the assembly rooms at 6 o'clock sharp. Among the speakers will be Rev. Charles M. Sheldon of Topeka, Kansas, J. A. Dummert Assistant State Secretary, Dr. J. A. Gordon, Rev. E. N. Hardy, Rev. W. W. Dornan, Dolcivare King, Theophilus King will preside. Purity's orchestra has been engaged for music.

Foresters' Bazaar.

The bazaar of John Ericsson court, Foresters of America, was opened at Faxon hall Thursday night. There was a large attendance and the hall was tastefully decorated with bunting and flags.

Mayor Hall opened the fair, and brief addresses were made by Emil Nelson and Nils Anderson. Music was furnished during the evening by an orchestra. The tables were in charge of the following:

Fancy table.—Miss Hannah Drovon, Miss Victoria Nelson, Miss Matilda Helquist, Miss Isabelle Nelson.
Lucky star table.—C. Carlson.
Ring table.—Mr. Shelbah.
Ball table.—C. Broberg.
Tonic table.—Alex. Larson.
Fish pond.—G. Carlson.
Refreshments.—Miss Amanda Olander, Miss Alberta Johnson, Miss Anna Johnson.
Grab bag.—Alfred Weesman.
Shooting gallery.—William Erickson.

Mr. Dole of Quincy Point was moved to the City Hospital Thursday. He is very ill with typhoid pneumonia.

Parker Sheldon of Wollaston has just returned from an extended trip along the coast of Nova Scotia and Newfoundland.

Commissioner Knowlton has awarded the contract for the desks for the Cranch school to the Chandler Adjustable Chair and Desk Co.

Grace Marion Flint is certainly charming. She dresses beautifully, has an unusually attractive voice, and a delightful stage presence.

The alarm from Box 46 at 8:35 Thursday night was for a slight fire in a small building in the rear of Callahan's store on Copeland street. The loss was slight.

Glover avenue in Norfolk Downs is being bettered by the laying of two sidewalks, and several trees have been set out on each side. Overseer O'Neil is full of energy this fall.

Mrs. J. B. Kennard of Brooks street, Norfolk Downs, who was so seriously ill and confined in one of the Boston Hospitals, has returned home and is much improved in health.

The Atlantic drug store shows signs of prosperity. New signs are out, alluring soda advertisements, and tempting candies in the windows. It is a long time since Atlantic has supported a drug store.

The Lord family whose popularity as musicians increases, will give a banjo mandolin and guitar concert in Colonial hall, next Wednesday evening, Oct. 24. They will be assisted by Miss Goldie Jones humorous reader. An excellent program including several classical selections has been prepared.

Miss Nellie Gerry is receiving many compliments for her clever management of Atlantic post office. The new situation is not perfected as yet, but Miss Gerry is bringing this about slowly as it required a great deal of time and energy. The change of the office to Sagamore street is a satisfaction to all.

THE GRAND CIRCUS.

It certainly was one big circus at Music Hall last night—good, clean sport—funny, funny, roaringly funny. There were eight or nine that would follow out the slightest suggestion given by the Flints—they hunted for a church bell dimly heard—they couldn't put their finger in their mouth but how they did try, rolling on the floor even, in their frantic efforts—they had the toothache and howled with pain and then one was the dentist and pulled the tooth—the fee was demanded and as the patient wouldn't pay his father was found in the audience and told to hand over. Yellow roses grew and they drank in the fragrance—the roses were changed to canaries and each was given one which he lovingly fondled and whistled to—a strawberry patch was before them and the luscious berries were eagerly eaten—pitching and catching began and the form the pitchers displayed was truly fearful and wonderful to behold—one was struck by the ball in the stomach and knocked over moaning with pain and the others eagerly rushed to his assistance—and then the cake walk !!! there never were such coons in Music Hall before—how they did enjoy it—how eagerly they kissed their partners and when they were awakened by a snap of the fingers and saw themselves gayly rigged with skirts and costumes, how they did run for the wings. And so it goes—bigger and better every evening.

TONIGHT---Well, nobody knows just what there will be, but two things are booked in particular—stump speaking—Democratic and Republican—for McKinley and for Bryan—and an actual circus with bare back riders—tight rope walkers—snake charmers—the strong man—the ring master, etc., etc., and all elaborately costumed.

Tickets are now on sale at MUSIC HALL PHARMACY. Prices, 15, 25, 35 and 50 Cents.

L. M. PRATT & CO.

TENTH REPUBLICAN.

Mayor Hart Carried Boston Wards of Tenth District.

The vote of the Tenth Congressional district in 1898 was as follows:

Boston.	Barrows.	Napen.
Ward 12,	1,465	1,029
Ward 14,	1,168	2,175
Ward 15,	826	1,865
Ward 16,	1,379	1,466
Ward 17,	936	2,104
Ward 18,	651	1,349
Ward 19,	698	2,551
Ward 20,	2,408	1,466
Ward 24,	2,028	1,367
Milton,	629	236
Quincy,	1,727	1,276
Totals,	18,815	16,884

Many are inclined to think, because the Tenth Congressional district occasionally elects a Democrat, that it is a Democratic district, but the vote of Governor Crane in the district in 1899 was 4,922 in excess of that given Congressman Napen in 1898.

Aside from the Republican majorities of Quincy and Milton, the Boston wards in the Tenth district gave Mayor Hart, Republican candidate for Mayor of Boston last year, a majority of 944 over Patrick A. Collins, the Democratic candidate. Adding the Republican majorities of Quincy and Milton for Congressman in 1898—respectively 451 and 293—and the Republican majority in the district in 1898.

The vote of the Boston wards was:

	Hart.	Collins.
Ward 12,	1,722	1,124
Ward 14,	1,088	2,022
Ward 15,	1,245	1,578
Ward 16,	1,817	1,361
Ward 17,	1,058	1,889
Ward 18,	1,318	1,758
Ward 19,	1,176	2,439
Ward 20,	2,964	1,640
Ward 24,	2,809	1,442
	16,197	15,253

It is generally conceded that George B. Pierce, the Republican candidate this year, will run better than did Samuel J. Barrows in 1898. This together with the facts that 1899 was an off year and this year is Presidential year, makes the outlook for the Republicans very encouraging.

Some claim the election of Dr. Pierce by over 3000 plurality.

In 1898, the year of the last Presidential election, Samuel J. Barrows was elected Congressman in the Tenth district by a plurality of 2,888 over Boardman Hall, Democrat, notwithstanding 2,612 votes were given William L. Chase, Republican citizen candidate. The Boston vote was: Barrows, 14,680; Hall, 13,070; Chase, 2,110. The Quincy vote: Barrows, 1,818; Hall, 990; Chase, 420. The Milton vote: Barrows, 640; Hall, 100; Chase, 75.

The number of voters in the Tenth Congressional district this year by the registration is but a few hundred short of fifty thousand, figuring 49,072, as follows:

Ward 12, Boston,	4,035
Ward 14, Boston,	4,733
Ward 15, Boston,	4,073
Ward 16, Boston,	4,224
Ward 17, Boston,	4,540
Ward 18, Boston,	4,365
Ward 19, Boston,	4,990
Ward 20, Boston,	6,646
Ward 24, Boston,	5,688
City of Quincy,	4,800
Town of Milton,	1,500
	49,672

*Estimated.

If ninety per cent of the vote is cast, which is probable, the total vote of the district including blanks will be 44,704, against 31,000 for candidates in 1898, and 34,023 in 1896. It would seem from this, that the winning candidate must have at least 20,000 votes.

Political Potpourri.

On the 35th ballot, the Democrats of the Ninth Congressional district nominated Joseph A. Conroy, who was the leading candidate on first ballot.

Independent papers for Moorfield Storey in the Eleventh Congressional district have been filed.

Two Democrats claim the Councilor nomination in the Fourth district.

The Democrats of the Sixth Norfolk Representative district—Bainbridge and Weymouth—have nominated but one candidate. Mr. Drinkwater is a Bainbridge man and will run against two Weymouth Republicans.

The Socialist Labor party have no candidates for Congress in the Tenth district, the First Norfolk Senatorial, or the Fifth Norfolk Representative.

The Democratic Socialist Party have candidates for the Legislature in the Third, Sixth and Seventh Norfolk districts. None appear to have been filed in this district although nominations were made.

A Reception to George B. Pierce, the Republican candidate for Congress will be given in Wards Three Saturday evening.

Less than three weeks to the Presidential election.

The Norfolk County Democrats filed no nomination for County Treasurer.

The Prohibition party has made nominations for the State ticket only.

The time for filing nominations by conventions and caucuses has expired.

Registrations in the towns of the Commonwealth will not close until 10 P. M. Oct. 27.

LONG OR SHORT.

The Plumbing Case Against G. B. Bates Heard Today.

Inspector Kenley and G. B. Bates had another inning at the District court this morning, when Mr. Bates was arraigned for violation of Sect. 8 of city ordinances concerning plumbing, by using a short T Y where a long T Y should be used.

Inspector Kenley testified that in a house at Wollaston Park, Mr. Bates used two short T Y's.

The main question involved was what constituted a short or a long T Y.

The claim made was that the pipe used was a short T Y, which is a violation of the ordinance.

The defendant's claim was that there was no such thing as a short T Y.

When the court adjourned at noon the defendant asked for a continuance, as there were two witnesses he desired who were not present. The case was then continued until next Wednesday, when these two will be heard and the arguments made.

CITY BREVITIES.

A Local Budget with the News In a Nut Shell.

The weather bureau says Sunday promises to be fair.

Mr. and Mrs. Walter Prothero are being congratulated upon the birth of a son.

Mr. Walker and family of Madison street will remove to Old Colony street.

The Daily Ledger is for sale at East Milton at the news stand of William Clark.

The winter schedules on the N. Y., N. H. & H. R. R. will go into effect on Sunday.

D. E. Wadsworth & Co., will give away coupons for the Merchants fair on Saturday.

With the new winter timetable next week a train will leave South Braintree at 5:09 A. M. for Boston stopping at all stations: Quincy at 5:19; Wollaston at 5:23; Atlantic at 5:27.

The bakeries which come the nearest to making what is styled good home bread, are the most popular. This accounts for the success of Mrs. Prince of the Wollaston bakery.

Supt. Parlin has adopted a new report card to show the record of the pupils of the public schools. It will answer for the school year and is an improvement because after the first report comparisons can be made with preceding reports.

The Ledger announced on Wednesday that the tickets for the grand minstrel entertainment at Music hall, would be on sale Thursday, and the consequence is that the cream of the house is already sold out and the demand still continues.

The telephone and electric light wires at the corner of Coddington and Washington street, and the telephone cable box at the corner took fire Thursday evening. The Hook & Ladder Co. responded on a still call and extinguished the fire. Fifteen telephones were burned out.

The Rev. Professor A. B. Baird of Manitoba Presbyterian College, Winnipeg, Canada, visited the Rev. Dr. Todd and family yesterday. He is sojourning at Harvard, on his way to a meeting of the executive of the Pan-Prebyterian Council to be held in Louisville, Ky. Professor Baird and Dr. Todd went to the west together as missionaries.

In China, when an honor is conferred on a family, it is the ancestors and not descendants who share the glory. If a Chinaman for his merits, receives a title of nobility, his son can never inherit it or have the right to use any but an inferior title. Thus the nobility in the family goes on diminishing from generation to generation till it finally becomes extinct.

Y. R. A. M. RULES.

Ex-Commodore Faxon will Continue as Vice President.

Changes in the measurement rules occupied the greater part of the time at the meeting of the Yacht Racing Association of Massachusetts Thursday evening, says the Journal. The association voted that associate members should have the privilege of holding office. This was the outcome of the withdrawal of the Quincy Yacht Club from the association, leaving its delegate, Mr. Henry M. Faxon, the association's Vice President, without any legal standing. As he is an associate member he will now continue in office.

L. M. Clark offered an amendment to change the measurement rules. Mr. Clark said that the idea of the rules was to tax all head sails and half of the area of the balloon sails. He favored changing the rules so that a yacht could carry to windward no jib larger than the working jib originally measured. This would do away with the practice some yacht owners have of wearing a small working jib when measured and carrying a larger one whenever possible to windward.

Mr. Wilson, the well known sailmaker, was invited to give his views, and said that he believed the balloon sails should be measured and taxed for their actual area, the working jib to be stamped with some such designation as "W." making it a requirement that this sail be used instead of other larger ones. Over two-thirds of the course of most races, a yacht carried, he believed, square yards in her balloon sails when she was taxed for but half the excess over the working jib.

Walter Burgess thought the change would work injuriously to the older boats. The amendment was passed with only Mr. Burgess dissenting. J. E. Robinson's amendment requiring yachts to be officially measured before being entitled to prizes or places, was then taken up. Mr. Robinson said he had heard of yachts being entered in association races on certificates of their club measurers, when, as a matter of fact, the club measurer had never stretched a tape over them. Even this did not sway the delegates, who voted not to pass the amendment, although many admitted that there should be some rule compelling an official measurement before the yachts were allowed to start.

The association then passed a resolution opposing all adjustable trusses on the hull of a boat, or other methods of temporarily shortening its length for measurement purposes. The flimsy construction of some of the newer boats allows them to be bent upward at the ends, thus shortening their water line lengths, and after they are measured the trusses can be let out and the hull gain several inches. Provision for sealing the trusses of present boats after they have been measured will probably be made.

The Executive Committee was then instructed to frame an official rule for the association for the measurement of a mainsail, as different measurers use different rules and the results are not always the same. The rule will be reported at the spring meeting.

President of Senate.

Presidential possibilities for the next Senate would now appear to be practically settled, says the Journal, since by the defeat of Senator Woodsum in the First Norfolk and Senator Joy in the Fifth Middlesex, two avowed candidates are out of the race. Senator Lloyd B. Chamberlain, renominated Tuesday by the Republicans of the Second Plymouth Senatorial District, seems to have the pole. Mr. Chamberlain's friends have been actively working ever since the adjournment of the last Senate. His canvass has been a thorough one. He is renominated with entire unanimity since the withdrawal of Pratt of Middleboro, and his election is assured, the district being strongly Republican. Senator Chamberlain has been one of the aggressive members on the floor of the Senate for the past three years.

Against him is named Senator Rufus A. Soule of New Bedford, who will be sent back for the phenomenal record of a six consecutive term. Senator Soule was chairman of the Railroad Committee last session when both of the great leas were before that committee. From his long experience he is well equipped for the position.

It is apparently certain that except in the unforeseen contingency of a dark horse being requisite, Senator Henry C. Atwell of Lynn will not be a candidate. As he himself states he is not hustling for votes.

—There is to be a large demand among the business houses of Boston and other cities for intelligent young men who are willing to grow up with the business. One of the first essentials required for such positions is a thorough knowledge of stenography and book-keeping. Stick-to-it-iveness is another. Every country boy of average intelligence has a chance of advancement if he will equip himself.

Comers' Business College of Boston makes a specialty of training its students for such positions. Write to them for particulars.

GUMPTION.

ONE does not have gumption till one has been properly cheated." Persons of gumption are using Ivory Soap, women who have trusted themselves too near the precipice of false economy and who can now appreciate the true economy in a soap made of pure vegetable oils and other high-class ingredients, but made in such quantity as to bring the price within the reach of the very poorest family. Indeed it is the very poor who most need it, for they can least afford the extravagance of common soap.

Return of Sousa.

The management of the 20th Century Exposition have felt the pulse of the public, and find it "Sousa" at any cost. At a great expense they have prevailed upon him to cancel engagements elsewhere, for the voice of the New England public demands his return to Boston, and to the thousands who were disappointed unable to secure seats during his last engagement, we have only to say that the box office for reserved seats is now open at Mechanics Building. An early application for seats is advisable, as the demand is sure to be more than the seating capacity of the building.

The remainder of grand show is still in full operation, and at this date needs no further elaboration. Last week started out with the magnificent automobile parade, and was a record breaker in many respects. Those who would avoid the tremendous rush on the closing days will attend the Fair during the first days of next week.

Beware of Ointments for Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you may possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c. per bottle.

Genesee Pure Food Co., Le Roy, N. Y.

Gentlemen—Our family realize so much from the use of GENESSEE that I feel I must say a word to induce others to use it. If people are interested in their health and the welfare of their children they will use no other beverage. I have used them all, but GENESSEE I have found superior to any, for the reason that it is solid grain.

Yours for health, C. F. MYERS.

BASEBALL SEASON EXPIRES.

Brooklyn Wins Championship and Trophy Cup and Gives Later to McGinnity.

Pittsburg, Oct. 19.—Brooklyn is champion of the baseball world, the owner of the \$500 trophy cup, and carries away one-half of the gate receipts of the four games necessary to decide their supremacy over Pittsburg. The champions demonstrated throughout the series that they were deserving of the league pennant by playing better ball in every way than their opponents, who finished second in the race. The final game was won by 6 to 1.

JOSEPH MCGINNITY.

Brooklyn, Oct. 19.—The Brooklyn club held a jubilation at a hotel here last night. The trophy cup was presented to Pitcher McGinnity, to be his personal property.

Jockey Was Under Weight.

New York, Oct. 19.—Alard Schack won the Fordham high-weight handicap at Morris Park yesterday, and was then disqualified, as his jockey, Burns, was two pounds under weight. The horses were heavily played, and his owner, John T. Schorr, figured up that his disqualification cost him \$14,400 outside of the stake.

The Daily News Is Correct.

London, Oct. 19.—The Daily Express continues its campaign in behalf of the British engineers against Americans in the matter of South African railway contracts. Today it gives voice to the protests of various English firms which denounce the unfairness of the rumored preference for Americans. On the other hand, The Daily News concludes an editorial thus: "Time is as important in South Africa as in Egypt. If American firms should eventually get any share of the contracts, it will be because they are smarter than their English competitors or because they have done the work in hand. The best protest would be to beat the Americans in their estimates."

Young Sailor's Rough Experience.

St. John, Oct. 19.—Steamer City of Monticello, from Yarmouth, brought in a man who had been sitting on the bottom of a schooner for 36 hours, with the thermometer at freezing and a 50-mile gale dashing waves over him. He is Jonas Stafford, the only survivor of the schooner Rowan's crew. The Rowan was two miles off St. John when a squall struck her and turned her over. Stafford jumped into the fore rigging, and as she rolled over climbed on the bottom and got astride the keel without getting wet. The captain, mate and a sailor were lost. Stafford is but 24 years of age and very strong. He stood his rough experience well.

May Be Left to Naval Board.

Washington, Oct. 19.—Reports which have reached the navy department are to the effect that Subig bay, in the Philippine Islands, is not a suitable place for locating an extensive naval station, coaling station or navy yard, owing to the limited depth of water. Naval opinion has been divided for some time as to the relative merits of Manila bay and Subig bay. In view of the differences of opinion, it is probable that a naval board will be named to select a station.

Verdict Expected This Afternoon.

Georgetown, Ky., Oct. 19.—The Youtsey trial is drawing rapidly to a close. All the testimony is in, the instructions have been given to the jury and the speeches are being made. A verdict is expected by this afternoon. There is no improvement in Youtsey's condition. Now and then the paroxysms return. Opinion here as to the verdict is divided, some thinking it will be guilty, while others believe in acquittal or a hung jury.

Taken From Jail and Lynched.

Elkton, Ky., Oct. 19.—Erastus Warfield, a negro, was lynched here after midnight by a mob, who took him from the county jail where he had been placed for attempting to break into a farmhouse when the farmer's wife and child were the only occupants.

Transport Sherman Arrives.

San Francisco, Oct. 19.—The United States transport Sherman arrived last night, 35 days from Manila. She brought 53 cabin passengers, 467 sick, 182 discharged, 71 prisoners, 12 insane soldiers, and 42 bodies.

An Exodus Not Improbable.

Havana, Oct. 19.—Yellow fever is increasing here. It is said that there is not one block in the city but has contributed from one to 17 cases. If there is no improvement there will soon be an exodus from here.

Captain Was Drowned.

Rothbay, Me., Oct. 19.—The 16-ton schooner Willie Florence was wrecked on the island of Monhegan. Captain Gross was drowned, but the crew were saved.

NEWS IN BRIEF.

President McKinley will visit San Francisco next April to witness the launching of the battleship Ohio, now nearing completion at the Union Iron Works in that city.

The Yellowstone Park Railroad company, capital \$2,500,000, was incorporated at Trenton, with power to build railroads through the Yellowstone park.

HE FARED TERRIBLE ODDS.

General Buller Has Something to Say in Defense of His Course in South Africa. London, Oct. 19.—The Pietermaritzburg correspondent of The Daily Mail writes as follows: "In his speech returning thanks for the award of honor, Sir Redvers Buller made a spirited defense of his strategy." He said that he did not believe that any general had ever faced a situation so difficult as that which confronted him when he disembarked at Cape Town without any army, and with no hope of one for another seven weeks or longer.

"I found Mafeking and Kimberley beleaguered," continued he, "and the two main avenues across the Free State, Bethulie Bridge and Norval's Pont, in the hands of the enemy, with Ladysmith nearly surrounded. If I had waited for the army and then advanced on Bloemfontein, it would have been at least 12 weeks before I could have exerted any influence on the situation. In that time the Boers would have completely overrun and occupied Natal, and what would have been the effect of that on Europe and the British people?"

General Buller then proceeded to make the interesting statement that Sir Evelyn Wood had wired asking to be allowed to come out to see under him. He said he was never so tempted in his life to take a man at his word, for he had begun to look upon Natal as a forlorn hope, but it would have been cowardly to have let Sir Evelyn come to take the risk. "I knew that if I failed to relieve Ladysmith," he exclaimed, "I should lose the supreme command. I lost it and rightly, I think. But I had taken on the task and was bound to see it through to a conclusion."

Sir Redvers paid the highest compliments to the loyalty and gallantry of his troops under the tremendous strain, a strain, he believed, such as no soldiers in the history of the world had ever undergone before.

Ex-Vice President as an Arbitrator.

Washington, Oct. 19.—There is some talk here of Lord P. Morton as the third member on the part of the United States on the Hague international arbitration board. At the White House neither confirmation nor denial of the report was obtainable.

DILLINGHAM ELECTED SENATOR.

Democratic Votes Helped Swell the Majority of the Former Governor.

Montpelier, Vt., Oct. 19.—The Vermont legislature yesterday elected W. P. Dillingham, former governor of the state, United States senator, to succeed the late Justin S. Morrill. The choice was made on the third ballot. C. A. Prouty, one of the four Republican candidates, having withdrawn.

Dillingham received 160 votes; Groat, 96; Hasletton, 6; Prouty, 2; Ross 3 on yesterday's ballot. It took 135 votes to elect.

The result was not unexpected, as it was considered likely after Wednesday's ballot, which showed an increased strength for ex-Governor Dillingham, that he would receive the votes of the Democrats in the house who were expected to give their quota to the Republican candidate who showed the greatest strength.

The Democrats held a caucus at which it was decided that the Democratic members should vote for Dillingham. This action, with the withdrawal of Mr. Prouty, assured the election of the former governor.

Roosevelt Answers Jones.

Parkersburg, W. Va., Oct. 19.—Governor Roosevelt will finish his general campaign at Baltimore tonight, after having travelled nearly 19,000 miles, and after having made nearly 500 short and long speeches. Then he will spend the final week of the campaign in New York state. The Boston visit has been eliminated, and, if possible, Governor Roosevelt will spend next Sunday with his family at Albany. He is jubilant over reports from New York, which, to his mind, presage a great Republican victory there. At Parkersburg last night he paid special attention to Senator Jones' denial that the American Cotton company is a trust. He produced a statement of the company, and argued that its own figures, prospectus and plan of procedure entitled it to the name of a trust. Roosevelt accused the cotton bales trust of first securing prohibitive advantages in freight rates, gaining the foreign market, squelching competition and establishing controlling warehouses when the money could be loaned on cotton crops, and in every way fulfilling the most heinous offenses that have been ascribed to the Standard Oil company and other monopolies.

McKinley's Foreign Policy Denounced.

Salem, Mass., Oct. 19.—Ex-Governor Boutwell was a visitor to this city last night, being received at the depot by the Democratic "400" Marching club, and escorted to Cadet armory, where a rally was held. The former Republican governor, in his address, said: "Can the president show wherein his policy, in principle, differs from the policy of Spain? Spain was engaged in war with the Philippines to compel the Philippines to accept Spanish institutions and education and liberty. We are attempting through war to compel the Philippines to accept American institutions of education and liberty. The difference is to the advantage of Spain. Spain was consistent. Her policy was a policy of imperialism, a policy of centuries. America was a republic. Self-government was at the basis of all her institutions. It was the prominent feature of her history. Our accusation against President McKinley is this: He turned away from the history of America, he disavowed our traditions, and he reversed the policy of a century."

Hoar at Northampton.

Northampton, Mass., Oct. 19.—Senator Hoar was the prominent figure in the Republican rally held here last night. Discussing imperialism, the senator said he believed the Philippine policy of the administration was a great mistake, both for the country and the Republican party. He believed that the Philippines should belong to the Filipinos and that they should be given a government suited to their capacity. The senator then referred to the statements he had previously made and again said that as between McKinley and Bryan, he believed it was best for the country to reject McKinley's president.

Conry Gets the Nomination.

Boston, Oct. 19.—Joseph A. Conry of East Boston was nominated in the Ninth Democratic congressional convention, at the end of the 56th ballot. It was a race with time at the close, when the result of final ballot was Conry, 73; Gallivan, 35; Corbett, 15, and immediately Mr. Gallivan moved that the nomination of Mr. Conry be made unanimous. This was carried with a rush, and the secretaries of the convention started at once for the state house in an automobile. They arrived at 4:44, having 12 minutes in which to file the papers with the secretary of state.

Bryan Has a Busy Day.

Syracuse, Oct. 19.—Mr. Bryan continued his tour of the Empire state yesterday, travelling half way across it from east to west. He began his journey at Albany, and spoke here last night. The attendance at the majority of the 18 meetings during the day was complimentary in size, and some of the audiences were large. There was close attention at every meeting, and in no case was there any interruption worthy of note.

Hanna Says Bryan Lies.

Sioux Falls, S. D., Oct. 19.—The two-day speech-making tour of South Dakota by Senators Hanna and Frye were concluded in Sioux Falls last night by three meetings. In this, the home of Senator Pettigrew, the biggest demonstration of the campaign tour was held. Senator Hanna made 14 speeches yesterday, closing with a meeting at Sioux Falls. At Mitchell, Senator Hanna denounced Mr. Bryan "for receding to public lying from the rostrum."

Sure of Bryan's Election.

New York, Oct. 19.—Governor Stone said, when asked if he thought with Mr. Croker, that as New York goes, so goes the Union: "No, I do not. I think we are going to carry New York, but Mr. Bryan will be elected even if we don't carry New York."

Quite a Tidy Sum.

Galveston, Oct. 19.—John D. Demlin, treasurer of the Galveston relief fund, gave out a statement last night, showing that the total contributions to date are \$1,095,202.

The Social Realm.

With what a glory comes and goes the year—
The buds of spring those beautiful harbingers
Of sunny skies and cloudless times, enjoy
Life's newness, and earth's garbure spread out;
And when the silver habit of the clouds
Comes down upon the autumn sun, and with
A sober gladness the old year takes up
His bright inheritance of golden fruits,
A pomp and pageant fill the splendid scene.

Miss Mary E. Wilkins, Randolph's
celebrated author is to be married in a
few weeks to Dr. Charles Freeman of
Metuchen, N. J. The wedding will be
a quiet one, at the home of the bride,
only relatives and intimate friends will
be present.

Mr. and Mrs. John R. Graham are
on a trip west, combining business and
pleasure.

Mrs. Joseph F. Berry is to spend the
winter at Somerville with her brother,
Mr. Warren Spear.

The ladies were divided Friday after-
noon and hardly knew which of the
many attractions offered to attend. It
was a busy afternoon for many as they
enjoyed an hour or two at several
places.

Miss Marion A. Hall of Dorchester

Bearse, Mrs. Wallace Sherman of Hy-
annis, also Mr. Nathan Goodspeed,
who is 82 years old, and his wife,
and Mrs. Harry Taber, of East Wey-
mouth.

Mr. and Mrs. Edward H. Dawson and
family who have been in Germany a
few years, are returning home, sailing
on Monday.

Twenty-five relatives and friends of
Mr. and Mrs. H. Willie Simonds met
at their home at Braintree, Mon-
day evening, and had a most enjoyable
time. Fletcher F. Stoddard gave selec-
tions with his graphophone.

Dr. and Mrs. Hayford are spending
their honeymoon in Nova Scotia, and
on their return will reside at 214 Han-
cock street where they will receive
friends after December first.

Mr. and Mrs. Dexter E. Wadsworth
have been in New York this week and
on Wednesday were present at the wed-
ding at Whitestone, L. I., of Dr. Hay-
ford and Miss Clara L. Roe. Mr.
Wadsworth was best man.

The play "The Ambassador" at the
Hollis Street theatre, Boston, this
week, was written by Mrs. Craigie,
better known to many as John Oliver
Hobbes. Mrs. Craigie is the daughter
of Mrs. Seth Arnold of Howard avenue,
Quincy Neck.

turned Monday after having spent a
week with friends in Philadelphia.

Mrs. Francis Ambler was at home to
her friends on Wednesday afternoon at
the home of her daughter, Mrs. John
F. Welch, with whom she now makes
her home. A number of ladies, old
friends and neighbors, came over from
Weymouth.

Mrs. Albert H. Taber and Miss Lillie
Taber have returned from Newport, R.
I., where they have been spending a
week with relatives.

Mr. C. Whitney Blanchard of this
city and Miss Jessie May Allan of
Providence, R. I., were united in
marriage at the home of the bride's
parents, 10 Linden street Providence,
on Wednesday October seventeenth.
The ceremony took place at noon. A
wedding breakfast was served and the
newly wedded couple started a few
hours later on a trip to New York and
Washington, and on their return will
reside at 41 Greenbrier street, Dor-
chester, Mass.

Mr. and Mrs. Frederick A. Gould
(Cora Belle Hall) who were married
Thursday evening are in Philadelphia
on a short trip and on their return are
to reside with Mr. Gould's parents in
Milford until their own house is com-
pleted, which will be about the first of
January.

Notwithstanding many other attrac-
tions there were about a hundred ladies
gathered at the John Adams house yester-
day for the afternoon whist given by
Adams Chapter, D. R., in aid of the
Valley Forge memorial fund. Miss
Kate Simmons of Wollaston carried off
first honors and Mrs. Geo. W. Stevens
of South Braintree the second. The
consolation prize fell to Mrs. Abigail
B. Spear of Quincy.

Mr. and Mrs. W. F. Hoehn have
been entertaining Rev. Charles M.
Sheldon, during his stay in Quincy. A
large gathering greeted Mr. Sheldon at
Bethany church yesterday afternoon,
and also at the reception and banquet
given by the Y. M. C. A. at Colonial
hall in the evening.

Mrs. Clarence B. Underwood and son,
Rufus, have been spending a week at
Jamaica Plain, with Mrs. Kinney.

Miss Floretta Vining was in town
this week. She says she is not to go
to Southern California this winter as
rumored but will spend most of her
time at Hull, attending to her news-
paper work.

When Mrs. James H. Stetson makes
her bow at the minstrel entertainment,
she is sure of an enthusiastic welcome.
For every one knows how hard she has
worked for the success of the affair,
and all her friends will appreciate her
impersonation of a darky belle.

The "Cheerful Workers" held a
social and canny sale in the vestry of
the Unitarian Church at Wollaston last
evening. Miss Zanetta Sprague and

noon, at her home on Chestnut street.
Christ church people were present in
large numbers and the occasion was
one of unusual pleasure.

The ladies of First church are pre-
paring for a grand fair to be held in the
chapel Wednesday afternoon and even-
ing, October 31st. Some special
features will be tables of pottery, bags
home made candy, pitchers and plates.

Political Potpourri.

Dr. George B. Pierce of Milton, the
Republican Congressional candidate in
this district, received a hurried sum-
mons last evening to meet the National
Congressional Committee at New
York. Thinking it would be impossible
for him under the circumstances to be
the guest of the Ward Three
Republicans, he wired Chairman Bige-
low to that effect, but today Dr. Pierce
finds he can leave for New York on
the midnight train, and therefore he
will not disappoint the South Quincy
people. Hon. John Shaw and others
have been invited to speak.

It is a straight issue in the Tenth
Congressional district between the
Republican and Democratic candidates,
there being no other candidates.

The Bryan club of Massachusetts has

Mammoth Meeting Held in Bethany
Congregational Church.

Rev. Charles M. Sheldon Also Speaks at
Banquet in Evening.

The Good Work of the Y. M. C. A. Told by
Several Gentlemen.

It is doubtful if there ever was a
larger gathering at Bethany Congrega-
tional church than that of Friday after-
noon to hear the Rev. Charles M.
Sheldon. People came from all over
Quincy and adjoining towns. Every
seat was occupied. Chairs were taken
from the chapel and yet there were
many who were obliged to stand.

The exercises opened with singing
by a special choir, followed by the read-
ing of the scriptures by Rev. W. W.
Dorman, and a prayer by Rev. James
Todd, D. D.

Rev. Mr. Sheldon was then intro-
duced by Rev. Edwin N. Hardy, as
one of the small number who are known
the world over.

REV. CHARLES M. SHELDON.

Mr. Sheldon took for his subject,
"How can we make a better world?"
At all agreed, he said, that the world
is not as good as it might be. One of
the first things to make a better world
is to make a better church. Another
thing which the speaker contended
would make a better world, was "the
organization of the young life to do
Christ's work." Any such organization

Lastly, we have got to wipe out that
curse of mankind, the saloon.

After the address a collection was
taken for the building fund which
amounted to \$50.

RECEPTION AT COLONIAL HALL

At 5.30 a reception was given to Rev.
Mr. Sheldon at Colonial hall by mem-
bers of the Young Men's Christian
Association and business men of the
city. It was a representative gather-
ing.

In the receiving party were: H. B.
Bailey, Vice President of the Quincy
Association; J. A. Dummett, Associate
State Secretary; Rev. Charles M. Shel-
don and Theophilus King.

The guests were presented by the
following reception committee: Frank
W. Crane, chairman, John O. Hall, Jr.,
Frank F. Prescott, H. Everett Crane,
Ernest D. Gould and Charles Samp-
son.

During the reception, and also dur-
ing the banquet, inspiring music was
furnished by Purdy's orchestra.

THE BANQUET.

It was nearly 6.30 when the guests
marched from Colonial hall to the
banquet rooms above. The rooms
were decorated with flags. Across
the head of the hall was the table for
the special guests, while three other
tables ran lengthwise of the hall.

Seated at the head table were: Mayor
Hall, Rev. W. W. Dorman, Rev. E. N.
Hardy, Dr. John A. Gordon, Rev. C.
M. Sheldon, Theophilus King, the
toastmaster; D. A. Dummett, the
state secretary; Rev. Edward Norton
and President Deleware King.

their places, Rev. Edward Norton

asked the blessing and then came the
banquet. The menu provided by the
ladies was a pleasing one and consisted
of salads, cold meat, olives, rolls,
coffee, ice cream, cake and fruit. It is
perhaps superfluous to say that ample
justice was done to the good things.

At 7 o'clock, Chairman King an-
nounced that as Mr. Sheldon was desir-
ous of taking an early train for home
he would call upon him.

Rev. Mr. Sheldon spoke on the "One
Man Power." All real history is after

"This nation is becoming the leader among all producers. Its wares command the attention of all peoples in all climes. It is infinitely necessary then, that no door be shut in the face of our mills and workshops, and that no territory legitimately ours shall give its patronage to a foreign people."

Serious Accident.

The piston rod of one of the large hammers now being put together at the Fore River Engine Co., fell yesterday while being hoisted into position. Mr. Mackenzie of North street who was working there was caught by the falling mass and his leg was quite badly crushed while he was severely bruised about other parts of the body. Medical assistance was summoned and he was removed to the City Hospital where two of his fingers and his leg were amputated. Mr. Mackenzie is in a critical condition but it is thought that if he is strong enough to withstand the shock that he will recover.

SHELDON RECEPTION.

(Continued from page 1.)

man or woman. If we want to make an impression on the social problem we must take account of ourselves. The finest type of man is a Christian man. What is a Christian? A brave man; the knowledge that a man owns nothing; that it is all Gods, and that he is going to use it for him. Be a man of one idea, even though you will be called a crank. It is worth while to have an individual life that does not even hesitate. If we want to amount to something why not take Christ as an example. We can not love enough in this world. If we love enough we can do anything.

Chairman King thought the association had done itself proud. He then dwelt at length upon the Young Men's Christian Association and what it was doing for the young men. For his topic he took the word "Life," and told of the relation of the Association to life.

Dr. John A. Gordon, chairman of the building committee told how he first became interested in the Young Men's Christian Association, forty years ago, when he came to the city from his country home. He told how much he enjoyed the association and what a power for good it was. He then spoke of the need of a building for the Quincy association. There was now over \$1000 on deposit for the building fund, and \$1750 pledged, and he soon hoped to have enough to start a home.

Rev. W. W. Dornan said a thing was good relatively so far as it serves us. Nothing is absolutely good except God. He thought more should be said about the old young men, as the young men are looking up to those above them. He then spoke on the religious side of the association work. Education and the gymnasium were but incidentals. Education does not make a man. There can be no true morality without principle, and no principle without religion. He closed with a plea for a larger help to this part of the work.

Deleware King spoke for the financial end of the association. A year ago we had a debt of \$500. This had been wiped out. All bills had been paid and the association at the close of the year did not owe a cent. He paid a tribute to Secretary Hoehn, and outlined the work as it was now being carried on by the association. He also spoke of the need of a building.

Rev. E. N. Hardy's sentiment was "Let us make a man." He believed there was no institution that should stand higher than that which was trying to make a man: a man spiritually. Everything else will take care of itself. We want many things in Quincy, but above all we want better and truer manhood.

The last speaker was D. A. Dummett, State Secretary. He spoke upon what was being done throughout the world in the way of erecting association buildings, and how much good the associations were doing. His endeavor seemed to be to stimulate his hearers to see to it that the Quincy Association did not lack the funds for a new building.

The last thing on the programme was a motion by Ex-Councilman N. G. Nickerson, extending thanks to the ladies for the banquet, and to William Patterson for the floral decorations.

It was the intention of Chairman King to call upon Mayor Hall, Secretary Hoehn, N. G. Nickerson and others for remarks, but owing to the advice of Mr. Sheldon to get home

early it was found that they must be omitted.

THE BLUE SIGNS.

GROWING INFLUENCE.
Anti-Foreign Party Demands Arrests
of Chinese With Progressive Ideas.

China as a Dictator In Ne-
gotiations For Peace.

France Demands Exemplary Punishment Upon
Princ pats in the Boxer Movement.

London, Oct. 19.—Special dispatches
from Shanghai reiterate numerous rumors
in circulation there. Among those who
reports that the heir apparent, Pu Chun,
son of Prince Tuan, is dead; that Li
Hung Chang has been degraded on ac-
count of the surrender of Pao-Ting-Fu
and that Prince Tuan has not possession
of the emperor's seal and is terrorizing
the dowager.

The Shanghai correspondent of The
Times, writing yesterday, says: The
tao-tai has applied to the consul, to arrest
over 600 Chinese who reside in the foreign
settlement in the charge of...
The natives are friendly and supplying
food to the troops. The foreign troops
China-Kou asserts that a body of troops
supposed to be French or German, dis-
turb a force of Boxers around...
General Chaffee has ordered two com-
panies of the Ninth United States in-
fantry to reinforce them.

The Havas agency at Paris has re-
ceived the following dispatch from Pe-
kin:

The diplomatic corps has received a
note from Li Hung Chang and Prince
Chang, saying that it is time to end the
present situation and to treat for peace,
and that the princes and ministers who
were accomplices of the Boxers will be
handed over to the courts to be judged
and punished according to Chinese law.
In their quality of plenipotentiaries, Li
Hung Chang and Prince Chang offer to
treat for peace and accept the principle
of indemnities for the legations de-
stroyed. This losses are to be estimated
by the number of the pavers. European
nations can be accorded fresh com-
mercial advantages on the old treaties
modified, but, as the requirements of the
powers vary, each power must formu-
late its own. The plenipotentiaries de-
mand an immediate cessation of hos-
tilities, because of their offer, and request
an interview with the tsung li yamen for
Oct. 21.

Replying to the note, M. Pichon, the
French minister, said that China, having
recognized that she had violated the law
of nations, was bound to accept, for that
very reason, the responsibility involved.
Consequently he demanded that ex-
emplary punishment be inflicted upon the
principals guilty, namely Prince Tuan,
Prince Chwang, Kang Yi and Tung Pu
Hsiang, adding that so long as their
heads had not fallen it was impossible to
cease hostilities.

The Times, whose Pekin correspondent,
Dr. Morrison, describes the tone of the
joint note of Li Hung Chang and Prince
Chang, as "characteristically arrogant,
as if it were 'China and not Europe that
is dictating terms,'" says editorially:
This description applies with equal truth
to the substance of the circular. To
whatever cause this attitude is due, it is
a bad augury for the progress of the
negotiations, which cannot be fruitful
until China has been taught her place.
M. Pichon has given her the answer her
impudence deserves.

Indians Counted This Time.
Washington, Oct. 19.—The census bu-
reau yesterday made public the popula-
tion for the territory of Arizona. The
population of the territory is 122,212, as
compared with a population in 1890 of
59,620. This shows an increase during
the decade of 62,592, or 104.9 percent.
This large increase is due in part to the
fact that there were 28,469 Indians and
other persons on Indian reservations
etc., in Arizona, who were not included in
the general population of the territory
at that time.

Students Bothing Dowie.
London, Oct. 19.—Bands of medical
students yesterday raided the meeting
held by Mr. Dowie, the Zionist. Groups
of students belittled interruptions and
jeered in chorus. Mr. Dowie violently
denounced the disturbers, and sent for
the police. The latter arrested six of
the students, which restored order.

Greeks Visit the President.
Washington, Oct. 19.—Officers of the
Greek training vessel now at Boston
called on Secretary Long yesterday, and
later were presented to the president.
The calls brought about an exchange of
official well wishes and expressions of
friendship on behalf of the two gov-
ernments.

McKinley and Wilson Were Friends.
Washington, Oct. 19.—President Mc-
Kinley has sent a message of condolence
to the family of ex-Postmaster General
Wilson. The president and Mr. Wil-
son served together in the house of rep-
resentatives for several years, and were
warm personal friends.

Took Dose of Poison.
Norwich, Conn., Oct. 19.—Mrs. Henry
Bronnart, of Preston, aged 55, died to-
night from carbolic acid poisoning, taken
with suicidal intent. She leaves a hus-
band and several children.

POULTRY AND PET STOCK.
Mammoth Display of Feathered Fa-
vorites to Be Made at Buffalo.

There are some 45 national associa-
tions interested in poultry raising in
the United States. The Live Stock divi-
sion of the Pan-American Exposition,
of which Frank A. Converse is super-
intendent, is in correspondence with all
of these, and a most cordial co-opera-
tive spirit is shown on the part of every
one toward making the poultry and
pet stock show of this Exposition the
greatest of the kind ever held. The
displays of poultry will comprise about
100 breeds. To these will be added six
breeds of turkeys, 11 breeds of ducks
and nine breeds of geese.

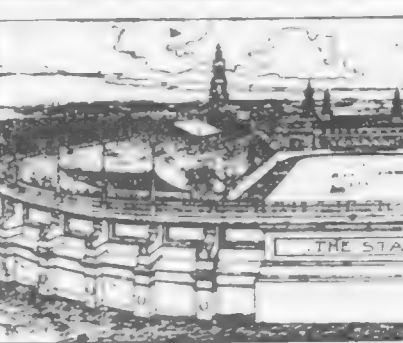

As an evidence of their interest in
the coming show many of the associa-
tions have volunteered to duplicate the
prizes offered by the Exposition. It is
also proposed by the associations to do
all in their power to boom this feature
of the Pan-American Exposition at the
winter poultry show to be held in Bos-
ton, New York, Philadelphia and other
cities. It is estimated that not less
than 75 per cent of the poultry associa-
tions will offer special prizes.

An important feature of the Pet Stock
Show will be the exhibit of Belgian
hares. The classification, however,
covers all kinds of pet stock. The Bel-
gian hares are being extensively raised
in various parts of the country on ac-
count of the value of their meat. The
fine stock in these animals brings a
very high price, and the demand is sur-
prisingly great. The Belgian hare is
much heavier than the common rabbit,
weighing some seven or eight pounds
and quite a different animal. Its flesh
is described as a cross between venison
and mutton and is highly prized in Eu-
ropean countries for food. It breeds
rapidly and feeds upon such simple
and cheap foods as carrots, white oats,
lettuce, clover and tender green food of
many kinds. It does not burrow and is
very tame. Children are very fond of
them as pets.

Aside from their value for food, their
fur is in demand for making the felt.
This will be the first noteworthy ex-
hibit of these animals in America and
will afford an opportunity for every
one to gain useful knowledge concern-
ing them.

THE STADIUM.

Magnificent Arena For the Display
of Live Stock and For Sports.
While the Stadium at the Pan-Ameri-
can Exposition was designed primarily
for athletic and sporting events, it is
intended also for the parade and judg-
ing of live stock and for the exhibition
of farm and road machinery, traction
engines, automobiles and other vehicles

STADIUM AT THE PAN-AMERICAN EXPOSITION.

In motion. It will be the most magni-
ficent arena ever erected in America.
The seating capacity is 12,000. It will
contain a quarter mile track and abun-
dant space for all the popular athletic
games and sports.

It is said that no exhibitor has ever
had such a splendid arena in which to
make displays of live stock, machinery
or vehicles.

The architectural adornment of the
Stadium is very simple and beautiful,
giving it an aspect of massiveness and
durability. The arrangement is that of
a vast amphitheater, the seats being
under cover and affording comfort to
the spectators. The main entrance of
the Stadium is a large building whose
upper doors will be used for restaurant
purposes. This building is 241 feet long
by 52 feet wide, with towers 164 feet
high. The architecture is very picture-
sque and appropriate for the use for
which it is intended.

The style is that of the Spanish Re-
naissance in conformity with the gen-
eral character of Exposition buildings.
The lower story is an arcade arrange-
ment, and the red tile roof has broad
eaves. Bright colors will be used in the
further decoration of the building, and
the old Spanish towers give it a finish-
ed beauty and make it one of the most
prominent features of the Exposition.

The Stadium is on the east side of the
Plaza, opposite the Midway. It is near
the great northern entrance to the Ex-
position, adjacent to the steam and
trolley railway stations. The Athletic
Carnival to be held in the Stadium is
intended to be one of the most impor-
tant ever held in America. It will
bring together many of the most fa-
mous specialists in the world, who will
entertain the Exposition visitors with
their feats of strength, skill and endur-
ance. The Stadium resembles the one
built at Athens a few years ago and is
intended as a model of what it is hoped
some day may be executed in perma-
nent form.

Apple Growers Much Interested.
Missouri apples are to have a promi-
nent place at the Pan-American Ex-
position. Apple growers in many states
are making plans to be well represent-
ed. By means of cold storage arrange-
ments it is hoped to have a continuous
and complete display of fruits through-
out the Exposition season.

Display of Irrigation Methods.
The advance of knowledge upon the
subject of irrigation has prompted the
management of the Pan-American Ex-
position to provide for an adequate ex-
hibit showing methods of irrigation
and various tools and supplies.

honor. He tried expedient after expedi-
ent to compose the Philippines, until the
world looked on amazed at his forbear-
ance. He has approved force with re-
luctance; and only when the flag he had
sworn to defend was hid by the battle
smoke of hostile guns, and torn by the
dark hands of insurrection, only when
anarchy whirled aloft its torch and
civilization gasped at Aguinaldo's order
of murder and extermination, only then
when honor and humanity commanded,
did our great president, dauntless as he
is merciful, draw the nation's sword,
and William McKinley never draws the
sword for show or for parade. In the
scabbard is the sword's true place upon
the peril of the flag calls it forth, and
then it should leap like lightning, naked
from its sheath, and like lightning
strike. President McKinley. In the
Philippine problem, has been the same
cautious, conciliatory, conservative
statesman that he has been throughout
this four years of American advance.
Patient in the very hour of exaspera-
tion, conservative when all the atmos-
phere was charged with impetuosity,
clear-eyed when flaming circumstances
on every hand reddened the vision of the
calmest counselors, steady when hurri-
cane winds of unprecedented events swept
the nation from their bearings—such is
the president of the American republic,
the most respected statesman in the
world today, and forever fixed as one of
the noblest figures of American his-
tory. He has given to the creation of
the last. The work that Washington
began and Lincoln continued, this wise
statesman, our day of destiny, has
carried on toward that
glorious consummation. As Wash-
ington and Lincoln entered the
republic to enter the 20th century.
And that is why hundreds of thousands
of other patriots than our own will join
in making that mighty majority which will
make the nation's noble leader at the
end of the 19th century or our leader still
at the beginning of the new century now
dawning."—Hon. Albert J. Beveridge.

"The golden rule is illustrated by the
administration of this country today.
Our honored president and our distin-
guished secretary of state are making
immortal history. They are directing
the diplomacy of the world. They are
leading the movement to save China

from the most picturesque campaign
of history or romance is successfully
ended with the American flag flying over
the imperial palace in Peking. Not only
the United States, but every civilized
and semi-civilized country of the globe
is today giving unstinted admiration to
the statesmanship, the generalship and
the diplomacy of William McKinley."
—Chauncey M. Depew.

"If there has been any imperialism it
was in accepting our title to the Philip-
pines and the assertion of our authority
and power there in the first instance,
and all that had the approval of Mr.
Bryan. Since this policy was entered
upon nothing more has been done than
to prosecute it with vigor."—Senator
Foraker.

GERMANY'S INTERESTS IN CHINA
Can Only Be Maintained by "Open Door."
Chinese Note Not Well Received.

Berlin, Oct. 20.—A number of the lead-
ing journals discuss simultaneously fig-
ures obtained from the foreign office
showing Germany's interest in the Yantse-
tse valley, both shipping and com-
mercial. There appears to be consider-
able and to be developing rapidly, and
the papers argue that they can only be
maintained and nurtured by strictly up-
holding the "open door" there.

The joint note of Li Hung Chang and
Prince Ching has not made a good im-
pression in government circles here. The
general comment is that the note reads
more like conditions imposed upon the
conquered than the reverse.

Dr. Munst von Schwartzstein, Ger-
man minister to China, will arrive in
Peking in the course of a few days. Li
Hung Chang and Prince Ching will be
informed officially of the conditions upon
which the powers have agreed. Ger-
many takes the view, however, that such
a declaration by the powers could not
be considered the commencement of ne-
gotiations as such a step as negotiating
for peace would only be possible after the
removal of all doubt that Li Hung Chang
and Prince Ching are fully empowered by
the Chinese imperial court.

Statements have appeared in the press
charging that the Chinese imperial edict
degrading Prince Tuan was a forgery.
The German foreign office leans to the
belief that it was genuine.

Blame Laid on Mandarins.
Hong Kong, Oct. 20.—The rebels are re-
ported strongly established, with head-
quarters at Waichu. Their leaders have
issued a manifesto proclaiming that
China is completely at the mercy of her
foes, for which the mandarins are en-
tirely responsible.

Kang Yi Said to Have Killed Himself.
Berlin, Oct. 20.—A dispatch received
here from Shanghai says Kang Yi, who
was strongly anti-foreign and president
of the board of war, is reported to have
committed suicide.

Democrats Out in Force.
Boston, Oct. 20.—With oratory and en-
thusiasm the united Democracy of Bos-
ton ratified the state ticket of Paine and
O'Donnell, and again proclaimed its al-
legiance to Bryan, Stevenson and anti-
imperialism at Faneuil hall last night.
It was an "old-time" Democratic ratifica-
tion meeting. Imperialism was the key-
note of the meeting, and every note was
resounded to by the thousands of men
and women who filled every available
corner and standing place by applause.

The Holland's Great Performance.
Newport, R. I., Oct. 20.—The submarine
boat Holland, which left here Monday
for the naval academy, proved to be a
marine wonder, having been caught in a
gale blowing 70 miles an hour off New
London, when she weathered like a duck
while steaming along with her decks
awash. Her first test as a sea boat in a
gale was all that could be desired.

Mrs. Hart Making Restoration.
New York, Oct. 20.—Mrs. Annie Hart
has signed papers assigning to the Eliza-
bethport Banking company her "right,
title and interest" in certain jewelry in
the possession of a firm of jewelers, and
also her safe deposit box, which may con-
tain valuable bought with the money
stolen by William Schreiber, the de-
faulting bank clerk.

Wife Ended His Misery.
Berlin, Oct. 20.—Eighteen years ago a
railway official named Dittich was run
over near Dresden. He had remained
ever since in a cataleptic condition.
Scores of noted physicians, after exami-
ning him, had declared themselves unable
to explain the phenomena. Yesterday
his wife shot and killed him, and then
hung herself.

To introduce Cotton Raising.
Tuskegee, Ala., Oct. 20.—Three gradu-
ates of the Tuskegee normal and indus-
trial institute at this place have been
engaged by the German government to
go to the German colony in West Africa
for the purpose of introducing there the
raising of cotton. They will carry with
them a full outfit for cotton raising.

MY BEAUTIFUL BABY BOY
Weak Women Made Happy by Lydia E.
Pinkham's Vegetable Compound—
Letters from Two Who Now Have
Children.

"DEAR MRS. PINKHAM:—It was my
ardent desire to have a child. I had
been married three years and was
childless, so wrote to you to find out
the reason. After fol-
lowing your kind ad-
vice and taking Lydia
E. Pinkham's Vege-
table Compound, I be-
came the mother of a
beautiful baby boy,
the joy of our home.
He is a fat, healthy baby,
thanks to your medi-
cine."—MRS. MINDA
FINKLE, Roscoe,
N. Y.

From Grateful
Mrs. Lane
"DEAR MRS.
PINKHAM:—I
wrote you a let-
ter some time
ago, stating my case to you.
I had pains through my bowels,
headache, and backache, felt tired
and sleepy all the time, was troubled
with the whites. I followed your
advice, took your Vegetable Com-
pound, and it did me lots of good. I
now have a baby girl. I certainly be-
lieve I would have miscarried had it
not been for Lydia E. Pinkham's Vege-
table Compound. I had a very easy
time; was sick only a short time. I
think your medicine is a godsend to
women in the condition in which I
was. I recommend it to all as the best
medicine for women."—MRS. MARY
LANE, Cortee, Tenn.

Educational Works.

Two valuable assistants to teachers of the public schools are those progressive monthlies, Primary Education and Popular Educator. It is almost surprising that they are able to offer so much that is meritorious, interesting and instructive. Each issue of Primary Education has a nature study by Mrs. Mary Rogers Miller, a practical teacher who knows the needs and limited opportunities of teachers of this branch. Then there are special programs for all occasions, a department for Friday afternoon exercises, large illustrated supplements, etc. etc. The Popular Educator has proved in the past that it understands what grammar and intermediate school teachers need, and spares no pains to give them the best.

Aside from these monthly publications the Educational Publication Co. excels in its supplementary reading for the children. It issues hundreds of books at very low prices, especially adapted to primary pupils, which have been carefully arranged in accordance with modern pedagogical ideas concerning the proper selection of literature for children. All are printed on beautiful paper with large type, and are beautifully illustrated. Such books as Water Babies, Esops Fables, In Birdland, Colonial Children, Stories of Massachusetts, Stories of Great Men, Stories of Great Inventors, History stories, the 5 and 10 cent classics, etc. The Boston office of the company is at 50 Broomfield street.

Woman Imposter.

The world is full of imposters, and every day brings to light some new scheme whereby designing men or women seek to further their own ends at the expense of those who are philanthropically inclined. An incident that brings out the truthfulness of the above has just been brought to light. Some few days ago a woman called upon Mrs. C. H. Hardwick and said she was Mrs. Johnson, wife of the Swedish Baptist minister at Brewster's corner. She was a woman well dressed, of middle age and evidently well educated. She said that the church and the people were in need of help, and that she was soliciting for them. She said she had been in Quincy about four years and besides her husband she had three children and kept a servant. She told a pitiful story which so impressed Mrs. Hardwick that she gave her money.

The next day while out riding Mrs. Hardwick thought she would carry the lady some fruit and other articles, but try as she would she could find no trace of a person answering the description of her caller, and could reach no other conclusion other than that she had been the victim of a swindler.

Whist at Wollaston.

The second of a series of whist parties was held in "Old Fellows" hall, Wollaston last evening. A select party of sixteen tables participated. The prizes were won by the following players: The first ladies, a handsome lemonade set and tray, by Miss Mabel Gody; the second, a hand painted comb and brush tray, by Miss Laura Wadler; the third, a sterling silver darning ball, was carried off by Miss Addie Waite; the first gentlemen's prize, a plate glass shaving mirror, won by Mr. R. B. Holmes; the second, an imported tobacco jar by Mr. B. F. Thomas; the third, Mr. L. W. Taylor, will read a cloth bound book by Hawthorne for the coming week. Master Ollie Green and Mr. Henry Green of the Green orchestra rendered some select music on the violin and piano before the whist play commenced. The next party will be held Friday evening, Oct. 26.

The success of the money order department of the United States is beyond all precedent in financial affairs. The money orders issued in the last fiscal year amounted to \$225,070,027.98.

Theodore Hermanson contributed a letter of over two columns to the Sven, the Swedish paper published at Worcester, telling why President McKinley should be re-elected.

BRAINTREE.

Bert Jones was the highest roller at the Kenwood alleys this week, with 111 pins.

Rev. Mr. Alexander was in town Thursday as a guest of Rev. C. F. H. Crathern.

Harry Simonds took the 7.11 train this morning for Cape Cod on a few days gunning trip.

C. H. Hobart starts today on his forty-sixth year in the grocery and general store business.

The members of Nahantown tribe, I. O. R. M., with their families will hold a social in their hall this evening.

The Braintree Veteran Firemen are to repair the Butcher Boy. They will put in new cylinders and make other alterations.

The committee from the Braintree club have made arrangement to hold a members' whist party in their rooms, Friday evening, Oct. 26.

Antietam Camp, S. of V., will hold their meeting in G. A. R. hall, Tuesday evening. The camp is making preparations for inspection.

The winnings of the Butcher Boy-Union combination this season were \$350, a very good showing. By working together in like manner there is no doubt but that they can double that amount next year.

Washington street, north of Lyceum square, is being dressed with crushed stone and the steam roller is working there.

William B. Gardner and family, of Quincy, are moving into the tenement owned by Mrs. Ada L. Watson on Union street.

A petition is in circulation to have Steadman avenue extended to Elm street. This has been longed for by the people of that section for a long time.

The first meeting in Braintree of Delta lodge will be held next Tuesday evening to which all masons are cordially invited.

Miss Annie Loud has resigned as organist at the Union Congregational church.

Mrs. B. J. Loring is spending the week in Cleveland, Ohio, as a delegate to the Spiritualist convention being held in that place.

Chief Engineer John Kelley has been invited and has accepted an invitation to act as one of the judges at the play out of the Protector Hancock engines at Brockton next Saturday for a purse of \$100 a side.

There are 2,500 wild geese at Scituate being fattened for the Boston market. They were freighted there this week from Kentucky.

The members of the Pine Tree club held their annual business meeting in G. A. R. hall, Thursday evening. There was a large attendance. Waks A. Bridgman was in the chair, and Mrs. S. S. Bridgman acted as secretary.

With all the showers of the past two weeks, Little Pond, known also as Sunset Lake, has not risen. The water is as low as last year, 54 inches below high water mark, and the island now in plain sight, has a surface of about 5000 square feet.

Edward W. Stevens of Braintree met with a serious accident last Monday, while attending to his railroad duties in the Brockton yard. He was caught between a car and an engine. His companions promptly rescued him and Dr. A. E. Paine was summoned.

On account of illness, the Rev. W. E. Wilson was unable to preach last Sunday at Cohasset hall, but Rev. W. C. Haskell of Rockford, Illinois, delivered a sermon, taking his text from the fourth chapter of Luke, 18th verse, which is as follows: "The spirit of the Lord is upon me, because he hath anointed me to preach the gospel to the poor; he hath sent me to heal the broken hearted, to preach deliverance to the captive, to the recovering of sight to the blind, and to set at liberty those that are bruised."

The large buildings at the Fore River Engine Works are to be floated down the river on scows to the new plant at Quincy Point. Charles Cavanagh has the contract.

Swallowing

A sword is a trick not conducive to health or longevity. But it is not more dangerous than the hasty swallowing of half masticated food washed down by gulps of ice water.

In summer or cups of hot coffee in winter. Hasty eating is the foe of health. Sooner or later it will result in indigestion or some other form of stomach disease.

For the cure of the diseases of the stomach and allied organs of digestion and nutrition, there is no medicine so effective as Doctor Pierce's Golden Medical Discovery. It always helps. It always cures.

Mrs. Mary E. Lewis, of Tanager, Gilmer Co., W. Va., writes: "I will always recommend Dr. Pierce's Golden Medical Discovery. It has given me the best of health. I could not get down to sleep and eat. I was very nervous and could not walk across the room. I only needed thirty weeks when I commenced taking Dr. Pierce's Golden Medical Discovery. I have now gained forty pounds, and am in better health than ever before. My friends all say they are being sick so long. I have changed to be robust and healthy."

Dr. Pierce's Common Sense Medical Adviser, paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only, or if cloth binding is desired send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

For fifteen years I suffered from indigestion. When I commenced taking Dr. Pierce's Golden Medical Discovery, I had given up all hope of ever getting well. I could not get down to sleep and eat. I was very nervous and could not walk across the room. I only needed thirty weeks when I commenced taking Dr. Pierce's Golden Medical Discovery. I have now gained forty pounds, and am in better health than ever before. My friends all say they are being sick so long. I have changed to be robust and healthy."

MILTON.

A social meeting of the members of the Mission of Our Saviour was held Wednesday evening at the Guild rooms on Mechanic street. It was voted that the executive committee be empowered to pay over to C. E. Bowditch, the building fund, in part payment for 10,000 square feet of land as a site upon which a church will be erected.

The land purchased is on Adams street and for a building site for church purposes is the best piece of land in East Milton, and the mission is to be congratulated on being able to obtain such a fine central site. The price paid for the land is understood to have been \$2,000. Refreshments were served and there was music and dancing.

Shawmut Council, R. A., held an entertainment Thursday evening at Ellsworth hall. The program consisted of selections by the Elmwood quartette, humorous selections by Prof. Geo. W. Blisch, and an address by Henry Goodwin, supreme representative.

The Daily Ledger is for sale at East Milton at the news stand of William Clark.

Castle Square Theatre.

For the coming week at the Castle Square theatre the management of this popular playhouse announces as its attraction the American comedy "A Virginia Courtship." This play, written by Eugene W. Presley for Mr. William H. Crane, made a prominent feature of two amusement seasons throughout the country and its only previous performances in this city have been at the Hollis Street theatre. The story of the play introduces characters, scenes and incidents of the early part of the nineteenth century in the State of Virginia, and the plot is a most amusing one. The cast announced is as follows: Major Richard Fairfax, J. L. Seely; Captain Tom Fairfax, Charles Mackay; Berkeley, Tony Cummings; Amos Kendall, Lindsay Morrison; Madame Constance Robert, Leonora Bradley; Prudence, Robert, Lillian Lawrence; Betty Fairfax, Leonora Gatto. Souvenir boxes of choice chocolate bonbons will be given to all Monday matinee patrons. A production "Under the Gaslight" is announced at this theatre for Monday, Oct. 29.

Advertisements to be successful.

A DASH FOR FREEDOM

Made by Patients In New York's
Hospital For Criminal Insane.

A Sudden and Furious At- tack Upon Keepers.

They Are Severely Beaten and Their Keys
Taken Away From Them.

Poughkeepsie, N. Y., Oct. 22.—Six or
eight keepers were assaulted and over-
powered by about 20 insane patients in
a revolt at the Matteawan state hospital
for the criminal insane. Some of the pa-
tients escaped and seven are still at large.

One or two of the keepers are badly
bruised as a result of the assault. After the patients had been given their
usual Sunday night supper they were
taken back to their apartments in com-
pany with the keepers. Among the
number were 15 or 20 who slept in one of
the large corridors, this being necessary
on account of the cramped condition at
the institution. In this hall with the
patients were six or eight keepers who
sat in their chairs watching the inmates
as they walked up and down the hall in
a restless manner. There were no sus-
picious movements on the part of the
patients to indicate that they had been
planning a revolt of any kind.

Suddenly each keeper was attacked
simultaneously by two or three patients
and heavy blows fell on the heads of the
surprised attendants. There did not
seem to be any leader of the revolt, and
while the patients were assaulting the
keepers they would gaze at each other oc-
casional, as if waiting for the word to
make the break for liberty.

The keys held by the keepers were soon
taken from them and a rush was then
made for the door leading from the hall
into the dining room. As the patients
rushed through the dining room, one
picked from the table a heavy plate or
cup or bowl, to use as a weapon in case
they were overtaken by the keepers.

From the dining room they went
through two adjoining rooms, the doors
of which were unlocked, and then into
the long hall leading to the rear en-
trance. The keys were well known to
them, and the rear door was unlocked and
the mob rushed out of the narrow door,
fighting with each other as they went,
each wanting to be in the lead, and to
reach the outer gate first. When the
gate was thrown open they rushed out
of the yard, fairly tumbling over each
other in their anxiety to be free again.
The keepers, recovering from their sur-
prise, pursued the patients, and captured
all but seven of them before they had
gone far outside the gates. Searching
parties are after the patients that es-
caped.

Life Imprisonment His Punishment.

Georgetown, Ky., Oct. 22.—"We, the
jury, find the defendant guilty and fix
his punishment as life imprisonment." This
verdict was rendered by the men
who were selected to try Henry E. Yout-
sey, formerly Governor Taylor's sten-
ographer, on the charge of being a prin-
cipal in the shooting of William Geibel.
The vote was unanimous that Youtsey
was guilty. On the question of the de-
gree of punishment the jury at first was
divided, but they finally agreed on the
life sentence. Henry Youtsey is the
third man to be found guilty in connec-
tion with the Geibel shooting. Caleb
Powers, tried on the charge of complicity
was sentenced to life imprisonment, while
James Howard, tried on an indict-
ment charging him with being a prin-
cipal in the shooting, was sentenced to
death.

THE SPORTING WORLD.

Brookline, Mass., Oct. 22.—New moter-
paced records for the hour, for 40 miles,
and from four to 40 miles inclusive, with
the exception of the 26, 27, 28, 29 and 30
miles, were created by William Stinson
on the Shoe City oval Saturday after-
noon. Stinson was after 40 miles in
the hour, but he failed by 307 yards.
He made the 40 miles in one hour and 16
1-5 seconds. In the allotted time of 60
minutes he went 59 miles and 143 yards.
This is 408 yards ahead of the world's
record made by Harry Elkes. Had he
secured the pace he wanted, he could
have made the 40 miles.

Miss Griscom Is Champion.

Short Hills, N. J., Oct. 22.—Miss Fran-
ces C. Griscom of Philadelphia cleverly
sustained her reputation and title of

Miss Georgianna Bishop of Bridgeport,
Conn., in the final round for the Balturol
cup.

Horgan Breaks a Record.

New York, Oct. 22.—Dennis Horgan,
the Irish shot-putter, competed in an
open shot-putting contest here yesterday,
and established a new American record
for the event of 47 feet 43-8 inches. The
former American record was 47 feet.

Woman Jumped to Her Death.

Stamford, Conn., Oct. 22.—The summer
residence of O. G. Houghton at River-
side was totally destroyed by fire, and
Mary Mullen, a domestic, aged 45, was so
badly injured by jumping from the
third story that she died. The money
loss is \$5000. The residence of Mrs. Jen-
nie Gibe, Strawberry Hill, was also dam-
aged to the extent of \$3000 by a fire that
started about an open grate.

A BRAKEMAN DECAPITATED.

Big Engine Thrown in the Air and Fifteen
Freight Cars Wrecked at Waltham.

Waltham, Mass., Oct. 22.—A bad
freight wreck occurred early Sunday
morning on the Fitchburg division of
the Boston and Maine railroad directly
in front of the Waltham station. G. F.
Cooper, a brakeman, was killed, while
15 cars and one big freight engine were
piled in a heap.

The east-bound freight, in charge of
Engineer McGilvary, Fireman Downs
and Conductor Cleveland, got signals at
Cemetery bridge for a clear track, and it
is said that at that point the engineer
began to put on steam. The west-bound
freight, which was composed of empty
cars, was in charge of Engineer Lynd and
Conductor Sheldon, and was crossing
the bridge when the collision occurred.

The force of the collision was so great
that it lifted the engine of the west-
bound train into the air, and threw it
over on its side, also piling up cars in
confusion. In the cab at the time were
Engineer McGilvary, Fireman Downs,
Brakeman Cooper and Thomas Ham-
mond, head brakeman of the train. Mc-
Gilvary and his fireman went over with
the engine, the former escaping unhurt,
while Downs' knee was split open. Ham-
mond ran back into the tender and un-
der the engine, he too being un-
injured. Cooper attempted to do the
same, but before he could jump, the
tender had overturned, pinning him
beneath it.

All that could be seen of the unfortu-
nate man was his head, which had been
severed from the body, and his body it-
self was not recovered for many hours,
the wreckers having to dig away the
ground for many feet before it could be
removed.

Eastman Indicted For Murder.

Cambridge, Mass., Oct. 22.—Charles R.
Eastman, an instructor in zoology at
Harvard university, was arrested at Bos-
ton Saturday as the result of an in-
dictment that had been found against
him, in which he is charged with the
murder of Richard H. Grogan, Jr., his
brother-in-law. The shooting of Grogan
occurred July 4 of this year in this
city. Eastman admits that the bullet
from his revolver caused the death of
Grogan, but maintains that the shooting
was entirely accidental.

The Breakheart Hill Farm Tragedy.

Lynn, Mass., Oct. 22.—There was con-
siderable activity about the Breakheart
Hill farm yesterday, there being fully
5000 visitors to get a glimpse of the
place where the police believe George
E. Bailey was murdered by
John C. Best. The police were quite
active in searching about the house and
barn where the two men were employed,
but nothing of consequence was found.
There are no new developments in the
case.

Found Dead With Throat Cut.

Lowell, Mass., Oct. 22.—The body of
a young man, who met his death from a
gun in the throat, was found in the
Dracut woods Saturday afternoon. The
closest search of the immediate vicinity
fails to disclose any weapon that could
have been used by the man if he com-
mitted suicide. Two boys roaming
through the woods, came across the body.
There is nothing about the clothing to
identify him.

UPON THE OPERATORS

Should Be Placed the Blame For Pro-
longation of Strike, Says Mitchell.

**Declares That the Miners Met
Them More Than Half Way.**

But One District Has Accepted Terms of
Scranton Convention in Full.

Hazleton, Pa., Oct. 22.—The beginning
of the sixth week of the Mine Workers'
strike finds both sides as determined as
ever. The operators insist that the price
of powder shall be considered in the 10
percent advance offered by them, while
the strikers say they will not go back
to work until the demands of the Scranton
convention are conceded, which, they
assert, mean a flat 10 percent advance,
the price of powder to be arbitrated
later.

When President Mitchell of the United
Mine Workers was asked last night what
he had to say in regard to a settlement of
the strike, he said:
"As there appears to be some disposi-
tion on the part of the public to place
the responsibility for the prolongation
of the strike on the shoulders of the mine
workers, speaking for them, I want to
say that when the Scranton convention
accepted the 10 percent advance in
wages, providing the operators abolished
the sliding scale and guaranteed the pay-
ment of the advance until April 1, the
miners had met the operators more than
half way. They had shown concilia-
tory spirit, and I know of no good reason
why the proposition should not have been
accepted by the operators."

"As a consequence, the responsibility
for the continuation of the strike rests
solely upon the failure of the operators
to treat the proposition of their em-
ployers considerately. The public should
understand that unsatisfactory as is the
proposition of the operators, who made
the reduction in the price of powder a
part of the advance of 10 percent, that
even this proposition has not been of-
fered by a very large number of the coal
producing companies in the anthracite
region, and until all companies guarantee
the payment of the 10 percent advance
above the rate of wages paid in Septem-
ber until April 1, according to the de-
cision of the Scranton convention, the
miners are powerless to act. I want to
repeat again that there can be no par-
tial, sectional settlement of this strike."

"The large district in the Lehigh
region that has refused to move at all
since the Scranton convention was held
are Coxe Bros. & Co., the largest coal
producers in the Lehigh region; G. B.
Markle & Co., the Lehigh and Wilkes-
barre company, the Lehigh Coal and
Navigation company, and a large num-
ber of smaller companies. There is also
a considerable number of coal companies
in the Lackawanna and Wyoming section
that have not guaranteed the payment of
the 10 percent advance until April 1.
The only district that has accepted the
terms of the Scranton convention in full
is the Schuylkill district."

"Companies which produce about 65
percent of the total production of the an-
thracite coal fields have guaranteed the
payment of the 10 percent advance, and
have abolished the sliding scale."

When it was suggested that there
might be a break in the ranks of the
strikers if the contest should continue
much longer, he said that not one man
would go back to the mines until they
shall have been officially notified to re-
turn.

Silveira Ministry Falls.

Madrid, Oct. 22.—Premier Silveira had
an audience with the queen regent yester-
day, and formally announced the resig-
nation of Senor Gassott, minister of
agriculture, and Senor Dato, minister of
the interior, together with the resigna-
tions of the high officials in their de-
partments, as a protest against the ap-
pointment of General Weyler as captain-
general of Madrid. The cabinet council
which followed disclosed serious dif-
ferences between the members of the
ministry. Senor Silveira tendered the
resignation of the entire cabinet. Sub-
sequently the queen regent received Gen-
eral Anarjua, president of the senate,
with whom she entrusted the formation
of a new ministry.

Not Seeking a Foreign Loan.

St. Petersburg, Oct. 22.—The Official
Messenger makes the following an-
nouncement: "In view of the reiterated
false reports that Russia is seeking to
conclude a foreign loan, the ministry of
finance considers it necessary again to
declare that the government is not seek-
ing to conclude loans of any kind, seeing
that current revenue and the cash re-
serve fully suffice to meet the ordinary
expenditures, as well as the outlay en-
titled by events in the far east."

Successful Trial of Airship.

Friedrichshafen, Oct. 22.—Another trial
of Count Zeppelin's airship was made
yesterday, resulting in a series of suc-
cessful evolutions. The airship as-
cended to an altitude of five miles of La-
mle, where various maneuvers were ex-
ecuted. It then descended slowly to the
water, which it reached near the point
of departure.

Cyclone Caused Loss of Life.

Atlanta, Tex., Oct. 22.—A tornado
struck about 15 miles west of here yester-
day. One house in the center of its
path, occupied by negroes, was de-
stroyed, six people being killed. Three
others are missing, and are supposed to
be dead. "Six" is feared further loss of life
has resulted in the country.

PIERCE RECEPTION.

Henry H. Faxon Has Questions for the Speakers.

The attendance at the Ward Three reception to Candidate Pierce of Milton, Saturday evening, was not large, because of the report that the doctor couldn't be present, but many of the representative gentlemen of South Quincy, and a few from the other wards assembled.

W. T. Spargo, the chairman of the Ward Three committee introduced Chairman Bigelow of the City Committee as chairman of the meeting. Mr. Bigelow spoke briefly and encouragingly and then introduced George B. Pierce, the Republican candidate for Congress.

Dr. Pierce at the outset said the Tenth district must and shall be redeemed to the Republicans. He was encouraged by the reports from all parts of the district. As the choice of the voters of the Tenth district may decide the speaker of the National House and the committee thereof it was important that a Republican be elected.

After the doctor had taken his seat Henry H. Faxon arose and desired to ask him this question: How do you stand on the army canteen problem? For or against the canteen?

Chairman Bigelow resented the interruption and did not allow the candidate to answer.

Eugene H. Sprague, the candidate for senator followed with a good speech which was well received.

Ebon W. Sheppard spoke briefly endorsing the candidate for Congress.

The speech of the evening, however, was made by John K. Berry, who kept the audience in good humor, and rather turned the tables on Mr. Faxon who continued to interrupt. He thanked Mr. Atwood for the handsome thing he did at the convention, and believed he was sincere. Mr. Berry found the Republicans of the district united, and said the party had made a net gain of 2000 by the registration in Dorchester. The Republican party was entitled to credit for the prosperity which was now general. He answered to the satisfaction of his hearers the claim of empty dinner pail, empty coal hod and empty milk pail.

At the close all present shook hands with Candidate Pierce, and found him an affable gentleman.

Y. M. C. A. Work.

The interest taken in Y. M. C. A. work, by young and old, was shown by the large gathering at the home of Mrs. W. G. Nickerson of Wollaston, Saturday evening. Dr. Sloyd B. Wright formerly of New York, now at Cambridge spoke entertainingly of his experience with boys in the East Side Mission of New York city, and in the summer camp at Wadsworth Island, Boothbay, Me. Mr. George Lewis outlined the object for which the meeting was held, to raise funds to purchase and equip a tent for use at Camp Hewitson, who died last spring. There are to be four parlor entertainments at the homes of Mrs. Howard Penniman, Mrs. George Litchfield, Mrs. John Barbour and Mrs. J. B. Cornish, during the month of November. Any surplus money will be given to the Quincy Y. M. C. A. building fund. President Deleware King and Secretary Hoehn of the Quincy Y. M. C. A. were present also many ladies of the Women's Auxiliary of the Y. M. C. A. So great was the demand for tickets that the entire number, limited to seventy-five, were subscribed for in half an hour. After the meeting refreshments were served by the ladies.

Leavitt and Anderson.

The Meadow Golf Club held the most successful tournament of this season, Saturday afternoon. Amos T. Leavitt won the net score prize; John G. Anderson the gross score prize. The scores were as follows:

Leavitt,	99	18	81
Anderson,	85	0	85
Emery,	100	15	85
Bates, H. F.	97	10	87
Soule,	103	16	87
Armstrong,	114	25	89
Howard,	120	30	90
Thayer,	107	15	92
Albee,	99	6	93
Bailey, C. W.	123	30	93
Stetson, J. H.	124	30	94
Blake,	128	30	98
Simmons,	144	30	124

The club will hold tournaments every Saturday afternoon during the remainder of the season.

The Flints' Farewell.

The Flints who held forth at Music hall all last week, closed their engagement Saturday night, when they were greeted by an audience that completely filled the hall. Seldom is a larger crowd seen in this hall and had they remained another week crowded houses would have greeted them every night. The entertainment given Saturday night was a pleasing one and the audience was kept in a continuous roar of laughter for nearly three hours. As one man said, it was more fun than a goat.

Olson—Abrahamson.

A church wedding of interest was solemnized at the Swedish Lutheran church Saturday evening at 8 o'clock, when Miss Annie Serapia Abrahamson became the bride of Mr. Conrad J. L. Olson. The ceremony was performed by Rev. J. A. Bernhard in the presence of a large gathering of friends.

The bride was given away by Theodor Johnson. Music during the ceremony was by Mrs. A. Nelson and Mr. Charles Chilsledt.

The bride wore a corded taffeta silk trimmed with chiffon; she wore a veil and Mithron crown, and carried a bouquet of brides roses, tied with a fancy ribbon.

The maid of honor and bridesmaids wore white muslin trimmed with lace.

Mr. Victor Olson of New York was best man, Miss Emmy Anderson of Boston, maid of honor and Miss Hilda Olson of Providence and Miss Mina Dalborn of Quincy were bridesmaids. Mr. Herman Wallgren of New York and Mr. Anton Nelson of Quincy officiated as ushers.

A reception followed the ceremony, Mr. and Mrs. Olson being assisted in receiving by Mr. Andrew Nilson and Eric Ekblom, and an entertainment followed.

The church was very prettily decorated with plants and cut flowers.

Mr. and Mrs. Olson will reside at 46 Trench street.

West Quincy Blazes.

The fire department was called to West Quincy three times between Saturday night and Sunday night. The first alarm came from Box 43 at 5.28 Saturday evening. This was for a fire in some bed clothing in a tenement house situated at the corner of West and Centre streets. The fire was in the tenement occupied by Jeremiah Devine and was extinguished with a loss not exceeding \$25. It is thought the fire was caused by a careless smoker.

At 6.32 Sunday night an alarm was sounded from Box 46 for a fire in a small shed on Willard street near Farmhouse avenue. The fire which was doubtless the work of an incendiary was quickly extinguished.

At 7.35 an alarm was sounded from Box 40, which proved to be a fire in the same shed, which the parties had evidently set fire again. This time however they went to Box 49 to confuse the department. The recalls on the last two alarms were promptly rung in.

Simply add boiling water and stir to cool. Flavors—Lemon, Orange, Raspberry and Strawberry. Get a package at your grocery today. 10 cents.

FATAL ECONOMY.

A VERY old maxim declares that it isn't economy to pick up pins; the time is worth more than the pins. Similarly it is not true economy to do without Ivory Soap; your health requires the daily removal of the bodily excretions which are discharged through the pores of the skin. These tiny mouths must be kept open, and they should be opened only with a pure soap. IVORY SOAP—99% PER CENT. PURE.

THE POLITICAL ARENA.

Bryan and Roosevelt Have a Day Off—Hanna and Stevenson Make Predictions.

Chicago, Oct. 22.—The American Anti-Imperialistic league issued an address last night to "all independent voters in the United States," asking them to support William J. Bryan for president. The address declared that the league had profited to this year upon the candidacy of Mr. Bryan. We do not see how it can be otherwise. Yet his position on the supreme issue of the present campaign is so sound, and his advocacy of it has been so able and courageous that it is now favor his election as the most effective way of showing disapproval of Mr. McKinley's course.

What Stevenson Thinks.

Chicago, Oct. 22.—Adlai Stevenson, who has returned to Chicago from his campaigning tour through the eastern states, in an interview spoke enthusiastically of the Democratic activity in the states through which he had passed. Mr. Stevenson made the flat-footed declaration that the Democrats would carry Indiana, and he added: "Ohio could be put down as very likely to give its electoral votes for Bryan. To my mind the two great doubtful states which lean more strongly to the Democratic than the Republican side in this fight are New York and Ohio." Mr. Stevenson then made the following estimate of the situation as it stands today: "The McKinley, 138, for Bryan 110, and for Roosevelt 129."

*Ready For the Last Tour.

New York, Oct. 22.—Governor Roosevelt spent yesterday at his home at Oyster Bay, quietly resting from his labors after his trip through the west. The governor is suffering from his throat somewhat, but not to such a great extent as was feared. The strain on the vocal chords had strengthened them after making them sore, and the governor's voice is now in far better condition than after less work during the last state campaign. Governor Roosevelt will go direct to New York today, and will commence his last tour of the campaign.

Hanna's Prediction.

Chicago, Oct. 22.—Senators Hanna and Frye arrived here yesterday from Omaha, where the concluding meetings were held of the week to promote Minnesota, South Dakota and Nebraska Senator Hanna was almost worn out from his week's traveling, and was suffering considerably from rheumatism. "I have taken South Dakota out of the doubtful column," he said. "There is no doubt in my mind that its electoral vote will be cast for McKinley. Personally I thoroughly believe Nebraska will also go for McKinley."

Bryan at Pittsburg.

Pittsburg, Oct. 22.—Mr. Bryan arrived in this city unannounced yesterday. Through the failure to connect at this point with his special car, he had been sent from Buffalo ahead of him. Mr. Bryan was compelled to take a fast train for Columbus, where he took a Norfolk and Western train for Huntington, W. Va. Mr. Bryan's short stay here was not marked by any special ceremony. His presence soon became known, however, and he was called upon by a number of the local Democratic leaders.

Harmon Expresses His Preference.

Cincinnati, Oct. 22.—Judge Harmon, who supported Palmer and Buckner four years ago, has declared for Bryan. Judge Harmon, who has been on the bench here for many years, and succeeded Secretary Olney as attorney general in the cabinet of Governor Cleveland. Judge Harmon says that while he agrees with Mr. Bryan as strongly as ever on many things, he will vote the Democratic ticket, because he wishes to endorse the administration of President McKinley.

How Archbishop Ireland Will Vote.

New York, Oct. 22.—Archbishop Ireland has given out a personal statement as to his attitude in the present campaign, in which he declares that he intends to vote for McKinley and Roosevelt.

For Less Money and in Quicker Time.

London, Oct. 22.—The Cape Town correspondent of The Daily Mail says: "Despite all denials, I learn that large orders for coal trucks to be used in the Transvaal colony have been placed in the United States at prices for delivery here which are 20 percent below English prices, while the Americans have contracted to deliver in half the time required by the English."

Indians Threatening Trouble.

Denison, Tex., Oct. 22.—The Creek blooded council has been joined by Choctaws, Chickasaws, Cherokee and Seminoles. They are armed with Winchester rifles. All declare they will stand by the treaty of 1866, and will not let allotment of lands. Colonel Sheffeler, agent of the five civilized tribes, is confident he can handle the situation.

Springfield Church Robbed.

Springfield, Mass., Oct. 22.—St. Joseph's French Catholic church was entered by thieves Saturday night, and the poor box was carried away. It contained some money and two well-filled purses placed there for the poor. An unsuccessful attempt was made to break into the sanctuary and remove the communion vessels.

Sherman is Dying.

Washington, Oct. 22.—The death of ex-Secretary John Sherman was today a decided change for the worse, and it is not believed he will survive the day. His naturally feeble constitution had been further weakened by the strain of his position, and he had gradually been losing strength.

Fighting Still Going On.

ONE OF THEM WAS FINED.

Negroes Created a "Reign of Terror" on a Sound Boat, According to the Boatwain.
New York, Oct. 22.—Thirty-two colored men were brought before Magistrate Mott in the police court yesterday. The offense charged against them was that of inaugurating a reign of terror on the steamer City of Lowell, which plies between this port and New London, Conn.

John B. Boardman, boatswain of the steamer, was the complainant against the men. He said that they were brought by the steamboat company to New London last Friday, to take the place of a number of dock men who are on strike there. James Vaughn, the reputed leader of the imported laborers, upon learning of the strike, refused to permit his companions to fill the places of the strikers, and after loading up on whisky, the 32 boarded the City of Lowell in New London at 12:30 o'clock Sunday morning to return to New York. They were given accommodations on the forward main deck, but, according to Boardman, they were all drunk. They tried to break into the barroom of the boat, but were met by the boat's officers, who, with loaded revolvers, held the negroes at bay, and drove them to the main deck. The negroes began firing revolvers, of which, according to Boardman, they possessed a number. The few passengers on board, alarmed by the pandemonium below, left their berths, and huddled in the main saloon for safety, guarded by the boat's officers. About 3 o'clock in the morning a bullet fired by one of the negroes ploughed through the woodwork of the bunk in the fore-cabin occupied by Henry Casey, a dockman, and entered the fleshy part of his right arm.

The negroes had the run of the lower deck of the boat until her arrival in New York, at 7 o'clock yesterday morning, when they were arrested. After hearing the story Magistrate Mott let all go except Andrew Fishbe, who was fined because a revolver was found on him with one-chamber empty.

The Situation in the Philippines.

Manila, Oct. 22.—Senior Buencamino has received what purports to be a letter from Aguinaldo, ordering the former leaders of the revolution who are now in Manila to desist from the formation of political parties, and to cease all their attempts at pacification. The letter seriously hints that plans are maturing among the armed rebels in the field and elsewhere to "beat for the country." Senior Buencamino declares that the letter is genuine. The military situation was comparatively quiet last week. Everybody is awaiting the result of the presidential election in the United States. Many persons assert that, whatever this may be, it will have no immediate effect upon the armed situation in the Philippines.

Wrestling Contest Resulted Fatally.

Lake City, Fla., Oct. 22.—Jesse Sanders, colored, engineer at an ice factory here, has his neck broken while wrestling with a comrade yesterday. The two were sparring in a ring in the center of which was a pit eight feet deep. The contest was for the one to put the other in the pit. They both lost their balance at the edge of the pit, Sanders falling head foremost, dragging the other man with him. Sanders' neck was snapped by the fall, and he died instantly.

Kentucky Had to Put Back.

New York, Oct. 22.—Captain Chester of the battleship Kentucky, which started for China Saturday, and returned to Tompkinsville, S. I., for repairs, says that the ship will be able to start on its trip by Wednesday. Sailors of the Kentucky say that when the battleship put to sea they were called to quarters and the 13-inch guns were discharged. One of the big guns in the forward turret would not go back into place. The trouble was due to an imperfect valve.

Accidents by Kill of His Companion.

Bangor, Me., Oct. 22.—W. I. Pond of Torrington, Conn., was shot and killed by his companion, Willey M. Lattimer, also of Torrington, while hunting in the vicinity of Mahamakanta lake, being mistaken for a deer.

Methuen on Boers' Trail.

Cape Town, Oct. 22.—Lord Methuen has re-occupied Zerst and captured numerous wagons, a large quantity of stores and many cattle and sheep.

NEWS IN BRIEF.

Patrick O'Riordan, a wealthy and well-known Boston contractor, died of diabetes. He was 69 years old, and was born in Ireland.
George K. Somberby, widely known among Christian Endeavorers as a chorus leader, died suddenly at his home at Boston of heart trouble.
The ceremonies of blessing the new St. James church at Salem, Mass., occurred with the rites of the Catholic church. The officiating priest was Archbishop Williams. The church was begun in 1886, and the cornerstone was laid Aug. 30, 1891.

Impressive funeral services were held at New York over the bodies of six soldiers of the Sixty-ninth regiment, who died away from their homes in camps in the west and south, and had been buried there and recently disinterred.

Drift of Opinion.

Joshua Quincy must have turned a little smile up his sleeve last Friday night in Faxon hall, when he told his audience that the quarrels of the Democratic party in Boston were all happily settled and that they were now marching together, shoulder to shoulder, with the ranks closed. They're keeping shoulder to shoulder just at present because, it isn't very safe for any man to turn his back to another in the party. —Haverhill Gazette.

John Sherman was a statesman who has made a large mark on the history of his country. He has been Governor of his native state of Ohio, Senator, Secretary of State and Secretary of the Treasury, but his ambition for the Presidency was never gratified. He never fully recovered from the attendant disappointment. Sherman was a great financier in statesmanship, and he will be long remembered in connection with what he did for a sound currency. Sherman was not a brilliant man, but he was a sound thinker, and clear and convincing debater, and his long and useful career was a valuable contribution to the growth and prosperity of his country. —Lynn Item.

Thaxter R. Grover of Dorchester, who was a member of the Barrows campaign committee, has gone into insolvency; liabilities \$84.57; no assets.

Mr. and Mrs. P. O. Edmonds will celebrate their 50th wedding anniversary next Friday evening at their home on East street. A reception will be held from 5 till 10 o'clock.

Republican Campaigns.

NOTICE is hereby given that the Republican voters in the City of Quincy, for the purpose of nominating three Councilmen, a Ward Committee of seven, and delegates to the National Convention, from each ward; a member of the School Committee from Ward 1, and also one from Ward 2, will be held

FRIDAY, November 9, 1900,

at the following places and between the hours herein designated:

Ward 1—City Hall, Council Chamber, 6.30 to 9 P. M.

Ward 2—Hose House, Washington street, 6.30 to 9 P. M.

Ward 3—Doble's Hall, Franklin street, 6.30 to 9 P. M.

Ward 4—Forester's Hall, Crescent street, 7 to 9 P. M.

Ward 5—Hose House, Winthrop avenue, 7 to 9 P. M.

Ward 6—Music Hall, Newbury avenue, 7 to 9 P. M.

Nomination papers, signed by five Republican voters of the ward, with their residences, may be filed with the secretaries of the several ward committees at 7.30 o'clock P. M. of Thursday, November 1st, and at any time thereafter, up to 7 o'clock P. M. of November 3rd, 1900, at their several residences.

For Majority Convention the wards are entitled to the following number of delegates: Ward One, 8; Ward Two, 3; Ward Three, 8; Ward Four, 5; Ward Five, 8; Ward Six, 4.

All caucuses will be held under the provisions of Chapter 54B of the Acts of the year 1898 and Acts in amendment thereof. The Chairmen of the Ward Committees will call the caucuses to order.

REPUBLICAN CITY COMMITTEE.

JOHN P. BIGELOW, President.
JOHN MCKNIGHT, Secretary.

The names and residences of the secretaries of the several Ward Committees are as follows:

Ward 1. Isaac M. Holt, 1662 Hancock street.

Ward 2. John S. Gay, 10 Newcomb place.

MANY GOOD POINTS.

In the new Automobile Built by George F. Phillips.

The automobile being built by George F. Phillips, brief mention of which was made in Monday's Ledger, differs materially from many of the machines in use. These for the most part use electricity or gasoline engine for their motive power.

With electricity a heavy storage battery has to be carried, and steep hills are hard to climb, and one on a journey is likely to find himself far from home without power.

In the gasoline machine the exploding gasoline drives the engine, and hills are also hard to climb.

In the machine of Mr. Phillips, steam is used as a motive power, the generating agent being gasoline. Just back of the seat and suspended to the oak frame is an eighteen-inch or eight-horse power boiler, to which is attached a four and one-half horse power vertical engine.

In the boiler are 453 half-inch copper tubes. Under the boiler is a gasoline burner containing 5000 small holes with which it is possible with the boiler full of cold water, to generate 150 pounds of steam in ten minutes. The blow off is set at 200 pounds. The boiler is tested to 700 pounds pressure.

From the shaft of the engine a chain tested to stand a strain of 2,700 pounds runs over a ratchet on a rear axle, which drives the carriage.

Attached to the front axle, or rather suspended to it, is a copper gasoline tank holding nine gallons, which is sufficient to carry the carriage 150 miles. The extra space in the gasoline tank is filled with air which forces the liquid to the burner.

At the rear of the carriage is a water tank, having a capacity of fifteen gallons, which is enough to run 35 miles.

In the front of the carriage are the levers and valves, for controlling the carriage and the steering apparatus.

The wheels are 28 inch and have two and one half inch pneumatic tires.

In most carriages it is difficult to make the slightest repairs as the machinery cannot be got at. In Mr. Phillips machine, however, the body of the carriage is easily removed, exposing to view the entire machinery, which can be readily repaired.

He expects to remedy this week the defects discovered on his trial trip last Sunday so that next Sunday he can give it a more thorough trial.

NOW AN OCTOPUS.

The Brockton Street Railway is Absorbing Everything.

An octopus is not a very complementary thing to call a corporation nowadays, but that is what the Brockton Enterprise calls the Brockton street railway and adds: For the past two years the person who has watched the changes in the street railway systems in Massachusetts, and particularly in this immediate section, has found plenty to interest him. From an ordinarily well conducted small street railway system the Brockton street railway by absorption and consolidation, has become one of the biggest systems of the kind in the country.

Since it came under the control of the Massachusetts Electric Companies in the big absorption scheme, it has been stretching out on all sides and devouring every road in sight until it bids fair to be made up of every street railway system of consequence in southeastern Massachusetts. One system after another has been swallowed up with a voraciousness quite remarkable.

The latest movement, as stated in the Enterprise this week, is to bring about the purchase of the Globe Street Railway Co. Of course only the preliminary steps have been taken, and there is always a chance that the railroad commissioners may not approve of such a consolidation, but judging from the past, it will eventually come about.

When it does, if it does, the Brockton Street Railway Co. will have the control of everything south and east of Boston. The Globe company is in itself the body formed of various separate parts brought together by the methods of consolidation which have been so popular of late. It includes the lines running from Taunton to Fall River and Providence, the lines in Fall River and the line to Newport.

There are over 100 miles of track in the Globe system. These miles of track added to those in the South Shore & Boston and the Rosindale & West Roxbury systems, which are also in the early stages of being joined to the Brockton company, will give the Brockton Street Railway Co.'s system a mileage of over 400 miles.

The officials and everyone interested more particularly in these consolidations are very close mouthed and will not give out any of the plans proposed, but the Enterprise is told that the scheme as originally mapped out and carried out thus far is to consolidate the lines of the State until there shall be two great street railway systems, one to the north of Boston and the other to the south, to include practically every line except those of the West End and Elevated roads in the City of Boston. It is said that these are not to be purchased according to the plan. Whether they could be or not is a question. At any rate they make a break between the north and the south systems and probably will continue to do so for some time to come.

Work will be commenced in a few days paving Copeland street, between Crescent and Willard streets.

This evening the Mr. Wollaston degree staff will work the second degree on five candidates at I. O. O. F. hall.

The Atlantic post office is having a new sign painted on the window in gold leaf, and is quite an addition to the office.

Coles, the blind entertainer, will appear at the entertainment of the Ladies' Social Union of the West Quincy Methodist church.

Work was commenced this morning excavating for the drain which is to carry the surface water from City Square to Town brook.

John R. Graham was elected a member of the executive committee of the American Street Railway Association at the recent convention.

The City Council Committee on Public Buildings made a tour of inspection on Monday. They had a back and as the day was pleasant they had a fine ride.

The Coddington school foot ball eleven won a great victory Monday afternoon over the Lincoln school boys, on the grounds of the latter. The score was 50 to 0.

The regular meeting of the Hospital Aid Association will be held on Thursday, Oct. 25th, at three o'clock, in the chapel of the First church. A large attendance is desired.

Work has been commenced tearing down the old Quincy depot, and in a few days nothing will be left of the old building that has served as a landmark for more than thirty years.

William G. A. Pattee has officially withdrawn as the Democratic candidate for register of deeds in Norfolk county, and the vacancy has been filled by the nomination of John H. Burdick, the Republican nominee.

The first vesper service of the season at the Wollaston Baptist church was enjoyed by many. Rev. Mr. Gurney preached the sixth of his special sermons, taking as his theme, "Godliness." The singing by the church quartette was very fine.

The program of the Lord family for their concert at Colonial hall Thursday evening includes twelve numbers, five being by the family. Miss Goldie Jones will give two humorous readings and there will be solos, duets and trios on mandolin, guitar and banjo.

At the Wollaston Congregational church, Sunday evening, Rev. Mr.

Chase gave the last of his talks on the moral element of sports, taking as his topic, "Purity as a means to strength."

Next Sunday there will be several special services for the boys and men.

The death of Mr. E. H. Sanborn Monday morning at Mt. Bowdoin, Dorchester, of heart failure came as a great shock to his many Wollaston friends. Only a few weeks ago Mr. and Mrs. Sanborn celebrated their golden wedding, on which occasion several hundred friends were present to wish the aged couple continued life and health.

Third Hill proved very attractive to several hundred Wollaston people Sunday afternoon. From the embankment thrown up about the new reservoir a superb view of the surrounding country was obtained. The hole for the reservoir is rapidly being excavated; the foundations for the water tank and the first course have been laid, so that there is plenty for the visitor to see.

Adams Academy played a tie game Saturday afternoon with Brown and Nichols, score 12-12. Adams played a much more snappy game than with High school. Both elevens were weak on the defense and in the kicking department. Brown and Nichols secured one touchdown on a false kick which completely bothered the Adams boys. Boyd and Flaherty for Adams played steadily and at times brilliantly.

Boys in Court.

The malicious breaking of street lights when the parties get caught is hard business. This morning three Milton boys were brought into court for smashing four electric lights, probably by throwing stones at them. The breaking of the lights not only put them out, leaving the street in darkness, but it seriously interfered with the operation of the remaining lights in the city. The three boys admitted their guilt and the court continued the case two weeks when they are to pay a fine of \$10 each.

Kicked by Horse.

J. E. Magann and John Irving, two employees at Emerson's carriage manufactory, received painful injuries Monday. The men were engaged in clipping a vicious horse, when the animal began to kick. Magann was kicked in the left hand, which was so badly injured that he had to go to the City Hospital, and it will be several weeks before he is about again. Irving was kicked in the right leg. Fortunately his injury was slight.

Flirt the Champion.

The Flirt again outshined the Early Dawn on Monday, winning the \$1000 stake and title of champion in the 25 foot class. The elapsed time was; Flirt, 2-27-30; Early Dawn, 2-49-30.

THE AMERICAN POLICY
 Has Been Pursued In the Agreement Between Germany and England.
 Concurrence of Powers Believed to Be Near at Hand.
 United States Not to Join in Preliminary Undertakings Regarding Eventual Steps.

Washington, Oct. 23.—Opinion is unanimous that the Anglo-German agreement, which is taken to amount to an alliance regarding the Chinese question, is a virtual victory for American diplomacy, and it is held that the way for the establishment of peace has been made easy and sure.
 It is authoritatively stated that the United States government views with distinct favor the principles enunciated in the agreement, and that a formal response to that effect will be made at an early date to the invitation extended to this government to accept the principles of the agreement.
 The German charge of affairs, Count De Quadt, had a conference with Secretary Hay yesterday, presenting officially the text of the Anglo-German agreement, including the invitation to the United States to accept the principles therein recorded. Mr. Hay expressed his satisfaction at what had been done, saying he felt it to be in complete harmony with the policy this government had pursued, both as to the maintenance of unobstructed commerce in China and the territorial integrity of the empire, and adding that a formal reply would be given in a day or two. Count De Quadt was gratified at these assurances, and left with the belief that there was such a harmonious understanding on the general principles involved that the concurrence of the powers was near at hand.
 Before receiving the official invitation from Germany, Mr. Hay had been fully advised of the agreement, and had gone over it with great care with the president Sunday and yesterday. This was the more necessary, owing to the president's departure for Canton last night. The result of these deliberations is summed up in the statement that the government views the Anglo-German agreement with favor. It is also probable that some attention has been given to the draft of the American reply. It is likely to be in the form of a note of approval, rather than any formal adherence to the alliance, but this is said to be merely a matter of detail.
 About the only serious question which has arisen as to the American reply was on clause 3 of the Anglo-German agreement. This states that in case of another power making use of the complications in China in order to obtain territorial advantages, Germany and Great Britain reserves the right to reach a preliminary understanding on the eventual step to be taken for the protection of their interests.
 This is open to the construction of being a trap against other powers, and where is no desire on the part of officials here to give American adherence to anything in the nature of a threat. It is probable that the American reply will not go beyond accepting the principle that Germany and Great Britain have a right to agree between themselves as to their eventual course. But there is not likely to be anything which will commit this government to accept this eventual agreement. In short, the third clause is interpreted to apply only to Germany and Great Britain, there being no invitation extended to other powers to join them in a preliminary understanding regarding the eventual step to be taken.

Quarrelled Over a Girl.
 New York, Oct. 23.—Michael Carpiella, 32 years old, of Bridgeport, Conn., was seriously injured by a fall from a building last night by Louis Philippipe of this city. The rival for the hand of a girl, Philippipe, an 18-year-old Italian, had been in the city for some time, having taken up his abode in the city. Philippipe was calling on her, and lay in wait for him. After a heated argument, he stabbed him with a stiletto. Philippipe was arrested.

Russia Will Have Boy.
 St. Petersburg, Oct. 23.—The Viedonost thinks the Anglo-German agreement "admits at the protection of that which needs no protection. To the question as to who will threaten the integrity of China there is only one answer—those who have arranged to crush any one who thinks of preventing them from taking as booty those ports in China which they have regarded as belonging to them. Russia will, in the meanwhile, know how to protect China."

Assured of Harmony.
 Berlin, Oct. 23.—Although no formal answers have yet been received from the powers regarding the Anglo-German agreement, Count Von Bulow has been assured by the diplomatic representatives here that their governments will readily accede to the arrangement.
All is Above Board.
 Berlin, Oct. 23.—With reference to the speculations as to the existence of secret clauses in the Anglo-German agreement, The National Zeitung, after careful inquiry, affirms that no such clauses exist.

Russia Shows No Mercy.
 London, Oct. 23.—The Times publishes the following from its correspondent in St. Petersburg: "The Russians will continue to exterminate the Chinese in the most ruthless manner, in order to protect the future of the railway. A critical study of the official reports shows that Chinese resistance has been a mere farce. The Russians have been only too glad of the opportunity to kill every Chinese soldier and to destroy every vestige of Chinese authority in Manchuria, and they have taken advantage of this farcical resistance with a vengeance."
Barrel Fell Upon Him.
 Great Barrington, Mass., Oct. 23.—J. Greard, 64 years of age was filling a wagon load of barrels with water, for transportation. The horse started and the vehicle started suddenly, rolling over a barrel upon Greard. His abdomen was so badly crushed that death came in a few hours.
Excursion Train Partially Wrecked.
 Chicago, Oct. 23.—Eight persons were injured by the partial wrecking of a Lake Shore and Michigan Southern excursion train at Forty-fourth street last night.

INSIDE HISTORY.
 John Fallon & Sons Grieved over the Paving Contract.
 Editors of the Daily Ledger:
 Will you kindly allow us space in your valuable paper to give the inside history of a contract, lately awarded by Commissioner Knowlton. Not more than a few weeks ago the city solicited estimates, through the medium of the local press, for furnishing 100,000 paving blocks for the Copeland street contract.
 We, the undersigned, competed in due form, and when the award was made found that we were unjustly discriminated against for the reason that the contract went to a bidder whose figures were higher than ours.
 Being businessmen of 20 years standing, and heavy taxpayers, we feel the slight when we consider the fact that our firm has successfully handled contracts as high as \$40,000.00, and in our career have been the means of bringing \$1,000,000.00 worth of work to the city. Nor is this all; we have paid 100 cents on every dollar contracted by the firm and only a few years ago completed a \$12,000.00 contract by paving and curbing Copeland street from Brewers corner to the Willard street.
 In 1898 we received like treatment from Commissioner Knowlton when the contract for paving Hancock street was awarded to an out of town concern, whose bid was also in advance of the one submitted by us. We sought an explanation for his action at this time, but only received a discourteous and unsatisfactory answer.
 Coming to the contract of Copeland street which we have been lately refused, thinking it ours by right, we offered to furnish a cash deposit of \$500.00 or a bond of \$10,000.00 as security to deliver 50,000 first class pavers within 48 hours from the time of signing said contract. When Mr. Knowlton was told these facts by a member of the firm, he curtly inquired: "Who asked you to bid on this contract, anyway?"
 During the present administration, which the taxpayers believe to be based on economy, we sought no favors, but were of the opinion that an advertised contract for estimates should be awarded the lowest bidder, when that bidder is a responsible party, as this firm has always proved itself to be.
 Are the citizens, to their financial detriment, willing to endorse the actions of an official, who brings petty spite and prejudice into the workings of his office?
 We would like to hear from the Commissioner through the press, his reason for refusing us.
 Signed:—
 John Fallon & Sons

Keith's Theatre.
 The programme at Keith's Boston theatre for this week is one of the most varied and interesting that has been offered at that popular resort this season. Among the entertainers are the following: Gracie Emmett, the popular Irish comedienne, supported by Gertrude A. Lovering, Harry W. Conant and Benj. J. Miles, in a screamingly funny farce entitled, "Mrs. Murphy's Second Husband"; Conway and Leland, the monoped comedians and acrobats; Fialkowski, a wonderful imitator of animals; Schuyler sisters, playing singers and graceful dancers; Platt and Southard, black-face musical comedians; Javille, a phenomenal wire performer, equilibrist and juggler; Frank and Lillian Smith, noted rifle shots; Castellan and Hall, comedy acrobats; Joe Louise Parker, a pleasing vocalist; Lew Sully, black-face monologue comedian, and Hassan Ben Ali's noted troupe of Arab acrobats, tumblers and athletes. The biograph will have an unusually interesting lot of motion pictures, several being of a local character.

 Gentlemen: My mamma has been a great coffee drinker and has found it very injurious to her health. I have used several packages of your GRAIN-O, the drink that takes the place of coffee, she finds it much better for herself and for us children to drink. She has given up coffee drinking entirely. We use a package of Grain-O every week. I am ten years old.
 Yours respectfully, FANNIE WILLIAMS.

BODY GOES TO MAINE.

Remains of Bailey to Be Buried in Family Lot at Whitefield.

Susie Young Arrives at the Breakheart Hill Farm.

Finding of Hair and Blood Stains and Fragment of Burned Burlap.

Lynn, Mass., Oct. 23.—The body of George Bailey was shipped to Boston yesterday and later was sent on its way to Whitefield, Me., where it will be buried in the family lot. About the same time that the body was sent to Boston, State officer Hammond left Worcester, Mass., with Susie L. Young, who later arrived at Breakheart Hill farm.

Police in making some investigations. Until three weeks ago the woman acted as housekeeper for the man, and the police are trying to ascertain beyond all reasonable doubt whether Bailey and Beat had a quarrel at any time about Miss Young.

With Susie Young's visit to the farm, the officers who were working the murder case got some important new evidence, possibly one of the weapons used by the murderer in his task of dismembering the body. From what they found it seems likely that the government will set up the contention that Bailey's body was cut up indoors rather than in the woods.

Miss Young was driven to the farm in company with officers Rhodes and Foster. Then, in company with officers Neal and Hammond, a visit was paid to the washroom in the rear portion of the house, which had been kept locked since the search for the murderer began. The reason why things were unaltered in this room was the desire of the officers to have Miss Young see the conditions. She used this room more than any other, and she pointed to a small table which contained a lot of litter such as a frequently found in a farm storeroom. The officers looked the place over, and on the table were the keys, without which Bailey, according to Miss Young, never left the house. Bailey often took them out of his pocket on coming into the house, as he nearly always wore his working suit after work was done. Near the keys was a small hatbox, one side of the head having a blade and the other tapering into a point. Miss Young said this "tom-shawk" was used entirely for chopping ice. The officers found light covered hair and blood stains on it. On the floor nearby were marks resembling blood stains. On the wall paper, in exact line with the floor stains, were other dark colored marks. During the search, Officer Mansfield found under the barn a fragment of burlap, the edges of which had been burned. This fragment is similar to the fragments found near where it was claimed by John H. Thomas a fire was killed. Thomas said that to him it appeared as if blankets were being burned, and Miss Young said that Bailey's horse blankets were lined with burlap, as she sewed the material for them. Bailey invariably carried two on his wagon, but these cannot be found. The fragment of burlap found yesterday smells strongly of kerosene. This evidence strengthens the belief of the officers that Beat tried to burn up all of the body at the time of the murder.

George Sand, who lives on the Newburyport turnpike, in line with the farm, about a mile away, says that one night during the week Bailey disappeared—he cannot tell the day or the exact hour—he heard two rifle reports from the direction of the farm. It was about 8 or 9 o'clock, as his wife was retiring and he called her attention to the reports.

Medical Examiner Finkler has looked over his notes on the autopsy, and is inclined to place the time of Bailey's death at three hours after the reports were heard. He had first expressed an opinion that it was 14 hours. He will further consider the question.

The government is building its case on the supposition that Bailey was killed when he returned from delivering the milk, which would be 14 hours after supper.

Aberl Champion Meets With Accident. Readville, Mass., Oct. 23.—While attempting to break the world's motor-tricycle record at Readville track, Albert Champion was hurled from his machine and had his arm broken, besides sustaining other minor injuries. Champion was going at a 1:20 gait when his rear wheel scraped the fence, and he was thrown forward into the track, while his tricycle turned two somersaults over him.

Two Boys Suffocated. Worcester, Mass., Oct. 23.—A Dahlsstrom automobile, driven by a boy, was smothered in a sandbank last night, not far from the home of the Dahlsstrom boy. They had been tunneling in the bank, and were three feet from where they started when the tunnel walls fell.

His Identity Unknown. Lowell, Mass., Oct. 23.—Although there was a small amount of visitors to the morgue yesterday to view the remains of the man whose body was found in the pond at Whitefield, Sunday afternoon, no body has yet been able to establish the identity of the man.

Mayor's Van Ignited. Boston, Oct. 23.—The mayor's van, which was used to carry the mayor and his family, was ignited by a fire in the rear of the van, which was caused by a gas leak.

Chloroform Brought Death. Holbrook, Mass., Oct. 23.—Charles G. Reed, formerly a druggist here, was found dead in bed. He had found death by means of chloroform. He was 65 years old.

DEBATE WITH AUDITORS.

Roosevelt Speaks at Towns in the Empire State—Bryan Takes on Race Question. Kingston, N. Y., Oct. 23.—Governor Roosevelt finished the first day of his flying campaign through the state in Kingston last night, after travelling 90 miles and making eight speeches. In a sense the campaign took on the form of English political meetings, spectators listening to the speaker with questions, in every instance eliciting a reply.

Bryan Appeals to Colored Voters. Hinton, W. Va., Oct. 23.—The line of the Chesapeake railroad traverses the picturesque valleys of the Big Kanawha and New rivers, and the scene of Mr. Bryan's campaign yesterday. Speeches were made in ten places. The one notable feature of the day was Mr. Bryan's repeated reference to the race question. A number of colored people were scattered through the crowds at all the stopping places. Mr. Bryan took occasion to address portions of his speeches especially to them, appealing to them to do justice to the Philippines as they would have justice done by themselves.

Farmers Discussing Political Questions. St. Paul, Oct. 23.—A conference is being held here today by the heads of the several national farmers' organizations, for the purpose of considering the political situation. It is said an address will be issued soon designating those candidates who are favorably regarded by the farmers' organizations. A review of demands it is said, has been submitted to candidates of all parties for congressional and executive offices, and also to President McKinley and W. J. Bryan. Among the chief demands made are for an extension of our foreign trade and for a restoration of the merchant marine. It is claimed that the societies represented have a membership of 2,500,000, are absolutely non-partisan in politics, but will support only candidates who pledge themselves to further the interests of the farmers, as set forth in their demands.

Lodge and Moody at Salem. St. Paul, Oct. 23.—The chief interest outside of the race question in the Republican rally here last night was the reply of Congressman Moody to Governor S. D. Eastman's address from the same platform at a Democratic rally on Friday night. The reply to Mr. Boutwell was devoted almost exclusively to the Philippine question. Senator Lodge touched upon the promises made by the party in '96, and told how the party had fulfilled them. Upon the trust question he said that he had no patent remedy, but he did think that making the affairs of trusts more public would be a great step in advance.

Where Beer Question Interests. Grand Rapids, Mich., Oct. 23.—Adlai E. Stevenson arrived here yesterday afternoon and addressed an open air meeting. A notable feature of his handling of imperialism was the emphasis which he placed upon the beer question, which, owing to the great proportion of Holland-American voters in this section of the state, is brought to the front by all Democratic workers who visit the fifth congressional district.

Lynn Democrats Turn Out. Lynn, Mass., Oct. 23.—Democrats filled Odd Fellows' hall to overflowing last night. A parade of the Democratic clubs with a band was the introductory feature to the rally. The speakers were Congressman Fitzgerald and Josiah Quincy, former mayor of Boston. The general issue of the campaign was discussed.

Voters About All Rounded Up. Chicago, Oct. 23.—Revised figures for the registration in Chicago returned to the board of election commissioners yesterday show a total of 92,000 eligible to vote at the coming election. Of these 251 are in Chicago. This is an increase of 22,598 over 1896. Only about 1500 women registered this year for the privilege of voting for school commissioners, against 624 in 1896.

Didn't Extend Customary Courtesy. New York, Oct. 23.—The British cruiser Psyche did not fire the nation's salute before passing up the bay to her anchorage yesterday morning. At Governor's island a detail of 20 men had been assigned to the battery below Castle William to respond to the customary salute by firing six rounds. Major Myers will write to Sir Percy Sanderson, asking for an explanation. The cruiser sailed at 4:30 p. m., for the West Indies.

To Be Bought by United States. Berlin, Oct. 23.—Reliable advice from Copenhagen asserts that the sale of the Danish Antilles to the United States will soon be effected. The Danish minister to the United States, Dr. Constantin Bruun, is to start for Washington at once, bearing the formal terms of sale. A bill authorizing the alienation at the price fixed by the present cabinet, \$7,000,000, will soon reach the riksdag.

Mayor is Called Hard Names. Santiago, Oct. 23.—There has been a renewal of the quarrel between The Cubano Libre and Mayor Grinan over the publication of charges of official corruption. The Cubano Libre calling the mayor a "liar" and "traitor." He ordered the suppression of the paper, but only one issue failed to appear, the courts permitting the continued publication.

Collision of Electric Cars. River Point, R. I., Oct. 23.—Two cars on the Rhode Island Suburban railway collided here last night, slightly injuring a passenger and one of the passengers and wrecking one of the car platforms. The motorman forgot to hold his car at a turnout, to await the passing of the other car.

Many Farmhouses Wrecked. Fort Worth, Tex., Oct. 23.—In the tornado near Lodi Sunday night it is now reported that about 15 persons were killed. It is feared that a number of persons were killed in the country north of here, as many farmhouses are known to have been wrecked.

Met Instant Death. Wallingford, Conn., Oct. 23.—Alfred Danton, employed at the factory of the Housatonic company here, was caught in the flywheel of the engine and was whirled to instant death, his head being crushed and his back broken.

ROBBED OF \$700,000.

National Bank of New York
Faith in Teller Alvord.

Now Fled, and May Have
to South America.

Monumental Citizen and Stood High
Church and Social Circles.

There was no suspicion of the truth until 10 days ago, when he sent word that he was ill at his home. After he had been away for a day or two, the bank put experts at work and some irregularities were found. As the experts went deeper and deeper into Alvord's books the officers were overwhelmed to find that he reached the enormous figure of \$700,000. Whether that sum is all he took is not yet known. It has not yet developed how Alvord was able to secure so much money and escape immediate detection. One of the directors admits that he is at a loss to account for the failure of the bank examiners to discover Alvord's irregularities at their last examination.

What Alvord did with all the cash is also a mystery, as yet, except that it is said that a large amount of it went into stock manipulations. One story is that he lost \$75,000 in one deal, but what the deal was is not stated. It has been discovered that during the summer Alvord visited Saratoga, where he spent money like a prince. He rented a cottage, kept a stable of fine horses and, besides playing the races, is said to have frequented gambling houses. If these stories are true Alvord displayed entirely different characteristics than those he showed at home. In this city he was known as a man of very regular habits. Among his associates he was looked up to, and on Wall street was known as "Happy Alvord," because of his cheery manner. His home was in one of the most aristocratic sections of the suburb of Mount Vernon. It is surrounded by luxurious grounds and there are extensive stables.

Alvord has long been considered one of the most prominent men of the town. His family entertained lavishly and gave large sums to charity. He stood high in church circles, and his wife is considered one of the most beautiful women in Mount Vernon.

Invitations had been sent out for a grand dinner at the Alvord home last Tuesday night. On the day set for the

ner messengers called the invitations. That night the house was in darkness. Friends of the family were told that Mr. Alvord was ill. The darkened windows since then, and the fact that no callers were admitted, led the neighbors to believe that his illness was serious. It is rumored now that Alvord left town on the day that the dinner invitations were cancelled, and that he took a steamer for South America, but this could not be corroborated.

Mrs. Alvord was seen at her Mount Vernon home yesterday afternoon. She was weeping bitterly, and would not talk about the case. The family consisted of Mr. and Mrs. Alvord and two girls and a boy. They kept four or five servants.

Mrs. Alvord is said to have told friends that, owing to his position in the bank, Mr. Alvord was able to obtain tips which enabled him to make from \$10,000 to \$50,000 a year over his salary by operating in Wall street. She is said to have boasted that her husband's tips were so straight that he never lost a cent in the street, and always made a gain.

The First National bank is considered one of the strongest financial institutions in the city. It has a capital of \$500,000. The First National bank was the first to organize under the national bank act, and President Baker and his associates have been in charge for 15 years.

Bookmakers last night talked of nothing else but the story of the defalcation of Alvord. Every bookmaker at the Saratoga race track knew him. For them his nod was sufficient for a bet of thousands, and never during the season did they have to wait for the collection of his wagers.

Transport Sunk in Collision.

Kobe, Japan, Oct. 24.—The French transport Caravane sank in the inland sea, after collision with the Japanese liner Inagimachu Maru. She was a coast service vessel and armed with a breech-loader. Three Frenchmen who were on board, were drowned.

THE PATERSON MYSTERY.

Prominent Men Are Arrested, Charged With a Most Revolving Crime.

New York, Oct. 24.—Developments show that the circumstances surrounding the death of Miss Jennie Boncheiller of Paterson, N. J., form one of the most remarkable and revolting crimes ever brought to light in this section. Five persons are in custody, including the cabman hired to drive the men and their victim in his carriage on the night the occurrence took place.

According to partial confessions, said to have been made by one or more, and a statement by the cabman, the girl, after being given drinks, one of which contained a drug, was driven to the lonely place, close to where the body was found, and there what followed is too horrible to describe. After this the unconscious girl was carried to several doctors, one of whom, Dr. Townsend, pronounced life extinct. Terribly frightened, the four men, according to the cabman's story, told him to drive back to the place where the hideous assault took place, and there left the body, where next morning a passing milkman found it and reported it to the police.

The four men implicated as principals in the crime and under arrest are: Walter C. McAllister, a member of the firm of James McAllister & Co., silk throwsters; George Kerr, a member of the J. P. Donlevy Paint company; Andrew Campbell, a bookkeeper, employed at the Handstreet Silk mill, and William A. Leath, a young man who was married only five weeks ago. The men in the crime were held without bail after a hearing before Recorder Senior. Judge Kerr, brother of one of the prisoners, is married to a sister of Mr. Hinchcliff, the millionaire brewer of Paterson.

IN STRIKERS' FAVOR.

More Big Coal Companies Announce
Concessions to Mine Workers.

Mitchell Says Trouble Will
End In a Few Days.

Men May Return to Work Monday With
Everything They Struck For.

Hazleton, Pa., Oct. 24.—The Delaware, Lackawanna and Western and the Delaware and Hudson, the Hillside Coal and Iron (the Erie), and the Lehigh and Wilkesbarre Coal companies, through their general superintendents, yesterday agreed upon an additional notice as to the 10 percent increase. The same will be posted at once and will help to settle the great coal strike speedily.

President Mitchell's statement in a speech at Pottsville yesterday, that he believed the strike would be ended by next Monday if all the operators posted notices guaranteeing the 10 percent advance until April 1, was received here with much pleasure by the mine workers and the mine officials. It is believed that nothing will now intervene to delay the ending of the contest, which has run more than five weeks.

The crowd in attendance at Pottsville was estimated at nearly 9,000. President Mitchell's most important utterance bearing directly on the ending of the strike was as follows: "I believe it will be but a few days longer until the operators in the Hazleton, Lackawanna and Wyoming valleys will consent to post notices agreeing to pay the 10 percent increase in wages until April 1. I believe that if you stand together the rest of this week, by Monday at the latest you can return to work with everything won you struck for."

President Mitchell then made a plea that all miners remain loyal to the organization after the contest is over, just as they are doing now.

President Mitchell was asked on his arrival here from Pottsville, on what he based his belief that the strike would end with this week, but he declined to say anything other than the proposition of the miners was so fair that he could see no valid reason why the operators should not accept. The national president was much pleased when he learned that the Delaware, Lackawanna and Western, the Delaware and Hudson, the Lehigh and Wilkesbarre and the Hillside companies had signified their willingness to pay the 10 percent increase until April 1. He also expressed satisfaction that the Forest Mining company, whose men have been on strike since January, had acceded to the demands. President Mitchell declined to say what course would be pursued if one or more companies refused to guarantee the payment of the increase until April 1.

A meeting of the national executive board of the United Mine Workers of America, and the officers of the three anthracite districts, will be held here today, for the purpose, Mr. Mitchell says, of thoroughly canvassing the situation. He would not say whether the conference would take any positive action looking towards the calling off of the strike. If any action will be taken, he said, it would depend entirely upon what the canvass would show. In answer to another question, the labor leader said he would not take the responsibility upon himself of calling off the strike, but would rather have the national board vote upon the question.

Leaves National Suffrage Body.

New York, Oct. 24.—Mrs. Blake, president of the National Legislative league, announces that the New York County Woman's Suffrage league, of which she was also president, has gone over bodily to the former organization, and has become "the New York City Legislative league." This severs its connection with the National Suffrage association and becomes a branch of the Legislative league. This is the outcome of the suffrage troubles last spring, when Mrs. Catt's election to the national presidency, for which Mrs. Blake was also a candidate, resulted in Mrs. Blake's organization of the National Legislative league.

May Be Wanted in Boston.

New York, Oct. 24.—Matthew Clarke, whose picture is in the police headquarters' rogues' gallery, and who has been known under several aliases, was arrested as he was entering a hotel on Broadway. The police say he is an expert hotel thief, and that he is suspected of hotel robberies in Boston. The Boston police authorities will be communicated with regarding Clarke.

Tuan Would Spare No Foreigners.

Tientsin, Oct. 24.—General Gaselee's expedition joined Lord Campbell's Oct. 18, and the combined force was expected to reach Pao-Ting-Fu yesterday. At We-Nan the British discovered a letter from Prince Tuan, ordering the extermination of the expedition among the marshes and offering arms from the government.

Colombia Buys a "Warship."

New York, Oct. 24.—General Charles M. Serria, of the Colombian republic's army, arrived here yesterday on the steamship Advance, from Panama, and last night announced that his government had purchased George Gould's yacht, the Atlanta, and would use her in suppressing the rebellion.

Double Drowning Accident.

Ellsworth, Me., Oct. 24.—Henry Nevils and a companion named Hutchinson were drowned at Merchant's island, a few miles off the coast. The men belonged in Stonington. Their boat capsized in a squall.

SENATOR JONES' CHARGE.

Says President McKinley Garbled State Documents to Further His Candidacy.

Chicago, Oct. 24.—Senator Jones issued a statement yesterday in which he charges President McKinley with having garbled state documents in the effort to help his own candidacy. The document to which Senator Jones specially refers is the instructions issued by the president to the Philippine commission. Senator Jones says the president, in his letter of acceptance, quoted from this document certain portions which would further his own cause, and suppressed the remainder. Senator Jones goes on to say that he wrote to the president to ask that the remainder of the document should be made public. He says the president has not even answered his note.

Rain Did Not Dampen Ardor.

Baltimore, Oct. 24.—W. J. Bryan devoted yesterday to speechmaking in Maryland. On account of a downpour of rain, most of the meetings were cut short, but the crowds in each case remained until Mr. Bryan made his remarks. It was raining steadily when the special train bearing Mr. Bryan pulled into the Union station at hour 11, but this did not prevent the assembling of a crowd of fully 10,000 people about the depot. A parade was formed and Mr. Bryan drove at its head to the Hotel Remont, where he dined with several Democratic leaders. Mr. Bryan's speeches went over the issues of the campaign. These opposed to private monopolies, a large standing army, a colonial policy as administered by England, should, he said, vote the Democratic ticket. He also spoke on the Philippine question.

Roosevelt Answers Arguments.

Norwich, N. Y., Oct. 24.—Governor Roosevelt finished the second day of his New York state campaign in this place last night, speaking to a great audience of people. The vice-presidential candidate traveled 150 miles yesterday, and made 14 speeches, yet he finished his day's work in splendid condition. The day was not so prolific of friction caused by obstreperous auditors as was the first day, the governor taking the questioning in better nature and answering them with arguments instead of anger. His principal answer to those who cried out for Bryan cheers was "why?" and this query seemed to phase the auditors so that there was no need of argument, but when there was, he furnished it in more polite terms than previously.

Cleveland Hasn't Declared For McKinley.

Trenton, Oct. 24.—The Trenton True American today quotes ex-President Cleveland as saying: "I am not aware of having made any statement that would justify the assertion that I am going to support Mr. McKinley." Mr. Cleveland declined to make any statement regarding his position, and the words quoted were made in response to a suggestion from one of the reporters that a recent letter of his reiterating his financial views of 1895 was being construed as meaning he intended to support Mr. McKinley in the present campaign.

For a Tour of the Bay State.

Providence, Oct. 24.—John G. Woolley spoke to over 1000 persons here last night. A street parade preceded the meeting. The party left here at 7:30 this morning for a run through Massachusetts. Stops will be made at Attleboro, Taunton, New Bedford, Fall River, Lowell and Lawrence. Night meetings will be held at Lynn and Boston.

A Northampton Rally.

Northampton, Mass., Oct. 24.—The Democrats of Northampton held their first rally of the campaign last night, the speakers being Robert T. Palmer, Jr., John B. O'Donnell, Thomas W. Koppick and Walter L. Ramsdell. Imperialism, trusts and the policy in general of the Republican party were denounced.

Many Marchers at Worcester.

Worcester, Mass., Oct. 24.—Nearly 400 marchers took part in the Republican torchlight parade last night, including many companies from out of the city. There were many drum corps and bands in line. Thousands of people lined the sidewalks.

McKinley the Favorite.

Cambridge, Mass., Oct. 24.—The Harvard Republican contains a poll of the students of the university, and out of 1623 men visited, 1349 are for McKinley, 175 for Bryan and 95 scattering.

Met the Wrecked Lermund.

Mobile, Ala., Oct. 24.—Captain Moore of the steamer Brantingham reports having met the abandoned schooner Mary E. Lermund of Thomaston, Me., on Oct. 10. The derelict was seen on Sept. 19, two days after having been abandoned. From this time to the time of being sighted by the Brantingham the abandoned vessel had travelled 200 or more miles. She is in the Antilles current, and will be a dangerous menace to navigation.

Terms Satisfactory to Lipton.

New York, Oct. 24.—At a meeting of the committee of the New York Yacht club, a cablegram was sent to Sir Thomas Lipton stating that the committee adhered to 5 1/2 hours for time limit for the races, and accepting 1 o'clock as limit of time for starting. The club received the following cablegram from Sir Thomas: "Cablegram contents wholly satisfactory. My previous cablegram as regards duration was merely suggestion."

Why Salute Was Omitted.

New York, Oct. 24.—Of the visit to this port of the British cruiser Psyche, which ran in and then ran out again without saluting, having come to secure an absconding paymaster, the British consul general says: "The Psyche ran in merely on a matter of business. Captain Perry of the Psyche called at the consulate, but he was not in uniform and his visit could hardly be called an official one."

Paul Ryere, W. R. C., 103, held a whist party in G. A. R. hall, Tuesday evening. Prizes were won by Mrs. T. Ashman, tin cake box; Mrs. G. Phillips, willow photograph holder; Miss C. E. Mathew, nut picks in case; Mrs. May, tobacco jar. There were nine tables.

A question often asked and never satisfactorily answered is "Why when there are four or six cars to or from Newport, they do not run on a fifteen or ten minute schedule and accommodate the travelling public, instead of going bunched two or three at a time and then a long wait?" Same on the Point line and why?

We understand the Queen Wanda's Gypsy Camp on Hancock street has concluded to remain until next Tuesday, having been requested to do so by their many patrons. They came here intending to remain only two weeks, but they have received such extensive patronage that they have been unable to see all the people who have visited them, so they will make a longer stay. Monday, Oct. 29, will positively be their last day in Quincy.

SCHOOL SPIRIT.

Supt. Parlin Addresses the Teachers.

Three Very Distinct Types of Schools.

Habit of Scolding Should be Broke Up.

Supt. Parlin at the public schools addressed the teachers Tuesday afternoon at the High school building on "The spirit of the school and the school spirit."

Mr. Parlin spoke for nearly three-quarters of an hour, and held the closest attention of the teachers present. He spoke without notes and frequently punctuated his remarks with a story which more clearly brought forth the point he wished to emphasize. He said in part:

By the spirit of the school, we mean that spirit that emanates from the teacher and generates school spirit which manifests itself in pupils in many ways, by the attracting of pupils toward their work; in the playground, in the way they treat each other. Sometimes we find a spirit of mischief and bullying, which is not desired. It also manifests itself on the street, and in the pride children take in the school; the loyalty to the teacher, and the good name of the school. These we should seek to develop.

The school spirit also manifests itself in the character and life of the graduate. We have many schools that are known by the character of the graduates.

Thoughtful parents and educators are beginning to feel that the spirit of the school is quite as important as the method of instruction. They feel we have too much of the silent force. If we can so mould and influence them, training the lives of those children, in character and life, and then their men and women of broad vision.

He found three very distinct types of schools. One that was conducted by will power, where the teacher holds the children under subjection by force of will. Here there is a chill in the atmosphere and we feel there is a tension liable to break at any time. Then we have those controlled by love. In this room we find the children having a good time; the teacher dears them to death, and it is doubtful if they are being instructed; this is not a productive school. Then we have a school controlled by good common sense. We find all busy, cheerful and pleasant, yet attending to studies. We find the children and teachers happy, their faces shining and their hearts inspired. The elements of will and force are kept out of sight and to his mind this was the kind of school to be desired. Mature judgment and common sense, a noble heart and a will power to hold any from shooting.

Spirit, I think, manifests itself in the management of dull children. We are sometimes informed that the teacher has an idea the child is deliberately dull. Let us not think so. A dull child is doing the best. Let us understand we are dealing with a mind that is making its best effort. We should not extend hostility but sympathy. Let us make an effort to arouse him if he continues dull. Then we may find the child is purposely neglecting his work and the remedy should be applied. It is wrong to assume at first that he is lazy. It is cruel to hold that child up for ridicule. Do not let the child sit until he answers some question. It is unjust to expect as much from a dull as the bright child. Let there always be a sympathy for such a mind as his.

He had found a tendency of teachers to form the habit of scolding, and he urged that the brake be applied when they thought of scolding; no good comes from it. Let us break up the habit if we have formed it.

Let us consider the spirit of justice. When a child comes in late we assume at once they are purposely late. We should assume that this was an excusable case until we know different. "Do not judge without a hearing."

Lastly the effect of teaching upon teachers and upon pupils. We are before our children, and we are moulding them; do we appreciate it? Some teachers are made narrow and constricted. There is no sympathy, and they have no friends. Then there are hearts large enough to make a room of sixty feel small, and their influence is sympathy. Let us look and see if we are contributing anything to ourselves or those under us, and are we willing to make the sacrifice.

Good Afternoon.

There is no doubt but Quincy and the South Shore towns will now get just as good a bridge over the Weymouth Fore river as \$100,000 can build. Provisions have been made to apportion the cost, and it is now to be determined the necessities of travel and how wide an opening is required for the largest vessels which are likely to pass through in the next fifty years. An opening of 100 feet is unusual, but the new plant of the Fore River Ship

Co. at South Shore, Quincy will be a great benefit to the city, and is therefore greatly interested in the project for the best interests of Quincy.

How is this for a record in the Quincy schools? A child who has attended one of the grammar grades every day since Sept. 4—31 days—had not up to Oct. 20 been asked once to read aloud. Is it any wonder that Quincy children are poor readers and spellers? Again, writing a word five, ten, or twenty times as sometimes required does not make good spellers, as often a child does not know what he has written, and when asked to spell orally is quite as likely to spell another word in the same lesson as the right word. Surely, more time and attention should be given in our public schools to reading and spelling aloud.

Drift of Opinion.

Senator Hoar's advice to the Smith college girls to fit themselves for wives and home-makers might well be supplemented with counsel to any set of college boys to fit themselves for husbands and home-supporters.—New Bedford Standard.

For Best Interest of City.

Commissioner Knowlton was seen Tuesday evening and asked if he desired to say anything in relation to the published letter of John Fallon & Sons on the award of the contract to furnish the pavings for Copeland street.

Commissioner Knowlton replied that he did not desire to get into any controversy. He advertised for bids, but did not ask anyone to submit bids. He reserved the right to accept or reject any or all bids, and in awarding the contract to Charles Wilson he considered it for the best interest of the city.

Political Potpourri.

Representative Albert S. Apsey of Cambridge, Representative H. Heustis of Newton, and Eugene H. Sprague, the candidate for Senator, will address a rally at Holbrook Thursday Nov. 3.

Enthusiastic rallies in favor of Congressman Napheon were held in three of the Boston wards of his district on Tuesday evening. He was assisted by ex-Senator McGeough, ex-Mayor Coughlin of Fall River, Chairman Callahan of the State Committee and others.

PROPERTY OF BAILEY

Being Searched For by Police in Efforts to Dispel the Saugus Mystery.

Anxiety to Locate the Place Where Butchery Occurred.

Probability That Blood-Beamed Material Has Been Consumed by Fire.

Lynn, Mass., Oct. 24.—The state police officers on the North Saugus murder case have gone to work with renewed activity, mainly because of encouragement over the developments they made in the case Monday. The chief desire of the authorities now is to find the hat and coat which Bailey wore on the night of Oct. 5, when it is supposed he was murdered. The police believe that it is important that these articles should be found, and if they are recovered it is thought that they will have much to do with establishing the guilt of the murderer, whoever he may be.

Best, the farm hand, and male companion of Bailey, is locked up in jail, but he maintains a cool demeanor towards the officers and almost an indifference to the skin of circumstances being woven around him. After Bailey's dismembered body had been recovered from Floating Bridge pond and identification made sure, it was supposed that immediate developments would show a reason for the tragedy, perhaps robbery, or yet a love affair. But yesterday, the seventh day of the search, found the officers busily gathering together material of various natures on which there were marks which might or might not be blood stains, and which are to be examined by expert microscopists.

With Best a prisoner, to all outward appearances the officers are yet unable to show what object he had in having Bailey out of the way. The mystery of the murder is not yet dispelled, although each succeeding day has promised an important find. On Monday, the officers found what they believed to have been a hatchet used in cutting up Bailey's body, but now there is more anxiety to locate the place at which the butchery occurred.

A review of the evidence on which the government will base its case points strongly to the destruction by fire of nearly all the cotton and woolen material which became besmeared with blood, when Bailey's body was dismembered, and therefore the search for blood spatters is being made over considerable area in and around the Breakheart Hill farmhouse. The presence of Susan Young, the housekeeper, has helped the state and local officers to a great extent in making clear to them the change in conditions in and about the farm, as compared with those existing when she shared the house with Bailey. Neighborhood interest in the crime remains keen to those who have not yet decided for themselves that the circumstantial evidence is proving good evidence. In Best's case it is likely that the government will ask for a postponement of the hearing until matters are in better shape for presentation.

Miss Young talks freely about the relations of Bailey and Best, but says she knew of only one quarrel between the two, and that was about a month before she left the farm. She says further that Bailey and Best had no other motive for the murder.

Bears Caution—Much Trouble.
Cape Town, Oct. 24.—Guerrilla attacks by the Boers are still giving great trouble. General French encountered continuous opposition in his march from Carolina to Bethel, his casualties numbering 36. After the arrival of Lord Methuen at Zuerst there was a reconnaissance in force northward, which resulted on Saturday in the discovery of large numbers of Boers, who were only dislodged after artillery and rifle fire, lasting four hours. The British had four killed and 10 wounded.

Poor Box Robber Committed Suicide.
Miamonolis, Oct. 24.—Father Andre of the St. Ignace church, Des Moines, Iowa, noting that the poor box in the church was being robbed, had it fitted with a burglar alarm. When this alarm was set off, the burglar fled into the street in pursuit of the thief. The priest finally overtook the thief and handed him over to the police. His name was M. Landry, a clerk at the Anthon Hotel. Landry was found hanging in his cell, dead.

Event of Charged With Fraud.
Providence, R. I., Oct. 24.—Three indictments were returned by the grand jury in the case of John M. Whelan, a prominent business man, who was indicted on a charge of fraud and also for alleged taking of money from the Massachusetts county poor fund. Whelan is charged with having obtained money from the county poor fund by means of a fraudulent receipt.

Mobs Still a Fear.
London, Oct. 24.—A huge mob awaited Mr. Dowle at St. Martin's town hall yesterday and the "faith healer," who had to be guarded by policemen, was rushed into the hall through a double cordon of policemen. The crowd howled and charged, but the police stopped what were really ugly rushes for the doors.

Think They Should Be Separated.
Fort Worth, Tex., Oct. 24.—The citizens of Oklahoma and the Indian Territory want single statehood for the two territories. The formation of leagues to promote this end has commenced. Determined efforts in this direction are being made by the leading people of those territories.

Wreck and Loss of Life.
Elmira, N. Y., Oct. 24.—A freight train on the Pennsylvania division of the Central Hudson ran into a landslide at Pine creek last night. Twenty cars were thrown down an embankment and Fireman Ryan was instantly killed.

USED A BUTCHER KNIFE.

Enraged Man Kills Himself After Having Tried to Murder His Wife.

Boston, Oct. 24.—Enraged because his wife, from whom he had lived apart for some time, would not return to him, Thomas Doyle stabbed her five times, but without fatal effect, and then stabbed himself through the heart, expiring almost instantly.

Mrs. Doyle lived at 211 Salem street, and Doyle, armed himself with a long butcher knife, laid in wait for her last night when she returned from work, and, after a short argument, began slashing her viciously with the weapon.

Three blows took effect in her back, one in the left side, and the other in the left shoulder. Evidently believing he had killed the woman, Doyle then plunged the knife into his own heart.

His body was removed to an undertaker's and Mrs. Doyle was carried to a hospital. It is said that her injuries are not dangerous. Doyle belonged in House Harbor, C. B., and had been in this city only a few days, having been, it is stated, under the influence of liquor nearly all the time.

Blames a Fellow Keeper.
Providence, Oct. 24.—That it is a fellow keeper and not he that is responsible for John N. Drape's death is the defense set up by Charles T. McLaughlin, on trial on an indictment charging him with the murder of Drape, an inmate of the state hospital for the insane, where McLaughlin was a keeper. McLaughlin testified that Elwell L. Lowell, a keeper in the same ward, was attacked by Drape and that Lowell got Drape down on the floor and commenced to kick him. Drape succeeded in rising partly to his feet, and was again knocked over and kicked by Lowell, the witness said. By this time the had fought their way nearly to the door of Drape's cell, and disappeared within the latter.

To Test Railroad's Liability.
Worcester, Mass., Oct. 24.—Mayor Dodge has ordered the city solicitor to begin suit at once against the Worcester Consolidated Street Railway company to enforce payment of bills amounting to \$12,000. This will be the case to test a provision of the street railway law passed by the legislature in 1898. The \$12,000 alleged to be due Worcester was expended for removal of snow from the streets, the railway company claiming that it should not be obliged to pay this in addition to the excise tax required by the law of 1898.

Bernard Farrer's Generosity.
Greenfield, Mass., Oct. 24.—The Farrer memorial hospital at Montague City, erected and equipped by Bernard M. Farrer, as a memorial to his son, B. F. Farrer, was dedicated yesterday. The entire cost of the building and equipment, more than \$100,000, has been paid by Mr. Farrer. It is unsectarian, and open to all people.

Serious Burning Accident.
Milford, N. H., Oct. 24.—Mrs. Raffaele Carpenter struck her head against a lighted bracket lamp, breaking the oil reservoir. The oil, which ignited, ran down the woman's clothing, and she was frightfully burned from her knees up. She is also in a delicate condition, so that the shock will be more than she can stand.

Barre Police Hadn't Heard of It.
Manchester, N. H., Oct. 24.—Byron W. Smith and Otis W. Lewis are under arrest here, charged with robbing a store in Barre, Vt. A part of the swag was found in the possession of the prisoners. A peculiar fact in regard to the incident is that the Barre police did not know that a robbery had been committed.

Perhaps Disfigured For Life.
Boston, Oct. 24.—Annie Grant, 24 years old, was badly burned about the head and back at her home last night. The little girl was playing about a stove when in some way her clothing caught fire. No doubt is expressed as to her recovery, although it is feared that she will be disfigured for life.

Gun Accidentally Discharged.
Leominster, Mass., Oct. 24.—While on a hunting trip on Rice hill with three companions of his own age, William McLaughlin, 17 years old, was drawing the gun from a wagon by the muzzle, when the trigger caught, and the weapon was discharged, blowing off part of his head killing him instantly.

Contest Over a Dead Body.
Cambridge, Mass., Oct. 24.—Two wives are claiming the body of Charles Place, a box manufacturer, who died here Sunday night. The second Mrs. Place made her home with her husband, in this city. The first Mrs. Place lives in Somerville, and has two children, both of whom are married.

Weathered the Storm.
Portland, Me., Oct. 24.—Captain Fildes and Messrs. Greene and Doughty, the three men supposed to have perished in the storm of a week ago, have turned up safe and well. They managed to make Wood Island, and it was from there that a message was received from them yesterday.

Thrown From Carriage and Killed.
Amherst, Mass., Oct. 24.—Mrs. Alphonso Pillierin died yesterday after she had been thrown from a carriage in which she was riding. The horse attached to the vehicle had become unmanageable. Mrs. Pillierin, in falling, struck her head against a stone gutter.

Identified as Peter Boyd.
Lowell, Mass., Oct. 24.—The body of the man found in the Dracut woods has been identified as that of Peter Boyd, whose wife was murdered in this city about a year ago. Medical examiner Irish says he will sign the death return "death by suicide."

Accident Resulted Fatally.
Meriden, Conn., Oct. 24.—Minnie Marquardt, who was injured by the fall of a tree, beneath which she was passing, died yesterday. Steve Sadowski, who was chopping down the tree when the accident happened, is held on the charge of manslaughter.

Stricken From Court Docket.
New Haven, Oct. 24.—The case of Mrs. Lillian Ludden of New York, who had been held here since Oct. 6, pending extradition papers from New Jersey authorities for alleged bigamy, was nolle prossed yesterday in the city court.

CANDIDATE ROOSEVELT.

An Able Statesman and Soldier and of Earnest, Aggressive Personality.

"Without our wish, we found ourselves suddenly engaged in a contest with one of the oldest monarchies in the world. From the beginning to its close, at the end of a hundred days, it was a marvel of successive victories. The thrill of conquest, the admiration for those who were privileged to be at the front, the desire to reward the men who had risked their lives for so great and good a cause, made a demand for the people that a soldier should be rewarded with this great office of governor of the state of New York. We had that soldier, New York born and bred, New York in every drop of his blood. He won the most brilliant laurels in the war. The party recognized his fitness for the executive of the state. It met the demand of the people that he should be placed at the head of the ticket and the heroes of the war were complimented and the state was honored in securing for its chief officer Theodore Roosevelt."—Senator Depew of New York.

"Gentlemen, the splendid record of 1900 is in no small part due to the militant Republicanism, the severe honesty and the able statesmanship of that most earnest and aggressive personality in the contemporaneous life of the republic—the soldier, the author and the statesman, Governor Theodore Roosevelt. Let the independent voter, unbiased by partisan affiliation, as he surveys the political situation in the state of New York this fall, contrast the government of the state, as administered by Republicans, with that of the city of New York, administered by the Democrats, and candidly ask himself the question which party is most entitled to his support and confidence; then cast his ballot in conformity with the dictates of his conscience, and the result will not be uncertain—the standard set by Governor Roosevelt and his associates will be strengthened and maintained."—Senator Branham at New York convention.

FUTURE OF THE PHILIPPINES.

Democrats Responsible For Delay of Full Peace in the Archipelago.

President McKinley's views: "Would our opponents surrender to the insurgents, abandon our sovereignty, or cede it to them? If that be not their purpose, then it should be promptly disclaimed, for only evil can result from the hopes raised by our opponents in the minds of the Filipinos that, with their success at the polls in November, there will be a withdrawal of our army and of American sovereignty over the archipelago, the complete independence of the Tagalog people recognized, and the powers of government over all the other peoples of the archipelago conferred upon the Tagalog leaders."

"The effect of a belief in the minds of the insurgents that this will be done has already prolonged the rebellion, and increases the necessity for the continuance of a large army. It is now delaying full peace in the archipelago and the establishment of civil governments, and has influenced many of the insurgents against accepting the liberal terms of amnesty offered by General MacArthur under my direction. But for these false hopes a considerable reduction could have been had in our military establishment in the Philippines, and the realization of a stable government would be already at hand."

"The American people are asked by our opponents to yield the sovereignty of the United States in the Philippines to a small fraction of the population, a single tribe out of 80 or more inhabiting the archipelago, a fraction which was only attacked the American troops in Manila while in rightful possession under the protocol with Spain awaiting the ratification of the treaty of peace by the senate, and which has since been in active, open rebellion against the United States. We are asked to transfer our sovereignty to a small minority in the islands without consulting the majority, and to abandon the largest portion of the population, which has been loyal to us, to the cruelties of the guerrilla insurgent bands. More than this, we are asked to protect this minority in establishing a government, and to this end repress all opposition of the majority. We are required to set up a stable government in the interest of those who have assailed our sovereignty and fired upon our soldiers, and then maintain it at any cost or sacrifice against its enemies within and against those having ambitious designs from without."

"In the agricultural district around us, however, the change has been very marked. A great many debts have been paid off, and the bank deposits have about doubled. I was talking today with a leading Populist of this locality who used to be a Republican. He is going to vote for McKinley this time, and there are lots more like him. He says McKinley could not have done anything else than what he has done in our foreign relations, and that he has managed things as well as anyone could have done. Some mistakes have been made, but everyone makes some. He says the silver question is dead as long as the balance of trade is coming our way. He is quite a representative man, and speaks for a large proportion of Bryan supporters of 1896 in this community."—James M. Jones, the station agent at Concord, N. H., for the Boston and Maine railroad, is dead. For half a century he had been railroadroading. He was born in Deerfield, Mass., April 20, 1821.

After an administration of nearly four years, Rev. Edward J. Purbrick, provincial head of the Jesuits, has been recalled to England. Rev. Thomas J. Cannon, an American, succeeds him as the head of the New York-Maryland province. Fr. Purbrick's health recently had not been good. The bi-centennial celebration at Yale will be held Oct. 20 to 23, inclusive, 1901. Mrs. William J. Bryan is enjoying a visit to New Haven, as the guest of Mrs. Philo S. Bennett, a friend of several years' standing. Mrs. Bryan is accompanied by her daughter.

REPUBLICAN ISSUES.

Boiled Down, They Will All Be Found In the Full Dinner Pail.

"Our issue is the prosperity of the American people and the honor of the American nation. They are menaced by free silver at home and free rioting in the Philippines. Under the Republican party the country has been raised from dire depression to boundless prosperity, and the good name of the republic has been kept unsullied. Common sense tells you that if you preserve prosperity and the public faith, you must support the party which has created and maintained them. The record of the Republican party is the pledge of the election of McKinley and Roosevelt."—President Schurman of Cornell university.

"My fellow-citizens, you have heard a great deal of talk of late about the paramount issue. This issue, whatever it is, is yours. I saw it a moment ago among the trees—a full dinner pail. You may talk about expansion, anti-trust, silver government by injunction, the constitution following the flag, and all the rest of it, but, fellow-citizens, I want to tell you that this whole issue boiled down is in that dinner pail. If this is a government, it is great because of its people. If it is a successful nation, it is so because of the industry of its people. What my friends, is the object of the Democratic party in bringing in collateral issues, except to distract your attention from the very fact that you are prosperous, and that every promise of the Republican party made at St. Louis has been fulfilled; that every proposition has come to pass, and that you are enjoying the benefits of those prophesies. Now, it is a camouflaged issue, only to inject into this campaign issues that are simply collateral."—Senator Hanna.

THE TRUST QUESTION.

Publicity One of the Best Remedies For Crushing Out Evil.

"Talk about the sincerity of the Democratic party on the trust question. Why at Kansas City they put a plank in the platform denouncing trusts, but ignore Grover Cleveland, who once said: 'Public office is a public trust.' (Laughter.) The Democratic party in the city of New York has turned public office into an inn. There they are robbing the people out of their hard-earned wages for what to them is a necessity of life while the very conspirators who formed the ice trust were gathered in Saratoga denouncing it."—Lieutenant Governor Woodruff.

"The Democrats referred to trusts in a single line in the Wilson bill. That's all they have done against trusts. Think of Croker and Van Wyck and a host of crowd with their pockets bulging out with trust stock, putting in the reform 'We condemn the ice trust!' They come up with all the courage of the wicked flee when no man pursueth."—Congressman Payne.

"A word as to trusts. Beyond a question the great industrial combinations which we group in popular parlance under the name of trusts have produced great and serious evils. There is every reason why we should try to abate these evils and to make men of wealth, whether they act individually or collectively, bear their full share of the common burdens, and keep as scrupulously within the bounds of equity and morality as any of their neighbors. But while the frantic denunciation does not do the least harm, and simply postpones the day when we can make them amenable to proper laws, hasty legislation of violent type is either wholly inefficient against the evil, or else crushes the evil at the expense of crushing every man of good. One of the first things to do is publicity. We must be able to lawfully find out exactly what each corporation itself will effect something toward doing many evils. Moderation combined with resolution can alone secure worth having."—Candidate Roosevelt.

President Schurman of Cornell university: "Mr. Bryan is the boomer of bogies in the United States, but, as Lincoln remarked, you can't fool the people more than once. Our prosperity under the gold standard has been unmasked. Mr. Bryan, but there is no escape for him from this position to which he has pledged himself. The other issue is that of imperialism. I don't know of any one-man power here except in Tammany hall."

Awaiting Developments in Denmark.
Washington, Oct. 24.—Relative to the European reports of the effort of the United States government to purchase the Danish West Indies, it is said that the United States government is quietly awaiting developments in Denmark. When the Danish government is in a position to make the sale, our government will be prepared to negotiate upon the subject afresh.

Result of Tenement House Fire.
Montreal, Oct. 24.—A fire which broke out in a small tenement house on Avenue du Parc last evening yesterday morning resulted in the death by suffocation of five children. The children were in the upper room and were dead before the firemen could get near them.

NEW INDUSTRY OPENED

United States to Begin Cultivation of India Rubber Tree.

WILL SAVE MANY MILLIONS

Thirty Million Dollars May Be Expended Annually Under the American Flag—Great Future For Our Island Possessions Unquestioned Enormous Increase in the Imports.

More than \$100,000,000 worth of India rubber has been imported into the United States during the past few years and more than \$60,000,000 worth in the last two years. A decade ago the annual importations of India rubber amounted to about \$15,000,000. Now they exceed \$30,000,000 and are steadily increasing. Practically all of the importations of rubber come in crude form for use of manufacturers, who are constantly extending its application to various new lines of industry. Northern Brazil, southern Mexico, West Indies, central Africa, India, the Straits Settlements and the Dutch East Indies supply this increasingly important feature of our importations. Fully no single article has made a more rapid growth in its relations to manufactures, and consequently commerce in the past few years than rubber. As a consequence attention is now being given to the cultivation and systematic production of rubber plants and trees from which it can be produced.

The above statement is based on the receipts by the treasury department statistics at Washington, detailing the system of being made for the cultivation of rubber trees and plants in the British colonies, especially Ceylon, India, and South Africa. This statement is the well known fact that the cultivation of agriculture has been the subject of experiments and inquiries in the island territories of the United States, adds greatly to the interest in this question and to the possibility of the \$30,000,000 a year which we are now sending out of the country for this product may be secured from the American flag and the American producers. The fact that Mexico and central America are natural producers of India rubber in considerable and increasing quantities and that large quantities are produced and exported from the islands and mainland immediately adjacent to the Philippines suggests great possibilities in this line both in Cuba, Porto Rico and in the Hawaiian and Philippine Islands.

India rubber is not, as is generally supposed, the product of a single tree, but, on the contrary, is produced from a variety of trees and plants. Some of these flourish only in a moist soil and atmosphere, while others thrive on stony soil provided they receive ample though intermittent rainfall, though in all cases a tropical or sub-tropical climate is requisite. Most of the India rubber of South and Central America and India is from trees, but in the islands of the Indian archipelago the supply of rubber is chiefly from a gummy creeper, which in five years growth attains a length of 200 feet and from 20 to 30 inches in circumference, and which yields annually from 50 to 90 pounds of caoutchouc. Java, Sumatra, Penang, Singapore and French Indo-China are already large producers of crude India rubber, or caoutchouc, and its production in the West Indies has been suggested as a means of the entire practical production of rubber. An important industry in Cuba and Porto Rico as well as in the Hawaiian, Philippine and Straits Islands.

The following table shows the value of the importations of crude India rubber and gutta percha into the United States in each fiscal year from 1890 to 1900:

Fiscal Year	Value
1890	\$15,000,000
1891	\$18,000,000
1892	\$20,000,000
1893	\$22,000,000
1894	\$24,000,000
1895	\$26,000,000
1896	\$28,000,000
1897	\$30,000,000
1898	\$32,000,000
1899	\$34,000,000
1900	\$36,000,000

Wireless Telegrapher's Prediction of Marvellous Work.

M. Guarnini has demonstrated the wireless telegraph between London and Antwerp, says the Philadelphia Press. With his apparatus he says he can send a dispatch around the world in one hour.

He further states that his telegraph system between New York and London would cost only \$97,330, whereas cable costs many millions. The experiment will be made with a repeater Malines, which is half way between Antwerp and Brussels.

WHERE AMERICANS WIN

Labor Saving Tools Secure Them Business In Foreign Lands.

FINDINGS OF A BRITISH AGENT.

Ingenuity of Americans More Than Balances Disadvantages of High Wages, Distance and Freight. Striking Instances of Appliances Used For Saving Labor.

The British commercial agent to the United States has been trying to find out how American, and especially Chicago, manufacturers can compete successfully with foreign manufacturers under ordinary conditions of trade that are against the Americans. His conclusion is that the secret lies in the widespread use of time and labor saving machinery, says the Chicago Times-Herald. In this branch of industry the agent, E. Seymour Bell, concedes to American ingenuity and shrewdness a superiority over that of the old world.

Great Britain wondered how the United States could capture contracts for bridges and rails in South Africa when the factors of distance, wages and freight are so much in favor of the European competitors. It was especially marveled at that Chicago, so far from the seashore and paying high prices for labor, could secure a part of the South African trade. Mr. Bell says it is because the machine tools so materially reduce the labor bill. He says in his report:

"In order to be able to turn out goods at such a rapid rate and in such large quantities only machine tools of the very latest pattern are used. Every improvement and every invention by which labor may be saved or time reduced is at once taken advantage of. In all the works I have seen in this country the one great object seemed to be to save unnecessary labor wherever possible and to get through the work as expeditiously as possible.

"In one large works which I had an opportunity of visiting I found one man in charge of ten automatic machines, all working at the same time. Some were lathes turning small pieces, others were putting the thread on nuts and bolts. In this one shop there were 50 machine tools working and in charge of only five men.

"It is not an unusual thing to see one man in charge of three or four of the ordinary small lathes. They are placed in such a position as to make it possible. Drilling machines with batteries of four or six drills are not uncommon; also machines cutting key ways in eight small axes at one time. Consequently, though wages are high, the actual cost per piece is very low on account of one man being able, thanks to these labor saving machines, to turn out so much work.

"In one works I visited I was assured that ordinary laborers were being employed in place of skilled mechanics to take charge of some of the lathes and drilling machines so as to avoid paying the highest wages of the more skilled men. They found it to answer perfectly, because, owing to the perfection in the construction of the machines, the work was automatic. The machines were made sufficiently strong so that an unskilled man might work them without fear of breakages, and the tools were sharpened ready for the man in charge. This was only possible, of course, where the work to be done was not of a complicated nature.

"I had the opportunity of visiting one of the largest agricultural machine establishments where they employ, when in full work, about 3,000 hands. They confine themselves to making grass mowers, hay rakes, reapers, binders and binder twine. Beyond making a few machine tools for their own use and doing their own repairs, the whole force is employed in making these few articles. They consequently turn out large numbers, and, needless to say, the quality of the construction is excellent.

"Labor saving machines and appliances were to be seen everywhere. In the forge, for instance, there was not a hand hammer to be seen. Nothing but lift hammers worked from pulleys and a few steam hammers for the heavier pieces were used. The iron was heated in gas and oil furnaces. Electricity was used throughout, not only for lighting, but also for driving the machinery. Compressed air was used as an accessory for working the cranes and hoists and also for operating the pneumatic tools for chipping, caulking, etc.

"In addition to the tools I have mentioned there were many other instances where the appliances used for the saving of labor were striking. I noticed a machine for punching 40 holes in iron plates at one stroke, another for riveting at one stroke 20 teeth on the knife plates of grass mowers. Cart loads of timber were unloaded in a very few seconds by means of rollers placed lengthwise on the carts. To describe the apparatus I saw would be useless, but perhaps what I have mentioned will give a fair idea of the many ways by which machinery is turned out quickly and cheaply from American workshops. At the works I have seen malleable iron castings play a very important part. They are largely used in the place of forged iron.

"Machine tools of British manufacture do not seem to be in favor in this country. They are not considered suitable for the work to be done, and are generally dearer than those of native make. There are consequently comparatively few to be seen. The designs of some of the American tools are certainly very ingenious, and the work they do is exceedingly accurate. They also appear to run at a greater speed than the English ones."

TODAY'S COURT.

The continued case of G. B. Bates was again continued until next Wednesday.

The continued case of Charles Turney was again continued until next Wednesday.

Herbert L. Washburn for exposing liquor for sale at Colasset was found guilty, and the case continued for sentence until Nov. 21.

With Capital of Twelve Millions.

Pittsburg, Oct. 24.—The Post says: A company composed almost entirely of Pittsburg capitalists has been organized to engage in new blast furnace and steel manufacturing institutions. The capital of the new corporation is \$12,000,000, and included in the enterprise are the operating of coke ovens and the mining of coal in the Monongahela valley, with the possible building of a short line of railroad from the coke and coal works to Lake Erie. The big plants in question will be located at Welland, Ont., which is near the entrance to the Welland canal. This is known as the Canadian natural gas, and any quantity of that fuel is available.

Negro Lynched by Negroes.

Chickasha, Miss., Oct. 24.—Gloster Barnes, colored, was lynched by a mob of his own people in the northern part of this county last night. In a drunken fury, Barnes murdered his wife, stabbed and badly wounded a negro who interfered, and engaged in a rifle duel with a white man who attempted to arrest him. In charge of two colored deputies, Barnes was started for the county jail here. On the road his escort was put to flight by a big crowd of negroes, who took the murderer into a thicket and shot him to death.

Five Generals in Spanish Cabinet.

Madrid, Oct. 24.—The new Spanish cabinet took the oath of office yesterday. The new ministry is composed of: President of the council, General Aznar; minister of foreign affairs, Marquis de Casa; minister of war, General Llauder; minister of finance, Senor D. Salazar; minister of the interior, Marquis de Alcazar; minister of justice, Marquis de Villalobos; minister of public instruction, Senor Alix; minister of agriculture and public works, Senor Toca. The press points out that five of the ministers are generals.

Youtsey Taken to Frankfurt.

Frankfurt, Ky., Oct. 24.—Henry E. Youtsey was placed in jail here yesterday. Youtsey was the last of the suspects who were confined in the Georgetown jail, Caleb Powers, who was a life imprisonment, not having been removed to Louisville. Davis, Combs and Whittaker, the others, whose cases were venued, have been released on bail. Jim Howard, who is under death sentence, is in the jail here.

Politician Heed on Pejury Charge.

New York, Oct. 24.—Henry C. Honck, a Tammany assemblyman, was arraigned in court yesterday, charged with perjury and having aided and abetted in false registration. He was held in bail of \$1000 on the perjury charge, and paroled in custody of his counsel.

Germany Still Our Friend.

Berlin, Oct. 24.—Count Von Buelow authorizes the statement that his accession to the chancellorship will mean no change in Germany's friendly attitude toward the United States, either politically or commercially.

Was a Minister's Adopted Daughter.

Newark, N. J., Oct. 24.—The woman known as Edith Barrett, who committed suicide here Sunday, was Ethel Emerson, the adopted daughter of a minister of Providence. She had been a vaudeville actress.

A Valuable Chunk of Gold.

Vancouver, B. C., Oct. 24.—The Cariboo consolidated gold mine of Queensland has shipped to New York a record-breaking ingot, weighing 753 pounds, and of the value of \$154,765.

GATHERING EVIDENCE.

Much Depends on Analysis of Blood-stains in the Bailey Murder Case.

Overcoat Worn by the Victim May Play an Important Part.

Police Get a Letter From a Woman in Connecticut Who Thinks She Is Best's Wife.

Lynn, Mass., Oct. 25.—The final search at the Breakheart Hill farm for evidence of the murder of George E. Bailey was made yesterday afternoon by State Officers Neal and Hammond, and they learned that previous to Sept. 27, the date on which Susie Young went away, Best had no key to the back kitchen door. Bailey always kept it with him.

Since Oct. 8, the date on which Bailey disappeared, Best has had a key. It may be of course, that Bailey gave Best the key, or that he had hung it up where Best could have got it after Susie went away, but the fact that the key has been in Best's possession only recently looks suspicious.

On Friday, a report of the analysis of the supposed blood spots found on different pieces of clothing at the farm will be made by Professor Wood of Harvard, and the case practically rests upon the result of his findings. If he decides that the spots are not of human blood, the officers realize that they have a hard proposition to face, on the other hand, if they are declared to be blood, their evidence against Best will be wonderfully strengthened.

Officer Neal made a discovery last night which he believes to be of special importance. Early last evening he went to the Pleasant Hill neighborhood and had a talk with Charles Deery, to whom Bailey delivered milk daily. By the conversation, Officer Neal is confident that Deery was the last man to see Bailey alive, Oct. 8, with the exception of the persons who caused his death.

After supper on that evening, Bailey took his usual drive to the house of Mr. Deery with the milk, and after remaining in the stable for nearly half an hour, he returned home, which would make him absent from his farm about an hour, if he went directly home. Mr. Deery recalls that on that night Bailey wore an overcoat over his shooting jacket, because it was raining quite hard. He is positive that he wore the overcoat, as they talked together for quite a while.

The coat that Bailey wore that night has been found in his room at the Breakheart Hill farm. It was behind the door, where he usually kept it. No blood-stains have been found upon the garment, and Officer Neal reaches the conclusion with great certainty that Bailey was killed about the place. Advancing the supposition that Bailey put up his horse after returning home, he then went into the house and hung up the coat in its usual place. Neal believes the killing was subsequent to the routine work of Bailey during the evening.

The Lynn police yesterday received a letter from Mrs. G. Irene Best of Thompsonville, Conn., in which she says that she has reason to believe that John C. Best is her husband.

She sent a description which tallies with that of Best, and added that they were married at Troy, N. Y., on Dec. 8, 1889, and that on March 19, 1895, Best left her to go to Springfield. Since that time, she says she has heard nothing of him, until she read his name in the papers in connection with the murder case.

Mrs. Best further stated that she has valuable information concerning her supposed husband, and as a result an officer will go to Connecticut and interview the woman.

When Best was seen in Salem jail he declined to talk concerning his affairs, and refused to tell whether he had been married or not. By advice of counsel he refused to discuss the case in any of its phases.

Thompsonville, Conn., Oct. 25.—Mrs. G. Irene Best received a letter last night from Deputy Marshal Bartlett of Lynn, containing a description and a picture of John C. Best, and the statement that the authorities considered that the man under arrest was not Mrs. Best's husband.

White's Murderer Convicted.
Philadelphia, Oct. 25.—Henry Ivory, colored, charged with complicity in the murder of Professor Ray W. White, the law instructor of the University of Pennsylvania, was convicted of murder in the first degree. Professor White was murdered with a railroad coupling pin, and robbed on the street on May 19. Amos Stirling and Charles Perry, both colored, are yet to be tried for the same crime.

Three Men Drowned.

Asheville, N. C., Oct. 25.—G. G. Graham, Robert Earwood and Richard Russell, employees on George W. Vanderbilt's Baltimore estate, tried to cross French Broad river, which was much swollen from recent rains, and their boat was overturned, and all three were drowned.

Army Transports Are Satisfactory.

Washington, Oct. 25.—Secretary Root has rejected the proposition to have the military transportation business between this country and Cuba and Porto Rico conducted by a merchant line of steamers on those routes, instead of by regular army transports, as at present.

NO WARRANT OUT FOR ARREST.

Bank People and Pinkerton Men Said to Know Where Teller A. Vaid Is Located.

New York, Oct. 25.—There is reason to believe, according to the New York World, that Cornelius L. Alvord, Jr., the note teller, who robbed the First National bank of \$70,000, is either in the custody of the Pinkerton men, or he is where they can get him in a very short time.

Every indication last night pointed to the fact that the whereabouts of Alvord was no mystery to the bank people and the Pinkerton men. It was thought for a time that the Pinkertons had their man cooped up in his own home, in Mount Vernon, and had had him there since Sunday.

No warrant has been issued for the arrest of Alvord. No police department has been officially informed of his theft. Nevertheless, the Pinkertons are making place him under arrest. These facts made clear yesterday that the robbed bank is bending every effort to effect a compromise, by which restoration of a part or all of the stolen money will be made.

How far the negotiations for restitution have progressed is not known. Neither the attorney for Alvord nor the officials of the bank would discuss that matter yesterday.

Men who are intimately acquainted with the Alvords and who were frequent visitors at their home in Mount Vernon, declared that he never recanted the missing teller having spoken of race horses. They knew, however, that Alvord speculated heavily in stocks. To the best of his friends' knowledge all of Alvord's deals in the stock market were on a very large scale, and they say he could readily understand how the bank teller might have disposed of much of the First National bank's money.

THE SPORTING WORLD.

Philadelphia, Oct. 25.—The American baseball league, which failed to materialize last winter, owing to lack of financial support in Philadelphia, has profited by that experience, and its members have put in a busy summer among national league players. The circuit will probably be made up as follows: Philadelphia, Baltimore, Washington, Brooklyn, St. Louis, Detroit, Chicago and one other club in the west. The Players' Protective association is in accord with the new league, and most of its members will be induced to jump if the new league can see good financial backing for the clubs.

Walcott to Fight Sharkey.
New York, Oct. 25.—Tom O'Rourke, manager of Joe Walcott, covered Tom Sharkey's \$2500 yesterday on behalf of the Barbadoes negro. He offers to match Walcott, a welterweight, against the sailor, in a battle of any length, and to bet a big sum on the negro.

The Sherman Funeral.
Washington, Oct. 25.—In the capital of the nation, where his life work had been accomplished, there gathered yesterday representatives of every governmental department and the representatives of many foreign powers to pay homage to the memory of John Sherman. The funeral services were at the Sherman home, and were very simple. In accordance with the Episcopal usage, there was no funeral address, and after the reading of the service and a short prayer, the casket was borne from the house. The funeral party left for Mansfield, O., at 3:30 o'clock.

Whites and Blacks at Odds.

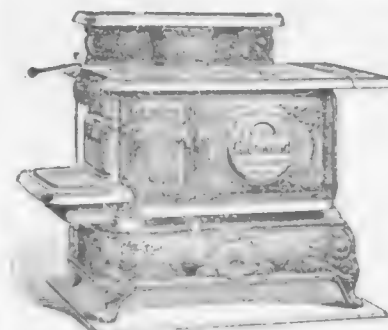

Santiago, Oct. 25.—The departure of the provincial delegates to participate in the proceedings of the forthcoming constitutional convention at Havana caused an immense demonstration here. They were escorted to the wharf by upwards of 12,000 persons, of whom nine-tenths were colored people. The political parties are drawing the color line very closely, and this is causing bitter feeling between the races.

Appointment Pleases Diplomats.

Berlin, Oct. 25.—Baron Von Richthofen has been appointed minister of foreign affairs, in succession to Count Von Hadow. The appointment is hailed with great satisfaction by the entire diplomatic corps. He is now 53 years of age, very accessible, straightforward and thoroughly businesslike in his methods.

Good Afternoon.

Some doubts have been expressed

from time to time during the year

whether Mayor Hall would again be

successful at the polls if a candidate

for reelection. There was dissatisfaction

among some at the beginning of the

year over appointments. Some of the

officials appointed were not the choice

of a considerable number, while others

were disappointed at not receiving ap-

pointments.

But most of the appointees have

admirably filled their positions, es-

pecially the Commissioner of Public

Works, who has the expenditure of the

bulk of the appropriations outside of

the maintenance of the public schools.

Last year there were ugly rumors in

connection with the administration of

this office by the Democratic incumbent,

a questionable transfer of \$5,000

from the sewer department to sup-

ply the department with funds, and

finally an excess of appropriations

amounting to nearly \$5,000, which re-

mains unpaid today, and which the

Finance Committee report ought not

to be paid. This year there is con-

fidence in the Commissioner, and a

belief that he has shown good judg-

ment at all times, and that he has

honestly and economically expended the

and doubtless there are other similar

cases, if an investigation was made.

Drift of Opinion.

"A word of love and sympathy is a

little thing compared with the edict of

a despot; but it may lift up a human

soul, deep down in the bogs and

marshes of discouragement, and plant

it on the solid ground of hope and

trust. Try it!—Uncle Tim.

The Salem Observer notes the

introduction of a machine in the local

gas office by which the monthly bills

which are sent out are addressed by

foot power. There's always been a sus-

picion that the bills were made out by

machine power, just to save the con-

science of the employees in the office, if

for no other purpose.—Haverhill

Gazette.

If we could get a consensus of

honest opinions from foreigners we

should no doubt be told that our

dominant national trait is—bad

manners. We probably never shall

live down the effect produced by the

awful, rich "trippers" and

striking girls who first represented

us in Europe. They still are believed

to be true American types. "The

American vulgarizes all that he

touches" has everywhere passed into

an adage.—An American Mother. "In

the November Ladies' Home Journal.

Writing in The London Times

"E. F." says: "For several years,

beginning from about twenty years

ago, I found it a pleasure to waste

money and leisure time every summer

in ascertaining and setting forth in

print exactly the superior relative

position of English railways compared

with those of any other country in re-

gard to first-rate passenger trains. It

was a pleasure because the superiority

was astounding. Since then the su-

periority and the pleasure have done

nothing but dwindle. As to exceeding-

ly fast expresses, America still in front

of us eleven years ago, and keeps ahead

with brilliant ease. In Prussia the

record of the last twenty years is one

of unintermittent improvement. But

it is France who leads the world at

present in speed. If we leave dry land

and examine the ocean, the same fact

runs us down. Britain does not rule

waves in speed. It is Germany who

holds, and seems likely to hold, the

cup for Atlantic passages."

Political Potpourri.

The Democrats will hold a rally at

St. Mary's hall with the following

speakers: John A. Ryan of Boston,

Hon. John W. Coughlin of Fall River

and Congressman Napier. They will

also hold a rally at Music hall one

evening next week when the speakers

will be: Congressman Warner of New

York, Hon. Josiah Quincy, Christopher

Callahan, and Congressman Napier.

Mayor Hall Tells of Needs

of City.

Expert Testimony Of-

Others Tell of Failure to

Get Gas and Poor Service.

The hearing of the City of Quincy

before the Gas Commissioners relative

to cheaper gas and better service was

opened this morning at the State House

with a good attendance of Quincy

gentlemen.

Lawyer Anderson, the expert counsel

of the city, presented an array of dates

and facts concerning gas.

Mayor Hall told of the needs of the

city, and the privilege of lighting by

gas which was denied at Quincy Point,

South and West Quincy and Norfolk

Downs.

Councilman Poland told of his suc-

cessful effort to have gas extended to

his new house.

George H. Page of Wollaston testi-

fied to poor service.

At this point the hearing adjourned

for lunch.

Among others present were City Se-

cretary Sears, C. A. Spear, the Clerk of

the City Council; Councilmen De-

Normandie, and Faxon, ex-President

W. S. Pinkham, City Engineer Flood,

Frank F. Crane, and a representative

of the Daily Ledger.

Successful Sale.

An entertainment and sale was held

by the King's Daughters Wednesday

evening at the residence of Mrs. C. W.

Guy on Butler road. There were

numerous fancy articles for sale as

well as home-made candy, ice cream

and cake. There was a large attend-

ance, and many as could be accommo-

dated, and everything met with a

ready sale. The large double parlors

were used as the hall for the entertain-

ment, and a more ideal hall could not

have been desired.

The entertainment was of a charac-

ter that could not fail to please and

each member received a hearty ap-

plause. The programme included,

piano solos by Mrs. J. J. Feeley of

Walpole, vocal solos by Miss Drow of

Atlantic, cornet solos by Mr. Charles

Scamell of Quincy, readings by Miss

Eleanor Murray of Boston, and selec-

tions by the Galski Ladies' quartette

COAL STRIKE IS ENDED

In Collieries Where Terms of the Miners Have Been Complied With.

Officials Authorize Resumption of Work on Monday.

Strengthening of Union Urged to Resist Any Future Attempt at a Cutdown.

Hazleton, Pa., Oct. 26.—There was much rejoicing here when the announcement was made that the coal strike was at an end so far as was concerned the collieries where the conditions demanded by the miners had been complied with. The news spread quickly, and soon telegrams began to arrive at headquarters. The United Mine Workers' officials firmly believe that all the operators against whom the strike has not been declared off will concede the miners' demands by Monday.

The following statement was given out for publication last night by President Mitchell of the United Mine Workers:

"To the Miners and Mine Workers of the Anthracite Region:
Gentlemen: After carefully canvassing the entire strike situation, we, your officers, district and national, have concluded that your victory is so nearly complete that no good end can be secured by continuing the strike longer. The contest has been in progress for 23 days, and the companies employing you have, with few exceptions, signified their willingness to pay the scale of wages formulated by the Scranton convention of Oct. 12 and 13.

"We are aware that some disappointment and dissatisfaction has been caused by the failure of the operators in districts 1 and 7 to separate the reduction in the price of powder from the advance in wages, but, after careful inquiry, we are satisfied that each mine employs will actually receive an advance of 10 percent on the wages formerly paid. In the Schuylkill and Lehigh regions the largest companies have agreed that the sliding scale should be suspended and that wages should remain stationary at 10 percent advance until April 1, 1901, thus removing one of the inequities of which you have complained for many years.

"While it is true you have not secured redress for all of your wrongs; while it is true that the increase in your earnings will not fully compensate you for the arduous labor you are compelled to perform in the mines, you have established a powerful organization, which, if maintained and conducted on business principles, will enable you to regulate many of your local grievances and make your employment less hazardous and more profitable than before the strike began.

"The companies agree, in their notices, to take up with their mine employees all grievances complained of. We would therefore advise that when work is resumed committees be selected by the mine employees and that they wait upon the representatives of the companies and present their grievances in an orderly, businesslike manner, and ask that they be corrected.

"Your attention is respectfully called to the fact that the laws of the state of Pennsylvania provide that miners should be paid semi-monthly upon demand; we should, therefore, advise that each mine employee serve notice on the companies that he expects to be paid his wages twice each month, as provided by law.

"The practical benefits to the miners which accrue from thorough organization have been so clearly demonstrated during this strike that it should be needless for us to urge upon you the necessity of maintaining your union intact. We trust, however, that those who are now members of the union will be unceasing in their efforts to induce all other mine workers to ally themselves with the United Mine Workers of America, at once, as it will be impossible for you to secure higher wages in the future, or even to maintain the present rate of wages, unless you are prepared to offer a united resistance if any attempt is made to reduce your earnings upon the expiration of the present offer.

"As there are some few companies who have neither posted notices, nor signified in any other manner their willingness to pay the 10 percent advance in wages and suspend the sliding scale, we would advise that, unless the men employed by such companies receive notice before Monday that the advance will be paid, they remain away from the mines and continue on strike until the companies employing them agree to the conditions offered by the other companies, and the employees of the companies who have offered the advance of 10 percent and abolished the sliding scale are hereby authorized to resume work Monday morning, Oct. 29, and to be prepared, if called upon, to contribute a reasonable amount of your earnings for the maintenance of those who may be compelled to continue on strike."

A Serious Labor Conflict.

Montreal, Oct. 25.—Over a score wounded, one fatally, is the result of a conflict between the militia and striking mill hands at Valleyfield. About 200 men employed by the Montreal Cotton Company on the foundations of a new mill went out on strike Wednesday, demanding an increase of 25 cents a day in their pay. The company refused to deal with the union. The strikers prevented the company from shipping goods and

yesterday held up the company's coal pile. The local police were powerless. The company had to have coal or shut down. Consequently, two companies of the Royal Scots were sent to Valleyfield. The embargo on the coal pile was promptly removed. After dark a mob gathered near the Empire mill and began destroying property. The troops charged the mob with fixed bayonets. Eight of the soldiers were wounded, two of them seriously. The strikers had 13 men injured, one fatally. Reinforcements were then asked for from Montreal and 300 men with medical assistance were sent to Valleyfield.

STINSON A WORLD-BEATER.

Knocked Out More Than Forty Miles an Hour on the Shoe City Oval.

Brockton, Mass., Oct. 26.—Will Stinson of Cambridge yesterday rode 40 miles 330 yards in one hour, making a new record for the time. He also created new figures for 12 to 40 miles, inclusive, and now holds every record from two to 40 miles.

Stinson's remarkable figures have been due to his pace, of which "Dutch" Waller, the veteran rider, had charge. It is a coincidence that the first recorded bicycle race against time occurred on the fair track here, in the days when the safety had not been produced.

At Stinson's trial yesterday afternoon fully 500 persons were present. The N. C. A. representative was S. A. Davidson, who also acted as starter. At the time of gun fire, the wind was blowing strong from the north, and the tinge of winter in it chilled the spectators through, and affected the

Tom Eck, Harry Elkes, W. E. Tenzler, Watson Coleman and other riders kept close watch on the ride, and at the finish they signed Stinson's application for records, as witnesses to the record breaking.

Elkes was sorry that he was not the first to make 40 miles in the hour, but says that he will have 41 miles before he leaves the city.

Frank Waller was so jubilant over the work of his protégé that he named his son, who was born yesterday, William Stinson Waller.

The previous distance for the hour was 39 miles, 143 yards, made by Stinson on this track, Oct. 20. The previous record was 38 miles, 104 yards, made by Harry Elkes on this track, Oct. 5. The one-mile record still belongs to Elkes.

Alvord's Case Offcially Before Police.

New York, Oct. 26.—Captain of Detectives McCluskey, Attorney Fisher of the First National bank and Vice President Hine held a conference at the bank for more than an hour yesterday afternoon. After the conference, Captain McCluskey

was seen by the bank officials, and that the case was now in the hands of the police. It was said in Mount Vernon last night that Alvord is now at the home of an intimate friend in Manhattan, and will be arrested within a day or two.

MAY NOT TAKE STAND.

Best Will Be Held For the Grand Jury
In the Opinion of State Officers.

Quarrel Between Best and
Bailey Previous to Murder.

Prosecution Will Endeavor to Show a Motive
in Robbery and Revenge.

Lynn, Mass., Oct. 26.—Officers are anxiously waiting for State Officer Proctor to return from New Haven with a report on the rifle and bullets found in the Breakheart Hill house, and the bullets taken from George E. Bailey's body. It is also necessary to hear the report of Professor Wood on the bloodstains that have been found at different points, and submitted to him for microscopic examination. While the officers are waiting for these two important reports, they are devoting their time in getting evidence in shape to proceed against John C. Best, providing Officer Proctor and Professor Wood make reports that the officers believe will be made.

So thoroughly have the police collected their evidence in the case that it is now practically certain that Best will not take the stand at the hearing in the Lynn police court on Tuesday.

While no statement to this effect has come from his attorneys, the general impression is that it would be unwise for the many things which the police are ready to bring against him, it being now generally admitted that nothing can save him from the grand jury.

Even without the evidence of the experts on the blood stains and bullets, the state officers say that they have enough evidence to hold Best, and are therefore prepared to go to a hearing on Tuesday and to forego asking for a further continuance.

The state will show that Bailey must have returned, because his coat and keys have since been found in the house, the coat he wore when last seen alive, and the keys which never left his possession. They will show that Bailey was there by Best's admission, that Best had the weapon that could have been used in the crime, and that he had a motive in robbery and revenge. They will also show that Best had admitted having a quarrel with Bailey before he started for the house of Charles Deery, the man who saw him last.

The police put a good deal of stress on this quarrel, the details of which Best has never told. Best says there were words, and the police say that Best, being drunk by his own admission, brooded over the affair and added to it with a drinker's remembrance of past wrongs or supposed wrongs, and then took things into his own hands and used the rifle. They say that the quarrel was the culmination of the unsatisfactory life at the farm, the end of endurance and the beginning of the thought of awful crime.

The police officials believe that their showing on these facts will be sufficient.

When they have shown these points Best will, they expect, be held without bail for the grand jury. If the expert testimony is at hand, it may or may not be put in. If Best takes the stand, and it is not likely, a continuance may possibly be asked for, but this is as improbable as is the inference that the accused will testify.

Mrs. Ludden Not a Bigamist.
Elizabeth N. L., Oct. 26.—Governor Voorhees has refused the application of Walter Winston for requisition papers for his former wife, held at New Haven on an indictment for bigamy. Mrs. Winston secured a divorce from Winston in Oklahoma in 1895, and married Dr. James M. Ludden in April, 1898, in New York city. In 1898 the New York courts declared the divorce void. Mrs. Ludden was indicted for bigamy, and went to New Haven with Ludden and a daughter of whom Winston is the father. Winston followed, obtained the child and secured her in Brooklyn. Mr. and Mrs. Ludden were married three times by the advice of counsel, once prior to the decision of the court declaring the divorce null and twice afterward in Hoboken. The governor's decision identifies Mrs. Ludden as legally married to Ludden. The custody of the child rests with her father.

Testimony in Magistrate's Hands.
New York, Oct. 26.—Frank House, counsel for Albert T. Patrick and Charles F. Jones, attorney and secretary, respectively, for the late William M. Rice, and Assistant District Attorney Osborne, submitted briefs to Magistrate Brann yesterday, in the examination proceedings in the case, in which Patrick and Jones are accused of forging a \$25,000 check. Magistrate Brann, after reading over the testimony, will hand down a decision.

Differences Smoothed Over.

Pawtucket, R. I., Oct. 26.—At a general meeting of the Rhode Island Mule Spinners' association, held here last night, all differences between the various organizations of the association were settled, and the chances are favorable for no further trouble among the organizations. The dissatisfaction was with the branches located in Woonsocket, Manville, Warren and the Pawtucket valley.

Diplomas Said to Be Worthless.

Chicago, Oct. 26.—James Armstrong, Thomas Armstrong and John H. Randall of the Metropolitan medical college, charged with using the United States mails to carry on a scheme to defraud by selling worthless diplomas, were indicted by the grand jury yesterday. The operations of the men are said to have been extensive.

Drift of Opinion.

Not long ago the newspapers told
about the superintendent of schools
somewhere forbidding the teachers to
appear in the school room in short
skirts. Now it is announced that the
El Paso school board has ordered the
young women under its jurisdiction to
wear short skirts while on duty "as a
sanitary measure." There is more
sense in the last order than in the
first, but it would be more sensible
still to leave the question of dress in
the school wholly to the wearer of the
clothes.—New Bedford Standard.

The unconscious work of the
human organism is performed so en-
tirely without our will that we seldom
think about it unless it is disturbed so
that we can only do it with difficulty.
So a man who never thinks to fill his
lungs with fresh air the first thing af-
ter getting out of bed finds himself
with a bad cold, so that he can hardly
breathe at all. Then he thinks hard
enough, and yet finds no better remedy
than to do every morning what he has
neglected, though by this time colds in
the head or on the lungs may make his
work more difficult, and require medi-
cal aid to remove.—Boston Transcript.

Rev. Charles M. Sheldon, after a
visit to Boston, is reported to have said
that he did not get a very encouraging
report of commercial life in that city.
"To his inquiries some men replied
that they believed that 10 per cent. of
business men in Boston would receive
Jesus Christ as an associate. Other
estimates were as low as 1 per cent."

Now the present writer would not be
accounted orthodox; but he confesses
that such talk about Jesus Christ,
whether he be regarded as God or man
or something between, is exceedingly
repulsive. From a religious point of
view it is irrelevant, and aesthetically
it is in bad taste. Of course, Mr.
Sheldon refers to the ethical principles
of the Christian religion, when he
speaks of receiving Jesus Christ into a
business partnership. Then why not
say so, and not degrade the idea of
Jesus as a person by trying to imagine
him forming a partnership with a Bos-
ton broker, to deal in securities, or
with a merchant to buy and sell cotton
and hides. We deprecate such state-
ments because they suggest ideas which
are incongruous, and which tend to
destroy in the minds of young men
what reverence they may have for the
Son of Man who was and is among the
sons of men most worthy and revered.
After a lifelong acquaintance with
business men of many kinds, we are
convinced that the Golden Rule was
never operative in business life to the
extent that it now is. In every genera-
tion new forms of commercial dis-
honesty appear and attract attention.
But more and more the regular every-
day methods of business are becoming
sound and honest.—Christian Register.

may catch the things said to his face.

THE GAS HEARING.

The Business of Company Probed by Mayor and Counsel.

No Extensions Made--No Profits and No Dividends for Years.

Testimony as to Poor Service and Want of Service in Different Parts of City.

At the hearing given to the City of
Quincy on Thursday, by the Gas Com-
missioners, Lawyer G. W. Anderson
the expert counsel, in opening read out
length from tables made up from the
reports of the Citizens' Gas Light
Company to the Commission. The re-
turns show it now has 65,364 feet of
mains. There has been no substantial
increase in mains for the last ten years
which showed the stand still policy of
the company. In 1890 there were five
million feet of gas used and the highest
amount in any year was seven million
feet in 1896. The sales last
year were two million. The sales per
mile of main compares favorably with
the smaller companies. The percentage
of gas unaccounted for is the largest
but one of any in the state.

He then gave figures showing the
cost of 1,000 feet of gas sold, and 1,000
feet made, as relating to coal, manage-
ment, repairs, etc. The cost of manage-
ment was \$2.97-100 per 1,000 feet sold, and
41.53-100 per 1,000 feet made. This is
out of proportion to anything, and
adds thirty cents per 1,000 to the cost.
Compared with other companies of the
size and selling the same amount of
gas it is two or three times as large.
The cost at the burner of 1,000 feet
sold was \$1.73, and per 1,000 feet made
\$1.55. This shows a leakage. Less than
one-fourth of the gas made.

City Solicitor Sears conducted the
case in the main from this on, although
Mr. Anderson frequently interposed
with questions. He presented a dia-
gram showing the several villages and
those being supplied with gas. There
was a general desire that something
should be changed. There has not been
a single foot of main extended since
Quincy became a city. Application
has been made to the company and the
applicants are told they cannot have
it. There were many houses at Nor-
folk Downs, Wollaston Park, Atlantic
and Quincy Adams, which have no gas
but would like it. The quality is so
poor at Wollaston that it is necessary
to burn eight burners to light a dining
room. There was no great demand for
gas as gas is now. If they will furnish
fairly good gas at reasonable rates the
field is ripe.

Mayor Hall said that he had this
matter in mind for several years.
There were constant requests for gas
and complaints and comments that it
could not be procured. Many houses
were being built which had no oppor-
tunity to get gas, which they would
like to use. He had communicated
with the president of the company, and
the result is this hearing. We desire
cheaper rates, better quality and more
equal distribution. In reply to a
question, he said the electric lights ex-
tended all over the city.

In reply to questions by Mr. Carver,
counsel for the respondent, Mayor Hall
said he did not know of any houses
piped for gas outside of Quincy Centre
and Wollaston. He had never com-
plained to the company of the quality
of his gas or his service. If pipe had
been extended to these out districts
when houses were built there would
have been takers. Never knew of ap-
plications for mains where there was
an agreement of a considerable number
of takers.

In indirect examination he said as
far as he knew the officers and stock-
holders of the company were not resi-
dents of Quincy. There was a prospect
of a large increase in building on
account of the ship building plant. A
large number of men were to be em-
ployed here and many houses would be
necessary. It was the most desirable
location for a ship building plant on
the New England coast. If the mains
were laid there he thought there would
be many takers.

In his interview with President Hill
of the Gas company it was said that
the company could not afford to extend
mains as the receipts were only \$14,000.
Question—In your judgment is it fair
to say to the company, extend the
mains if they can get a guarantee of a
fair income?
Mayor Hall—Holding the field they
must take some chances.

Question—What length of pipe do
you think would satisfy the demand of
the petitioners?
Mayor Hall—I should say they could
wisely use ten miles at once.
Question—Do you suppose citizens of
Quincy would subscribe for the new
stock?
Mayor Hall—Yes I think quite likely.
Question—Do you think there are peo-
ple in Quincy who would take the
property at a price, say \$100,000 and
develop it?
Mayor Hall—Yes.
George H. Page of Wollaston told of
his experience with gas at his house.
It had always been poor, but he had
never made any complaint. It was a
high price for poor gas. The lights do
not seem as bright as they should be.
after 10 o'clock at night it flares up.
More burners had to be used to get any
kind of a light.
John E. Poland had personally con-
structed 25 houses at Norfolk Downs
and Wollaston Park. He had applied
for gas in December, '96, and was in-
formed they did not have a Main near
him, and did not expect to extend any.
In his opinion people who were build-
ing would use gas if they could get it
at a fair price.
In reply to question by Mr. Carver,
Mr. Poland, he called up the gas
office by telephone in Dec. 1896, but
did not remember whether it was a
man or lady he talked with.
A recess was taken at this point un-
til 2.15.
Christopher A. Spear, Clerk of the
City Council, said all applications for
extension of mains had to be made to
the City Council and none had been
asked since Quincy became a city.
Frank F. Crane, who acted as agent
for the Fore River Engine Co., said
there was likely to be from 150 to 200
houses built within the next two or
three years. The Company say they
will not build any houses for their
workmen, and they have no legal right
to furnish light and power. He did
not think the Gas Co. had made ap-
plication to furnish gas, but the elec-
tric light people were on the ground
early.
Alvin Austin, treasurer and general
manager of the Gas Co., said the books
of the company were kept in Quincy.
There was a president, treasurer, super-
intendent, cashier and three men. The
president's salary was \$1200, treasurer
\$800, superintendent \$800, and book-
keeper \$500. He had been treasurer
since Oct. 1891. Richardson, Hill &
Co. loaned the Company \$36,000 in
1899, and in 1891 foreclosed, that was
how the present company came into
possession. No additional capital was
put in. The debts we had to assume.
We found a cash book and ledger not
kept properly. Found no records of
pipe put in.
A letter sent by Mr. Austin to the
Assessors in 1899, claiming that the
plant had depreciated 50 per cent.,
was put in. When we took possession
we found these debts and we took them
over. We found a vote to issue \$100,000
stock. The bonds were issued but
never placed.
Mr. Austin explained how the esti-
mated cost of the plant was made up,
as given in the returns, to the State.
Price of gas had been reduced without
solicitation from \$3.00 to \$2.00 per 1000
feet. He had looked at possible sites
for new plant at Neponset and Quincy
Point on the tide water.
As we only had 38 takers to the mile
where our mains now are, it did not
seem best to extend to thinly settled
sections. The company had paid no
dividend since 1890.
Question—Did not your superinten-
dent make an examination as to the ex-
tension of mains in Wollaston?
Mr. Austin—Yes.
Question—Did he not report it ad-
visable to do it?

Mr. Austin—I do not remember of
his making such a report.
Question—In your opinion there
would be no profit in extending the
mains?

Mr. Austin—It would cost \$100,000
to lay the mains wanted and another
\$100,000 for the plant to supply the
gas. We are willing to put out all
desired if we can get a new dollar for
an old one.

Question—Do you see any prospect if
the plant goes on as now, the way you
are running it?

Mr. Austin—The plant does not pay
today.

Question—Do you see why this plant
should not pay as well as others?

Mr. Austin—Do you know of a com-
pany that will lay 40 miles of pipe for
25,000 people?

Question—Are you willing to sell
your franchise?

Mr. Austin—Yes, if you will assume
the debt.

Question—How valuable do you con-
sider the franchise?

Mr. Carver objected, and the ques-
tion was not answered.

Mr. Carver then asked—If the citizens
of Quincy should subscribe money to
pay the judgments of the company,
and do the work, would you be willing
to increase the capital stock?

Mr. Anderson objected, but the ques-
tion was allowed and Mr. Austin re-
plied he would be delighted and would
put these people in control of the com-
pany.

A member of the board asked him if
he would be willing to organize a com-
pany and stand a personal loss to put it
on its feet?

Mr. Austin replied personally he
would, but he was a small stockholder.

Royal S. Eastman of Wollaston said
he was interested in thirty houses in
that section and Norfolk Downs.
Several were piped for gas, and he
would immediately connect fifteen with
gas if he could get it. He had applied
nine years ago for gas and had been
told he could not have it. He con-
sidered \$1.50 per 1000 feet a reasonable
price.

Mr. Austin was recalled and asked if
he ever considered the question of in-
creasing the capital of the company.
He replied it had been talked over, but
knowing what he knew now he would
not put any more money into it.

Wilbur F. Blake of Wollaston told of
the poor gas service at his house.
When he first came to Quincy he was
surprised that so many used oil, but
after receiving several bills, the matter
was explained. He had complained to
the company and had been told it was
due to the old burners.

Sidney F. Copeland, druggist at Wol-
laston, had used gas but gave it up for
poor service. Complaint to company
and they said there was probably water
in pipes, which they could remedy
but did not. I now use electricity.

E. Walter Arnold of Wollaston, a
salesman for gas and electric fixtures,
said he found a general complaint of
the quality and lack of pressure at
certain times. There was no main on
his street but 25 houses. He had reason
to believe people would use gas at a
fair price if they could get it.

At this point the hearing adjourned
until 10.30 this morning.

Ethelbert Nevin.

"Sunday is a great day at Vineacre,"
the home of Ethelbert Nevin, the com-
poser, at Edgeworth, Pennsylvania,"
writes Willa Sibert Cather, in the
November Ladies' Home Journal.
"All the relatives and all their friends
troop into the big, rambling old house,
and Mr. Nevin plays and sings for
them all day long. He has a choir of
little girls, selected from among the
neighbors' children, who practice with
him every Sunday evening before the
lamps are lit. After they are hustled
off to bed he sits with his old boyhood
friends singing the old songs they used
to sing together when he was just
"Bert," and telling stories of the good
old days in Edgeworth. These musical
Sundays are never interrupted at Vine-
acre," and in all his wanderings in
Europe, Mr. Nevin always kept the day
as they kept it at home. Music is a
necessary feature in daily life there.
Mr. Nevin's father is himself a com-
poser and writer of verses, and the
first grand piano that was ever shipped
west of the Alleghenies was carted
over the mountains for Ethelbert's
mother, then Miss Elizabeth Oliphant,
of Uniontown, Pennsylvania. When a
few months ago, his mother was dy-
ing, she would not allow this musical
routine, this old habit of song to be
broken. On the night she died, sitting
in the room next to hers, he played to
her as he had done since he was a
boy."

Mr. Nevin was formerly choir master
at Christ church in Quincy, and resided
on Bigelow street.

BOXERS AGAIN ACTIVE.

Proclamation Declaring That Foreigners Must Be Driven From China.

Rebellion Rapidly Spreading In Province of Kwang-Si.

Allied Troops Under Gaselle Arrived at Pao-Ting-Fu Last Friday.

London, Oct. 26.—Hong Kong advices from Lien-Chau, on North River, say that American mission property there is threatened with destruction by Boxers, who have posted the following proclamation:

"We have organized to protect our country and our homes, and we rely upon one another to support the order to drive out the foreign devils. They are mad. Their folly passes description. They are the usurpers of our land. They disturb our borders.

"In all the provinces and prefectures chapels have been opened, and our people are being driven out of their homes and embowed, while the foreigners grow fat on the revenues of the Mandarins, insulting our officials and merchants and seizing our temples and palaces.

"The emperor is indulgent and permits this. Who can foretell the intentions of the foreign devils? Day by day they get more outrageous. When we behold the present condition of affairs our hearts are bruised with grief. Therefore, we have organized our strength to destroy the devouring wolf throughout the empire.

"The Boxers took the American Presbyterian mission buildings, but have not destroyed them.

Rebellion is spreading along East river and North river. In the province of Kwang-Si. It is supposed to be aimed at the overthrow of the Manchu dynasty, but the reports are so contradictory that it is next to impossible to form a lucid impression.

In Canton the Chinese officials are taking the inscription so lightly that for foreigners believe it will be very difficult to suppress.

The following dispatch from General Gaselle, commander of the British troops at Pao-Ting-Fu, has been received by the secretary of state for India, Lord Hamilton.

"Pao-Ting-Fu, Oct. 26.—The allied troops, under my command, arrived here yesterday. British, German, French and Italian guards have been posted at the gates. Today all the generals, with small escorts, went through the town, after which they arranged for the allotment of quarters for occupation. I shall keep most of the British in camp for the present. Am waiting for orders from Waidensee regarding their future disposition. Most of the inhabitants remain in the city. No signs of hostility. Signs of hostility are no signs of hostility.

"In the main part of the city there are no signs of hostility. Signs of hostility are no signs of hostility.

Mr. Robert Hart, director general of the Chinese Imperial maritime customs, in an article in the November number of The Fortnightly Review, takes a pessimistic view of the Chinese situation. He frankly declares his opinion to be that the Boxer movement is national and patriotic, has taken the Chinese imagination, and will spread like wildfire throughout the length and breadth of the empire.

"There is not the slightest doubt," he says, "that 50 years hence there will be millions of Boxers in serried ranks and war's panoply at the call of the Chinese government."

Discussing the alternative course open to the powers, Sir Robert says a very real "yellow peril" ahead, and no hope of a permanent solution.

The morning papers, dealing editorially with Sir Robert Hart's article, admit its importance, but consider that his views are too gloomy, and that his ideas of the Boxer movement are a phantom of a too sensitive imagination.

Trouble Brewing In Yang Tse Region.

London, Oct. 26.—"Rumor credits the Germans," says the Shanghai correspondent of The Times, "with the intention to take early action in the Yang-tse region, where the military situation is becoming serious. The Chinese troops there and in the north are diligently drilling and practicing musketry firing under foreign trained officers. Large quantities of provisions, war material and treasure are being forwarded from the Yang-tse district to the imperial court."

Rewards Offered For Heads.

Canton, Oct. 26.—The Chinese officials have placarded the Shetow district, offering a large reward for the heads of four foreigners who are supposed to be leading the rebels. The rice crop has failed in Kwang-Si province, and robbers are pillaging. Rebellion and famine there are certain.

Churchill Uses Harsh Language.

London, Oct. 26.—Winston Spencer Churchill, speaking last evening at a banquet given by the Pall Mall club, attacked Lord Rosslyn for "slandering British officers in accounts the Earl sent to newspapers from South Africa. He went so far as to give the lie direct to some of Lord Rosslyn's statements."

Dutch Statesman Under Fire.

Copenhagen, Oct. 26.—Dr. Baunhaug, who held the portfolio of war, is now being sharply attacked because, while minister, he obtained 140,000 kroner from the national invalid fund by mortgaging his estate, which has recently been sold for 70,000 kroner.

For Killing a Policeman.

New York, Oct. 26.—The trial of Arthur Harris, the negro who on the night of Aug. 12 last stabbed to death Policeman Thorpe, and whose act led to race riots, was begun yesterday in the criminal branch of the supreme court.

Has Started at Last.

Washington, Oct. 26.—The battleship Kentucky sailed from Tompkinsville on her voyage to the China station, adjutants in her gun mechanism having proved entirely satisfactory. She touches first at Gibraltar.

ALLEGED NATURALIZATION FRAUDS.

Member of Legislature Among a Number of Men Arrested at Cambridge.

Boston, Oct. 26.—United States marshals and secret service officers arrested five politicians in Cambridge last night, and with five or six other warrants yet to be secured, it is believed that an effort will be made to show that wholesale fraud has been committed in securing naturalizations.

The men arrested are: Cornelius Minihan, grocer; Patrick Hebert, foundryman; Patrick Lordan, machinist; Edward C. Bradley, sewer employee; and Arthur L. Farrell, student Harvard law school.

The marshals were somewhat disappointed in their raid, for they had counted on getting in at least a score altogether. Minihan was arrested some time ago in connection with naturalization frauds, and held in \$2000 bonds for a hearing before United States Commissioner Pliske.

The arrests grew out of the case which was in court some time ago. Then Judge Lowell found some inconsistencies in the testimony of some of the witnesses regarding applicants for naturalization and the district attorney's office investigated, with the result that Minihan was arrested on a charge of falsely swearing to having resided in the country for five years in this country, or as to their coming to this country before they were 18 years old, and the arrest made quite a stir. When the recent cases were looked into, the government officers decided that a lot of last year's naturalizations would bear investigation, and two secret service men were detailed for the work.

Claims Aggregate \$1,673,000.

Boston, Oct. 26.—Since the highway explosion case resulted in the supreme court holding the Boston Gas Light company responsible, there has been much speculation as to the aggregate amount of damages which would be claimed on account of the accident. A list purporting to be an accurate one shows 13 suits aggregating claims for \$1,673,000. The explosion occurred March 4, 1897, and the case in which the question of responsibility was fought out was that of a boat-blast against the Gas Light company. This company has a capital stock of \$2,000,000, and a plant worth \$4,000,000.

Peculiar and Fatal Accident.

Leominster, Mass., Oct. 26.—John M. Austin, 12 years old, and a resident of 14 years, who, with others had been playing football, climbed an electric light pole, Austin going to the top, while Cook was a short distance below, and attempted to catch a football thrown to them from the ground. Austin, in leaning forward to catch it, grasped a live wire, upon which he collapsed and fell crosswise. Cook attempted to rescue him, and received a severe shock himself, but succeeded in reaching the ground in safety. Austin was soon removed, but life was extinct. Cook will recover from his shock.

Indicted For Murder.

Boston, Oct. 26.—Mrs. Jane E. Bishop, wife of a deceased man, who is serving a sentence in state prison for malpractice, is under indictment for a similar crime. Walking into the superior criminal court with her counsel, she was charged with the murder of her husband, and did not expect to extend any further. Her ready and qualified without delay. Eleven offenses are named in the indictment. The husband of the woman was sentenced in 1895 for a term of not less than seven years, nor more than 15 years.

Convention of Y. M. C. A.

Fall River, Mass., Oct. 26.—The 34th annual state convention of the Young Men's Christian association, held at Fall River, Mass., closed its sessions yesterday with a banquet. The convention was held at the Hotel Fall River. The banquet was given by the Young Men's Christian association of Fall River. The banquet was given by the Young Men's Christian association of Fall River.

Granite Stars at the Hub.

Boston, Oct. 26.—In response to the invitation of the New Hampshire's Daughters' club of Boston, the fifth annual field meeting of the New Hampshire Federation of Women's clubs opened here last night with a reception and banquet. There was present a large and distinguished gathering of men and women from the old Granite state, who received a most cordial greeting. More than 200 members of the federation are being entertained.

A "Revolutionary Document."

Springfield, Mass., Oct. 26.—At the annual business meeting of the American Missionary association yesterday, the most important feature was the report of a committee on a closer union of the six missionary societies of the Congregational churches, and which was characterized as a revolutionary document. The report was referred to a committee of five.

Attempt to Burn Hotel.

Lexington, Mass., Oct. 26.—Another attempt was made yesterday to burn the Russell Hotel, the leading hotel in town. The fire was discovered in time to prevent more than \$100 damage. The fire was set in an occupied room on the third floor, where a hole had been cut in the wall and a lighted gas jet had been turned into it.

A Sportsman's Paradise.

Manchester, N. H., Oct. 26.—A small party who are taking advantage of the short open hunting season have just bagged down two fine bucks, weighing 25 and 20 pounds respectively. These are the first deer killed in this county this year. Partridge and woodcock are very thick, and the woods are full of sportsmen.

Hangs Himself From Bedpost.

Boston, Oct. 26.—William E. Jones, aged 56, of the tailor firm of Messenger & Jones, committed suicide at his home in Brookline by hanging from a bedpost, using a necktie in carrying out his purpose. Melancholia, resulting from poor health, and dependency, is supposed to have been the cause.

Twenty Rounds to a Draw.

Hartford, Oct. 26.—Bill Hanrahan and Kid Carter fought a terrific 20-round battle here last night, and at the end Referee Willis declared the bout a draw. Both men were in the best of condition, Carter weighing 155 pounds and Hanrahan being several pounds heavier.

CLEVELAND'S DETERMINATION.

Intends to Remain Silent During This "Exceptional and Distressing Campaign."

Princeton, N. J., Oct. 26.—In conversation with the representative of The Associated Press yesterday, ex-President Cleveland said: "I am surprised that my opinions and intentions, as related to the pending canvass, should at this stage so suddenly be deemed important. I am daily and nightly sought out by newspaper representatives and piled with all sorts of questions, some of which seem quite senseless. If in good nature I say a few harmless words they are so padded before publication as to be unrecognizable or are made the pretext for utterly unauthorized presumptions. It seems to me that my situation ought to be sufficiently understood and appreciated by thoughtful friends to justify in their minds my determination to remain silent during this exceptional and distressing campaign."

Says Bryan's Answer Was Evasive.

Syracuse, Oct. 26.—The closing speech of yesterday in the Roosevelt campaign were made here, after jumps through widely divergent counties. While in Auburn and Syracuse there were several interruptions. The questions and answers were good natured. At Oswego, the most important statement of the governor's address was this: "Yesterday Mr. Bryan was at last obliged to making a pretense of answering a question as to whether, if elected, he would pay pensioners and other national creditors in gold or silver. I use the word pretense advisedly, for the answer was an evasion pure and simple. The whole point at issue is how the law shall be construed. We contend that it is to be construed that the nation shall pay its obligations in gold. In other words, we are for the gold standard. Unless Mr. Bryan has convictions on so important a subject he is not fit to be president, and if he has convictions, by every law of honor and self-respect, he should make those convictions public when he is appealing for the suffrages of the people."

Bryan Gets Hearty Greeting.

Jersey City, Oct. 26.—The first day of Mr. Bryan's tour of New Jersey closed here with a hearty greeting last night. From the time he entered Washington Park, opposite Philadelphia, until he closed his last meeting here, he made 15 speeches. The journey through the state was a surprise to those accompanying Mr. Bryan, for not to him, for in few states, if any, has he had larger or more demonstrative audiences. Probably no candidate for the presidency was ever so much jostled about and pushed around in one day's time as Mr. Bryan was yesterday. At most stopping places the police found it impossible to protect him from the curiosity and good natured enthusiasm of thousands of persons who thronged the way and followed him wherever he went. Mr. Bryan made his nocturnal tour of the Jersey metropolis in a barouche, drawn by four horses, and he was escorted by a marching club of several hundred young men. The tour did not come to an end until near midnight. He made four indoor speeches. When he concluded his event to Hoboken, where he spent the night.

Debs' Prediction.

Philadelphia, Oct. 26.—Eugene V. Debs, candidate for the presidency on the Social Democratic ticket, was the principal speaker at a mass meeting held here last night, under the auspices of the Social Democrats of this city. Mr. Debs said: "The Republican party represents the dominant capitalist class; the Democratic party the perishing middle class, and the Social Democratic party the working class. The whole issue is one of class, and the sooner the workingmen of the country become class-conscious, the quicker will victory be theirs. 'I want to tell you that whether McKinley or Bryan is elected, a panic greater than this country has ever known is coming just as sure as you are here tonight.'"

Discussed Political Situation.

Mansfield, Oct. 26.—During their short stay in this city, to attend the funeral of ex-Senator Sherman, President McKinley and Senator Hanna held a long conference at the home of Congressman Kerr, preceding the hour set for the ceremonies at the church. The president left shortly after the funeral by special train for Canton, and Senator Hanna returned to Chicago.

Philippine Policy Defended.

Traverse City, Mich., Oct. 26.—General Russell A. Alger spoke to a large audience here last evening, making the Philippine policy of the administration the feature of his talk. He laid particular stress on the fact that Aguinaldo began the war on our troops before the treaty of peace had been ratified by the senate.

Alleged Embezzler Surrenders.

Dover, Del., Oct. 26.—Former Secretary of State John D. Hawkins, indicted on a charge of embezzling \$3000, and who escaped from the custody of the sheriff Wednesday, has surrendered. He was placed in jail. The court recorded the forfeiture of the \$4000 bail.

Scale of Fifty Cents an Hour.

Pittsburgh, Oct. 26.—The National Association of Bridge and Structural Iron Workers, in session here, adopted a universal wage scale fixing the rate of wages at 50 cents an hour, with eight hours as a day's work. The scale will go into effect next May.

Earl Cadogan's Possible Successor.

Dublin, Oct. 26.—The Herald reveals the report, which it asserts is well-founded, that the Duke of Marlborough will succeed the Earl of Cadogan as lord lieutenant of Ireland.

Thirteen People Killed at Wedding.

Constantinople, Oct. 26.—During a wedding ceremony at Argirokastro the floor collapsed, with the result that 13 persons were killed and 40 others injured.

JACOBSDAL RETAKEN.

British Garrison Overcome by Boers,
After a Stubborn Resistance.

Party of the Highland Brigade
Cut Off and Captured.

Proclamation at Pretoria Declaring Transvaal
to Be Part of British Empire.

London, Oct. 27.—The Boers have captured
Jacobsood, southwest of Kimberley, after a stubborn resistance upon the part
of the garrison, which consisted of a de-
tachment of Cape Town highlanders. The
latter suffered severely, losing 24
out of 32 men.

It is regarded here as a curious co-
incidence that the news of the capture
of Jacobsood by the Boers should be re-
ceived concurrently with the expected
arrival home from South Africa of the
very Imperial volunteers, as Jacobsood
was the scene of the latter's first fight.
The town was captured by these volun-
teers Feb. 15.

Advices received from Cape Town
this morning says that 200 Boers un-
successfully attacked the garrison. The
highlanders had 14 killed and 20 wound-
ed.

Hans Botha has cut off a train with a
reconnoitering party of the Highland
brigade, between Heidelberg and Grey-
lingstad, in the Transvaal colony, tearing
up the rails in front and behind the
train. In the fight which followed two
captains and eight men were wounded
and all were captured.

It is reported that former President
Steyn and the members of the executive
council are at Fouriesburg, south of
Bethlehem, and that he has declared
Fouriesburg to be the "capital of the
Orange Free State."

Mr. Steyn has ordered Keyter, a mem-
ber of the late Volksraad, to be tried on a
charge of high treason.

At Pretoria yesterday, the Transvaal
was proclaimed part of the British em-
pire, the proclamation being attended
with impressive ceremonies. The royal
standard was hoisted in the main
square of the city, the Grenadiers pre-
sented arms, massed bands played the
national anthem, Sir Alfred Milner read
the proclamation and 6200 troops, re-
presenting Great Britain and her colonies,
marched past.

"Prosperity Wagon" Attacked.

Chicago, Oct. 27.—Republican argu-
ments were answered with bricks, paving
blocks, tin cans, mallets, vegetables,
clunks of bread and eggs yesterday at
Superior and Townsend streets. A
"prosperity wagon" was the cause of
the riot in which 500 men participated.
Incurable disease. The members of
the family refuse to give out any statement
of the case, and have sealed the lips of
the attending physician. It is learned,
however, that while his death is not ex-
pected immediately, no hopes are held
out for his recovery.

Rescued From Perilous Position.

Minneapolis, Oct. 27.—Three bodies ex-
ploded at the Chicago and Minko Coal
and Tile works yesterday. The mine
superintendent and 250 men were in the
workings, 550 feet below the surface, with
no means of ascending, owing to the erip-
pling of the hoisting apparatus. After
several hours of hard work they were
raised to the surface by power from a
new boiler, rigged up to take the place of
those destroyed.

Dr. Bach's Good Advice.

Berlin, Oct. 27.—Dr. Theodor Barth, in
the course of an article in The Nation
upon the American presidential election,
takes issue with Herr Vosbergrekow,
who recently advocated shutting out the
United States from the "most favored na-
tion" clause. He strongly contends
against such a course, would provoke
a tariff war from which she would be the
worst sufferer.

Plans For Arbitration Court.

Washington, Oct. 27.—Among leading
South and Central American diplomats
in Washington, consideration is being
given to a plan for establishing an inter-
national court of arbitration similar to
The Hague tribunal, but having juris-
diction over countries of the western
hemisphere, and with headquarters prob-
ably at Washington.

A Pickpocket's Victim.

Boston, Oct. 27.—Joseph Nascenti of
Winchester reported to the police last
night that two men had picked his pocket
of five \$100 bills.

Weather Conditions and Forecast.

Almanac, Sunday, Oct. 28.
Sun rises—6:12; sets, 4:43.
Moon rises—8:29 p. m.

High water—2 a. m., 2:45 p. m.

The weather has cleared in the Gulf
states. There are indications of a
tropical disturbance central near the
east end of Cuba, probably moving north-
westward. Generally fair weather is
indicated for New England. On the
coast the winds will be fresh south to
southeast.

FUN KILLING HIS OWN SON—N. LAW.

Eastman, the Harvard instructor, is Arraigned
and Held on Murder Charge.

Cambridge, Mass., Oct. 27.—Charles R.
Eastman, the Harvard instructor, was
arraigned in the superior criminal court
yesterday. He pleaded not guilty to an
indictment charging him with the mur-
der of Richard M. Grogan, Jr., and was
remanded to the custody of the sheriff
until further orders of the court.

The arraignment had been expected all
week. A bill, charging murder, was re-
ported last Saturday by the grand jury,
but the fact of the finding of such an in-
dictment did not appear until the Har-
vard instructor had been arrested later
in the evening in a Boston hotel. He
was immediately brought to the jail here,
and placed in a cell, without arraign-
ment. It has transpired that the tardiness
in the arraignment is the result of
the wish on the part of the government to
have no legal flaw in the indictment it-
self, which was drawn up by the offi-
cials with the utmost of care.

Instructor Eastman is a tall, fash-
ionable appearing young man, and he
presented a striking appearance when
he entered the court room. He was
dressed faultlessly, and this circum-
stance, coupled with his proud, almost
haughty carriage of the body, together
with the other features of the occasion,
lent to the entire scene something of the
dramatic. District Attorney Wier at
once moved that the arraignment take
place.

At the conclusion of the reading of the
long indictment, Eastman, who had been
standing with his hand upraised, an-
swered with loud and penetrating tones:
"Not guilty," and then he added the
words: "Neither of that charge or of
any part of it." He was then or-
dered to be held in the custody of the
sheriff until further notice from the
court.

Although Eastman was given into the
charge of the sheriff, it is certain that
that official will not allow him to leave
the jail, or his cell even, unless it be
to see visitors. The date of the trial has
not yet been set.

Big Celebration at Northampton.

Northampton, Mass., Oct. 27.—Red fire
and pyrotechnics were burned with a
lavish hand last night, when the march-
ing hosts from the western part of the
state came here to hold an enthusiastic
torchlight parade. There were bat-
talions of infantry, troops of cavalry
and McKinley and Roosevelt batteries
from Springfield, Amherst, Holyoke and
other places. The residents along the
line of parade illuminated and decorated
their houses with lavish hand. The
marchers, at the end of a six-mile route,
were given a lunch.

Quar of 84 Men Convicted.

Worcester, Mass., Oct. 27.—All four of
the Ashburnham burglars were convicted
by verdict of a jury last night. Charged
with breaking and entering the home of
E. J. B. Baker at Ashburnham, Sept.
19, and rape of his daughter, Eva E.
Baker, James M. Barr and Thomas F.
Sullivan, are convicted of breaking and
entering and rape; Patrick H. Foley,
breaking and entering, and William J.
Foley of receiving stolen goods.

No Hope of Recovery.

Pomfret, Conn., Oct. 27.—John A. Por-
ter, formerly secretary to President Mc-
Kinley, lies dangerously ill at his resi-
dence in this place, suffering from an
incurable disease. The members of the
family refuse to give out any statement
of the case, and have sealed the lips of
the attending physician. It is learned,
however, that while his death is not ex-
pected immediately, no hopes are held
out for his recovery.

Test's Testimony Not Needed.

Lynn, Mass., Oct. 27.—State Officers
Neal and Hammond have decided, after
reviewing all the evidence thus far ob-
tained, not to use John C. Best as a
witness at the coming inquest into the
death of George E. Bailey. At one
time it was thought that his testimony
would have to be used, but they now con-
sider that they have sufficient evidence
without depending upon anything he
might say.

Acid as a Means of Suicide.

Boston, Oct. 27.—Annie Connors, com-
ely, well dressed and about 22 years old,
killed herself with carbolic acid, after
walking into an employment office. The
acid burned her face fearfully. In a
pocket was a note, reading: "Good bye,
George."

Barner, Me., Oct. 27.—Joseph Lyndon,
aged 40 years, committed suicide last
night by drinking carbolic acid.

A Word May Have Been in Connecticut.

Stanford, Conn., Oct. 27.—It has been
learned that a man answering the de-
scription of Alvord, the missing note
teller of the First National bank of New
York, visited on Tuesday the sanatorium
of Dr. Ranney. Dr. Ranney stated that
the man looked about the place for some
little time, and made a number of in-
quiries, but went away without giving
his name, or any clue as to his identity.

Considered a Suicide.

Portland, Me., Oct. 27.—The identifi-
cation of the man whose body was found
in Portland harbor Wednesday seems
quite improbable now, as all the clues the
authorities have been working on have
proven abortive. An autopsy last night
strengthened the probability that it is
a case of suicide.

Had Been Missing Two Weeks.

Augusta, Me., Oct. 27.—The body of
Edgar L. Dow, aged 36, who has been
missing from his home in Sidney, was
found floating in the Kennebec river yester-
day. Dow was last seen a week ago
Sunday.

Buchanan, Mich., May 22.

Genesee Pure Food Co., Le Roy, N. Y.:
Gentlemen: My mamma has been a great
coffee drinker and has found it very injur-
ious. Having used several packages of your
GRAIN-O, the drink that takes the place of
coffee, she finds it much better for herself and
for her children to drink. She has given up
coffee drinks entirely. We use a package
of Grain-O every week. I am ten years old.
Yours respectfully, FANNIE WILLIAMS.

BELONG TO ONE RACE.

Sixto Lopez Declares That All Civilized
Filipinos Are For Independence.

Constitute an Overwhelming
Majority of Inhabitants.

So-Called Enemy Said to Be Unknown Among
Them, Except Among Semi-Civilized.

Boston, Oct. 27.—Sixto Lopez, the em-
inent Filipino who recently came to Bos-
ton from Europe for the purpose of ex-
plaining to the people of this country
the aspirations and conditions of his
countrymen, made his first public speech
last night at Harvard in the Warner
lecture course. He said:

"It may be well for me to state at
once that I have not come to this coun-
try to interfere in party politics. Never-
theless, I tell you frankly that I am
working and will continue to work for the
independence of my country. To that
end I should like to say a word about the
people of the Philippines. It has been
stated that we are divided into 34
tribes; that these tribes are at enmity
with each other, and that they would
never agree to form a united, strong
government. These statements are en-
tirely incorrect.

"The people of the United States have
been said to comprise three races, more or
less blended together, namely: the In-
dian, or Anglo-Saxon; the Latin and the
Slavonic. But there are also a few
aboriginal tribes, as well as representa-
tives of almost every race and nationality
in the world. Similarly, the people of
the Philippines comprise two races more
or less blended together, namely: the
Malayan and the Indonesian. But there
are a few aboriginal tribes, as well as
Chinese, Spanish and representatives of
some other nationalities.

"In the list compiled by the Schurman
commission there are said to be 84 dif-
ferent tribes in the Philippines. But it
is clear that this list has been com-
piled from imperfectly kept and still
more imperfectly spelt Spanish records.

"Mr. Lopez described the tribes which
are classed as semi-civilized, and said:
"The remaining millions of Filipinos
constitute more than nineteen-twentieths
of the entire population of the archi-
pelago, and are divided into provincial
districts. All of these provincial people
belong to one race, and all of them
are Christian people, practicing the morals
and arts of civilization, and speaking
dialects which are as similar to each
other as are the dialects of the different
provinces in England. As a matter of
fact, the difference between the dia-
lects of the seven provincial districts
would not be a real difficulty to inde-
pendent self-government. First, be-
cause the difference is so slight, and
secondly, because Spanish is the official
language of our country.

"Now as to the supposed enmity be-
tween these so-called tribes: Such
enmity is quite unknown among our
people. During the short term when our
government was not interfered with, the
most perfect harmony and unanimity ex-
isted, and provincial and racial dif-
ferences were never even thought of.
When our government was first estab-
lished, emissaries came from almost all
the provinces and islands, declaring their
support on behalf of those from whom
they came. Even the Moros of Mindanao
and the Igorrotes of north Luzon, who
had never been subdued by Spain, ac-
claimed Aguinaldo, and were prepared to
recognize his government. The inter-
relations of the people of the several
provincial districts show that no such
enmity has existed or does now exist.

"In the schools and colleges, especially in
Manila, there are representatives of all
the chief provincials, and it would be im-
possible to tell which were which. There
is an educational institution (pucyo) in
Iloilo granting scholarships, enabling the
winners to study in Europe. These
scholarships are open to all Filipinos in
the archipelago.

"In Japan, the official representative
of the Philippines (Francisco Zamora) is
Ilocano. In Madrid all the Filipinos
have formed themselves into a committee
and are working untiringly for indepen-
dence. On the committee are Tagals,
Viscayans, Ilocos, Ilocanos and Pan-
guianans. This is an important fact as
all these men are free from all external
influences, yet every one of them has
voluntarily chosen to support Aguinaldo
and to work for the independence of our
country.

"As a matter of fact, with the exception
of the few uncivilized tribes in central
Mindanao and the semi-civilized
Agorrotes and Negritos of Luzon, the
Filipinos are a homogeneous people, be-
longing to one race. Although they
speak several dialects, they are one peo-
ple. They constitute an overwhelming
majority of the inhabitants of the Phi-
lippines. They are opposed not solely
to American, but to any foreign rule, and
they are united in the desire for inde-
pendence and for the purpose of main-
taining a stable, independent govern-
ment."

Another Bank Clerk Goes Wrong.

New York, Oct. 27.—Another bank de-
falcation came to light yesterday when
William J. Beckley, 32 years old, was ar-
rested and arraigned on the charge of
grand larceny. M. W. Halsey of the
firm of N. W. Harris & Co., bankers, de-
clared that Beckley has been in the em-
ploy of the firm as bookkeeper and tel-
ler for three years, and that he has
stolen \$6400 in that time.

A BOY'S WILD RIDE.

Ninety-five Miles on Top of the Black Diamond Express.

Climbing to a ventilator on top of one of the passenger coaches of the Lehigh Valley's Black Diamond express, 16-year-old John Nemis rode 95 miles in 95 minutes the other day and arrived safely at his home in Wilkesbarre, Pa. He was black with dust from head to foot, cut and blistered by flying bits of coal, and his arms ached with the task of holding on. He took the dangerous ride to let his parents know that he was still alive. The boy left his home in North Scranton several weeks ago, and as time passed and his parents heard no word from him they became alarmed. Finally some one started the rumor that he had been drowned.

The boy was in Sayre when he saw in the papers his reported death and at once determined to get home as

A MILL A MINUTE.

quickly as possible to relieve the anxiety of his parents. He had no money, but went to the railway station to see if he could not steal a ride home on a freight train. While waiting the Black Diamond steamed into the station. As soon as he saw it his resolution was made. Getting on the far side of the train, he managed to climb up on the top of a car unobserved. Throwing himself flat, he clung to a ventilator. The road winds along the river bank with many sharp curves. Exposed as he was, he received dust, smoke and cinders full in the face. The burning cinders from the smokestack cut and blistered him, and the wind came near sweeping him off.

At Towanda he could have left his perilous position, but he set his teeth and held on. At Tunkhannock he was almost exhausted, but he was only 20 miles from home. When the junction was reached, he was so weak and cramped that for a time he was compelled to rest. Then he tramped the five miles to his home, where he was received with open arms.

Bogyland.
There's a wonderful land called Bogyland
On the other side of the moon.
Where the big round sun stalks still doth stand,
And it's always summer there.

The time of year it is always May,
And there's never a winter day,
But they never can tell the time of day,
For the Bogylans don't go.

No houses are builded in Bogyland,
No cities nor towns are there;
But beautiful houses are scattered
In the Bogylans' domain.

The leaves don't turn nor the grass fade,
And the flowers never do grow,
And both in the sunset and the shade
It is just as warm as a stove.

They never labor in Bogyland,
And nothing is ever done;
And nobody ever is tired,
With peace and plenty around.

There's never a war in Bogyland,
And there's never a fight;
And there's never a quarrel or a fight,
And there's never a fight.

A wonderful land is this Bogyland
On the other side of the moon.
And the Bogylans are a happy band,
And life is a blessed boon.

I'll tell you what we had better do,
Some beautiful summer day—
Just pack our traps, with a friend or two,
And sail for that land away.

And I'll be the king of the Bogylans,
And the babies all shall be
My loyal subjects, each to stand
And defend me valiantly.

And we'll dance to a rollicking, jolly tune,
Just forever and for aye,
In that land where it's always afternoon
And the month is always May.

—Julian S. Cutler.

Attraction.
Fruits fall to the earth because the earth attracts them. Bubbles in a cup of tea stand around the sides of the cup because the cup attracts them. The little bubbles gather about the large ones because the large bubbles attract the smaller ones. Why do the bubbles follow a teaspoon? Because the spoon attracts them. Why are the sides of a pond covered with leaves, while the middle is clear? Because the shore attracts the leaves to itself.

A Laplanders' Friend.
The Laplanders depend greatly upon the reindeer for their daily food. Reindeer give them the only milk they can obtain; their flesh is the staple article of diet, eaten both fresh as venison and also after having been dried in the smoke of their fires. The skin furnishes them with useful material for clothing, and the living reindeer is the beast of burden and draft animal of those bitterly cold northern climes.

A Loving Nephew.
A small Kansas boy, staying in the country, was requested by his aunt to write home to her long letters, recounting the incidents of his visit. He sent the following:

My dear Aunt Margaret—Grandfather sends love, his love, grandmother sends love, Uncle Jim sends love, Aunt Jennie sends love, Millie and Tom send love; I send my love too. Now, as I cannot think of anything more to write, I will close. Your loving nephew, Dick.

JINGLES AND JESTS.

Out of Politics.

They are getting out the banners; they are starting up the land.
They are making preparations for commotion through the land.
They are fixing up the speeches, an they'll say the eagle swooshes with a strident voice that reaches far away on every hand—
But I've got to watch my minutes on the careful how they're spent,
For I see the landlord coming round the corner for the rent.

I would like to be out with 'em battlin on the farm line,
A-shootin off opinions like the rest—it would be fine!
I bet I'd make 'em scatter
When I told 'em what's the matter:
I would down their rear an chatter
With this silver tongue of mine,
But somehow I could never make opinions pay a cent,
An I see the landlord coming round the corner for his rent.

So I've jef' about concluded that what I was is a plain an ploddin person gatherin fruits of industry.

I want to make fur fight an faction,
An, although I'm out of action,
It's a certain satisfaction
To keep tollin patiently
An be knowin I kin face 'im 'thout a sign of discontent
When I see the landlord coming round the corner for the rent.

Failed to Turn it Down.

Tess—I never saw any one so slow as Mr. Timrus.
Jess—He is slow, isn't he?
Tess—Awfully. We were sitting in the parlor last night, and he suddenly said, "If you could only see how much I love you, I'm sure you'd let me kiss you." I told him "I couldn't see it in that light," and he just sat there like a stick.—Philadelphia Press.

Present Day Husband.

Wife (who has been struck by a bicycle)—Never mind, dear. Don't make a scene of it.
Husband—What! Do you think I'll let him go without saying what I think?
Wife—But I'm not really hurt.
Husband—That doesn't matter. A little more and he might have run into me.—Tit-Bits.

The Baby 'Cross the Way.

There's a little bunch of dimples at the window 'cross the street.
Just the cutest little stranger that you ever chanced to meet.
And it's good to sit and watch him at his cunning baby play,
That little imp of sweetness, the baby 'cross the way.

How we love to sit and watch him as he laughs in baby glee
Or see him playing horsey on his papa's sturdy knee.
And his papa is the proudest when he hears his youngest say,
"Oo, oo! Goo, goo!" the baby 'cross the way.

When he bites the ring of rubber or pounds his tiny boot,
There never was a baby half so cunning or so cute,
And he is a gloom dispeller, like the sunshine of the day,
That little king of honey, the baby 'cross the way.

But when we cling to downy pillows and the icy streets are still,
And a wall of piercing anguish floats across the other ill,
And he bawls away incessant till the morning east is gray,
Then we feel that we could smother the baby 'cross the way.

A Severe Jolt.

I was seated in the corner of the car
When I got a most excruciating jar,
Not the ordinary kind
To which gripmen are inclined,
But a jolt that shocked me more than that by far.

Far adown the aisle a fascinating girl
Set my senses in a amatory whirl
When she turned a pretty smile
Toward my corner and the while
Showed the tips of teeth that glistened as the pearl.

I responded with a twinkle of my eye
(Tis a little trick I studied, by the bye),
And, although I passed my street,
Still I kept my corner seat,
For the hope within my heart was running high.

Then it was I got the dolorific jar,
Just behind me, on the platform of the car,
Saw the man at whom, 'twas plain,
She was smiling through the pane,
And—I'd ridden half a mile or more too far.

We ask a dear friend, when we find him alone,
For his private opinion, maxims,
And if it should chanc to agree with our own

Or, say, if it should e'er come to pass,
Our cherished notions he'll calmly report,
We declare him an adjective ass.

NEW ENGAGEMENTS DELAYED.

Business Men Not Inclined to Take Chances After Election.

New York, Oct. 27.—D. G. Dun & Co.'s weekly review of trade says: The election means a great deal to all business interests, and, although confidence in the future is seen on every hand, it is but natural that men do not care to take unnecessary chances, and, therefore, delay new engagements, as far as possible, until after the ballots are counted. But contracts for steel rails for the season thus far are within 50,000 tons of last year's heavy bookings, and the confidence in an ultimate marked improvement is so strong that all raw materials are firm, and without any speculative activity to stimulate them.

Conditions in the iron and steel market steadily improve, orders gradually swell in volume and buyers make less effort to secure concessions. In most cases quotations are not altered. Cotton showed little recuperative power after last week's decline, and closed lower. The loss in price is \$7.80 a bale since Oct. 9, and exporters are still holding off. Wheat, also, continued its downward course, owing to good news here and abroad, but an encouraging feature was the accelerated foreign buying, as quotations declined. Corn is slightly weaker, while pork products have fallen sharply. Most other provisions are heavy, but linned oil rose sharply to 75 cents.

Hides were very active. Leather also reached a higher level on good buying. The better tone of the boot and shoe market was sufficient explanation of the advance in materials. New England shops are busier than for many months before, but thus far manufactured goods have not advanced with materials. Sales of wool at the three chief eastern markets continue to increase, exceeding 5,000,000 pounds last week. Prices are not altered, and bids slightly below the market are refused. Cotton goods move rather more freely as the

SHOD BAILEY'S MARE.

Lynn Blacksmith Gives Evidence In the Breakheart Hill Farm Mystery.

Best Was Very Drunk and Well Supplied With Money.

Prosecution Believes That Murder Was Accomplished With a Bullet From a Rifle.

Lynn, Mass., Oct. 29.—The blacksmith who shod the little black mare for John C. Best subsequent to George E. Bailey's death, has been found in the person of Thomas T. O'Connor of Lynn.

O'Connor says that Best stopped at his place about 9 o'clock on the night of Oct. 12, and got him out of bed to put on a shoe on the mare. Best had admitted that he got the animal shod, but has said he was so drunk he could not remember who the blacksmith was.

O'Connor charged \$25 for the job, but Best paid him 50 cents, saying it was none too much, as he had got him out of bed. Best said to O'Connor at the time that it was pretty bad to get the police after him, and he didn't want any trouble, which O'Connor interpreted to mean that Best was afraid he would be prosecuted if he drove a lame horse or a horse without a shoe.

Best further asked O'Connor if he would like some whisky, and pulled a bottle of whisky from his pocket. He said that was what he came down for, and he thought as long as he was that way he might as well have the mare shod.

O'Connor says that in addition to putting on one shoe, he also put some nails in the other shoes. The police have had these shoes removed.

The remark of Best regarding the police and his act in shod the mare, O'Connor said in a statement on the night of Oct. 13, when on his way home with Arthur Jordan and Winfield Howe, are taken by the officers as indications that Best had a dread of the police. The fact that he paid O'Connor more money than the latter asked is considered evidence that he was well supplied with money.

State Officer Throckmold has returned from his trip to various firearms establishments in this state and Connecticut, where he went to obtain expert comparisons of the bullets found in George E. Bailey's body and those found at the Breakheart Hill farm.

It is claimed by those who are conducting the investigations, however, that the government will be able to prove that the murder was committed with that rifle, which is now in their possession.

This is in direct opposition to the claim of the defense, that the weapon was not a rifle, but a revolver.

Further tests will be made by experts at Springfield and Hartford, with revolver ammunition, and at the United States arsenal and Marlin works, with rifles, the results of which will be submitted to those prosecuting the case against John C. Best.

Investigation has been made of the story told by Albert C. Day and his wife, who live near Howlett's Mills, North Saugus, as to hearing a wagon that rattled pass their home on the way to the main highway at midnight and 3 o'clock on the morning of Oct. 13. Best, in an interview with a reporter yesterday, said that if it was a wagon, because he was drunk, he thought he drove out that way. The blacksmith Best is believed to be a good horseman.

A Sadly Afflicted Family.

Port Clinton, O., Oct. 29.—Master Bed, on Sawney, near William Stark and four of his children died of cholera 13 years, went for a boat ride yesterday. The boat became foul in a fish pound net, and the children could neither force the boat ahead or go back. The children became frightened, and the small craft capsized, resulting in the deaths of the children. Mr. Stark came here from Toledo three weeks ago. He then had a family of a wife and 10 children. Last week, however, aged 4, died, and the week before another child, aged 3 months, also died.

Churchill Won't Apologize.

London, Oct. 29.—The solicitors of Winston S. Churchill have written to the solicitors of the Earl of Roslyn declining, in the name of Churchill, to withdraw or apologize for Churchill's statement that Lord Roslyn had libelled British officers and made assertions that were nothing short of falsehoods.

Prospective Bride Killed Herself.

Lincoln, R. I., Oct. 29.—Mary Comstock, daughter of William H. Comstock, killed herself with her father's revolver yesterday. She had been in ill health for two months. Miss Comstock was engaged to be married.

FAGIN SWEARS VENGEANCE.
Former American Soldier at the Head of a Body of Filipino Insurgents.

Manila, Oct. 29.—A civilian launch, towing a barge loaded with merchandise, near Arayat, was attacked by a force of 150 insurgents, under David Fagin, a deserter from the Twenty-fourth Infantry. The American troops, on hearing the firing, turned out in force before the boat could be looted, and recaptured it.

Fagin, who holds the rank of general among the insurgents, has sworn special enmity toward his former company. Of the 20 men he captured a month ago, seven have returned. One was killed in a fight, his body having been horribly mangled. Fagin sends messages to his former comrades, exhorting them with violence if they become his prisoners. It was Fagin's men who captured Lieutenant Frederick W. Alstetter, who is still a prisoner.

General Hall's expedition, with a force of nearly 500 men, through the mountains to Binangonan, in pursuit of the insurgent general, Gailles, although it discovered no trace of the enemy, encountered great hardships on the march. Twenty Chinese porters died, and 40 men were sent into the hospital. After stationing a garrison of 250 men in Binangonan, General Hall and his staff, off the coast of Infanta province, General Hall and the rest of his force embarked there on the transport Geronimo.

Reports from General Young's district show a daily increase of insurgents there, owing to the fact that recruits are going thicker from the coast.

While a detail of the Thirty-third volunteer infantry was returning from Bangue, on rafts, it was fired upon by insurgents, Sergeant Berdastler being killed and two privates wounded.

While scouting near Looc, a detachment of the Twentieth and Twenty-eighth regiments, under Captain Bieler, were attacked by 400 insurgents, armed with rifles, under the command of a white man, whose nationality is not known to the Americans. The insurgents for the most part were entrenched.

After a heroic fight, Captain Bieler drove off the enemy, killing more than 75. The fight lasted for two hours. Captain Bieler and three privates were slightly wounded, and two of the Americans were killed.

Bloodthirsty Filipino Sentenced to Death.

Manila, Oct. 29.—The rebel captain, Novicio, has been tried by a military commission at Ballo, charged with burying alive a seaman named McDonald, of Lieutenant Gilmore's Yorktown party. Novicio was found guilty and sentenced to death. Novicio also caused the death of Vauville, another member of Lieutenant Gilmore's party, by delivering him into the hands of Igorrotes. The tribesmen bound Vauville, opened his veins and sucked his blood until he was dead.

Boers Have 15,000 In the Field.

London, Oct. 29.—According to a dispatch from Cape Town to The Daily Mail, a force of Boers attacked and surrounded a patrol of Cape police, with a convoy, near Hoopstad, Orange River Colony, last Wednesday, and a sharp fight ensued. The police were compelled to abandon two Maxim guns. Ultimately, reinforced by the yeomanry, they succeeded in getting away with the convoy, but they lost seven killed, 11 wounded and 15 captured. The Boers have 15,000 men in the field. These are divided into commandos of 300 each, but are capable of combination for large operations.

Klondike Icebound For the Season.

Seattle, Wash., Oct. 29.—The steamer Dolphin arrived from Skagway yesterday with 120 passengers and \$200,000 in gold from the Klondike. The Klondikers came up the river on the Zealandia, leaving Dawson Oct. 14. The river was then fast for 100 miles or so, and the weather was bitter cold. Two small steamers left two days later, and are now windbound on Lake Labarg. River navigation is over for the season.

Interior of Church Wrecked.

Chicago, Oct. 29.—An explosion of acetylene gas which was to be used for a sensation entertainment wrecked the interior of the First Presbyterian church at Austin, a suburb of this city, last night. The operator, recently returned from mission work in India, lost his right hand, and sustained other injuries. One of the tanks sprung a leak, and the escaping gas was exploded by the light of the lantern.

Mercury In Rice's Stomach.

New York, Oct. 29.—Following the announcement of Professor Withaus's discovery of enough mercury to cause death in the kidneys and intestines of William M. Rice, and the chemist's further statement that mercury formed no part of the fluid used in embalming the body, a consultation of the authorities will be held today which may decide the next step in unravelling the mystery.

Coal Company In Difficulty.

Richmond, Oct. 29.—The Richmond Coal Mining and Manufacturing company, operating coal mines at Gayton, has been placed in the hands of a receiver. The Virginia Coal and Coke company has operated the mine for the past nine years as lessee, and in that way is involved in the litigation. Both companies are composed mainly of Boston and New York men.

Millionaire In Insane Asylum.

New York, Oct. 29.—John C. Carr, the one-time millionaire race track owner, has been removed from his home in Hoboken, N. J., to the Morris Plains insane asylum. Only a few of his intimate friends were aware that the millionaire of the former member of the Guttenberg "big four" combination had failed.

To Answer Embarrassment Charge.

New York, Oct. 29.—Julian T. B. Arnold, son of Sir Edwin Arnold, has sailed for Europe, a prisoner on the Umbria. Arnold was brought here from San Francisco by the Steamer Yacht Detective. He was charged with the embezzlement of large sums of money in London.

A PROSPEROUS WINTER

Predicted For Those Who Are Interested In the Anthracite Coal Trade.

But One Big Company Has Not Granted Miners' Demands.

General Resumption of Work This Morning In Hazleton and Wyoming Valley Regions.

Philadelphia, Oct. 29.—The Ledger, in its coal article today, says: The anthracite coal trade is everywhere preparing for the resumption of mining this week, and a brisk season at full working is anticipated at the mines. It will take several days to get everything in good moving order, but, once begun, a prosperous winter is evidently in store for the anthracite trade. The market is quite bare of coal and there is a rush of orders to be filled so that enormous quantities will be sent to market at the earliest opportunity, every available car being now sought to send to the breakers. Prices are expected to be fully maintained, and, while a few operators may still stand out, it is probable that adjustments will soon be made with them, so that their collieries will also start and full working be universal throughout the anthracite fields.

All the coal companies in the Wyoming valley, with a few exceptions, have now posted notices granting their employees the 10 percent increase asked for by the Scranton convention. The exceptions are a few individual operators who do not employ many hands. But it is said that when the men employed at these collieries report for work they will be told that they will receive the same wages as paid by the other companies.

The Kingston Coal company had no notices posted yesterday granting the increase. This company employs 2200 men, and was the last of the big individual companies in the valley to grant the increase.

The officials of the Susquehanna company had a conference with their employees Saturday night, and agreed to pay them the advance.

President Mitchell and the executive board of the United Mine Workers visited Hazleton yesterday. They were received by a large crowd, and there was great enthusiasm. Mr. Mitchell told all the miners to go to work today. He also congratulated them on their good behavior during the strike.

C. B. Markle & Co., operating four collieries, and Coke Bros. & Co., with six collieries, have granted the demands of the anthracite miners, as set forth in the Scranton convention resolutions. This leaves only the Lehigh and Wilkes-Barre coal company in the Hazleton district which has not conceded all that the miners have asked. The latter company has granted the 10 percent increase, but has not posted a notice abolishing the sliding scale, or guaranteed that the advance would be paid until April 1 next. Work was resumed in every colliery in this region this morning, with the exception of the Lehigh and Wilkes-Barre company.

It is said that the Lehigh and Wilkes-Barre coal company, operating the Audenrodt, Honey Brook and Green Mountain collieries, in the Hazleton district, will grant the concessions by Nov. 1, when work will be resumed.

There will be no resumption of work at the Milnesville colliery, which is operated by the A. S. Van Winkle estate. Owing to an agreement with the Pennsylvania Railroad company, the officials say they cannot afford to grant an increase of 10 percent, and if the men return to work they will have to be contented with the old rate of wages. The Van Winkle company has granted the increase at its other collieries at Colerain and Beaver Meadow.

It is said that Calvin Pardee, owner of the Latimer mines, will not take back those men who struck here the mines were closed down by 500 marchers, some weeks ago.

The firm and brakemen on the Delaware, Susquehanna and Schuylkill railroad, have submitted a number of demands to the railroad officials. The former demand that 30 hours constitute three shifts, and that they be paid \$7 for the same, instead of \$5.10, which they receive at present. The brakemen demand an increase of 10 percent in their wages. The engineers have no grievance. This railroad is owned by Coke Bros. & Co., which operates six collieries in this region, and was built for the purpose of hauling coal from its mines to the tracks of the Lehigh Valley railroad.

Shoe Cutters' Peculiar Grievance.

Boston, Oct. 29.—The 150 shoe cutters employed at the Thomas G. Plant shoe factory are on strike, and there is a possibility that the entire plant may be tied up. Owing to numerous complaints of clothing being stolen, the firm decided to install checking rooms, each checking room to have two attendants. The firm also became responsible for the clothing of the employees. When the men and girls were notified to put their clothing in the checking room, five men refused to comply, and were not allowed to go to work. The strike followed.

Objections to Being Searched.

Victor, Colo., Oct. 29.—All miners employed at the Independence mine, about 300 in number, have quit work. The cause for their action is the personal search plan that was begun at the mine in order to stop the alleged pilfering of ore.

But Few of Militia Remain.

Valleyfield, Que., Oct. 29.—There has been no further riding here. All the militia except 150 men have been sent back to Montreal.

COD LIVER OIL.

The two months of the year when the most cure is necessary to build up the system, to be able to withstand the severity of the winter are now upon us.

OCTOBER and NOVEMBER

are the months to begin the work; and to do the work there is nothing that equals Cod Liver Oil.

I have it in bottles at 35 cents a pint bottle, and in the form of Emulsion at 50 cents a bottle.

For the children there is nothing to compare with it; and as a tonic for adults just try it for a week or two and see the improvement for yourself.

Drift of Opinion.
To know accurately, to feel nobly, and to act decisively, these are the three main objects the college student should seek, said President Faunce at the opening of Brown University. The advice is so worthy it would be well if it could be read over every little while, and not by college students only, for it is as suitable for all students in the school of life.—New Bedford Standard.

"I have an abiding faith that this matter of liberty and justice and self-government in the Philippines will come out all right. If it does come out all right, it will be through the instrumentality of the party which abolished slavery and not the party that maintained it; of the party that saved the union, and not the party that tried to destroy it; of the party that adopted the three great amendments which made every slave a free man and every free man a citizen and every citizen a voter, which gave glory and splendor to our history; of the party which has done everything that has been done for justice and freedom and equality at home, and not the party that has resisted all these things.—Senator Hoar.

"The great number of persons who, while supporting Bryan, really desire that he will be beaten, constitute a feature in which the present canvass differs from any of its predecessors. The New York Evening Post tells of a well known southerner on a visit to New York, who says that while he and the majority of the residents of his section are supporting Bryan on the social issue, 'we expect you of the north to prevent him coming in.' Precisely the same sort of talk is heard from many of the leading bryanite papers in the south every day, although these papers do not come out so plainly as does this southern man in hoping that the north will defeat the southern man's candidate. The annals of American politics furnish no parallel to the antagonism to Bryan which a large and influential element of his party feels. There will be little grief in the Democracy, especially in the southern and western end of the country, at the smashing of Bryanism on November 6.—St. Louis Globe-Democrat.

"At a meeting of the Middlesex County Teachers Association, in Tremont Temple, Friday, it was proposed by a Mr. Davis of Cambridge, that the date of the holding of the annual meetings be changed to Saturday. He presented a memorial from the teachers of Cambridge setting forth the disadvantages of holding the meetings on a school day. There were 2900 teachers in the meeting, and 100 voted for Saturday and 1000 voted to take the day out of the schools. The question is not entirely one-sided, and considerable might be said for and against the plan of taking a day right out of school. But we can not feel that the day off is more of a recreation period than of hard work or study, and the pleasure it affords the teachers is a small compensation for the expenditure, and the loss, too, of a day's instruction to the scholars. The Cambridge teachers were in the right, and the time is coming when the others will have to hold their meetings on the day so generously given once a week or abandon the teachers' convention junket altogether. Working only 192 out of the 313 working days in a year, teachers should not insist on still further drafts on the treasury or on the time of their scholars.—Lynn Item.

ON THE GRIDIRON.

The Q. H. S. Superior But Could Not Down the Empire.

The Quincy High school eleven went to Hingham Oct. 20, to play the Hingham High school team. The last game played at Quincy was a walkover from Q. H. S. 23-0.
Between the crowd, which thronged the field, getting into all the plays and the umpire who dared not rule as his judgment bade him, the visitors were so shamefully treated that they left the field in disgust. Q. H. S. had the better team and with half a show could have won in short order.
The game, aside from the delay was very close and exciting. Hingham kicked off to Anderson, who ran back for ten yards. Brown and Tupper gained, but H. H. S. soon held, and Quincy was forced to punt, securing the ball on a fumble. Brown gained ten yards and on a double pass Harbour ran for a touchdown. Tupper kicked goal.
Hingham again kicked off and holding Q. H. S. for downs, secured the ball on the twenty yard line. The ground sloping down, they soon pushed the ball over. No goal. Score: Q. H. S., 6; H. H. S., 3.
Quincy was within ten yards of the line after a few plays when the ball was again put in play, but time was called. This half was good fast football. Quincy showed her superiority in every way and was easily the favorite. Referee C. P. Slade worked hard and succeeded in keeping the game running fairly.
The trouble began when the ball was kicked off in the second half by Q. H. S. The visitors claimed they were not ready, for the referee Mr. Randall Lincoln of Hingham had not blown his whistle or called "Play." Howe and Leavitt succeeded in running the ball back for a touchdown, as half a dozen of the Q. H. S. boys were trying to convince the referee that the ball was not in play. After a delay the decision was given to Hingham, making the score 10-0 in the latter's favor, as no goal was kicked.
When the ball was again put in play, Q. H. S. worked hard and soon, by rushes of Brown and Tupper, were on the five yard line. Just here Leavitt of Hingham picked the ball up after Brown had called down and ran up the field for a touchdown. The referee, after due deliberation called the ball back, giving it to Hingham. As it was Quincy's second down and only five yards to go for a touchdown, this was too much for the visitors and they left the field.
It is highly probable that the Quincy High school will not play any more games with Hingham High.
The line up:
Miller, I. C. Wilder.
Barbour, I. T. Douglas.
Leavitt, I. G. Lincoln.
Cobb, C. E. Hardy.

Thayer Academy, 10; Dean, 6.
Thayer Academy defeated Dean Academy Saturday at Franklin by 10-6. The home team greatly outweighed their rivals. Nevertheless they could not stop the progress of Thayer's backs. Pulsifer played the best game for Dean. The line up was as follows:
THAYER. DEAN.
Reilly, I. C. R. Smith.
Harrington, I. T. Stone.
Townsend, I. G. Roberts.
Dow, C. Echles.
Platts, I. G. Burroughs (Bicknell).
Adams, R. T. Mitchell.
Gibson, I. H. Manning.
Foster, I. H. Phelps.
Buckley, I. H. Phillips.
Rising, I. H. Forbes.

Adams Academy was unable to score Saturday in the foot ball game at Milton with Milton academy, while the home team made five touchdowns and kicked two goals, making the score 27-0.
Milton A. defeated a Campbell foot ball team Saturday at Brockton, 10-0.
Weymouth High was defeated by Bridgewater High, 12 to 0.

Academy Games.
The annual fall games of the Adams Academy Athletic Association will be held on the school grounds Tuesday morning at 10 o'clock. The usual contests have been arranged, but special interest centers about the tug-of-war and the relay race for the class championship, and the mile run, for which a handsome challenge cup has been provided. The list of entries is large. All friends of the school are invited to witness the games. If the weather is stormy on Tuesday, the exhibition will be postponed to Saturday.

A Wollaston Man in Luck.
A bed of very rich sand composed of iron, has been discovered on the Labrador coast, Capt E. J. Sheldon of Wintthrop avenue, Wollaston being the lucky man. The analysis showed 60-9-10 per cent. iron. This is one of the most valuable iron discoveries known on the coast. The quantity is almost unlimited. Mr. Sheldon's claim is one mile square, and the facilities for shipping are good, as vessels of any size can load in a good harbor near by from June until Dec. Mr. Sheldon has already been approached by a New York party for a price on his claim, but declines doing anything in the matter until his return home in November and consults with Boston capitalists.

—Farm laborers are scarce in England, possibly as a result of the war, and farming is being done by anybody that will offer for the work. On one farm we found a couple of clerks, a compositor, a solicitor lacking the money for his certificate, a doctor in bad luck, and a pawnbroker.

Sprague at Hyde Park.

The Times man was on deck at the Rally in Hyde Park on Wednesday evening, and here are his observations concerning the Republican candidate for Senator:

"Among the invited guests on the stage at the Republican rally this week whom many of the voters had the pleasure of meeting, either before or after the rally, was Mr. Eugene H. Sprague of Quincy, the candidate for Senator in this district. They found him an agreeable young man, well informed and well built, broad shouldered and an enthusiastic Republican. His enthusiasm was particularly notable in giving three cheers for Gen. Curtis Guild, when his 'tiger' rang through the hall; and also for sentiments favorable to ladies.
"He is not an eloquent speaker, but he talks to the point and what he says is good common sense. At a rally in Quincy, his home town, last week, he had the independence to say that he preferred to have an honest Democrat in office rather than a corrupt Republican. He is also sound on temperance.
"Mr. Sprague was for three years a councilman-at-large of Quincy, being elected each year by a flattering vote, and has since served two years in the House of Representatives, yet he is not a politician in the sense in which the word is generally used; but a successful business man, a wholesale dealer in provisions in Boston, and a leader in his line.
"In the past, at least for several years, the city of Quincy has not been united on any candidate for office, but one ward has favored a Quincy man, another ward perhaps a Braintree man, and so on. This year, however, the popularity of Mr. Sprague secured for him the solid support of Quincy in the Senatorial convention, and he also had the solid support of the Hyde Park delegation. Being the first choice of Hyde Park and Quincy he should receive the loyal support of the Republicans in these towns, and particularly in Hyde Park if this town expects the support of the district for her candidate who is likely to be Senator Sprague's successor.
"Candidate Sprague was born in Islesboro, Maine, in 1864. He is married, has five children and owns a substantial estate in Wollaston. The family stand high among neighbors and townspeople. It is a pleasure to endorse over such candidates."

Civilization and Poverty.
The Quincy City Band Literary Society at its meeting Thursday evening, Oct. 25 discussed "Civilization and Poverty." The subject was opened with a paper read by the President, Alex. Cowe. He treated it from the point of the individual, and claimed that our advance in morals and intellect, and our increase of material comforts are due, very largely, to the fact that the individual is assured of the reward which his effort and allegiance seek. He argued that man is primarily equal, but his position among men is as his own making. If poverty be his lot it is because of some mismanagement on his own part and not because of any fancied social or economical system in which he is enveloped; for systems are the result of the direction and conduct of a whole people and not of any part of them. So long as the individual has the right to exercise his faculties in the line of improving his morals and intelligence, just so long will comparative poverty exist.
The paper elicited a large amount of criticism, favorable and unfavorable, those opposing the essayist views held that the masses have not the opportunities to avert a condition of poverty, and not until a radical change in our system of government is established will the masses of mankind be anything but poor.
Next Thursday evening, Dr. R. McLennon will take the affirmative on the question "The human mind is a function of the nervous system." Mr. Peter Kerr of Boston will reply in rebuttal.

Quincy Man Honored.
At the State Convention of the Young Men's Christian Associations of Massachusetts and Rhode Island which has just closed its sessions at Fall River, Amos D. Albee of Wollaston, a director of our local Association and its second president, was elected as one of the vice-presidents and presided at the session of Friday morning last. This is the first time Quincy has been honored by the selection of one of her men as a presiding officer, at any Association Convention. Geo. W. Penniman, formerly a Quincy boy, now of Fall River, was elected on the Business Committee. A. E. Mills of Pittsfield, a brother of the Rev. C. P. Mills of Wollaston, was a delegate to the same, and is now spending a few days in our city as his guest.

The Gas Investigation.

Editors of the Daily Ledger:
It is hard for the average citizen to appreciate the benefit, or understand the practical purpose of the investigation of the Gas company, now going on before the commissioners. How is it possible for the Gas company to do any better than they are with a heavy debt, antiquated apparatus, and competition with electricity, which is safer, cheaper and vastly more healthful.
I ask any fair-minded business man to inform us where the company could raise the thousands of dollars necessary to extend the pipes and rejuvenate the plant. Is there a single one among the witnesses, who assumed that the raising of money was easy, who would agree to put a cent into it himself.
Gas as an illuminating agent has outlived its usefulness, as have candles and sperm oil lamps. All theatres, hotels, factories, the great users of gas in former years have now adopted electricity.
The march of progress has simply thrown gas aside for something better. It is simply sharing the fate of the ship building, boat making and in some degree, sad to relate, the granite industry of Quincy, the last of which industries has been hurt by the enormously increased use of steel frame buildings.

The Gas Light Company has served a useful purpose in its day and generation, it cannot compete with electricity, and the writer will risk the prediction that not one iota of benefit will accrue from the investigation.

of the poor but honest young man, whose soul is fired with a worthy ambition for himself. How would Lincoln, Grant, Garfield and Logan have stood, if, in their time, they had accepted the doctrine, which some now teach, that because they were poor and of humble surroundings, they must go off by themselves, and shut the door of opportunity to the best impulses of their souls, and the noblest aspirations of their minds? The ballot of the young man as well as that of the old man, the ballot of the first voter, as well as that of all voters, should always express the voice of truth and conscience. It should represent the calm and unbiased judgment of the voter. It should embody the highest welfare of himself, his home, his community and his country. It should never be false to his convictions or opposed to justice and honor, either in public or private concerns. It should express on its face his best hopes and highest aspirations as an individual citizen, and always represent the greatest good to his fellow-countrymen. - William McKinley.

Effect on Business.

The Brockton Enterprise says: It would be interesting to know just what effect a presidential election has upon the shoe trade. The stories which various manufacturers tell, are conflicting in a degree, and yet each tells only his own personal experience. These tales are not told for political effect, as many believe, and this fact was never more forcibly proven than at the present time. In substantiation of this statement the writer can quote two local manufacturers, one a staunch Republican and the other a consistent and lifelong Democrat.

The former said yesterday that almost invariably a presidential election had affected business, but that this year it had had no noticeable influence. This was proven by the bulk of orders which he had received as well as by the letters from his salesmen.

The manufacturer who is a Democrat showed the writer an order which he had received, in which the purchaser requested that the goods be sent Jan. 1, "providing McKinley is re-elected." In other words, that particular wholesaler believes that the market will be upset for about a month in the case of a change in the administration.

Still a third manufacturer has an order for a goodly number of cases which are desired on a specified date in case of McKinley's election. "Do not cut these goods until after election," he wrote. "If Bryan is elected we want you to cancel the order." There are three phases of the matter, and it appears to be a case of paying one's money and taking one's choice.

In Great Variety.

Rummage is coming into the old court room in a way that promises much fun and many excellent bargains when the sale is opened on Nov. 7. The ladies in charge will be helped in their work by the sending in of rummage as early as an hour as is convenient. Everything has to be assorted and the value appraised and this is something of a task when one considers the number and variety of articles. As yet the rummagers have not contributed an elephant nor any false teeth, but there begins to be a fair showing of samples of most everything between.

Political Potpourri.

Dr. George B. Pierce is making a splendid fight in the Tenth Congressional District. He deserves every ounce of support that the State Committee can give him. Every other Congressional campaign in the State is as certain in its result as if the election had been already held. It is good politics and good statesmanship to concentrate all energies for this last week on the one real battle ground in Massachusetts. - Journal.

REPUBLICAN RALLY.

Quincy Voters Urged to Elect Dr. Pierce to Congress.

Republican enthusiasm was let loose Monday night for the first time during present campaign. The occasion was the grand rally announced to be held at Music Hall under the auspices of the Republican City Committee. It proved to be an occasion replete with red fire and oratory.

It was about 7 o'clock when the City Band, having in its make-up a number of Republicans, headed a parade of the City Committee. Capt. T. H. Newcomb was marshal, and each member of the committee carried a flag. Starting from headquarters they marched to the depot where the speakers were met

CANDIDATE PIERCE.

with carriages and escorted to the hall. During the march from the depot to Music Hall there were repeated cheers, and red fire was burned along the line.

Arriving at the hall, the doors were thrown open, and it was not many minutes before every available seat was occupied, and late arrivals had to stand.

The large stage was very prettily decorated in honor of the occasion. In the rear there was draped a large American flag. The speakers' desk was also draped with a flag and in front surrounded by a cluster of smaller flags, was a portrait of President McKinley. There were also about the stage, portraits of Roosevelt and Candidate Pierce.

On the platform besides the speakers were: John P. Bigelow, Theophilus King, John Shaw, Messrs. E.W. Sheppard and Frank E. Badger, candidates for Representatives; Eugene H. Sprague, candidate for Senator; John R. Graham, Assessors Thompson and Glover, Mayor Hall, ex-Mayor Sears, Thomas Gurney, Frank F. Prescott, Councilmen Bryant and Newcomb, Edward E. Jameson and Fred H. Smith.

John P. Bigelow called the meeting to order, and after extending a welcome to the large audience, introduced Theophilus King as presiding officer.

Mr. King in his few remarks took for his thought the two words accredited and discredited, as they applied to the two candidates for President. He briefly enumerated many of the credit marks that had been placed to the name of President McKinley. Referring to Mr. Bryan he instanced the fact that four years ago Mr. Bryan said, elect McKinley and wages will be decreased, hard times will prevail, mortgages will be foreclosed, factories closed, and rain, want and misery will prevail. These have been proven false and were some of the discredit marks against Bryan.

The first speaker was Hon. William H. Moody, who opened by reading an article from the Boston Post, which said the Tenth district was usually Republican, but owing to a division of the party it would go Democratic. To you it rests to say whether this was truth or slander. It was the duty of the Republicans to regain the district, so that the voice of the district will not be misrepresented in Congress. He had nothing to say against Mr. Napheon but we ask you to give us a colleague who will strengthen the Republican party. The contest has been settled honorably, there is no stain in the nomination of Mr. Pierce, and it is for you to stand by him and elect him. It was important to have a Republican from this district, as it was important there should be a Republican speaker. The speaker has the making up of the committee, and much depends upon how they are made up. The speaker then spoke on the financial question and our wise treatment of Porto Rico, Cuba and the Philippines. He also touched on Militarism and Imperialism, and proved that they were only bugaboos.

Michael J. Murray was the next speaker and he dealt entirely upon the national issues. How the country had prospered during the past four years under McKinley's administration, and the importance that it should be continued. He spoke of Bryan and his free silver policy. He closed by saying, let us elect a Republican President, and a Republican Congressman from the Tenth district to help him.

Dr. George B. Pierce candidate for

congressman in the Tenth district was last speaker, and as he stepped forward John Shaw proposed three cheers, which were given with a will.

Dr. Pierce said he was glad to see the enthusiasm shown. For the first time in the Tenth district we have a solid united Republican party. The whole nation is watching you today to see if you are going to send a free silver man to block the wheels of government. If Mr. Napheon is elected he will vote for a free silver speaker. I stand fairly and squarely on the Republican platform of Philadelphia. I am a sound money man to the core and am in favor of a gold standard. During Cleveland's administration Quincy granite was sent to Europe and dressed and sent back because of the cheap labor there. Do the granite men want a free silver man and free trader in Washington, who will vote for a reduction of tariff on granite? It was not imperialism to prevent massacres in the Philippines. If it is imperialism to plant the Star Spangled banner on the battlements of Pekin, to save Congress and the Americans, I am an Imperialist. I am for sound money, protection and continued prosperity.

At the close of the speaking many rushed to the platform and had the pleasure of greeting Candidate Pierce, congratulating him on his prospects, and giving encouragement. Music by the band closed the rally before 10 o'clock.

MORE BURGLARS.

Jewelry Store of T. L. Williams Entered—One Other Attempt.

Burglars were about Quincy some time Monday night and made two breaks. In one case nothing was obtained and in the second the goods taken will not aggregate much.

The place entered was T. L. Williams' jewelry store on Hancock street and the office of the New York and Boston Dispatch Express.

At Williams' jewelry store a large stone was thrown through one of the plate glass show windows and a tray containing five silver watches taken.

Three of the watches were of the kind that sell for \$1.50 each, and two that sell for \$1.00 each. A tray containing a number of valuable watches was overlooked.

At the office of the express company, the glass in one of the windows was smashed, and the window catch turned. The window, however, was nailed down and it could not be opened.

As this window opened into the room where liquor packages are kept and was the only window nailed, it is evident that the parties were those well acquainted with the premises.

Washington Letter.

Washington, Oct. 23, 1900.

The President left Washington today for Canton, where he will remain until he casts his vote on election day. He went away in a very pleasant state of mind. He believes that he is going to be re-elected, and he knows that the agreement between Germany and England, just made public, not to take any territory from China themselves or to allow any other power to do so, and to maintain the open door in Chinese commerce, gives the U. S. all that it has asked for—an equal chance with all other nations to maintain and increase its trade with China.

This agreement is the most important event, regarded from the standpoint of American interests, that has occurred in connection with the Chinese mix-up. It insures our getting peacefully what many think we would have been justified in going to war to get, had it become necessary. Germany and England being our leading rivals for Chinese trade, were hardly actuated by a desire to help us.

Gen. Fitzhugh Lee, who has been spending several days in Washington, doesn't go so far as to predict failure for the Cuban Constitutional convention that will meet November 5, but he makes it quite evident that he doesn't believe the convention will provide a Constitution that will be accepted by Congress. Gen. Lee made a statement concerning the present epidemic of yellow fever in Havana, the worst since American occupation, that is calculated to arouse interest and discussion in the medical and scientific world—that the best physicians in Havana had about been convinced that sanitary precautions were not a bar to yellow fever.

One of the Americans who accompanied the Boer envoys to Washington—Mr. St. John Gaffney, of New York, is again at the National Capital. He expresses the opinion that England will never be able to hold the territory it has taken from the Boers, even if the European powers raise no objection to the annexation of the South African republics, and he would not be surprised to see several of them object. He says the Boers and Afrikanders will bide their time and will start a new revolution the moment England gets involved in war with any of the powers.

The statistician of the Department of Agriculture estimates that the farmers of Texas lost fully \$5,000,000, exclusive of damages to machinery and buildings by the Galveston storm, \$3,400,000 of which was represented by cotton destroyed, \$500,000, by corn \$210,000 by rice, and \$490,000 by live stock.

Hon. John Sherman, who for a period of 40 years occupied a prominent place in the legislative and administrative branches of public affairs in the United States, died here at 6:45 o'clock this morning, of brain exhaustion. He leaves the magnificent white marble residence built by him while a member of the Senate, to his daughter, who lived with him.

Special of Council.

At a special meeting of the City Council held Monday evening the following jurors were drawn: Martin H. Cook, George W. Brooks, Welcome J. Black, Walter T. Balcock, Warren H. Rideout, Arthur W. Loud, Adolph E. Lorey.

ACADEMY GAMES.

O'Brien Gets Another Leg for the Challenge Cup.

The annual fall games of the Adams Academy Athletic Association in celebration of Founders Day were held this morning on the Academy grounds. The attendance was not as large as usual although the boys put considerable enthusiasm into the several events.

The first interesting event was the quarter-mile run for the challenge cup. In order to hold the cup it must be won three consecutive times. O'Brien won the race last year. This year Thomas tried to wrest it away from him. Thomas held the lead until near the end when O'Brien took a spurt and crossed first by a nose length.

The next interesting event was the mile-run. Hoxie took the lead at first and held it until near the finish, when Harkins took a spurt and won the race by a close decision.

In the relay race for the class championship, Hopkins of the First class took the lead and held it during the first lap. Morse of the First class won the second heat; Reardon of the Second class won the third heat, and O'Brien and Thomas also of the Second class won the fourth and fifth heats.

The judges were John O. Hall, Jr., Israel Damon, C. B. Hersey, H. W. Osgood.

The summary of events was as follows:

70 yards dash.—First heat, won by Thomas; Second heat, won by Morse; Third heat, won by Harkins; Fourth heat, won by Sutermeister. Final heat, won by Thomas; time 8 seconds.

Potato race.—Won by King.

220-yard dash.—Melville first, O'Brien second; time 30 seconds.

Running broad jump.—won by Thomas; distance 16 feet 4 inches.

Barrel roll.—won by H. Anderson.

Quarter mile run for challenge cup.—O'Brien first, Thomas second; time 1 minute 10 seconds.

Foot ball kick.—won by Moir; distance 126 feet 6 inches.

70 Yards Hurdle race.—Tate first, Murphy second; time 11 seconds.

6 Mile run.—won by Harkins, Hoxie second; time 6 minutes, 14 seconds.

Three-legged race.—First heat, won by Sullivan and Merrill; time 14 seconds. Second heat, won by Reardon and Berry; time 12 seconds. Final heat, won by Reardon and Berry; time 11 seconds.

Hop, step and jump.—won by Thomas; distance 35 feet, 9 inches.

Relay race, class championship.—won by the Second class; time 4 minutes, 28 seconds.

Tag of War.—First heat between the First and Fourth classes, won by Fourth class by 2 feet, 1 inch. Second heat, between the Second and Third classes, won by the Second class by 6 feet, 10 inches. Final heat won by Second class, by 1 foot, 2 inches.

GENERAL HARRISON'S OPINION.

Bryan's Election Would Throw the Country's Affairs Into Confusion.

"I think, therefore, that voters ought to vote with a view to the right decision of those questions that are directly and finally in the control of the president and congress.

"The general reasons I gave in my Carnegie hall speech in 1898, why Bryan should not be elected, still hold good with me. His election would, I think, throw governmental and business affairs into confusion.

"We should not aid the election of a president who would, admittedly, if he could, destroy the gold standard and other things that we value even more, upon the deceptive suggestion that he has been bound and that the Republican party will, after defeat, still have strength enough to save the temple. It will be much better not to allow the man with destructive tendencies so much as to lean against its pillars.

"Perhaps it will save you much trouble if I give you and underwrite as this date, this extract from my Carnegie hall speech. When we name a president who believes that it neither his right nor his duty to see that the mail trains are not obstructed, and that interstate commerce has its free way, irrespective of state lines, and courts that fear to use their ancient and familiar writs to restrain and punish law-breakers, free trade and free silver will be appropriate accompaniments of such an administration and cannot add appreciably to the national distress or the national dishonor.

"The economic policies of the Republican party have been vindicated by the remarkable and general prosperity that has developed during Mr. McKinley's administration—succeeding a period of great depression.

"A change of administration this fall would almost certainly renew conditions from which we have so happily escaped. The full dinner bucket is not a sordid emblem. It has a spiritual significance for the spiritually-minded. It means more comfort for the wife and family, more schooling and less work for the children and a margin of saving for sickness and old age."

"The future market. The Time is Coming When It Will Be In the Far East."

"A great change has recently taken place in the manufacture of goods. It is now necessary to have an outlet for our overflow of all kinds of manufactured goods. The home market is safe. We are able to compete in most of the markets of the world. We have no hostile tariffs abroad, but we have by our business ability been able to overcome opposition.

ROOSEVELT INSULTED.

Pelted With Eggs and Vegetables and
Greeted With Vile Epithets.Bitter Fight Follows Assault
on a Campaign Club.Bryan Makes Thirty Speeches in a Day, Thus
Breaking His Own Record.

Elmira, N. Y., Oct. 30.—For the first
time in New York state, and in the home
of the Democratic candidate for gov-
ernor, Theodore Roosevelt was assaulted
on the streets on his way to the places
of meeting. He was in a carriage with
former Senator Fassett, and at sev-
eral points along the route was pelted
with eggs and vegetables and greeted
with the vilest epithets. He sat in digni-
fied silence, while the police looked on
quiescently. The campaign club from
Corning was also assaulted personally
and a bitter fight ensued. In the places
of meeting the governor had no inter-
ruptions. After it was over he said:
"It was nasty conduct, the conduct of
hoodlums."

Six men from Corning were badly hurt
being severely cut and bruised.
"The light at Victor," said Secretary
Lord of the governor's staff, "was not
half so bad as that here tonight. At
Victor no blood was shed, but here blood
flowed quite freely."

STUDENTS TURNED OUT IN FORCE.

A Happy Remark by Governor Roosevelt Put
Cornell Boys in Good Humor.

Ithaca, N. Y., Oct. 30.—The Roosevelt
train arrived here just a little behind
time, and the greatest enthusiasm of the
entire trip was manifested in the city
and at the train. This was due partly
to the presence of Cornell college stu-
dents. A trolley car was in waiting at
the depot, and as it passed down the
main street towards the meeting place
it had to go through lines of students ex-
hibiting the wildest enthusiasm. One
squad of students had dinner pails in
their hands and wore blue jumpers, in
imitation of working men. The gov-
ernor enjoyed the thing immensely. A
parade was formed with three bands and
a great crowd of students and citizens.
In the crowd circulars had been dis-
tributed asking him his record, as to
assessments he was alleged to have made
regarding farmers and laborers, and col-
lecting a piece of verse called "Ruffian
Rider Roosevelt."

It was about an hour after the governor
arrived at the depot before he got into
his speech, the boys insisting upon
singing college airs to campaign words
and giving their yells. The governor
began with a phrase calculated to put
all the students in good humor, either
Democrats or Republicans. He said:
"I am glad to see with you this after-
noon, and I want to say on the 6th of
November next, I hope to see the Re-
publican party with a greater score
than you whipped Dartmouth last Sat-
urday, 22 to 6."

After saying this the speaker had to
wait a long time before the tumult ceased
and he started it again by saying: "I
will keep up a serious study of football."
Answering a local Democratic paper
that had credited a remark about Bryan
to him, he said: "I never made it, and
never thought it. Now I hope my Demo-
cratic friends will not think that an
evasive answer."

He then talked of the easiness of
Mr. Bryan on the silver question, and
ridiculed his trust remedy of free trade
as bad for everybody.

THIRTY SPEECHES IN A DAY.

Bryan's Tour of Monday in the Empire State
Broke His Previous Record.

New York, Oct. 30.—William J. Bryan
made 30 speeches yesterday, and has
thus broken his own record for speech-
making. As a rule the speeches were
not long, but they exceeded in number
those of any previous day during the
present campaign, and by three the high-
est number made in the campaign in any
one day in 1896. He began at Bain-
bridge, in the interior of the state, at
9 o'clock in the morning. In New York
city he made one speech, at Hamilton
Park, on the east side, and in Brook-
lyn during the night he made eight
speeches.

The day's tour was first along the head
waters of the Susquehanna river, and
then back through the Catskills and
down the Hudson on the west side of the
river, to Weehawken; thence across the
river and across Manhattan island into
Brooklyn. All the speeches except one
were made in the state of New York, the
exception being the speech at Little
Ferry, N. J.

Mrs. Bryan accompanied her husband
during the day, and she received almost
as much applause as he did when she
appeared before the crowds assembled to
hear him. She was presented during the
day with many handsome bouquets of
roses and chrysanthemums.

At Saugerties there was an incident
which provided a slight diversion. When
Mr. Bryan was about to conclude his
speech there an elderly man in the crowd
made an inquiry about North Carolina.
Mr. Bryan turned to him and was be-
ginning to explain the Porto Rican leg-
islation, when he said he had the effect
of disfranchising about 85 percent of the
people of that island, when the man in-
terrupted him: "We don't want you to
talk about Porto Rico, but we want to
hear about North Carolina."

"I am not responsible for what is done
in North Carolina," said Mr. Bryan.

"Put your party in," insisted the man
in the crowd.

At this Mr. Bryan replied: "No Re-
publican can remove North Carolina
until he can explain the conduct of the
president in connection with Porto
Rico legislation." The interlocutor

was apparently preparing to make fur-
ther interruption, but by this time the
crowd turned on the interrupter and he
was pushed to the rear, notwithstanding a
protest from Mr. Bryan.

Mr. Bryan last night spoke to a large
and enthusiastic gathering of Hebrews
at Hamilton Park, borough of Man-
hattan, before going to Brooklyn.

The demonstration in Brooklyn was one of
the largest political outpourings in the
history of the borough. Over 100 bands
furnished music, and it is estimated that
over 100,000 people saw and heard the
Democratic candidate speak last night.
There were eight different parades in the
borough, and it is estimated that al-
together 40,000 people were in line.

Dewey Meeting Broken Up.

Coblekill, N. Y., Oct. 30.—An effort was
made to break up Senator Dewey's meet-
ing here yesterday, and was partially
successful. Mr. Bryan had spoken here
in the morning. The town was full of
people from the surrounding country.
When Senator Dewey started to talk,
hundreds of men hurrahed for Bryan,
blessed McKinley's name and called
Senator Dewey a traitor.

Three clergymen asked
for fair play. Senator Dewey got started
again, and spoke for a few minutes, but
the disturbance commenced again, and
he left the platform for his train, where
he spoke for half an hour.

President Has Many Callers.

Canton, Oct. 30.—Yesterday brought
even more than the usual number of
callers to the McKinley home. They
were largely people who called to pay
their respects or to shake hands with the
president. At a Republican meeting
at Alliance last night a letter was
read from President McKinley declining
an invitation to address the people of
that place. In doing so the president
expressed the warmest feeling of friend-
ship for his "old friends" there, and ex-
pressed the hope that the meeting would
stamp with its disapproval "the wicked
doctrine of class distinction."

Names Won't Go on Official Ballot.

Boston, Oct. 30.—The ballot law com-
missioners have decided that the names
of Thomas Donahue and Michael Jones,
Democratic candidates for the house of
representatives in the Tenth Bristol
district, shall not appear on the official
ballot, because of a flaw due to lateness
of the representative convention. Both
nominees were the only Democrats from
Fall River in the house last year. The
district is Democratic.

By a Hundred Thousand Majority.

New York, Oct. 30.—The executive
committee of the Republican national
committee, with headquarters in this
city, last night issued an official state-
ment claiming that New York state is
absolutely sure for McKinley and Roose-
velt. It states positively and officially
that the majority for the Republican
national ticket in the state at large will
not be less than 100,000.

Coal Strike About Ended.

Seranton, Pa., Oct. 30.—The coal strike
is virtually over, for though a few min-
ers were idle yesterday, the great bulk of
the miners are at work, and it is ex-
pected that about all the principal col-
lieries will be running in a day or two.
Yesterday some of them were closed only
through a misunderstanding, others will
start to-day. The miners are generally
pleased with the outcome.

Caged in the Courtroom.

Cleveland, Oct. 30.—The trial of Ed-
ward Ruthven, the notorious negro
burglar, who shot and killed Patrolman
Shippl last spring, began yesterday. Owing
to the desperate character of the
prisoner and the threats he has made
against the lives of police officers, an
iron cage has been placed in the court-
room, where he is confined during the
progress of the trial.

Job For French Shipbuilders.

Paris, Oct. 30.—According to The Ma-
tin, the rebuilding of the Spanish fleet
will be entrusted to French builders.
The Spanish government, says the pa-
per, has given an order for eight iron-
clads of 12,000 tons burden each, four
armored cruisers of 8000 tons burden
each, and 100 torpedo boats. The order
is to be executed within 10 years.

Strike Started by Strippers.

Tampa, Fla., Oct. 30.—Alleged makers
belonging to the International union of
two factories here went on strike yester-
day. The trouble arises between this
union and the Spanish union, called
Resistencia. The strippers belonging
to each of these had a disagreement
which resulted in the cigarmakers taking
it up. About 500 people are affected.

The Wachuset Long Overdue.

San Francisco, Oct. 30.—No news con-
cerning the American ship Wachuset
was brought by the steamer Gaetic from
Honolulu, where the ship was expected
to arrive. The ship ever reaching its
destination. The Wachuset is now out
165 days from Newcastle, N. S. W., for
Kahului, and 90 percent reinsurance is
offered.

New York Brook Is Used.

New York, Oct. 30.—Robert C. Foster
of Greenville, S. C., has brought suit
against Murphy & Co., brokers, of this
city. The complaint alleges that the
firm of Murphy & Co. is guilty of breach
of trust, resulting in damage to Foster
to the extent of \$65,722.

Mistaken For a Deer.

Utica, N. Y., Oct. 30.—Marcus Earle,
a well-known Adirondack guide, aged 45,
who had a camp in the vicinity of Moose
river, was shot and killed yesterday
through being mistaken for a deer.
Earle leaves a widow and four children.

SCENE RESEMBLED THE COMMUNE.

London Enthusiasm Over Return of Volunteers

Found Vent in General Drunkenness.
London, Oct. 30.—The City Imperial
volunteers, who arrived at Southampton
from South Africa Saturday on the
transport Aurania, reached here by train
yesterday, marched through London,
along streets packed by thousands, and
were greeted with a tumultuous greeting.
The postponement of London's welcome
diminished the number of spectators, but
the enthusiasm could scarcely be more
general or genuine. Queen Victoria sent
a message to the returning troops, wel-
coming them, and inquiring as to their
health.

After an eight-hours' march, broken
by a sermon at St. Paul's cathedral by
the bishop of Stepney and a speech by
Lord Mayor Newton, at the Guild Hall,
the volunteers sat down to a course din-
ner at the headquarters of the Ancient
and Honorable artillery of London,
where Lord Wolseley and many other
notable persons received and addressed
them.

The list of casualties among the wel-
coming multitude was longer than that
of the whole corps in its 26 engagements
in South Africa. Partial returns from
the hospitals and police stations indicate
that more than 300 were badly hurt.
Two or three were killed outright.

Many of the soldiers in the line of
march were hurt in combats with the
crowd. Altogether London had a wild
day, with much fun and, unfortunately,
great grief in many households, because
of the accidents.

Indeed the only surprising feature in
the casualties were not twice as
numerous, for when night fell the streets
of London would have done credit to the
commune. It was a scene of unchecked
savagery that met the eye. Fighting
and swearing throngs fought vainly
among themselves for the right of way.
The few isolated policemen in evidence
were borne helpless upon the tide of pa-
triotic enthusiasm, whose invincible
characteristic was drunkenness, partial
or complete. The night was a repetition
of "Makelings night," without the
redeeming excuse of that celebrated
worst element of the population.

Women were insulted, kissed or thrown
down with impunity in street fights. Pursued
at the sweet will of inebriate brawlers
from the sidewalks they streamed along
historic thoroughfares shouting, sobbing
and brandishing peacock feathers with
homicidal gravity. Many of the officers
had no exception to the rule of drunkenness.
Countless different uniforms of soldiers
of the empire, regulars, volunteers and
colonials, added vivid color to an extra-
ordinary spectacle, the like of which was
never witnessed in any American city.

Pavon's Murderer Convicted.

Santiago, Oct. 30.—Octavio Mena, for-
merly a clerk in the office of the chief
of the port, was yesterday found
guilty of the murder of Colonel Pavon
of the Cuban army, whom he killed in a
drunken row. The evidence showed that
the homicide was entirely without pro-
vocation. While Mena was being taken
from the jail to the courtroom a mob
tried to lynch him, but the police success-
fully resisted and made numerous ar-
rests.

Report of Massacre Confirmed.

New York, Oct. 30.—Secretary Brown
of the Presbyterian board of foreign
missions yesterday received a cable from
Rev. J. W. Lewis of Tientsin, China, con-
firming the fears which have long been en-
tertained regarding the massacre of mis-
sionaries at Pao Ting Fu, Aug. 1. The
cable reads: "Simcox, Lodge, Bagnall
families, Taylor, Pitkin, Cooper, Morrill,
Gould, murdered; houses razed, populace
unrepentant."

Harris Convicted of Murder.

New York, Oct. 30.—Guilty of murder in
the second degree was the verdict
brought in last night by the jury before
Judge Arthur Harris, the negro, has
been on trial for killing Patrolman
Thorpe. It was Harris' unprovoked
crime that incited the wholesale race
riots on the west side a couple of months
ago. Thorpe had arrested the woman
with whom Harris had been living.

Slipped to Death by a Mob.

Port Worth, Tex., Oct. 30.—A crowd
gathered outside a schoolhouse near
Tyler, where divine services were being
held. They got into a quarrel and dis-
turbed the congregation. When Wil-
lam Cawthorn came out and endeavored
to quell the disturbance, he was assailed
on all sides and stabbed to death. Four
arrests were made.

Queen Victoria Loses a Grandson.

London, Oct. 30.—A dispatch from Pre-
toria announces the death from enteric
fever of Prince Christian Victor of
Schleswig-Holstein, the eldest son of the
Princess Helena of England and a grand-
son of Queen Victoria. He was born in
1867, and was a major in the King's Royal
rifles.

To Place Responsibility.

Washington, Oct. 30.—A court of in-
quiry has been appointed to fix the re-
sponsibility for the collision in Newport
harbor recently between the torpedo
boats De Lagnen and Brown. The
court will assemble at Newport Tuesday.

To Push the Boschlietier Case.

Patterson, N. J., Oct. 30.—Public Pro-
secutor Emly says that he expects to lay
before the grand jury some time this
week the evidence in the case of Mc-
Allister, Kate Campbell and Death, the
four men charged with having caused the
death of Jennie Boschlietier.

Emperor Asked to Return to Peking.

Paris, Oct. 30.—The Chinese minister
here cabled Emperor Kwang-Su yester-
day, urging his majesty to return to
Peking, pointing out that his so-doing
would very greatly facilitate the peace
negotiations.

Weather Conditions and Forecast.

THE GHOST

Of our boyhood resolved itself to an old

tree when we had courage to examine it.
Manhood has its ghosts, which, to the
man who has courage to confront them,
prove to be as harmless as the ghosts of
boyhood.

One of the ghosts
which scare a
great many
people is the
ghost of lung dis-
ease. But expe-
rience shows this
ghost to be very
harmless. In
cases almost in-
numerable "weak"
lungs have been
made strong, ob-
stinate coughs
stopped, and
bronchial affec-
tions cured by the
use of Dr. Pierce's
Golden Medical
Discovery.

And these cures have
been made in many cases after the doctor
had said: "There is no help for you."
Don't give in to the superstition of a
past age. Give the "Golden Medical
Discovery" a fair and faithful trial. It
always helps. It almost always cures.

"When I commenced taking your medicine
eighteen months ago, my health was completely
broken down," writes Mrs. C. L. Sunderland,
of Chateaufort, Calvert Co., Md. "At times I
could not even lie down, and at last I con-
cluded to try Dr. Pierce's medicine. I bought a bottle
of 'Golden Medical Discovery,' took it, and
soon commenced to feel a little better; then
you directed me to take both the 'Golden Med-
ical Discovery' and the 'Favorite Prescription,'
which I did. Altogether I have taken eighteen
bottles of 'Golden Medical Discovery,' twelve
of the 'Favorite Prescription,' and five vials of
'Pelllets.' I am now almost entirely well, and do
all my work without any pain whatever, and can
eat with more ease than I could formerly eat."

Dr. Pierce's Medical Adviser in paper
covers, is sent free on receipt of 21 one-
cent stamps to pay expense of mailing
only. Address Dr. R. V. Pierce, Buf-
falo, N. Y.

ARE BURIED IN RUINS.

Bodies of Victims of New York Disaster Very Difficult to Recover.

Between Forty and Fifty Persons Reported Missing.

Belief That Tarrant & Co. Carried More Chemicals Than the Law Allows.

New York, Oct. 31.—Smoking and steaming, the ruins left by Monday's disastrous fire and explosions in New York baffled the work of the public wreckers yesterday, and the task of clearing Warren, Greenwich and Washington streets of the rubbish of buildings and digging down into the debris on the fire-swept area for the bodies of victims proceeded haltingly.

All the efforts of the authorities are now directed to cleaning away the ruins of the Tarrant and other buildings wrecked in the great explosion in the desire to find out how many bodies are buried, and to ascertain the cause of the explosion.

The efforts of the searchers for the dead were rewarded last night by the finding of the remains of H. C. A. Schmidt, and the recovery of what seems to be the bodies of three other people. Schmidt, and the recovery of what seems to be the bodies of three other people. Schmidt, and the recovery of what seems to be the bodies of three other people.

At the northwest corner of the Tarrant building, at Warren and Greenwich streets, a mass of clothing and indiscriminate articles was come across, and in the mass was said to be the bodies of three people. The firemen went to work with a will to dig out the mass, and at 6 o'clock brought to light a portion of a woman's foot and the top of a crushed-in skull.

During yesterday Superintendent Dooner had a very large force of men at work tearing down piles of debris and removing it. The fire burned all day, and toward night was practically toward the end of the mass of debris at Washington and Warren streets, at the northeast corner. The fire extends back for some distance, and is burning fiercely.

Above the supposed bodies is an immense amount of twisted iron, immense piles of mortar and bricks, beams of iron and girders and everything imaginable piled in a mass, reaching nearly 20 feet in the air.

There were no new men at work last night. Superintendent Dooner was using the same force that he had had all day, but today will get a largely increased force.

Some of those reported missing returned to their homes during the night, but the list now stands between 40 and 50.

Chemicals probably entered into the origin of the fire. The first smoke that was seen was dense and very black. This changed into what appeared to be a light vapor, greatly increasing in quantity. Then began a series of minor explosions. Suddenly an explosion of much greater force drove the glass from the windows. This was followed almost immediately by another explosion of far greater intensity. There was perhaps an interval of two minutes, when there came a third explosion that exceeded those that preceded, and which brought the buildings on both sides of Warren street in that clock tumbling to the ground as though they were built of pasteboard.

Fire Commissioner Scannell said: "I have no doubt that chemicals and oils far in excess of the quantity sanctioned by the law were stored in that building. I suppose that keen watch was kept over the official movements of the inspectors, and when it became known that a visit might be made the quantity of explosives was depleted. After the inspector had departed, the supply was again built up. I cannot tell what action will be taken, but a rigid investigation will be made. Tarrant & Co. have not been the only offenders. There are other similar concerns that pay little heed to the law. I shall have the matter looked into immediately."

Dr. Feeney, chief inspector of the health department, called at the scene of the explosion. "This havoc was never wrought by benzine or naphtha," he said, "I believe it was nitro glycerine."

Alleged Conspirators Indicted.
New York, Oct. 31.—The grand jury yesterday found indictments against six men, who are charged with grand larceny in the first degree. Three arrests were made, Edward F. Stern, lawyer; Ignatz Kornfeldt, merchant, and Walter A. Vandercook, wine merchant. It is said that the men would obtain large stocks of goods on the pretense of opening stores and give each others' names as sponsors. Assistant District Attorney Byrne said he had claims against the alleged conspirators amounting to \$200,000.

Mo Colliers Resum Work.
Scranton, Pa., Oct. 31.—The men employed at the collieries of the Lehigh and Wilkesbarre Coal company met yesterday and adopted resolutions requesting the company to abolish the sliding scale and guarantee to pay the 10 percent increase until April 1. The company immediately agreed to the proposition, and posted notices last night. Work will be resumed as soon as the mines can be put in shape.

BEST AGAIN REMANDED.

Clue Indicating That Bailey's Body Was Disposed of Shortly After the Murder.

Lynn, Mass., Oct. 31.—John C. Best, who is suspected of having murdered George E. Bailey, the North Saugus millman, was taken from the Salem jail to the police court here yesterday. At the request of the prosecuting officers and by agreement of Best's counsel, Judge Berry granted another continuance. The next date set for Best to come into court is Nov. 3. By that time an inquest will have been held and the state police will have received reports from Professor Wood as to his chemical analysis of the articles which the police believe to be covered with blood spots. Best was remanded to jail without bail.

Although George E. Bailey disappeared on Oct. 8, and it is generally believed that he was murdered that night, the exact time and manner of disposing of a body in the Floating Bridge pond have remained an unsolvable problem. In their investigation of the story that someone near Floating Bridge pond heard a mysterious team on the bridge late that night, the police yesterday interviewed Mrs. Frank A. Beede. She says that on the night of Oct. 8 she attended a whist party in Lynn. She was late when it was over, and some friends accompanied her part way home, leaving her to go the rest of the way alone. She lives not far from Floating Bridge pond, and as she was going into her house, about 1:30 a. m., Oct. 9, she heard a team driven on the bridge. She judged from the sound that it went half way across, then stopped a moment, turned around and went back toward Lynn. She says the wagon rattled, and her story agrees with the statement made some days ago by Miss Hannah Hawkes that she heard a similar wagon pass her house about the same hour.

The occurrence was a very unusual one for that locality, and coming so quickly after Bailey's disappearance, the police are disposed to regard Mrs. Beede's story as a very valuable clue.

Charged With Four Murders.

Alfred, Me., Oct. 31.—The trial of George H. Champion, who was indicted by the September grand jury on a charge of murdering George W. Goodwin, Scott G. W. Goodwin, Mrs. Elsie H. Horne, and Fred Berch, in this hall, began yesterday in the supreme court. Although indicted for all four murders, Champion is being tried only upon that indictment charging him with the murder of Mrs. Horne, the housekeeper. A jury was secured during the forenoon, and the evidence was then begun, a dozen or more witnesses being heard. Most of the testimony was unimportant.

Seven Years Imprisonment.
Boston, Oct. 31.—Sentence of seven years imprisonment in the Lawrence jail was ordered executed by Judge Brown in the United States circuit court in the case of William S. Jewett, who was convicted of misappropriation of funds of the Lake National bank of Woburn, N. H., while acting as agent in liquidation. Fighting the prosecution at every stage of the case, the defendant yesterday came into court to submit to the inevitable. Jewett was president of the bank at the time it went into liquidation and he was selected by the stockholders as their agent. While in that capacity he misappropriated about \$35,000.

Ma v Petitions For Pardon.

Augusta, Me., Oct. 31.—Two petitions for the pardon of David L. Stain and Oliver Cromwell Smith, better known as Oliver Cromwell, who are now serving life sentences at the state prison on the charge of murdering John W. Barron, treasurer of the Dexter (Me.) Savings bank, Feb. 22, 1878, were presented at the meeting of the governor and council yesterday. These, with the petitions for the pardon of Rose E. Carson and Orrin G. Mark, murderers, and William Gifford, convicted of rape, were received, and notices for hearings ordered.

Wanted to Sell Shoes at a Bargain.

Lynn, Mass., Oct. 31.—John Hussey and John Casey, each about 20 years of age, visited George Jagoe's loan office, displayed a sample pair of shoes, and told Jagoe that they wished to sell him a large quantity. The price was quite low, the suspicion of the proprietor and he notified the police headquarters. Hussey and Casey were arrested and held pending an investigation.

Failed to "Wing" the Robber.

Ellsworth, Me., Oct. 31.—Fred E. Webb, proprietor of a general store, heard a noise in the store early yesterday morning, and when he investigated he encountered a man coming out of the store carrying a bag filled with booty. Webb took to his heels, but a shot from Webb's revolver brought him to a halt. After dropping the bag, the robber continued his flight and escaped.

Convicted of Manslaughter.

Worcester, Mass., Oct. 31.—Paolo Paolino, charged with manslaughter in causing the death of Loreto D. Marzio by stabbing him at Boylston, Aug. 5, was yesterday convicted in the superior court, and sentenced to state prison for not less than five nor more than eight years. Francisco Ferzaco, similarly charged, was found not guilty, and ordered discharged.

Didn't Amount to Much.

Annapolis, Md., Oct. 31.—An explosion of gas occurred on the submarine boat Holland yesterday. It is supposed that the explosion was occasioned by overfeeding the tube that supplies the furnace with gasoline, which runs the engine. It is reported that little or no damage was done.

KILLED A PAY CLERK.

Four Italian Miners Made Desperate Attempt to Rob Coke Company's Safe.

A Plucky Messenger Successfully Resists Bandits.

Two Killed, One Probably Fatally Wounded and the Other Is in Jail.

Mount Pleasant, Pa., Oct. 31.—Four Italians held up the Southwest Connellsville Coke company's pay wagon about a mile west of this place yesterday afternoon. With the wagon, in which was a safe containing \$4000 for the Alverton workmen, were Payclerk William Hosler, a brother of Secretary-Treasurer C. H. Hosler, and Harry Burgess, messenger of the company, both armed. The Italians were in ambush and opened fire, killing Hosler. Burgess returned the fire, killing one of the foreigners, and wounding another. The three would-be robbers then ran toward Scottsdale, without securing the money.

Hosler and Burgess left this city at 1 o'clock yesterday afternoon with the money to pay off the men at the Alverton and Tarr works. As they reached the summit of a long hill, above Moorewood, just below which lies Alverton, a large coke town, the four Italians fired a volley from their hiding place, and sprang forward, firing as they advanced. Mr. Hosler fell dead. Burgess returned the volley. Young Burgess, though wounded, was able to return the fire with effect, and one of the number, at the horse's head, fell dead. A second later he fired his revolver in the very face of another, and as he fell his two remaining companions became terrified and ran. Burgess managed to drive on into Alverton with the body of Mr. Hosler and the safe, where he gave the alarm.

Mount Pleasant and vicinity, with the clerical force of the coal company, turned out 500 strong, headed by Lieutenant Thompson, and soon cornered the two, who had concealed themselves in a field on the Durstine farm, a mile or so from this town.

A summons to surrender was answered by a volley, in which one of the posse received a slight wound in the chest. The outlaws, from their fortified position, made a fierce stand for a few minutes until one of the posse succeeded in getting in their rear. He shot one through the head, killing him instantly. The other surrendered and was brought to the office of Squire Rhodes and remanded to jail.

In the meantime another division of the posse overhauled the third would-be robber, who had received a ghastly wound. The ball, entering his mouth and penetrating his head, came out at the back of his neck. He is not expected to recover.

Services Not Held in China.

Washington, Oct. 31.—Orders have been sent to Pekin detaching General Wilson from duty as chief of staff under General Chaffee, and directing him to return to the United States. General Wilson was to have been a member of the projected American commission to treat with the Chinese government for a settlement, but the abandonment of that plan in favor of direct negotiations through Mr. Conger made it unnecessary to retain General Wilson in China.

Prince Albert the Complainant.

Berlin, Oct. 31.—Referring to the statement that Prince Christian of Schleswig-Holstein is in Berlin in connection with divorce proceedings that are pending between his daughter, Princess Louise Augusta and Prince Albert of Anhalt, the papers say that it was not the wife, but the husband, who took the initiative in the matter, and they intimate that the trial will develop highly sensational testimony against the princess.

Mail Clerks in Railroad Accident.

St. Louis, Oct. 31.—One man was killed and six others were injured, one perhaps fatally, in a collision on the Chicago and Alton, near Mitchell, Ill. A special collided with a freight train on a long curve near Mitchell. Behind the passenger engine was the mail car, in which several clerks were asleep. The car was telescoped, and none of its occupants escaped uninjured.

Carlist Activity Renewed.

Madrid, Oct. 31.—Several bands of Carlists have appeared in the neighborhood of Barcelona. Three priests have been arrested in Barcelona in connection with the Carlist activity. Their quarters were searched and important documents found. The Carlist movement was timed to commence a fortnight hence but it broke out prematurely.

Twenty-Five Lives Were Lost.

Carcaras, Oct. 31.—Monday's earthquake destroyed the town of Guaranas, resulting in the loss of 25 lives. Nearly the entire population of Carcaras passed Monday night in the streets or squares of the city. Slight tremors, followed by severe shocks, have occurred at varying intervals, and still continue.

Quarantine Restrictions Continue.

Jacksonville, Fla., Oct. 31.—The summer quarantine in Florida generally terminates at midnight on Oct. 31, but, according to an order issued yesterday by the Florida state board of health, the quarantine restrictions will be continued until further orders.

Report Was Groundless.

Port Au Prince, Oct. 31.—There is no truth in the report which reached New York from Kingston, Jamaica, that President E. Simon Sam of Hayti died suddenly recently.

Drift of Opinion.

Just where the political apathy centre is located doesn't seem to be known definitely, but it is supposed to be under the hat of either Hon. Grover Cleveland or Hon. Tom Reed.—New Britain News.

Springfield will get its gas for \$1.05 per 1000 feet, maximum rate, which will make its discount lower than that of Haverhill. The city asked for 75-cent gas, but is satisfied to get half the loaf.—Haverhill Gazette.

The same McKinley who is denounced for militarism and imperialism, was accused by the Democrats only two years ago of being a coward who would endure any insult or outrage from Spain rather than go to war.—Beverly Times.

Smoking cigarettes is bad enough, all other people but the smokers of them realize, but the habit is not likely to be viewed by a jury as affording sufficient justification of the deed of that Tennessee woman who gave it as one reason for killing her son.—Lynn Item.

It is not best to be so easily satisfied with one's station in life as to make no effort to improve it; but chronic discontent, the habit of growling because more success is not attained, is fruitless folly, better adapted to defeat than to compass worthy aims.—Troy Press.

Every person who is in business of any kind must have something to communicate to the people from whom he expects to derive an income. A successful merchant says that he regards the advertising columns of the newspaper as his rostrum, from which to tell to the people what he would say to them if he could meet them in his store. The public looks to the newspaper advertisements for such information as the merchant has to give, and in giving it he confers a benefit both upon the public and himself.—Philadelphia Record.

Voting for an American citizen is the sign of his power and the instrument of it. It is a privilege given in like degree to no other citizen upon the face of the earth. Sometimes the power given to an individual voter in a contested campaign is so great that even the government of the country may depend upon his single vote; and yet the act of voting is so trivial an event that its full meaning is seldom defined in the mind of the voter. They who buy and they who sell votes deal unlawfully with the most precious commodity of which any one can make merchandise. Sometimes thoughtless and sometimes with guilty intent, men sell their votes and become traitors to their country; while they who buy them and sell them become worse than traitors, for they incite to treason and increase the number of traitors.

By his vote the citizen has direct access to the machinery of government, and make or mar, help or hinder, according to the slip of paper he drops into the ballot box or the mark he makes in the polling booth.—Christian Register.

Mrs. James Wilson of Commercial street, East Braintree, left her week's washing out on the line last night. This morning the line was stripped. Everything had been carried away by thieves.

A HOLIDAY VOTED.

School Committee Permit Teachers to Attend a Convention.

The regular monthly meeting of the School Committee was held Tuesday evening. Messrs. Hallowell, Smith, Hunting, Record, Merrick and Miss Adams were present.

Dr. Hallowell was elected as chairman of the meeting.

The resignations of Miss Annie M. McCormick of the Massachusetts Fields School, and Miss Nellie C. Gragg of the Willard were accepted.

Messrs. Hunting, Hallowell and Pierce were appointed a special committee to select a janitor for the Cranich school.

Messrs. Hallowell, Record and Hunting were appointed a committee to write the annual report of the board.

It was voted that the schools be closed on Friday, Nov. 2, the day of the Norfolk County Teachers' Convention.

A communication was received relative to permitting those pupils of the High school, whose families had moved out of town, to continue at the school. It was voted that they be permitted to finish the term and after that they could continue upon the payment of \$40 per year.

The matter of salary of the janitor of the Old High School building was referred to the Finance committee.

The financial statement to date was as follows:

Salaries,	\$62,788.78
Fuel,	5,636.06
Janitors,	5,215.60
Transportation,	744.30
Books, Supplies, Sundries,	6,404.85

"Jarred His Preserves!"

Two of Canton's well known and highly respected professional men, whose sporting proclivities sometimes overcome their usual good judgment, went over to Quincy a few days ago, it makes no difference whether with a gun or a rod, to try their luck. We do not know as to what success their adventurous spirit led them in the matter of game, but their luck was not of a nature to brag about in one respect. It seemed there are some Quincynites who do not allow poaching on their preserves and our friends had the misfortune or bad luck call it what you will, to enter on the premises of one whose sentiments in this direction is abnormally developed.

His sentiments, however, would have had nothing to do with this tale of woe, had our friends been undiscovered, but as they were not, it has a peculiar bearing on the case. The Quincy landowner is no respecter of persons, but a great believer in the majesty of the law and the two trespassers were confronted with the same alternative that is meted out to an ordinary, every-day poacher. Sadly and meditatively, they were compelled to make another trip to Quincy a day or two after, where they satisfied the law and paid for the fun they didn't have.

If any of the local sporting men desire any information in regard to the opportunities which Quincy affords as a stamping ground, we refer them to the two gentlemen above mentioned, whose recent experience amply qualifies them to give a correct and unbiased opinion of the same.—Canton Journal.

Ministers' Meeting.

The bi-meeting of the Norfolk Association of Congregational Ministers was held in the chapel of Bethany church Tuesday with about twenty in attendance. Rev. C. A. Hilton of Randolph was moderator. The sermon was by Rev. De Mont Goodyear of Abington; exegesis by Rev. Edward Norton of Quincy; book review by Rev. Roland D. Sawyer of Hanson; essay by Rev. A. F. Pierce of Campello. Rev. Mr. Snyder of Weymouth led the topic of discussion "The relation of the church to the unconverted."

Vote for Governor.

The Quincy vote of 1899 for Governor was as follows:

	1	2	3	4	5	6
Costs, P.,	7	0	1	2	1	2
Croce, R.,	362	189	166	168	71	141
Paine, D.,	120	125	139	69	180	132
Pease, S. L.,	16	15	11	21	20	16
Porter, D. S.,	45	29	34	49	14	17
Blanks,	26	20	15	14	27	34

In 1896, Presidential year, Quincy gave Wolcott, R., 2270; Williams, D., 814; Prince, N. D., 111; Coffin, P., 20; Brophy, S. L., 25; and there were 321 blanks.

DIED.

WHITE—In Quincy, Oct. 28, Mr. Timothy White of Larry place, aged 81 years.
WHITON—In Quincy Point, Oct. 29, Mr. Harry Lincoln Whiton, aged 31 years.
Funeral Thursday, Nov. 1, at 2.15 P. M., from his late residence 248 Washington street, Quincy Point. Relatives and friends are invited to attend without further notice. Burial private.

THE REGISTRATION.

Quincy Has 4,584 Names on Her Voting Lists.

Quincy has a surprisingly large registration for the Presidential election of next Tuesday, and will probably cast upwards of 4,000. By actual count there are today 4,584 names on the list divided as follows, a comparison being made with the totals of 1898 and 1899:

	1900	1899	1898
Ward One,	911	797	738
Ward Two,	587	486	558
Ward Three, Prec. 1,	466	451	454
Ward Three, Prec. 2,	428	401	393
Ward Four, Prec. 1,	443	408	401
Ward Four, Prec. 2,	469	454	430
Ward Five,	701	624	579
Ward Six,	679	502	445
	4,584	4,228	3,998

It will be seen that the increase in one year is 356 and in two years, 586. The gain has been almost entirely in the Quincy, Atlantic and Wollaston wards, viz: Ward One, 173; Ward Six, 134; Ward Five, 122; Ward Four, 81; Ward Three, 47, and Ward Two, 29.

Ward Four's title of being the largest ward, is seriously threatened, as West Quincy has but one more voter than Ward One, her total being 912 to 911 for Ward One. The increase in Ward One has been almost marvelous, as many have thought Wollaston and Atlantic were growing the fastest. As the greatest gain has been in the Republican wards, the prospects are larger Republican majorities.

Sprague for Senator.

The candidacy of Eugene H. Sprague of Quincy for Senator from this district has met with favor, and there is no doubt but he will be elected by a majority twice as large as was given Senator Woodsum last year. Mr. Sprague is very popular in his own city, and it is probable that Quincy alone will give him a 1000 majority, against but 316 for the Republican candidate last year. His townspeople point with satisfaction to his services of three years as a councilman-at-large in a city noted for good government, and also to his two years' service as a representative in the Legislatures of 1899 and 1900.

Mr. Sprague is in the prime of manhood, having been born in the Pine Tree State in 1864, and has the appearance of a successful business man, which he is. His firm of wholesale provision dealers has in a few years become a leader in its line by honest dealing and selling of reliable goods. Mr. Sprague is also prominent in affairs of the "City of Presidents," and in its social and literary circles. He is an active member of the Unitarian church, a member of several societies, a good Republican, a taxpayer, and an advocate of good government.

Bogey Tournament.

The Meadow Golf Club held a handicap bogey tournament Saturday. Charles Sampson of Quincy won, beating the Colonel 2 up.

Charles Sampson,	27	2	up
Carroll Bates,	17	2	down
H. F. Bates,	12	2	down
Amos Leavitt,	12	2	down
William Howard,	32	4	down
H. H. Albee,	8	7	down
G. H. S. Soule,	17	8	down
J. G. Anderson,	2	10	down

The club will hold a handicap tournament medal play Saturday afternoon at 2.30, open to club members.

Tomorrow night is the first date for filing nominations for the Republican caucus.

We Republicans will have two Congressmen and a State official at their next rally on Nov. 5.

A social dance in aid of the St. Mary's C. T. A. was held at St. Mary's hall Tuesday evening.

Sample ballots for the election have been posted. Fifteen x's are necessary to vote the whole ticket.

A. G. Olney & Co., have moved from the Brace building to the room formerly occupied by the post office.

Harkins Bros. are building the catch basin in City Square for the new drain that is to carry off the surface water into Town brook.

Some who saw the charred timbers in the old Quincy depot demolished this week, found it difficult to recall when the building was on fire.

Quincy High plays Adams Academy at the Park Friday afternoon. As Q. H. S. won the first game 5-0, a good contest may be expected.

The ladies of First church are holding a fair this afternoon and evening in the chapel, and at half-past six serve one of their famous suppers.

The old steamer City of Quincy, which has lately been used as a boarding house boat at the Fore River Engine works, has been sold to New York parties.

Dr. Herbert S. Hayford and bride have returned from a trip through Nova Scotia, and are now located at their new residence, 1155 Hancock street, corner of Dimmock.

At the Milton A. A. and Campello foot ball game Saturday, won by the former 6-0, Harry Osgood of Wollaston made the touchdown and Charlie Magnuson kicked the goal.

Among those to enter for the open golf tournament at the County Club Thursday are F. H. Jeffrey, John P. Morrill, W. H. Clark, E. E. Tarbell and P. E. Zerrahn of the Wollaston club.

Mr. and Mrs. Ezekiel Sargent of Newcomb place, entertained the Tawanseth club Tuesday evening. Some of the political speeches made by members posing as presidential candidates created considerable amusement.

In tearing down the old Quincy depot a board was found upon which was written the following: "This building built by Earl E. Rider, Nov. 1868. Column eased by James E. Seaver, Taunton, William H. Harlow, Middleboro."

Walter Thomas of Wollaston distinguished himself Tuesday at the Adams Academy sports, by winning three events,—700 yard dash, running broad jump, hop, step and jump—finishing first in the class relay race and second in the quarter-mile run.

In the superior court at Dedham Tuesday the jury returned a verdict of \$10,645 for the plaintiff in the case of the National Granite bank of Quincy vs. Isabella S. Whicheer. This is an action brought to recover \$15,000, loaned in 1891, with interest.

The Quincy and Wollaston churches were represented at the Norfolk conference of Unitarian churches at West Roxbury on Tuesday. Mrs. Chandler Smith was elected a director for three years. Rev. Frank W. Pratt served on the nominating committee.

Recent experiments in New York with electric vehicles for collecting mail from street boxes shows that fifteen minutes were saved per trip.

PROBABLY A HOAX.

Accident Reported to a
Quincy Man.

Was at His Home at
the Time However.

Now His Whereabouts Are
Not Known—A Mystery.

A telephone message was received at
the Ledger office this morning stating
that John A. McAloon of Quincy had
been seriously injured in Boston Tues-
day evening. The story was that he
was crossing Washington street near
Dover when a tie, fell from the elevated
railroad, and struck him upon the head.
The report further said that he was at-
tended by Dr. Daniels of Warrenton
street, and that he was now at the Im-
perial hotel in a dangerous condition.

Mr. McAloon is employed by the
street railway as claim agent. In-
quiries at the street railway office could
throw no light on the matter. He had
not been to the office to-day, and Supt.
Wolcott did not know where he could
be found. A messenger was sent to his
home to inquire for him, and there it
was learned that he had left home early
this morning. The Boston Police, the
Boston City and Emergency Hospitals,
The Boston Elevated railway company,
the Massachusetts Electric Co., and the
Imperial Hotel were called by tele-
phone, but no trace of him could be
found, and no accident of the kind had
been reported.

The physician who claimed to have
attended the injured man, has no tele-
phone and could not be reached. The
impression at the street railway office
is that the whole affair is nothing
more than a joke, especially as he was
home last night. They cannot under-
stand how it is that if he was injured
as the report says, that they were not
notified, as he always carried letters
and papers in his pockets that would
immediately identify him, as an em-
ployee of the railroad. It also seems
hardly probable that an accident of the
nature reported could have happened
without the Boston police being aware
of it.

Gam: Fairly Plentiful.

Montpelier, Vt., Oct. 31.—Reports of
deer killed this year as made to Com-
missioner Leitch indicate that when
the returns are all in it will be found
that the number is about as large as that
of last year. The total number thus far
reported is 52. The average weight of
deer was about 150 pounds, the largest
being a buck, weighing 385 pounds.

Gloucester Schooner Overdue.

Gloucester, Mass., Oct. 31.—Friends of
the crew of the fishing schooner Mary
P. Musquito, a boat from which has
drifted ashore at Cape Cod, are anxious
about their safety. The Musquito is re-
ported as having left Gloucester for
home last Tuesday. The fear is ex-
pressed that the Musquito has foundered.

Stuck Breeder Badly Hurt.

Clinton, Mass., Oct. 31.—Paul Cunning-
ham, a Bolton farmer and breeder of
Jersey cattle, was gored by a bull in his
barn yesterday, and his condition is se-
rious. Several ribs were broken and one
ear was lacerated.

Both Fired at Same Birds.

Pawtucket, R. I., Oct. 31.—Charles D.
Mayall was shot while hunting in Cum-
berland by Alexander Crawshaw, his
companion. Mayall had just fired at a
company of quail, when his friend fired from
the other side of a clump of brush at the
same birds. The result of his injuries
cannot be determined.

Railroads For Porto Rico.

San Juan, P. R., Oct. 31.—A railway
franchise, which the executive council
granted yesterday to the North American
company, is very valuable. It will per-
mit the construction of a veritable net-
work of lines in the island.

Telegrapher Admits False Testimony.

Louisville, Oct. 31.—The Louisville
Evening Post prints an affidavit of Fin-
ley Anderson, a telegraph operator, upon
whose testimony Caleb Powers was con-
victed of complicity in the murder of
Governor Goebel, in which Anderson
swears the story he told on the stand at
Georgetown was false.

To Prevent Enlarging of Commandos.

Bloemfontein, Oct. 31.—All Boers over
14 years of age living outside a radius
of 10 miles from Bloemfontein are be-
ing surrounded by British troops and
brought here, to prevent their rejoining
the commandos.

A CASE OF EXTRAVAGANCE.

YOU never cut off three-quarters of a new
cake of soap and throw it away! Yet you
pay twice the price of Ivory Soap for a cake
of "tinted" toilet soap less than half as
large. Your little cake of toilet soap costs you four
times the price of Ivory, for it lasts only half as long
and costs twice as much. No money can buy purer
or better soap than Ivory. If it came in dainty
paper, all scented and colored, you would pay fifteen

Gas Not Thrown Aside.

Editors of the Daily Ledger:

Without entering into the merits of
the gas investigation, I would like to
reply to some of the statements made
by "Citizen" in Monday's Ledger, in
regard to the comparative cost of light-
ing by gas and electricity. A busen
burner supplied by 2 1-2 cubic feet of
16 candle power gas per hour and pro-
vided with a Welsbach mantle will
give a light of 50 C. P. The cost of
gas in large cities is \$1.00 or less per
1000 cubic feet.

The cost to the consumer for 10 C. P.
incandescent electric lamp is usually
one cent per hour, thus it will be seen
that the cost of gas lighting by this
system is less than one-tenth of the
cost of incandescent electric lighting.

In the new Burrows system of incan-
descent gas lighting a light exceeding
500 C. P. can be obtained with four
feet of gas per hour.

In regard to the statement that gas
has been thrown aside for something
better, I will simply state that the
amount of gas used today is greater
than ever before and is rapidly increas-
ing.

Yours truly,
G. L. Badger.

BRYAN STARTS WEST.

Made Over a Hundred Speeches During His Tour of the Empire State.

Roosevelt Meets a Turbulent Crowd at Geneva.

An Appeal to the Flag Produced Quiet Only For a Few Minutes.

New York, Oct. 31.—The three presidential trains passed at Elmira yesterday morning. Candidates Woodley and Bryan went by the Roosevelt train as it lay at Stanchfield's home, but no courtesies were exchanged. Mr. Bryan is hurrying away from the east to spend the remaining days of the campaign in the middle west. He concluded the final day of his state campaign tour in Dunkirk last night. He began the day at the town of Addison, and spoke at the following other places: Hornellville, Belmont, Friendship, Cuba, Hinsdale, Olean, Salamanca, Randolph, Jamestown and Dunkirk. All these towns are in the southwestern part of the state, and all have been strongly Republican in politics. The meetings of the day were generally well attended, and some of them quite enthusiastic.

Mr. Bryan left late last night on the Lake Shore railroad for Ohio, expecting to begin a one-day tour of that state with a speech at Toledo today. All told, he has made 110 speeches in this state. At Dunkirk Mr. Bryan made a brief statement, giving his impression of the situation in New York. He said: "If the reports which come from the various counties where polls have been made can be taken as representing the general sentiment throughout the state, we have more than an even chance of carrying the state."

ROOSEVELT AGAIN INTERRUPTED.

Appeals to Honor of the Flag in an Effort to Obtain an Audience.

Rochester, N. Y., Oct. 31.—The Roosevelt train arrived here last night over an hour late. Despite the unpleasant weather the party found great crowds both at the depot and the two great halls, and a splendid greeting was accorded the vice presidential candidate. There was an immense parade of clubs and business men's associations, and both audiences were filled to overflowing.

In addition to a remarkably enthusiastic gathering at Corning, the home of the club that was assaulted at Elmira, Monday night, the only incident of the day occurred at Geneva, where there was an attempt to prevent the governor from speaking. Raising his voice so as to be heard above the turbulent cries of the governor said: "I want to say one thing to you here. There is one thing more important than any difference of policy among Americans, and that is the keeping of our own self-respect. Whenever you see a party that tries to interrupt a public speaker you may be sure it is because they dare not hear the truth. Mr. Bryan comes to this state and I am proud to see he is listened to with respectful attention wherever he goes, no matter how much people may differ from him in opinion. The worst reflection that can be cast upon them by their own actions when they try to break up an orderly meeting and to try to interrupt free speech, and when they do it they hurt no one but themselves."

"Gentlemen," continued the governor, "I appeal to you for the honor of that flag" (indicating a large American flag which was on the stand), but he was interrupted by renewed shouts of "Hurrah for Bryan."

"Gentlemen," said the governor, "I want you to reflect what a pretty showing you make when you try to interrupt an appeal to the flag. This remark caused the noise to diminish somewhat, but it was soon renewed, and continued until the governor finished his remarks."

It was 9 o'clock when the governor's train rolled into Rochester, the wet tracks and side roads delaying the party. The governor proceeded at once to the hotel where the speaking was to take place. He discussed in the same general way that he has at other points, trusts and imperialism, and the charges made by Democratic speakers of lack of opportunity for young men in this country.

Says Bryan Will Carry New York. New York, Oct. 31.—Executive Chairman McGuire of the Democratic state committee last night gave out the first estimate from the Democratic state committee on how the canvass is going. He said: "Our canvass of the state gives Bryan 50,000 majority. I have refrained from making any statement heretofore until our canvass was completed. This estimate on our canvass is a very conservative one."

Wider was Sloan's Retainer. London, Oct. 31.—The arrangement by which Tod Sloan was to be first jockey to the Prince of Wales next season will not be carried out, the price having been cancelled by the decision of the express approval of the decision of the Prince of Wales, which is undoubtedly due to the agitation started by Lord Dufferin.

Five Miners Killed and Six Badly Burned. Wilkesbarre, Pa., Oct. 31.—A heavy explosion of gas occurred in No. 3 shaft of the Kingston Coal company at Edwardsville yesterday, in which five men lost their lives and six others were badly burned. Five of the six injured are in a precarious condition, and it is doubtful if they can survive. When the men were brought to the surface by the rescuers, the skin hung in shreds from their bodies. The accident was due to an employee who diverted the air course unthinkingly and allowed the gas to accumulate in the place where the men were at work.

A Lion Tamer's Adventure. Paris, Oct. 31.—A lion tamer who daily enters a cage containing three lions in the Paris hippodrome, was terribly mauled last evening. His foot slipped, and the largest animal sprang upon him, tearing his arms and face with its teeth and claws. Without losing his presence of mind he kept the animal at bay by the aid of his whip until he was rescued. In the excitement, the cage door was left open for fully a minute, but the savage occupants did not take advantage of the opportunity to escape among the frightened spectators.

No Official Function to Kruger. Paris, Oct. 31.—The foreign office officials believe President Kruger will travel incognito during his visit to the European capitals, relinquishing it in each city only long enough to permit an exchange of visits between Mr. Kruger and the head of the nation. The French government would not offer Mr. Kruger any formal function, but will not, however, put any obstacles in the way of private plans of welcome.

Nursed For Insurance. Genesee, Ill., Oct. 31.—William Hilger of Hoople was shot and killed by his wife yesterday. According to the story Hilger told before his death and fully confirmed by his wife's confession, the wounded man implored her to obtain help. The two were alone in the house. The wife refused. She waited an hour for him to die. He carried \$3000 life insurance. The desire for the money is the supposed motive.

S. I.bury to Leave the Cabinet. London, Oct. 31.—The following announcement appears this morning in The Daily Telegraph: "We understand Lord Salisbury has decided to resign the foreign secretaryship, which will be transferred to the Marquis of Lansdowne. Although the health of the prime minister gives no cause for anxiety, we believe that he is largely influenced by the counsel of his medical advisers."

Rough Rider Club Set Up. Toledo, Oct. 31.—Several members of the Monclova Rough Rider club were seriously injured as they were boarding a car at Grand Rapids, O., last night, after a political demonstration. They were attacked by a mob of toughs. John Hemp was struck with an iron missile and will die. The postmaster of Presque Isle was also badly hurt, and a dozen or more were slightly injured.

Earl Li's Veracily Doubled. London, Oct. 31.—The Shanghai correspondent of The Times, writing yesterday, says: "Li Hung Chang has wired to Chang Chih Tung, the Wu-Chang viceroys, that the peace negotiations are satisfactory, but to other officials he has telegraphed, demanding that they be attacked by a mob of toughs. John Hemp was struck with an iron missile and will die. The postmaster of Presque Isle was also badly hurt, and a dozen or more were slightly injured."

THE ANGLO-GERMAN AGREEMENT

Was Negotiated by the Kaiser and Von Buelow. Nicholas Distrusts William.

Berlin, Oct. 31.—On absolutely reliable authority it is ascertained that Emperor William and Count Von Buelow alone negotiated the Anglo-German agreement, to the entire exclusion of Prince Hohenzollern, whose policy had as its pivot point closer relations with Russia and France. It was mainly for this reason that Prince Hohenzollern tendered his resignation.

It also appears that, in addition to a number of reasons of earlier date, Emperor William considered Russia's behavior in connection with the appointment of Count Von Waldersee and the withdrawal of her troops from Peking to be distinctly unfriendly actions. Hence the rapprochement between Great Britain and Germany.

Those who give this explanation assert that Emperor Nicholas dislikes the Kaiser, and personally distrusts him, and they suggest that this feeling may have had something to do in bringing about the agreement with England.

ARMY OF 98,790 MEN.

Statistics Relating to Regular and Volunteer Forces For Year Ending June 30.

Washington, Oct. 31.—The annual report of Adjutant General Corbin to the secretary of war, for the year ending June 30, 1900, is a complete statistical record of the army of the United States. It shows that the regular army consists of 2325 officers and 63,861 enlisted men, and the volunteer army of 1548 officers and 31,079 enlisted men, a grand total of 88,790, not including the hospital corps, which is not counted as a part of the effective strength of the army. The regular and volunteer army at present is distributed as follows:

United States, 998 officers, of whom 76 are volunteer officers, and 1088 enlisted men, all regulars; Alaska, 41 officers and 1088 enlisted men; Porto Rico, 98 officers and 2496 enlisted men; Cuba, 260 officers and 5465 enlisted men; Philippine islands, 2367 officers and 69,161 enlisted men; Hawaiian islands, 6 officers and 219 enlisted men; China, 50 officers and 2060 men. There are 879 volunteer enlisted men in Porto Rico, and 30,200 in the Philippines. These are the only places where volunteer enlisted men are serving. Some staff officers are serving in nearly all of the places named.

The deaths reported in the army, both regular and volunteer, by the same divisions, are: United States, 10 officers, 264 men; Alaska, 3 men; Cuba, 7 officers, 146 men; Porto Rico, 35 Porto Rico, 1 officer, 4 men; Philippine islands, 49 officers, 1333 men; at sea, 3 officers, 84 men. Total, 74 officers and 1930 men.

During the year there were discharged from service 23,592 men; deserted, 3993. The casualties in the Chinese campaign between July 1 and Oct. 1 were 9 officers and 290 enlisted men killed.

General Corbin commands highly the operations of post exchanges and the canteen, saying that the reports from the Philippines, Cuba and Porto Rico "indicate that the post exchange has become an absolute necessity."

In the statistics given is a table showing the chronological list of actions in the Philippine islands from Feb. 4, 1899, to June 30, 1900, together with the losses in killed or wounded. The totals show 33 officers and 476 men killed, and 147 officers and 2076 men wounded.

Awards Preliminary Arrangement. New York, Oct. 31.—When Cornelius Alvord was arraigned in the court yesterday, Fisher A. Baker, counsel for the First National bank, said that he had secured a warrant for the arrest of Alvord under the laws regulating embezzlement and making false entries. He said he would much prefer that the prisoner go before the United States court for trial. This was opposed by District Attorney Gardiner Alvord's attorney apparently took little interest in this part of the proceedings. After some discussion the whole matter went over until today. Alvord was committed to the toms.

Investigating the Elmira Riots. Elmira, N. Y., Oct. 31.—The board of police commissioners held an extended meeting yesterday, as a result of Monday night's riots on the occasion of Governor Roosevelt's visit to the city. Several witnesses were heard, and the meeting was adjourned until tonight, at which time the board will announce its findings. It is thought that several official heads will drop into the basket as a result of the investigation of the lack of police protection and general inactivity of the police during the riots.

Many Years Added to Sentence. Berlin, Oct. 31.—Prince Prosper von Arenberg, cousin of the German statesman, Prince von Arenberg, hismarck's old opponent, was sentenced to imprisonment in a fortress for 3½ years for murdering a prominent half-breed named Cain, in German Southwest Africa, has suffered a revision of sentence by which the penalty is increased to 15 years in a fortress. It appears that the homicide was heard and the meeting was adjourned until tonight, at which time the board will announce its findings. It is thought that several official heads will drop into the basket as a result of the investigation of the lack of police protection and general inactivity of the police during the riots.

Students on Parade. Boston, Oct. 31.—The college torchlight parade in Boston last night was a great success from a spectacular point of view, but it was without the customary fight between Harvard and Technology. About 2000 Harvard men were in line, in crimson caps and gowns, while the Tech contingent of 500 wore gowns of red and gray. All carried torches. Not enough enthusiasm was shown at Boston university and Tufts to send delegations to the parade.

Revolt Against Provincial Governors. London, Oct. 31.—A widespread tribal revolt, says the special correspondent of The Daily Mail, "has broken out in Morocco against the provincial governors. Serious fighting is anticipated. The French are preparing to suppress Moorish bandits who are active in the Algerian hinterland."

Sailor May Have Had Plague. London, Oct. 31.—The local government board announces the discovery of a sailor who is recovering from a malady of the "nature of the plague" on board the ship of the Ben Lomond, at London from Cebu, P. I., Oct. 28. The steamer and everything on board of her have been disinfected.

Verdict Carries Death Sentence. Marysville, O., Oct. 31.—The jury has returned a verdict of murder in the first degree, without recommendation, against Rosslyn Farrell, the train robber, charged with the murder of Express Messenger Lane. The verdict carries with it the death sentence.

Youthful Rape Fiend Lynched. Birmingham, Ala., Oct. 31.—An 18-year-old negro youth named Abernathy made a criminal assault on a 14-year-old girl at Duke. The negro was captured three hours later, and was identified and lynched.

Weather Conditions and Forecasts. Almathe, Thursday, Nov. 1. Sun rise—6:17; set, 4:38. Moon rise—10:50; set, 6:10. High water—6:30 a. m.; 7 p. m. Rain has fallen on the north Pacific coast, in southern New England, the lower lake region and thence southward to Texas. Rain is indicated for southern New England. On the coast the winds will be brisk northeast-ly.

Women Who have the Blues

Despondency in woman is a mental condition directly traceable to some distinctly female ill. Well women don't have the blues, but comparatively few people understand that the right medicine will drive them away.

Lydia E. Pinkham's Vegetable Compound

overcomes the blues, because it is the safeguard of woman's health.

It regulates the entire female organism as nothing else does. When the dragging sensation and the backache go, the blues will go also.

Read the letters from women appearing in this paper—women who have tried it and know. There are a million such women.
